2. I also request that two members of the Kindergarten Section may be permitted to work as teachers in the school and to receive the grant they will be eligible for. Mr. Jagannathan of the Kindergarten Section will be the Correspondent for the School, though the management will continue to vest with the Social Service league of the College, subject to the general control of the Principal. One of the chief aims viz., to provide the College

students opportunity for social work and practice in teaching adults will not be lost sight of as it is proposed to utilize the service of the students to help the permanent teachers. The strength of the school is about 45 and the average attendance is 30 and two paid teachers will be inadequate to give instructions to this number as the adults are of varying attainments and require individual instruction.

3. I request early orders to enable me to apply to the District Educational Officer, Madras, for formal permission to open the school from January 1949.
