Subject:- NATIONAL CADET CORPS - ALLOWANCES FOR OFFICERS AND CADETS.

Sir,

I am directed to refer to this Directorate letter No.0235/49/NCC dated 4th April 1949 para 3(b) (copy attached for State Union Govts) and to state that it has been pointed to us that many Provincial Govts are not agreeable to the payment of both T.A. and Refreshment Allowances to National Cadet Corps cadets. The view put forward is that cadets should not be granted T.A. for attending parades but that refreshments should be provided.

Most Govts have, therefore, approved of a grant of Refreshment Allowance to cadets at Rs. -/4/- per parade or Re 1/- per three parades per week totalling 4 hours or more. In one case, however, a Provincial Govt has granted T.A. at Rs. -/4/- per parade but no refreshment allowance has been given but refreshments are provided to cadets from part of this allowance.

2. In supersession of the recommendations contained in our letter referred to above, it is therefore suggested that T.A. should NOT be paid but only a refreshment allowance at Rs. -/4/- per parade should be paid to cadets for attending parades.

3. N.C.C. officers, however, do not receive any refreshment allowance. In most cases, they have to incur extra expenditure for attending these parades, which is a burden on their meagre pay, especially in the case of Junior Division officers. It is, therefore, recommended that they should all receive a monthly allowance at a fixed scale, which will remove the grievances they may have on this point, as also detailed orders with regard to distance travelled will not be necessary. The following scale of monthly Travelling Allowance is recommended for N.C.C. officers:-

| | |
|---|---|
| Senior Division Officers: | Rs. 10/- per month. |
| Junior Division Officers: | Rs. 7/8/- per month. |

4. I am to invite your attention to this Directorate letter No. 0238/49/NCC dated 13 July 1949 "N.C.C. - Allotment of units and expenditure in 1950-51" In Appendices 'A' and 'B' of this letter, the expenditure shown against the item "T.A. for officers and cadets" will have to be amended in accordance with the recommendations contained in this letter. The expenditure to be met on the payment to officers of a monthly travelling allowance will be considerably less than that shown in the Appendices.

Yours faithfully,

Sir,

Sub: **REFRESHMENT ALLOWANCE : N.C.C. CADETS.**

Ref: G.O.Ms.No.3463, Edn, dated 10-11-49 and my letter No.285/A/16 dated 2-8-49.

G/629

1 I have the honour to inform you that in view of the fact that the training per month should be of 12 hours duration and as the maximum Refreshment Allowance sanctioned is Rs.3/- per mensem i.e. at 4 annas for 12 parades, it is presumed that the allowance of 4 annas per parade is for 12 parades irrespective of the fact if one or more parades are combined for administrative reasons peculiar to the Colleges. In this connection, I beg to draw your attention to my letter No;285/A/16 of 2-8-49, copy attached for ready reference.

2 All Colleges in this unit have found it difficult to maintain the rate of 3 parades a week owing to other College activities and hence practically the 12 hours a month have been completed in less than 12 days combining one or more parades on any day that could conveniently be spared for the purpose.

3 All Colleges have done more than 12 hours parade in a month and it is hard that the cadets are deprived of the benefit of the allowance if the number of days are reckoned for the eligibility of the allowance.

4 I strongly recommend that instead of 4 annas a parade, it may be amended to read at the rate of 4 annas for an hour of training, fraction of an hour to be discounted, and maximum limited to Rs.3/- p.m.

This should satisfy the students as they will have the full allowance or proportionate allowance for the work they do.

5. May I have an early decision on this please, as payments have to be made before the end of March for the current academic year.

Yours faithfully,

Major,
Commanding, 2nd Madras Bn.N.C.C.

Subject:- MONTHLY TRAVELLING ALLOWANCE - NCC OFFICERS

Sir,

I am to refer to NCC Directorate letter No.0325/49/NCC of 11 Oct 49 and to state that an NCC officer will be entitled to draw the monthly travelling allowance after having attended 50% of the parades held in each month. The minimum limit has been laid down by NCC Directorate in order to cover absences due to medical reasons and circumstances which are beyond the control of the officer. Os.C.Units however have been asked to impress on all NCC officers that they must attend the total number of parades and not just the minimum to entitle them to the allowance.

2. Os.C.Units will put up recommendation for NCC officers who claim the allowance without attending the total number of parades held in a month to the Circle Commander who will decide on the merits of case whether the claim should be admitted or not.

Yours faithfully,

Subject:- INCREASE OF REFRESHMENT ALLOWANCE TO CADETS FROM As.4/- TO As.8/- PER PARADE HOUR

Sir,

I am to state that complaints are constantly and repeatedly being received by me from the cadets and officers of all N.C.C. units in my circle stating that the existing refreshment allowance of As.4/- per cadet per parade hour is too meagre and that it should be enhanced to As.8/-. This contention is supported by the Principals of institutions as well.

2. Considering the high cost of living, I strongly feel that there is every justification to increase the rate of refreshment allowance as it will be appreciated, that a cadet cannot be given refreshments worth the name for four annas when a single item such as a cool drink with lemon squash or Vimto costs more than 3 to 4 annas. Moreover the present rate does not compare favourably with As.8/- per mile per parade which was the rate prevalent in the ex U.O.T.C.

3. This question of increasing the refreshment allowance on an All India basis was raised at a Circle Commanders' conference held recently in Delhi; but it was decided that it was for the Circle Commander to take up the matter with the respective State Governments putting forward reasons and the high cost of articles to be provided.

4. In the light of the above, I request that necessary orders may be issued increasing the refreshment allowance from As.4/- to As.8/- per parade hour. The financial effect involved may be met from the savings in the current year's total allotment. If, however, this is not possible a supplementary grant would be necessary.

5. The Senior Division Advisory Committee in Madras State have already considered this question at a meeting held on 11 April 1950 and have recommended to the Government that the allowance should be enhanced to As.8/- per parade hour. In view of this and the fact that the Director N.C.C. has decided that this matter should be taken up by me with the State Governments, it is hoped that the Governments ~~[illegible]~~ will, ~~[illegible] their [illegible] dated [illegible]~~, give due consideration to this important question and arrive at a favourable decision.

With reference to G. O. cited above the Headmasters of schools were instructed to obtain receipts from the cadets for the amount of refreshment allowance paid to them. The National Cadet Corps Director has issued instructions in his letter No. 0157/50NCC dated 21--7--1950 (copy enclosed) that the refreshment allowance should not be paid to cadets in cash but it should be utilised through a contractor for providing refreshments centrally on parade days to the cadets attending parades, the object being to develop a cooperative spirit and a certain amount of initiative and leadership. Thus there is no actual payment of cash to the cadets and I consider that actual acquittance need not be obtained from the Junior Division cadets. Therefore I recommend that it would suffice if the National Cadet Corps Officers and the Headmasters certify that the refreshments were actually provided to the cadets according to the scale and that if Government agree the G. O. cited above may kindly be modified accordingly.

Yours faithfully,

for Director of Public Instruction.

Para 7 (b). I want arrangements to be made in each unit and sub-unit of all Divisions to provide refreshments centrally on parade days. The bigger units can employ a contractor, who should be told that it will be his responsibility to provide the specified refreshments for the number of cadets attending parade, which number normally cannot be given beforehand, any shortage will make him liable to a fine and any left-overs are his look out. If a contractor is not available or numbers are too few to employ a contractor then the unit or sub-unit must make arrangements. I feel sure you can buy tea leaves, milk, sugar, utensils and firewood centrally and make tea for the numbers attending parade; a laskar can do this work and you can make the tea after seeing how many cadets have turned up on parade: go to the Deputy Commissioner and get a quota of sugar for your cadets. If, however, this central arrangement is not feasible, then make NCC officers or cadets make arrangements by subunits e. g make the cadet platoon Sergeant or the Cadet Section Commander in Senior and Junior Division units respectively, make arrangements for their sub-u This will develop a co-operative spirit and a certain amount of initiative and leadership. Do NOT take the lines of least resistance and hand out money to each cadet: this means we are paying a cadet to attend a parade, however small sum may be, and is in opposition to the basis of a voluntary organisation.

Under the U.O.T.C. Regulations, the officers and cadets proceeding to and from parades were paid travelling allowance at the rate of annas four and annas two per mile respectively for the actual number of miles travelled. In April last, the Director, N.C.C., suggested that a similar allowance might be paid to the N.C.C. Officers and cadets for travelling beyond a specified distance on parade days. In order to increase the enthusiasm and the benefit the cadets derive from the training, the Director also suggested that the cadets ~~may~~ might be paid an allowance for light refereshments. The suggestions were considered and the following rates of allowances were sanctioned:-

As the~~m~~ NCC officers do not receive any allowance for refreshments, he has suggested that ~~an~~ a travelling allowance of Rs.10 and Rs.7-8-0 per mensem may be allowed to the~~m~~ officers of the Senior and Junior Divisions respectively. ~~Put up~~

I am not happy that we should reduce the allowances for the N.C.C. Officers which were fixed after a very detailed examination with Finance last month and were approved in circulation at p.18 n.f. of the G.O. placed below. Even ~~when~~ as fixed these allowances are small part of what the officers claimed (p.16 c.f. of the G.O. placed below) I am afraid that reduction so soon after the issue of orders for higher allowances will have an undesirable effect on the officers from whom we are taking much work without specific payment otherwise.

In respect of the cadets, who ~~they~~ may consider themselves fortunate ~~for this~~ to be selected for training, there is no objection to the adoption of the scales proposed by the Director, N.C.C. even though they

## Finance (C.S.R.).

(Previous Finance note on pages 2-3 above).

The orders in circulation and the further notes from page 4 above may be perused.

The chief reason put forward by E. & P.H. Secretary against the reduction of rates of T.A. and ~~ref-~~ refreshment allowance already sanctioned to National Cadet Corps Officers and Cadets in G.Os Nos 2767 EPH d 3-9-49 and 2768 EPH d 5-9-49 is that these Officers, who are not paid for their services, should not be put out of pocket.

The Director, National Cadet Corps would ~~RRXXOMR~~ ~~xx~~ obviously have taken all relevant factors into account before he recommended the reduced rates. The National Cadet Corps is a national organisation for which every citizen of India, irrespective of his rank or status should be prepared to work even if it involves a little sacrifice and in this view there seems to be no force in the argument put forward by the Secretary. The rates recommended by the Director, National Cadet Corps are intended to be applied uniformly in all the Provinces and the adoption of higher rates in this Province will be contrary to the principle & may have repercussions in other Provinces. In view of these considerations, and the great need for economy Finance may ~~suggest~~

In G.O.No.2767 Edn. dated 3-9-1949 and G.O.No. 2768 Edn. dated 5-9-1949, the Government sanctioned the payment of a refreshment allowance of Rs.3/- per mensem at the rate of annas four, per parade (subject to a cut of annas four for absence on each parade) for the cadets of the Senior and Junior Divisions of the National Cadet Corps in this State. Subsequently, the Director, N.C.C. also recommended (to all State Govts) the grant of ~~an~~ the allowance ~~of four annas per parade~~ at the same rate. The Senior Division Advisory Committee which met on 11-4--50 has recommended that the refreshment allowance to the cadets might be ~~increased~~ increase to eight annas. This recommendation was considered and it was decided that the question might be considered when the Director, N.C.C. moved in the matter, as the rate of this allowance was approved only on his recommendation and as it ~~was common~~ is uniform ~~to~~ for all the States.

2. The Commander, 2nd Circle, N.C.C., now reports that the present rate of allowance is not adequate and that in view of the present cost of living, there is every justification to increase the rate, as a single item, such as cool drink or vimto costs about three to four annas. Further, the present rate does not compare ~~fav~~ favourably with that prevalent in U.O.T.C., namely, annas eight ~~per mile~~ per parade hour. The Commander also reports that the question of increasing this allowance was discussed with the Director, N.C.C., at the recent conference of Circle Commanders and it was decided that the Commanders should take up the question with the State Governments concerned. In the circumstances, the Commander ~~requests~~ recommends that the rate of the

allowance may be raised from four annas to eight annas, and that the extra expenditure may be met from the savings (in the provision made) in the current year's budget or necessary funds may be provided for the purpose. The expenditure incurred, at present, on the payment of the allowance is Rs.1,25,000/- and if the allowance is raised to annas eight, the expenditure will be doubled. It is doubtful whether the additional expenditure (Rs.1,25,000) can be met from the savings (in the allotment for N.C.C.) in the current year's budget. In view of the present financial stringency and the pressing need to economise expenditure (from Provincial funds), it does not seem possible to increase the rate of the allowance as proposed. It is however ~~For~~ for consideration whether the allowance may be raised from four to five or six annas. ~~orders whether the proposal may be negatived.~~

A rate of four annas per parade seems to be really inadequate - The recommendation for increasing it to 8 annas seems to be quite reasonable - We may accept it & agree to provide additional funds, if necessary —

6.7.50

I am afraid I don't agree.

S. These "allowances" are just token payments. Every cadet need not — and usually does not — buy "tiffin" or light refreshments or cool drinks every day. They come to the parades after their usual "chota hazri" or early morning meal. I don't think we should go in for this very large increase of expenditure. Even cadets must be taught to make some sacrifices of this kind; & they are very small sacrifices.

—

The Commander, 2nd Circle, NCC, reports that the parades for cadets are held either in the morning between 6-30 to 9 A.M. or in the evening between 4 to 6 P.M. and that the duration of the parades is one hour and twenty minutes consisting of two periods of forty minutes each with an interval of ten or fifteen minutes between each.

It is for consideration whether the Commander 2nd Circle may now be informed

that on account of the present financial stringency the Govt regret that they cannot increase the rate of refreshment allowance to cadets of the NCC from annas four to eight as proposed. If any increase is to be sanctioned, it will have to be considered as a Part II scheme for 1951-52 after talling orders in circulation. as the extra expenditure involved is large viz Rs 1.25 lakhs

As such, the allowance of four annas per parade for refreshment is insufficient, but if as stated in the previous Secretary's note at P on page 2 ante, the payment is treated only as a token one and additional expense if any should be met from the Cadets' pockets, the proposal for an increase of the amount need not be sanctioned. It is seen from linked file I that the Senior Division Advisory Committee has strongly recommended this increase, at its recent meeting —

The parades are only for 1hr. and 20 mins and 4as is sufficient to buy the cadet a cup of tea or coffee. There is no need for any increase in the allowance.

NATIONAL CADET CORPS - Senior and Junior Divisions - Provision of light ref~~e~~reshments to cadets.

---

From the Director of Public Instruction, R.C.No.581-W4/50 dated the 3rd February 1951.

pp 1-2 cf

---

According to the orders now in force, the cadets of the Senior and Junior Division units of the National Cadet Corps in this State are paid a refreshment allowance of annas four per hours of training or per parade respectively ~~parade~~, the actual allowance due for a month being determined with reference to the number of hours of training or of parades ~~parades~~ attended by the cadets. In the case of the cadets of the Senior Division, the allowance is paid by the Officers Commanding the units concerned after satisfying whether the cadets attended the parades regularly except for valid reasons. The District Educational Officers concerned scrutinise the bills for the payment of the allowance to the cadets of the Junior Division and disburse the amount admissible to the cadets and obtain acquittance for the amount paid.

2. In his letter No.0157/50/NCC dated 21-7-1950, the Director, National Cadet Corps, has issued revised instructions in regard to the provision of light refreshments to the cadets. According to these instructions, cash payments should not be made to the cadets for light refreshments; but arrangements should be made for the supply of refreshments (a couple of biscuits or slices of bread and butter and a cup of tea) centrally on parade days to the cadets attending the parades. In the opinion of the Director, ~~the~~ cash payments defeat the very object of the organisation of the N.C.C. which should be absolutely voluntary. The revised arrangement may be approved subject to the condition that the expenditure on the provision of light ref~~e~~reshments to the cadets do ~~does~~ not exceed~~ed~~ the figure determined at the rate of annas four per cadet per parade. or per hour of training

3. Under the revised arrangement proposed by the Director, N.C.C., (no cash payments will be made to the cadets.) ~~the Director of Public Instruction has recommended that~~ The procedure outlined in para 1 above will have to be modified. The Director (of Public Instruction) has recommended that the practice of obtaining acquittance for the payment of the allowance to the cadets may be dispensed with and that it will be sufficient if N.C.C. Officers and headmasters of high schools concerned certify that refreshments were actually provided to the cadets according to the scale, before payments are made by the D.E.Os towards the expenditure incurred for the purpose. The Director's recommendation may be accepted. In the case of the cadets of the Senior Division units, the Principals of Colleges and the N.C.C. Officers concerned may be asked to certify as to the provision of refreshments to the cadets before payments are made by the O.Cs. towards the expenditure incurred for the purpose. It does not seem necessary to consult the Commander, 2nd Circle, National Cadet Corps, in the matter.

[Even in April 1949 the idea was to supply refreshment & not to make cash payment. Subsequently the latter method was adopted. It is now proposed to revert to the old position intended by the Director N.C.C.)

The Revised arrangement suggested ~~by~~ may be agreed to. It may also be laid down that a Cup of ~~tea~~ lime ~~juice; tea~~ squash; or tea and a couple of biscuits or slices of bread with butter may be arranged to be served. It is very unlikely that
