Dear Sir,

Settlement of Provident Fund claim of  
late Mr.M.Ramaswamy Iyer, B.A., L.T.,  
Senior Master of St.Mary's High School,  
Madura.

-----

I am to bring the following few lines to your kind notice and request that necessary action may please be taken in the matter.

2. My Father-in-law, late Mr.M.Ramaswamy Iyer, B.A.L.T., who was a senior master in St.Mary's High School, Madura, died in June 1946, leaving his widow, three daughters (all married) and a son of 9 years old. Soon after his death, the Headmaster of the school was approached personally by my Mother-in-law for the refund of G.P.Fund. As there was no adult male member in the family, I came from Burma on leave, where I was then working in December 1946. I had several interviews with the Headmaster regarding the above claim during the period January - April 1946. At all the interviews he informed me that he had referred the matter to the Post Office, Madura, for furnishing details of ledger accounts. At one time he informed me that the papers were with the Accountant General, Madras. All the while, my Mother-in-law was staying at Madura paying a heavy rent and in this connection it will not be out of place for me to mention about the heavy expenditure incurred by the family, especially in a town like Madura where the cost of living was and is terribly high, and when there is no earning member in the family. By now whatever money my Mother-in-law had in her hand was exhausted and she started borrowing. At this time I had another interview with the Headmaster when I was informed that the papers had been sent to the District Educational Officer, Madura. I tried to contact the D.E.O. personally but I could not do that. As ten months had already lapsed and nothing was known definitely on the matter, I decided to send my Mother-in-law to Ambasamudram in Tirunelveli District as she could not indefinitely be waiting at Madura spending nearly Rs.75/- to 100 a month when the family had no fixed monthly income except the Provident Fund. Accordingly she left Madura with her son on the 20th April 1947.

3. After settling my mother-in-law at Ambasamudram, I came to Bombay. I wrote several times to the Headmaster requesting for early settlement of the case and also for giving me the exact state of affairs of the case as it stood from time to time. Copies of some of the letters are enclosed for your perusal. From the correspondence it will be seen that the school authorities always had evaded answering enquiries raised to clear some doubts and how they had

(7)

indifferent to all our letters. As the Headmaster expressed in one of the letters that he could not remind higher authorities, which is not justifiable, we approached the Post Master, Madura Palace Post Office and the District Educational Officer, Madura, explaining the position of the family requesting them to expedite giving information to the Headmaster for early disposal of the case. As the financial position was very bad, we even asked for a loan of Rs.1,000/- from the Provident Fund due to us and you will see from the correspondence enclosed that the Headmaster has not touched this point in any of his letters. To quote another incident where he was indifferent is that after receiving the amounts in May, he did not inform me of the fact and alleges that my mother-in-law was informed of this. The letter wherein he is stated to have informed my mother-in-law has not so far been received by her. By God's grace the school and my father-in-law's contribution was received by us in June last and the Government's contribution is still due.

4. Further it will be observed from the correspondence that the Headmaster has not so far furnished us the details of payment i.e. how much is the school contribution, my father-in-law's and the Government contribution. In their letter they have vaguely replied "The Government's contribution is always one third of the amount credited in the Passbook". On asking him to clarify the statement I have received a very rude and impolite reply from the school authorities. I am rather surprised to read the letter and wonder if such be the unhelpful attitude of school authorities, how can the unfortunate dependants of the teachers who served the school loyally and faithfully during their life time, receive any justification in the hands of these unsympathetic authorities? What are they for if they are not prepared to give details of payment? How are we to know that he has paid the correct amount or not? Does the Headmaster expect that we should keep silent over our rightful claim till it comes out of his office at his will and pleasure? Have we no right to know the details of the Provident Fund amount which we receive? In this the reward that the widow of a teacher should expect from a school where her husband had served for 18 years? Leaving the question of the right to get answers from the Headmaster, common courtesy demands polite replies, especially so from a Headmaster who is responsible for the future character and behaviour of thousands of children who study under him. The main object of writing this letter to you is to bring to your notice, under whose control all the schools function, the dilly-dallying and indifferent attitude of the school authorities so that proper action may be taken in order that no body will in future be victimised. I am to add that besides my father-in-law's case, I understand there are some more cases pending for some years without settlement. So I request you to take necessary action against the school authorities for settling the claims of their employees as early as possible.

If the papers of my father-in-law's Provident Fund case are in your office, I request you to do the needful for early disposal as three years will be completed by this June. If they are not with you, please make the necessary enquiries and cause to make early settlement. An early reply is requested.

Please acknowledge receipt of this letter.

Yours faithfully,

*W. S. Mani*  
(K. V. S. Mani)

1. Copy forwarded for information and necessary action to the District Educational Officer, Madura, with a request to expedite the case if the papers are with him. Please acknowledge receipt.

2. Copy forwarded to the Secretary to the Government of Madras, Educational Department, Fort St. George, Madras, for information and with a request that he will kindly enquire into the matter and take necessary steps in the matter for the early payment of Government contribution and instruct the school authorities concerned not to victimise poor dependants of teachers. Please acknowledge receipt.

*W.S. Mani*

86.  
20/1/49.

Letter dated the 10th September 1947 from Mr. A.V.S. Mani to the Head Master, St. Mary's High School, Madura.

I wish to bring to your notice that a claim for the settlement of Provident Fund of late Mr. M. Ramaswamy Iyer, B.A., L.T. (my father-in-law), who was a teacher in your school was submitted by my mother-in-law some 14 months back. In spite of several reminders by my mother-in-law and by myself personally, when I was there in January-April last, no action has far been taken to dispose off the case. You were all along saying that the papers were held up at A.G., and finally in the beginning of March you informed me that the papers have come and that they have been forwarded to the General Post Office, Madura. You are fully aware that my mother-in-law stayed at Madura only for the purpose of settling the P.F. Claim once for all though it involved a heavy expenditure due to the high cost of living prevalent at Madura. Having failed to achieve this within a reasonable time and as she could not meet the heavy expenses at Madura she left the place at the end of April to her native place. You will recollect that I called on two days prior to her departure and explained the shattered financial position of the family and emphasised the necessity for urgent action on the case. Further she wrote a letter in August 1947 (copy enclosed for ready reference) for which your office did not even care to acknowledge receipt. I am constrained to come to the conclusion that your reluctant attitude on this case is the main cause of delay and am of opinion that had you taken more interest in this case, it would not be pending in your office for such a long time. I sincerely trust that you will not fail in your duty to settle the claim early and hope that this letter will be acknowledged.

Thanking you,  
(Self-addressed envelope enclosed for reply)

Reply from the Head Master to the above (dated 19-9-1947)

Your letter of the 10th inst. to hand and I read the content with great pain. You accuse us of being reluctant, of not acknowledging letters, etc. Well, why then a messenger from Mrs. Ramaswamy comes immediately after the letter? I told him everything how the matter stood, about your letter and that of Mrs. Ramaswamy and asked him to explain carefully everything. He said he would. If he didn't, whose fault is it?

The papers were all sent already on the 17th June 1947 to the office. As you know full well, we can't send reminders to higher officials. What we could, we did. I sent unofficially to inform the clerk concerned to hasten matters. If there is delay whose fault is it?

From the way it was delayed, we suspected that some papers might have been lost or misplaced. In fact what we suspected had come true. Just the other day we were made to understand that the letter signed by your mother-in-law which we submitted to the office seemed to have been lost and we were asked to get fresh ledgers from the Post Office.

Under these circumstances, is it not rash on your part to have come to conclusion without ascertaining the whole matter? Do you think we are so inhumane as to take pleasure in teasing a widow, and that of a master who has served us for so long? So please rest assured we will try our best to hasten matters.

- 2 -

Letter from Mr. A.V.S. Mani to the Head Master dated 1-10-1947.

....

Thank you very much for your letter of 19th ultimo.

I am sorry to note that you have misunderstood the spirit of the letter with which it was written. It was not my intention to apportion blame for delay on anybody; but the fact remains that the claim is long delayed. I think it is not improper for you to forward letters to higher authorities and this would have served as reminders. Thank you for sending out a person unofficially to that office to find out how the case stands and it is very kind of you to send a duplicate copy of the ledger folio.

Thank you very much for the assurance you have given me in that you will do your best to settle it early. It will not be out of place for me to mention that as there is not other form of income, the family has started taking loans outside. May I enquire if it will be possible for you to grant a loan of Rs 1000 to the family out of the P.F. claim. If so, please send me the necessary details.

(A self-addressed envelope is enclosed)

IV On 18th November 1947 a reminder was issued asking the headmaster to give the address of higher authorities so that a representation could be made to him direct by Mrs. Ramaswamy)

V Letter from Mrs. Sita Ammal to the Headmaster.

I refer to my last letter requesting you to arrange for an early settlement of my deceased husband's Provident Fund Account and regret to observe that nothing has been heard from you in the matter so far.

At your instame, I also approached the Postmaster, Madura Palace, to furnish you at his earliest the ledger entries of the late Mr. A. Ramaswami Iyer's P.F. Account and trust you have now received the requisite information to effect a settlement of the account. If, however, you are still awaiting these details I would specially request you to remind the Madura Palace Postmaster and try to obtain the information quickly.

Please let me know how matters stand now. I earnestly request you to evince some personal interest in this matter and cause a quick settlement to be made. I have already narrated to you my difficult financial position and it needs no fresh telling of my present plight. Even borrowing has reached its limit and I would be grateful if you will do your utmost and favour me with a remittance soonest possible.

I repeat my request that in case a final settlement cannot be made outright now I may be favoured with an advance of Rs 1000 to tide over my immediate needs and this can be adjusted in the settlement when made.

Thanking you in advance and awaiting your favourable reply, I am,

VI On 13<sup>th</sup> February 1948, a letter was written by Mrs. Sita Ammal, to the District Educational Officer, <sup>Madura</sup> requesting him to expedite the disposal of the case.

Letter from Mr.K.V.S.Mani to the Headmaster, dated 2-6-1948.

.....

I hope you would have received my previous letter written in the middle of April. In your letter at the end of March, you indicated that almost all the facilities had been over and that it would not take more than a month to settle the claim. Two months have elapsed since you wrote to me and still I am hearing from you! I need not stress the importance of settling the claim early in view of the fact that you are fully aware of the financial position of the family. It is surprising that this should have dragged on for nearly two years. I sincerely hope that least this letter will receive your personal attention and the claim settled without further delay.

Anticipating an early favourable reply.

(One stamped and self-addressed envelope is enclosed).

-----

Letter from dated the 6th June 1948 from the Headmaster to Mr.Mani.

.....

The amount is with us. Already your mother-in-law has been informed. She has not yet turned up. I don't know if she received our letter.

-----

Letter dated the 11th June 1948 from Mr.Mani to the Headmaster.

.....

Thank you for your letter of the 6th instant and glad to note that the amount is with you at present.

As you feel it is probable that the letter has not reached my mother-in-law at Ambasamudram. However, I am writing to my mother-in-law today by Air mail asking her to proceed to Madura and receive the amount personally as you desire.

As there is no one at her place, it is intended to keep the money with us at Bombay. My mother-in-law will explain to you when she comes over there. May I therefore request you to issue a draft for the whole amount payable at the Indian Bank Limited, Bombay in my or by my brother's favour. Any cash that may be required by my mother-in-law may kindly be paid to her from this amount and the balance sent here in a draft form. I am asking you to do this favour as even if she comes to Madura there is no one to get a draft etc. and it would be helpful if you could do the same. Please also send to me details of deductions, if any, and other incidental charges that you may have incurred. Excuse me for the trouble I am giving you.

Thank you very much for all you have done in this case.

.....

Letter dated the 29th August 1948 from Mr.Mani to the Headmaster.

.....

Reference my letter dated the 11th June 1948.

Though nearly 3 months have lapsed since writing that letter asking you to give me details of deductions and other incidental charges that you might have incurred from the Provident Fund, I have not yet received a reply so far.

I understand from my mother-in-law that only the

school subscription was settled and it would take sometime before the Government contribution is paid. In this connection will you please give me the following information and oblige?

- (a) Amount due from Government.
- (b) Who is dealing the case at Madras so as to enable me to approach the authorities concerned to expedite disposal.
- (c) Details of total Provident Fund Amount i.e. My father-in-law's contribution, school contribution and the Government's; Also details of deductions, if any, made by you.

Anticipating an early reply.

Self addressed envelope is enclosed for reply.

-----  
Letter dated the 16th September 1948 from the Head Clerk of the School to Mr. Mani.

-----  
In respect of your father-in-law's Provident Fund, his contribution and the management's contribution were given which amounts Rs 2707-5-5 after deducting Rs 6 that covered the incidental charges.

The Government contribution is always one third of the amount credited in the Pass Book.

-----  
Letter dated the 2nd January 1948 from Mr. Mani to the Headmaster.

.....  
With reference to correspondence resting with your letter dated the 16th September 1948, I am to remind you that though it is now nearly three years, the claim for Provident Fund of my mother-in-law still remains unsettled. I cannot really understand the attitude of the school authorities in delaying the case of a teacher who served the school loyally and faithfully for 18 years. It seems as though it is delayed wantonly.

Further, to my letter dated 29-8-48 wherein I asked for certain details, I received a vague reply, not answering all the points raised in my letter. It is highly deplorable that such should be the attitude of the school authorities. Will you therefore please answer all my queries raised in my letter quoted above and also indicate when shall we expect the Government's contribution.

An early reply is requested.

A self-addressed envelope is enclosed to enable you to reply soon.

-----  
Letter dated the 5th January 1949 from the Headmaster to Mr. Mani.

-----  
Thanks for your insulting letter of 2-1-1949.

We have done what is to be done by us. Let us not be bombarded with all the queries. We are here to be answering all your queries.

Roc 63 J/49 dated 1-11-49

Sir,  
Subject: Teachers' Provident Fund - Claiming of late  
M. Ramaswamy Iyer, St. Mary's High School, Mathurai  
Reference: Government Memo No. 3118/49-5- G2. Edn dated  
13-10-49

It is reported that the Accountant General has since sanctioned the Government contribution of Rs 883-5-0 to the late M. Ramaswami Iyer and that the Correspondent, St. Mary's High School, Mathurai has been requested to draw and disburse the amount to the nominee of the deceased subscriber. The amount would have been paid by this time. As the claim of the late subscriber has thus been settled, the matter may be treated as closed.

Yours faithfully,

*K. S. Ramaswami*  
for Director of Public Instruction
