EDUCATION - Secondary - Students taking bifurcated courses of studies - Provision for suitable appointment.

14-1-2-55

From the D.P.I., Rc.No. 251-B1/49 dated 23rd August 1949.

With a view to divert the students taking up the University courses and to provide different opportunities for such students to enable them to earn a living in vocations, the Government sanctioned the introduction of bifurcated courses of studies in the secondary schools in this Province from the beginning of the school year 1948-49. The courses so far selected are (i) Secretarial (ii) Engineering, (iii) Agriculture, (iv) Drawing and Painting, (v) Domestic Science and cookery, and (vi) Music and Dancing. The introduction of one or more of the above courses has so far been ordered in 100 schools beginning from IV form (50 schools in 1948-49 and 50 schools in the current year). The courses will be progressively introduced in the remaining schools.

2. In order to induce the students to take up the new courses it is necessary to provide opportunities for employment after completion of the courses, i.e., in March 1951. They should be given preference when appointments are made to posts in Government service, suitable to their qualification. So far as the Secretarial course is concerned, the question of recognising it as a minimum general educational qualification for appointment as lower division clerks and other similar posts in Government service has already been taken up for consideration and it is awaiting a decision on the reform of the present system of S.S.L.C. Examination. In regard to the other courses (except Drawing and Painting, Music and Dancing), the Director of Public Instruction has, in consultation with the Heads of the Departments concerned, submitted a list of posts in various departments to which the students who have taken up bifurcated courses can be appointed. The Director considers that the scales of pay

suggested are low. As the courses are to be popularised at this early stage, and in view of the qualification of the students he recommends that they may be started in those posts on a higher salary of at least Rs.10 over those ~~posts~~ of the others with the ordinary qualification. The Director's recommendation may be supported in this department.

This is a matter for consideration in the Department concerned.

V.R.

3. As orders have to be issued in the concerned Departments of Secretariat, a copy of the c.f. together with a copy of G.O.No.1395 Education, dated the 29th May 1948 may be sent to P.W., Dev., Food and Agriculture and Public Departments for necessary action. A copy may be given to H2 section also for necessary action with ref. to the Domestic Science course.

ASST. SECRETARY TO GOVERNMENT
64653
5 JUL 1949
PUBLIC DEPARTMENT (A)

Public (Services) Department.

Please see the copy of letter from the D.P.I. in the C.f. and the extract of E & P.H. note on pp. 1-2 above. The Government have sanctioned the introduction of bifurcated courses of studies in Secondary Schools in this Province from the beginning of the school year 1948-49. One of the courses is the 'Secretarial Course'. It has been decided that the Secretarial Course will alone be the primary qualification for appointment to posts of lower division Clerks and similar posts in Government Service subject to certain exceptions. The question of prescribing by statutory rules of recognising this course as a minimum general educational qualification is awaiting a confirmation decision on the reform of the present system of S.S.L.C. Examination. The proposal now is that with a view to popularise this course at this early stage and having regard to the qualifications of the students they may be started on a higher salary of at least Rs.10/- over those of others with ordinary qualification in their appointment as clerks. This is a matter in which orders have to issue in Finance. Attention is invited to the copy of P.O. 343 Fin of 6.4.49 in which the order has been issued. The file may therefore be transferred to that department for necessary action.

Finance (E.III)

Notes on pages 1-3 above may be perused. In -
G.O.No.1395 Education, the Government have sanctioned the introduction of bifurcated courses of studies in the -
Secondary Schools in the Province from the beginning of the School year 1948-49. One of the courses is the "Secretarial Course" The proposal now is that with a view to

popularise this course at the early stage and having regard to the qualifications, the students may be started on a higher salary of at least Rs. 10 over others with ordinary qualification in their appointment as clerks.

2/ It has been decided that the Secretarial course will alone be the primary qualification for appointment to posts of lower division clerks and similar posts in Government service subject to certain exceptions. In the G.O. at (A) it has been stated that until the Secretarial courses are opened in a large number of schools in the Province, the number of candidates who have undergone the Secretarial course may not be sufficient to meet the demand and that when candidates who have undergone the course are not available others will continue to be appointed to service as at present. Public Department have stated that the question of prescribing by statutory rules the Secretarial course as a minimum general educational qualification is awaiting a decision on the reform of the present system of S.S.L.C. Examination.

3/ If, as stated above, the Secretarial course will alone be the primary qualification for appointment to posts of Lower Division Clerks and similar posts, there is no need to induce candidates to undergo the course. The candidates will have to undergo the course if they want to enter the ministerial line. The fact that candidates who have undergone the course will be given preference over those who have ^{not} undergone the course is in itself ~~no~~ a special concession to the former and should attract many candidates for the course. It is also stated that in the initial stages the number of candidates who ~~would~~ have undergone the Secretarial course may not be sufficient to meet the demand. In the above circumstances there is no need to popularise the course by the grant of a higher starting pay of Rs. 10 p.m. to the candidates who have undergone the course.

S H.M. (E.H.)
" (F.M.)

Candidates with ^{a completed} S.S.L.C. ~~qualifications~~ are eligible for appointment as Lower Division Clerks in "A" and "B" class offices in the city and the mufassils on Rs. 45-3-60-2-90 and graduates are started on a pay of Rs. 51 p.m. on the above scale - i.e. a higher -- starting pay of Rs. 6. It may be stated that even after the completion of the Secretarial course, the qualifications of the candidates will be only S.S.L.C. and there is no justification for granting them any higher starting pay. This Department may advise that the proposal of the D.P.I. ^{in para 2 on p. 1 of} may be negatived. The file may be returned to E & P.H. for issue of orders.

The notes of the Pub (Service) and the Finance departments on pages 3-5 above may be perused. For the reasons stated in their note ~~on p. 3 above~~, the Finance Department consider that there is no justification for granting the students taking the Secretarial course under the bifurcated Courses of Studies any higher start, on their appointment as lower division clerks in Government service. They therefore, advise that the proposal may be negatived. For orders whether orders may be issued accordingly.

Our attitude in this matter must be related not only to the higher utility of such candidates, but to the necessity of popularising the secretarial course, with a view to relieve the undue pressure on university education. The higher pay of Rs 6/- allowed to graduates may also be allowed to secretarial course passed candidates. The total amount involved cannot be considerable and the concession can be withdrawn when the course becomes popular.

DN: On receipt from P(S) & Fin note may be circ to HM(EDL).

Please see the minutes of HM(EDL) on page 6 ante. It has already been decided that the Secretarial Course will alone be the primary qualification for appl. to posts of lower division clerks & similar posts in Govt. Service except that this would not preclude Govt. from fixing a higher qualification for such posts in any department or office where the special nature of the work requires it. In the initial period, ~~as~~ a sufficient number of candidates with the qualification of Secretarial Course will not be available for employment, and ~~therefore~~ ^{as} others will be appointed as at present. The question of prescribing the Course by statutory rules as the minimum general educational qualification is awaiting a decision on the question of reform of the S.S.L.C. Examination which is under the consideration of the Board of Secondary Education in the circumstances, no further action is necessary on this point at present.

2. A draft order declining to sanction a higher starting to the students who have undergone the Course is submitted below for approval. The file may be sent to Pub (Sec) and Finance v.o. for perusal.

9-11-49

9/11/49
12/11/49

5/10/11/49 (E+L)

Copy of the letter from the Director of Public Instruction, Madras, R.C.No. 251 B1/49 dated 23-8-49 to the Secretary to Government, Education and Public Health Department, Madras.

Subject: Schools - Secondary Introduction of bifurcated courses - suitable posts for pupils on leaving schools.

Reference: G.O.No. 1395 Education, dated 29-5-49.

One of the objects of the scheme of the bifurcated courses of studies introduced under the scheme of reorganisation of secondary education is to provide different opportunities for pupils who take the special subjects under the scheme to enable them to earn their living through these vocation. As a measure of encouragement to such pupils, Government have decided that the Secretarial Course will alongside the primary qualification for appointment to posts of lower division clerks and similar posts in Government Service. A similar encouragement in respect of the other courses also would seem to be necessary. Accordingly heads of departments viz., The Chief Engineer, the Director of Agriculture, The Director of Industries and Commerce and the Surgeon-General with the Government of Madras were addressed regarding the suitable posts to which the pupils of the other bifurcated courses of studies could be appointed. The posts with their scales of pay mentioned in their replies are furnished in the annexure. It may be noted that the scales of pay of certain posts are low and unattractive.

2. If the scheme of bifurcated courses is to be popular some definite advantage has to be associated with it at least at this early stage. I therefore, recommend that the pupils who take the bifurcated courses may be started at a higher salary in view of their qualification in the scales with an advantage of at least Rs.10/- over the others with ordinary qualifications.

3. In regard to the suitable posts to which the pupils of Drawing and Painting and Music Courses may be appointed necessary recommendation will be made in due course.
