Subject:- Indigenous paper requirements during 1949-50.

Sir,

I have the honour to request you kindly to furnish this office with an estimate in the attached form of your requirements of indigenous paper (in tons) for the next financial year, i.e. the period from 1st April 1949 to 31st March 1950. The varieties of paper may kindly be restricted to those listed in the form referred to. With the exception of item 23, the total tonnage (fraction should be avoided) required should be stated against each variety of paper. Information in respect of number of reams, weight, size, etc. is not required. Quantities for item 23 should be stated in 'Rolls.' Width of roll should also be stated.

2. The stock in hand of each variety of paper on 1st November 1948 should also be stated together with the actual consumption during twelve months preceding that date.

3. The estimate referred to in para 1 above should comprise your total requirements which can be foreseen at the moment including those of any private contractors etc. requiring paper for the execution of orders placed on them by you or your subordinate offices, etc. ~~(but should exclud~~

4. The paper requirements of the various local bodies within your jurisdiction also be included in your estimate. A list of such local bodies entitled to obtain their paper requirements out of the Government quota was forwarded to you with this office letter No.114/WPS/47, dated 13th March 1947.

5. The paper supply position in the country still continues to be acute. Therefore, your estimate should be restricted to the barest minimum. Any increase over current year's quota should be fully justified.

7. A list of states which have merged in the province, whose requirements should also be included in the estimate called for above

may ....

may also be forwarded.

8. The information asked for above may please be furnished in a complete and consolidated form so as to reach this office by the 15th December 1948 at the latest.

Yours faithfully,

Shambu R

Shambu Ram.
for Controller of Printing and Stationery, India.

Copy, togetherwith a copy of the form referred to above, forwarded to the Ministry of States with the request that the various Indian States (which neither merged into the provinces nor integrated with the Unions) may be asked to furnish their requirements of paper in 1949-50 on the lines indicated in the foregoing letter by the 15th December 1948.

2. The Mysore & Tranvancore Governments should confine their estimates only to such varieties which are not manufactured by the mills in their territories.

3. The requirements of railways, if any, owned and managed by the states may also be included in the estimate.

Shambu Ram.
for Controller of Printing and Stationery, India.

STATIONERY-paper-indegenous paper - Government of Madras - requirements for 1949-50-estimate-~~called for~~ - furnished.
Government Memo No.88428C.2/48-1 Education dated 1-12-48 communicating a copy of letter No.245 /Ms/48 dated 23-11-48 from the Controller of Printing and Stationery, New Delhi.

p1 ante p1 ante p15 ante

The estimate called for is furnished herewith in the form prescribed. It relates purely to the requirements of Government of Madras and includes the needs of the various rationing schemes and the needs of the Publicity department. It does not include the requirements of the Local Bodies, the Cooperative Institutions and Messrs. Hoe & Co., Madras. Copies of the estimates of the requirements pertaining to these institutions may kindly be sent to this office, when they are forwarded to the Controller of Printing & Stationery, New Delhi, to avoid delay in the placing of supply orders.

2. No estimate of the requirements of the T.T. Devasthanam for 1949-50 need be obtained and forwarded to the Controller, as the Commissioner of this institution is making his own arrangements for the purchase of his requirements of paper.

Explanatory note:

p5 ante Item 3 (cartridge)

The indent for this variety is based on the requirements of the Government Press, Madras. The mills failed to supply the allocation for cartridge paper in full in previous years. Hence the consumption for 12 months is low.

ibid Item 4 (Imitation Art). The quantity of 8 tons asked for in this item represents the requirement for the printing of the journal, Madras Information. Hitherto, local purchase of real art paper was made for this purpose.

ibid Item 6 (Typewriting). Hitherto the manifolding paper received from the surplus stocks held at Bombay has been used. The present claim is made with reference to the consumption of manifolding paper. This item should be allotted only to Messrs. Titaghur Paper Mills Co., Ltd., Calcutta, as the paper manufactured by other mills ~~are~~ is found to be unsuitable for the purposes for which ~~they are~~ it was intended.

ibid Item 7 (duplicating). As the duplicating paper allocated to Sirupur Paper Mills was found unsuitable, Gestetner Impression paper foolscap manufactured by Titaghur Paper Mills is being purchased from Messrs. Gestetner duplicators, Ltd., from time to time. Hence Paper Directorate may be addressed to allocate this item, to Messrs. Titaghur Paper Mills Co., Ltd., Calcutta.

ibid Item 19 (Duplex Board): During the year preceding 1-11-48, there was no appreciable demand for this board which is mainly intended for printing ration cards, as the various rationing shcemes were suspended. Now that those schemes are being revived, the demand for this item is steadily increasing. Hence a claim for 50 tons in addition to the stock in hand, major portion of which will be consumed during the remaining portion of the current year.

P.T.O.

14

:2:

Item 22 (Special varieteis): The present demand for this item rests on the requirements of the Government Press, Madras, the largest consuming department. The quantity of 105 tons includes 9 tons of coloured paper. These special varieties cannot be substituted by any other varieties, as they are designed for specific purposes.

Sub:- Indigenous paper requirements during 1949-50.

I have the honour to request you kindly to furnish this office with an estimate in the attached form of your requirements of indigenous paper (in tons) for the next financial year (ie.) the period from 1st April 1949 to 31st March 1950. The varieties of paper may kindly be restricted to those listed in the form referred to. With the exception of item 23, the total tonnage (fraction should be avoided) required should be stated against each variety of paper. Information in respect of number of reams, weight, size, etc. is not required. Quantities for item 23 should be stated in 'Rolls.' Width of roll should also be stated.

2. The stock in hand of each variety of paper on 1st November 1948 should also be stated together with the actual consumption during twelve months preceding that date.

3. The estimate referred to in para 1 above should comprise your total requirements which can be foreseen at the moment including those of any private contractors etc. requiring paper for the execution of orders placed on them by you or your subordinate offices, etc.

4. The paper requirements of the various local bodies within your jurisdiction also be included in your estimate. A list of such local bodies entitled to obtain their paper requirements out of the Government quota was forwarded to you with this office letter No.114/WPS/47, dated 13th March 1947.

5. The paper supply position in the country still continues to be acute. Therefore, your estimate should be restricted to the barest minimum. Any increase over current year's quota should be fully justified.

6. As regards item 22 (Special Varieties) complete details (including quantities) of the varieties of paper required should be given, explaining why no other variety included in the list can be used as a suitable substitute.

7. A list of states which have merged in the Province, whose requirements should also be included in the estimate called for above may also be forwarded.

8. The information asked for above may please be furnished in a complete and consolidated form so as to reach this office by the 15th December 1948 at the latest.

/TRUE COPY/

Copy, together with a copy of the form referred to above, forwarded to the Ministry of States with the request that the various Indian States (which neither merged into the provinces nor integrated with the Unions) may be asked to furnish their requirements of paper in 1949-50 on the lines indicated in the foregoing letter by the 15th December.1948.

2. The Mysore & Travancore Governments should confine their estimates only to such varieties which are not manufactured by the mills in their territories.

3. The requirements of railways, if any, owned and managed by the states may also be included in the estimate.

To
The Secretary to Government,
Development Department,
Fort St.George, Madras.

Enclosures:

No. Rc.98595/48.S.I. dated 27-12-1948.

Sir,

Sub:- Civil Supplies - Paper - supply to cooperative Institutions - Requirement for 1949-50 - Indent Submitted.

Ref:-1) Government Memorandum No.128489 BI/48-1, Development, dated 3-12-48 and a copy of letter No. M.V.245/MV/48, dated 23-11-48 from the Controller of Printing and Stationery.

2) My Telephonic message, dated 24-12-48.

A at p2 above

p1 above

p7 above

=========

pp11-18 below

I enclose, in duplicate, indents showing the requirements of paper both for stationery and other than stationery purposes of Cooperative institutions in the Province for the next financial year (i.e., from 1st April 1949 to 31st March 1950).

M at p2 above

[2. Of the varieties of paper included in the indent for stationery requirements, "Azurelaid Ledger" paper of 14 and 16 lbs. come under special varieties - vide item 22 of the statement to the letter cited of the controller of Printing and Stationery. Azurelaid ledger paper of 14 lbs. is required for permanent registers such as cash books, ledgers etc. of Cooperative Banks; 16 lbs. paper of the same kind corresponding to the 'conqueror' paper or 'conquest' paper produced by the 'Bengal Paper Mills' is required for bonds and other registered deeds. [I request that special arrangements may kindly be made to secure these varieties of paper.]

Ord

B at p11 below

3. Paper for other than stationery requirements of cooperative Institutions for the year 1949-50 comes to 18.60 tons. The varieties of paper required are (a) Royal (20" x 27") 22 lbs. bleached paper for printing of journals, bulletins, annual administration reports etc. and (b) water-marked (creamlaid) 10 lbs. for conduct of examinations and training classes, Printing of notices, agenda etc. If water marked (cream laid) paper is found to be scarce, bleached printing paper may be supplied in its place.

[4. In this connection I may state that some of the cooperative Institutions have represented that still some portion of the allotments for 1947-48 remains undespatched by the Superintendent of Stationery. As regards the indent for 1948-49, the Superintendent of Stationery has now called for the distribution statement (District-war allotment of paper). I therefore request that early supply of paper may kindly be ordered. [It may be seen that the indents in respect of bleached printing, Azurelaid ledger, cheque and white demy paper (for stationery purposes) and in respect of the requirements for conduct of examinations, training classes, printing of notices, agenda, speeches, etc, for non-stationery purposes are lesser than those of 1948-49. The total indent is also for 98.05 tons as against 120.22 tons in

P.T.O.

43

=2=

omit the previous year. This may be due to the improved supply position of paper and the availability of some of the varieties in the open market.

5. The statement containing particulars of consumption of paper of Cooperative Institutions during the 12 months prior to 1-10-1948 is also enclosed. The figures show that 14.51 tons of paper were consumed by the Cooperative Institutions. This may not be correct due to the fact that the Deputy Registrars were not able to obtain particulars of actual consumption from most of the Institutions, for want of time and hence this need not be taken as a guidance in passing the indent submitted now.

Omit

Sir,

STATIONERY- paper-supply 1947-48 to the Co-operative -institutions
Government Memorandum No.88428-10.C2. Edn., dated 30-12-48.

With reference to the Government memorandum cited above, I have to state that watermarked creamlaid paper alloted to the 23 Stores, by the Registrar of Co-operative Societies, have been supplied in all cases where the costs were remitted to the correct heads of account. Regarding blotting paper, some of these institutions have stated that blotting is not necessary, as they have sufficient stock of it and further 34 lbs blotting is not available at present and 38 lbs is being supplied on receipt of their acceptance.

2. Bleached 12 lbs paper is the only variety of paper still remaining to be supplied to the 5 Co-operative presses. This will be supplied to them on receipt of stock which is awaited from the mills.

3. The Co-operative presses at Tanjore, and Mangalore, who requested the supply of bleached quad 40 lbs in place of bleached 12 lbs have been supplied with paper, partially.

D. Subbarayasastri
for Superintendent of Stationery.

13725

I am enclosing herewith a statement showing the requirements of paper indented for by the Government for 1949-50 (including those for Local Bodies, Messrs. Hoe & Co., and Co-operative Institutions) and the provision proposed to be made by the Controller of Printing and Stationery, New Delhi.

It may be seen from the statement that there is much difference between the requirements indented for by Government and the provision proposed to be made by the Controller, New Delhi in respect of most of the varieties of paper. In respect of certain varieties, no allotments have been proposed by the Controller, although they are essentially required and have been indented for.

However, subject to the following remarks the allocation proposed by the Controller with modifications as shown in column 9 of the statement may be accepted:-

p72 infra

Bleached / Unbleached: Against 2,120 tons, indented the Controller proposes to allot 1470 tons only which is reported to include 200 tons for census. Thus the reduction of 650 tons (2,120-1,470) contemplated is appreciable. In this connection, it is to be stated that a quantity of 530 tons of white printing paper has been indented on the Director General, India Store Department, London in connection with the printing of electoral rolls in this Province. As there is no likelihood of this quantity being received from the Director General, London in time and as the printing of electoral rolls has to be taken up urgently, it is proposed to purchase the entire quantity of paper required for the purpose locally. If this proposal materialises, the 530 tons of white printing paper expected from the Director General of Stores, London when received, will be utilised for normal consumption. In that event, the deficiancy of requirement that may be found under Bleached/Unbleached variety during 1949-50 will be met from this stock of 530 tons.

1470
530
2000

N

Badami: Though 40 tons have been indented for under this item, no quota has been proposed to be made by the Controller.. These ~~are~~ 40 tons are required by the Local Bodies for specific purposes and may be asked to be provided for.

Cartridge: The 25 tons proposed to be allocated under this variety may be accepted for the present and if any additional quanti is found necessary it will be applied for later.

Imitation Art: The proposed provision of 5 tons under this item is now considered sufficient and may be caused to be alloted.

item 5 of the Statt

Supercalendered: No quota is required under this variety. But the Controller has proposes a provision of 20 tons presumably by mista This may kindly be pointed out to him.

Typewriting: While a quantity of $29\frac{1}{4}$ tons has been indented for under this variety, the Controller suggests an allotment of 15 tons only. As this is an essential variety, at least 25 tons may be requested to be allocated. It is not possible to do without this quanti

P.T.O

Duplicating: A quantity of 23¼ tons has been asked for under this item. But no allotment has been proposed by the Controller under this item. As this is also an essential variety, the Controller may be requested to make an allotment of 23¼ tons, as applied for.

Kraft (in lieu of Brown wrapping: The provision of 125 tons proposed under this item may be accepted for the present and if any additional quantity is found necessary it will be indented for later on.

Blotting: 26 tons may be caused to be alloted under this item as 10 tons proposed by the controller are not sufficient.

Watermarked: 33 tons indented for are required by the Co-operative Institutions for specific purposes. But the Controller has not proposed any provision under this item. He may be requested to allot this quantity.

Pulp Board: A quantity of 3 tons as already indented for, may kindly be caused to be alloted, as it is required by Messrs. Hoe & Co., Madras in connection with the printing of forms, etc. for local bodies.

Ticket Board: 8 tons of this board are required by Messrs. Hoe & Co., Madras for the same purposes as for pulp boards. The Controller may be requested to allot this item.

Special varieties: Against 145 tons indented for under this item, only a provision of 80 tons has been proposed. The special varieties are required mostly as substituted for imported papers. In view of the difficulty and delay involved in procuring imported papers, the Controller may be requested to allocate the entire quantity namely 145 tons indented for.

for SUPERINTENDENT OF STATIONERY.

28 MAR 1949

Subject:- Indigenous paper requirements during 1949-50.

On review of the forecast estimate of total Governmental requirements of paper it is found that it would not be possible to meet the demand from indigenous mills. It has been decided that a portion of the demand should be met by imports. Will you therefore send an indent to the D.G.I.&S., New Delhi (under intimation to this office) for 400 tons to enable him to proceed further?

2. In order to facilitate procurement abroad, the specifications should be confined to the following.-

1) White Printing 27"x34" - 32 lbs.
2) " 27"x34" - 40 lbs.
3) " 26"x40" - 46 lbs.

3. Allocation orders for the remaining quantity fixed for your Govt. have since been issued.

ASST. SECRETARY TO GOVERNMENT
EDUCATION AND PUBLIC
6 - APR 1

Sub: Stationery - paper and boards - Government of Madras - allocation for 1949-50 - revision - requested -

Ref: Letter No.DPI-43 (2)/48 dated 16/3/49 from the Director General of Industries and Supplies, New Delhi.

p 74 supra

With reference to the communication cited above, I invite your attention to the letter No.88428-18-C-2 dated 3/3/49 from the Government of Madras, forwarding to you a revised indent for paper and boards with an extract of appropriate remarks attached thereto. It may be observed that the allocation made by the Director General in his letter under reference is not based on this revised indent mentioned above. As the qualities and quantities of paper and boards as claimed in that indent are absolutely essential, I request you to reconsider the allocation and advise the Director General for Industries and Supplies for modifying the allocation accordingly. A very early reply is requested.

85

... letter No ... /48 f... ...ctor General of Industries and Supplies, ... elopment Branch, New Delhi dated 16/3/49 to the Superintendent of Stationery, Madras at Guindy.

Sub: Allocation of Paper and Boards for 1949-50.

On the basis of the details of your requirements forwarded to this office by the Provisioning authority Controller of Printing and Stationery, Government of India, New Delhi the quantities of the varieties specified therein have been allocated for supply by the various Paper and Board Mills. A statement showing the allocation of yourrequirements is attached.

2. It will be appreciated if supply orders are placed on the Mills in a manner as will enable them to make and despatch paper against your allocation in an even flow throughout the financial year. Your supply orders covering 25% of your allocations on each mill should be placed without delay to enable them to manufacture anddespatch this portion of your allocation during the first quarter ending June 1949.

It is pointed out that due to delay in placing orders, the mills have to face a gap which delays the manufacture and supplies against Government offtake. This has often been cited as one of the causes for short deliveries of paper during the first quarter.

3. As supplies of Paper and Board by the Mills in question are made against contracts issued by this office, it is essential that copies of all supply orders issued by you on the Paper Mills against this allocation are forwarded to this office and the Deputy Accountant General Industries and Supplies, New Delhi. To ensure that these instructions are invariably followed, the Paper Mills have been directed not to accept any order unless the original copy of the order is clearly marked as follows:-

Copy forwarded to:-

(1) Directorate General of Industries and Supplies (Paper Development Branch) New Delhi.
(II) Deputy Accountant General Industries and Supplies, New Delhi.

Please ensure that copies of all orders are forwarded as indicated above in order that firms bills are paid promptly and this office may a keep a watch on the progress of supplies.

4. The Paper Mills are not authorised to make any variation or alteration in qualities and quantities specified in the afore-said stat ment of allocation. For this purpose you will be required to approach the Provisioning Authority Controller of Printing and Stationery, Indi New Delhi, who will then advise this office of the alteration required Copies of your communication to the Controller of Printing and Station may, however be sent to this office for advance information.

32183

221

The details showing the varieties and quantities of paper and boards affected by the modifications recently made by Messrs. Hoe & Co., Madras in their indent for 1949-50 are given below :-

Variety of paper. (1)	QUANTITY AS CLAIMED IN THE Original indent. (2)	Revised indent. (3)	(4) Quantity surrendered.
a. Bleached/Unbleached.	78 tons.	29 tons.	49 tons.
b. Brown wrapping.	2 "	..	2 "
c. Pulp board.	2 "	..	2 "

Based on their original indent, the share of Messrs. Hoe & Co., Madras, in the quota allocation to this Government for 1949-50 by

P.T.O.

99

-2-

by the Director General of Industries & Supplies, New Delhi under each of the above varieties is comparatively a small proportion. In their revised indent forwarded with the Government u.o.note first quoted above the Company have reduced their claim under Bleached/Unbleached variety (a) by 49 tons and withdrawn their claims under Brown wrapping (b) and Pulp Board (c) altogether. In view of this fact and as the allocation has already been made to this Government by the Director General, it is suggested that the small quantities surrendered by the Company in their revised indent, as shown under column 4 above, may be availed of by the Government for their other use. It is also suggested that the requirements of Company according to their revised indent may be ordered to be supplied during the third quarter of the current year, as they received supplies against their requirements for 1948-49 only recently.

No. 209/PS/49.

Dated New Delhi, the 26-4-1949.

To

The Superintendent of
Stationery, (Madras)
at Guindy, MADRAS-15.

Subject:- Allocation of paper and boards during 1949-50.

32649

Sir,

Please refer to your letter No.B.30152/49, dated 31-3-49, I write to say that a quota of 1800 tons was recommended for your Government's requirements during 1949-50. The Director General of Industries & Supplies, New Delhi, allotted 1400 tons on the indigenous mills and advised that the balance of 400 tons should be met by imports from U.K. In this connection your attention is invited to this office letter No. 215/PS/49, dated 21st March 1949. Your letter No.88428-18 C.D., dated 3-3-49, was received in this office rather late and hence no action could be taken in the matter. You were, therefore, advised to write to this office again in June next for reconsideration. A copy of this office letter No. 245/PS/48/1982, dated 12/3/49 is enclosed for information.

2. It is understood that the quantity of 530 tons of paper which is being imported for your Government for the preparation of electoral rolls is no longer required by you for that purpose as you have arranged to use newsprint paper for this work. You will, therefore, have 530 tons in addition to 1400 tons allotted on the indigen mills i.e. in all 1930 tons). In the circumstances, the ques of revising your quota, or [illegible] apparently arise.

Yours faithfully,

Sri. R. S. Ramalingam,
Special Officer,
Tindivanam Municipality.

To
The Secretary to Government,
Local Administration Department,
M A D R A S.

Sir,

Sub: Stationery-Tindivanam Municipality-Supply of paper-Indet-Submitted.
Ref: Government Memorandum No.19724-2B-L.A-dated 12-5-49.

--

I submit an indent in triplicate in the prescribed form of the council's requirements of indigeneous paper for the current financial year. The indent is prepared to include the requirements for printing of Electoral rolls and forms required to be printed locally for Municipal use. I request that the Government may be pleased to order early compliance of the indent.

Varieties of paper. (1)	Stock on hand on 1-10-1948. (2)	Annual consumption during twelve preceeding months from 1-4-48. (3)	Estimated requirements for 1949-50. (4)	Remarks. (5)
		Ton. lbs.	Ton. lbs.	
1. Unbleached	Nil	— .. 100	0- 1000	*
2 . Kraft	Nil	Nil	0- 50	...
3. Manifolding	Nil	Nil	0- 100	...

Remarks: * As the Municipality has been constituted with effect from 1-4-49 the actual consumption for 1948-49 cannot be taken as the criterion for 1949-50.

Ramalingam 16/5

VV:

SPECIAL OFFICER.

Public (Elections) Dept.

Please see the E&P.H. Dept's note d 18.1.49 at p. 7ante and the letter from the Controller of Printing & Stationery at p. 52 c.f. 54
It is seen from the Controller's letter that in the estimate of requirements of paper for this province during 1949-50, a provision of 200 tons of paper for Census work has been made. It is presumed that this provision has been made at the instance of the Census Commissioner for India. | X
It is not known what provision of paper for this work was made for the last Census. The E&P.H. Dept's G.Os relating to the paper requirements for 1940-41 or 1941-42 may contain this information. That dept. may be requested to put up the relevant G.O. | Y

19.1.49

19/1/49

Addl Secy / E&PH

X Presumably. E&P.H. may be requested to see that the quantity is reserved accordingly. We know nothing yet about the scope of the Census work & the Census Commr. is the best judge of the requirements. The next Census will be a far more ambitious one than the 1941 Census & we shall want ~~far more~~ a much larger quantity of paper now. | Z
The investigation referred to at Y above may, however, be made, bearing Z in mind. We may accept the 200 tons pending this investigation.

Dev. Dept.

[This dept's previous notes on p.2, p.4, p.5 & p6 above]

The file has been sent to this dept with reference to the letter from the Controller of Printing and Stationery, India at p ~~52~~ 54 cf. It is observed that a quantity of 368 tons has been allotted for the requirements of local bodies, Hoe & Co and cooperative institutions based on the provision made for them during 1948-49. The allotment of 368 tons in 1948-49 was made as follows

Coop. institutions 108·42 tons
Local bodies & Hoe & Co. 260 "
[illegible] 368·42

K on p54 cf

p51 of (G)

Since the allotment to Coop. institutions ~~of~~ for 1949-50 is 108·42 tons where as the indents ~~is~~ are for 98·05 tons. No remarks are therefore called for regarding the quantity allotted for Co-op institutions.

p44 cf

As regards the varieties of paper allotted it is observed that no provision has been made for "Cheque paper" of which 1·48 tons have been indented for by the Regr for Coop institutions.

para 2, p52 cf

item 5 p44 cf

The Controller of Printing & Stationery may perhaps be requested to make necessary provision for cheque paper also. The file may be ~~passed~~ returned to E.P.H.

pp 70-72 c.f.

2. The Supdt. of Stationery has examined the requirements of paper for Government departments, Local Bodies and Coöperative institutions with reference to the quantity of paper allotted by the Controller of Stationery. The Supdt. has proposed certain modifications to the allocation proposed by the Controller in Col. 9 of the statement on page 72 subject to the remarks made in his letter on pages 70-71 c.f.

p 70 c.f.

Public (Elections) accept the provision of 200 tons for the purpose of Census.

p-12 ante

The Devt. Department accepts the allocation proposed by the Controller with the remark that the necessary provision proposed for cheque paper, viz. 1.48 tons, may be made by the Controller. The Superintendent of Stationery has not insisted upon this item in his ~~proposed~~ modification of the Controller's allocation. This may also be included.

pp 10-11 ante

Col. 9 in p 72 c.f.

The L.A. Department states that the estimate was prepared with reference to the barest requirements of the local bodies and hence no curtailment of this estimate is called for. The total quantity of paper required for local bodies and Messrs Hoe and Co. is about 292 tons and the Controller has allocated only 260 tons. The Superintendent of Stationery states that the deficiency in his modified proposals may be made up by the stock to be received from the D.G. of Stores, viz., 530 tons of bleached paper. It is presumed that he will supply ~~the~~ from ~~this~~ his stock of paper to local bodies to make up the deficiency, if required ~~for this stock~~ on payment.
