Madras, 27th July 1949

*Reminded me of this
when the B.P.D. recommendations
comes. The B.P.D. may be asked
to send it up K.M.*

Sir/ Madam,

Ref:- ROC. No. 1 - 2C/49 dated 28-5-'49.

Three 'Nissen Sheds' were erected and the work was completed when we received your communication informing us that the "Management may be permitted to provide such sheds if they are prepared to meet their entire cost from their own funds". In this connection we beg to submit as follows.

1 At the time when plans and estimates were submitted on 19-5-'48 for erecting Nissen Sheds for use as class rooms, we explained in detail the necessity for the erection of the same. The original estimate for each shed was about Rs.2,200/-.

2 In response to the Inspectress's letter RC.No.1-5C/26-6-'48 we produced (a) a letter from the Engineer in charge certifying that the sheds were in accordance with the requirements of appendix LL of the grant-in-aid code and (b) a report from the same Engineer that the sheds could be used for educational purposes for over thirty years. Also in giving the financial position of this institution in the same letter, we stated therein that the school could not meet the entire cost of construction without Government aid.

3 The plans and estimates were scrutinised by the Joint Consulting architect to Government and his remarks were forwarded to us for revision and resubmission of the

"VIDYODAYA"
THYAGARAYANAGAR

"VIDYODAYA"
THYAGARAYANAGAR

Madras, 194

- 2 -

estimates. Accordingly the estimates were revised in the light of those remarks and resubmitted on 26-11-'48. embodying the requirements specified by the Government architect. The revised estimate involved an additional expenditure of about Rs.800/- for each shed. Yet the sheds were completed as per suggestions by the Government architect.

5 From the above it may be seen that almost from the beginning we stated that we could not construct these sheds without Government aid. Also we conformed to the specification mentioned by the Government architect and the sheds have been certified by the Engineer in-charge to be used for educational purposes for over thirty years.

6 In these circumstances it will affect very adversely the financial status of this school if we are told now that no Government aid could be given as may be seen from the Financial Statements submitted for 1948-'49. We shall therefore feel grateful if you would kindly re-consider the matter in view of what is stated above and sanction us atleast half the cost as grant.

Yours faithfully,

P.R/.

Re No. 406 D2/49.

Office of the Director of
Public Instruction, Madras
dated 28th September 1949

From

The Director of Public Instruction,
Madras.

To

The Secretary to Government,
Education & Public Health Department.

Sir,

Subject: Grant - Buildings - Vidyodaya Girls High School -
Thyagarayanaagar - Construction of three 'Nissen
Sheds

Reference Government Memo No. 67489 B1/49-1 Education dated
9.9.49

I submit herewith the representation from the
Correspondent, Vidyodaya Girls High School, Thyagarayanagar.

2. With reference to the opinion of the Joint Consulting
Architect to Government that 'Nissen Sheds' are generally treated
as "Semi permanent structures" the scheme for the construction
of the "Nissen Sheds" could not be admitted to aid, Vide G.O.
No. Ms. 1127 Education dated 12-4-49.

3. It is reported that three "Nissen sheds" were erected
at a cost of about - 3,000/- each i.e. Rs 9,000/- As the sheds
are pronounced to be not of a permanent nature and as they were
erected before the scheme was placed on the approved list, the
scheme is not eligible for any "Building grant" under Chapter VIII
of the Grant in Aid Code.

4. The sheds are no doubt proposed to be used for "Educational
purposes". Due to urgent necessity for additional accommodation
and to minimise the cost on regular structures, the management
have erected these "Nissen Sheds" The management now say that
if Government aid is not given they will be badly hit. The
request of the management for financial aid may be considered
as a special case if desired, and Government may perhaps sanction
a special grant of 1/3 of the actual cost based on the production
of vouchers, or 1/3 of the valuation of the sheds by the Public
Works Department whichever is less. Since this scheme has to
be treated as a special one not coming within the purview of
the Rules governing payment of building grants contemplated
under chapter VIII of the Grant in Aid Code, the payment may
be authorised under the Special orders of Government.

Yours faithfully,

Thiruvannam

Reference is made to the letter dated 12-10-49 from the Headmistress of the school, and the letter dated 18-10-49 from the Director of Public Instruction, Madras. The Director of Public Instruction, Madras, has advised that the Government is not in a position to grant the request for Government aid for the construction of the school buildings.

It is noted that the school buildings were erected and the work was completed when we received the communication from the Director of Public Instruction, Madras, dated 18-10-49. It is also noted that the school buildings were erected at a cost of Rs. 10,000/- and the school is now in a position to receive students.

The school buildings were erected at a cost of Rs. 10,000/- and the school is now in a position to receive students. The school buildings were erected at a cost of Rs. 10,000/- and the school is now in a position to receive students.

The school buildings were erected at a cost of Rs. 10,000/- and the school is now in a position to receive students. The school buildings were erected at a cost of Rs. 10,000/- and the school is now in a position to receive students.

Copy of the remarks of the Joint Consulting Architect to Government, Chepauk, Madras, dated the 4th September 1948.

Sub: VIDYODAYA GIRLS' HIGH SCHOOL,
THYAGARAYANAGAR - CONSTRUCTION
OF NISSON HUTS.

The plans and estimates have been scrutinised and the following are the remarks.

2. The plans showing the elevation and cross sections of the Nisson huts, should be signed by a responsible person.

3. As per Appendix LL of the Grant-in-Aid Code, the standard size of a Class room should not exceed 24' x 25' that is an approximate square. The dimensions of the proposed Nisson huts are 16'-0" x 36'-0" and are not best suited for Class Rooms. The proposals have therefore to be considered only as a temporary measure.

4. Trial pits should be excavated and the soil and subsoil particulars should be furnished.

5. As per Appendix LL of the Grant-in-Aid Code the window area should not less than one fifth of the floor area. Except for the two doors provided in the end walls no windows have been provided on either side of these doors, windows may be provided with their sills above 3'-0" from the floor level. The sizes of doors and windows may be 4'-0" X 7'-6" and 4'-0" x 4'-6".

6. To prevent radiation of heat in the Nisson Huts, proper insulating materials such as coir fibre may be inserted in between the two layers of G.I. sheets.

7. The specification for the flooring may be $\frac{3}{4}$ " thick granolithic cement concrete 1:3:6 using $\frac{3}{8}$ " size metal and top reubbed smooth over a base of 4" thick cement concrete 1:4:10.

8. The quantities entered in the Abstract Estimate should be supported by a detailed estimate for various items of work.

9. The date for the rates adopted in the estimate should be worked and furnished along with the estimate.

10. In the light of the above remarks, the estimates and plans may be returned for revision and resubmission.

Grant - Building - Vidyodaya Girls' High School,
Thyagarayanagar - Construction of "Nissen" Sheds.

Read G.O. Ms. No. 1127 Edn d/12-4-49

From the correspondent, Vidyodaya Girls High School,
Thyagarayanagar Rec No. 1-2C/49 d/15-5-49.

From the B.P.D. Re No 406 B2/49 d/28-9-49

Please see the representation from the management of the Vidyodaya Girls' High School, Thyagarayanagar at pp 1-2 of and the minutes of H.M.(E&L) thereon at p 1 of.

2. Due to the urgent necessity for accommodation the management has erected three "Nissen" Sheds at a total cost of ~~the~~ nine thousand rupees. The plans for the sheds have been scrutinised by the Joint Consulting Architect but the construction of the sheds was commenced before the scheme was included in the list of approved works. As the present financial position of the management does not permit it to bear the entire expenditure, the correspondent requests that the scheme may be admitted to aid.

3. Under the existing orders schemes for the construction of "Nissen" Sheds, which are in the opinion of the Joint Consulting Architect ~~as~~ only semipermanent structures, are not eligible for aid under the Grant-in-Aid code. Also the action of the management in having commenced the work without the prior approval of Govt was irregular. The B.P.D., to whom the matter was referred, has however stated that the sheds are only for educational purposes and that in view of the urgent need for additional accommodation the construction of these sheds may also be aided. He has recommended

Exp A ~~Exp C~~

that a grant towards one third of the cost of the scheme may be sanctioned as a special case and that the disbursement of the grant need not be made with reference to the provisions of the Grant-in-Aid code as the grant is towards the cost of construction of semi permanent structures. In view of the financial difficulties experienced by the management and in view of their engineer's opinion that the Sheds can be used for educational purposes for thirty years, it is for consideration whether the Director's recommendation may be accepted and the scheme admitted to aid as a special case. The amount payable is Rs 3000/- based on the Director's recommendation. The file may be sent to Finance U.O. for remarks, if any, prior to circulation.
