SUBJECT.

Examinations - Government Technical - Drawing Group - Syllabus in Modelling - Higher Grade - I Test - Nature and Duration of time - Change of.

Station: Madras. R.C.No.245-D/49. Dated 5-8-1949.

From (Name) Sri D.S.Reddi, M.A., (Oxon.),
(Designation) Commissioner for Government Examinations,
M A D R A S.

60947
To

The Secretary to the Government,
Education and Public Health Department,
Fort St. George, M a d r a s.

Sir,

I have the honour to state that in the Scheme of the Government Technical Examinations as revised in 1923, the subject of "Modelling" has been included under the group "Drawing" etc. (Vide G.O.No.1769 Law (Edn.), dated 20-12-1923). From that year to this date, the examinations in this subject were conducted according to the syllabus framed in 1923. Owing to certain facilities required for conducting the examinations the tests in this subject have been all along held only at Madras, Kumbakonam, Trivandrum and Mysore.

2. The examination in this subject in the Higher Grade consists of a written examination of '2 hours' duration and a practical examination consisting of three tests, one of eight hours' and 2 of six hours' duration each.

3. The Chairman of the Board of Examiners in Drawing etc. (Mr.D.P. Roy Chowdhury, M.B.E., Principal, Government School of Arts and Crafts, Madras) reported that the existing syllabus relating to the Higher Grade required revision.

4. I enclose a copy of his letter dated 5-7-1949 setting forth in detail, the objects and reasons for the changes or amendments - proposed by him.

5. In submitting herewith a copy of the existing syllabus in Modelling with the changes proposed to be made, therein, I recommend that the syllabus as revised by the Chairman may be kindly approved by Government and the first examination according to the revised syllabus be conducted with effect from November 1949.

Copy of letter, dated 5-7-'49, from Devi Prosad Roy Chowdhury, M.B.E., Principal, Government School of Arts and Crafts, Madras, to the Secretary to the Commissioner for Government Examinations, Madras.

Ref: Your letter R.C.No.236-D/48, dated 5-2-1949.

I enclose herewith my suggestions in Modelling Higher Grade I Test. This may be mentioned in the syllabus for Modelling and notified in the Fort St. George Gazette. Candidates who appear for the Modelling Higher Grade in November 1949 should be made to understand the above change.

MODELLING EXAMINATIONS - HIGHER GRADE.

The First Test in Modelling Higher Grade is a written examination of two hours duration in which the candidates are required to answer writing. This involves the question of theory where as the subject under reference ought to be treated as a practical one. (This point has been raised time and again when Mr. Porrett was the Chairman) therefore suggest that the test should be conducted practically in Plaster of Paris just as Modelling is done in clay. For this purpose each candidates should be supplied with 10 lbs. of plaster of Paris on the day of the examination preferably of foreign make as it is quicker than locally made plaster. The time should be 3 1/2 hours.

The Secretary to the Government of Madras,
Education and Public Health Department,
Fort St. George, Madras.

Sir,

Ref:- Government Memorandum No.60947-G2/49-1, Education,
dated 6-9-1949.

With reference to the above, I have the honour to submit for
information, a copy of the Chairman's letter, dated 13-9-1949 on the
subject. The extra cost on account of the change in the syllabus
come to about Rs.25/- per candidate and the total cost will come to
Rs.150/- per year as only about half a dozen candidates appear for
test.

It will not be desirable to enhance the examination fee
Rs.12/- to 25/- as proposed by the Chairman and Examiner, as it will
felt as a great hardship by the candidates who appear for this.
The fee for all Higher Grade Examinations is only Rs.12/-. The
cost involved by the change in the syllabus in Modelling will
from the total income derived for the Government Technical Ex.

Madras.

Ref:- Government Memorandum No.60947-G2/49-2, Education,
dated 18-10-1949.

It will be seen from the copy of the syllabus sent to Government with my letter R.C.No.245-D/49 dated 5.8.49 that the existing item (1) " A written Examination of two hours' duration" under Higher Grade Examination in the syllabus is proposed to be converted into a practical examination of 3½ hours' duration in Modelling (i.e. taking of moulds)". The examination in Modelling will, as usual, consist of four tests and will be entirely Practical in future.

2. The other existing three tests (Practical) relate to:-

- (i) Modelling details of human figure;
- (ii) Modelling original ornament;
- & (iii) Original designs.

3. There is no addition to or deletion from the existing number of tests in Modelling Higher Grade, but it is only proposed to convert the first test (a written one) into a practical test for taking moulds.

Examination - Govt. Technical - Drawing Group -
Syllabus in Modelling - Higher Grade - 1st Test -
Nature and duration of time - Change of.

From the C. E. E. letters Re. No. 245 D/49 d 5.8.49,
R.E. No. 245 D/49 d 21.9.49 and Re. No. 245 D/49 d 10.10.49

(for the Govt. Technical Exams) The Syllabus in Modelling is included under the group 'Drawings', as specified in E.O. 1769 (L.E.) d 20.12.23. It is also stated that the exam in this subject consists of a written exam of 2 hours duration and a practical examination of three tests, the first one of eight hours duration and the other two of six hours each. The Chairman of the Bd. of Examiners in Drawing has suggested the revision of the syllabus relating to the written exam (the first test) and to convert it into a practical examination of 3 1/2 hours in 'Modelling', to be conducted ~~practically~~ in Plaster of Paris. The C. E. E., not agreeing to the proposal of enhancing the fee from Rs 12 to Rs 25, has stated that the extra cost will be met from the total income which will be approximately Rs 150 p.a., can be the total income derived from the C. E. E. is

Govt. Fin (Arch)

Please see the notes on p. 1 above. The substitution of the practical examination for the written examination in Modelling involves additional expense of Rs 25 per candidate towards cost of plaster of Paris. The total expense on this account per year is reported to be about Rs 150; and the Commr. for Govt. Examinations does not recommend any increase in the examination fees on this account and E.P.H. accept the Commr.'s recommendation.

The fees for all Govt. technical examinations has been fixed at Rs 6 for the lower grade and Rs 12 for the higher grade. For the change proposed to be introduced for the higher grade exam. in 'Modelling', it does not seem necessary to alter the rate of fees, ~~for this particular subject.~~ ~~this dept. for the reasons given by the~~ Commr. in p. 7 cf., this dept. may agree that the rates of fees need not be raised. ~~the~~ The draft order below may be accepted.

Madras.

92764
To

The Secretary to Government,
Education and Public Health Department,
Fort St. George, Madras.

Sir,

Ref:- G.O.Ms.No.3474 Education, dated 11-11-1949.

On account of the receipt of the G.O. quoted above approving the revised syllabus in the subject only very recently, the candidate concerned could not be informed of the changes in the I Test (i.e.) the change from a written examination of 2 hours duration into an examination of a practical nature of 3½ hours duration (taking of moulds) and given time to prepare for the examination as per revised syllabus. This test has already been fixed to be held on the 1st December 1949.

2. As sufficiently early notice has to be given of the changed syllabus, the examination according to the revised syllabus may be held with effect from November 1950. I request that para 2 of the G.O. may be kindly modified to this extent.
