Sub:- Madras Record Office - Access to records -
Sri E.S.Jayaraman - Permission - Requested.

I enclose a letter which I have received from Sri R.Bhaskaran, Head of the Department of Politics and Public Administration, University of Madras, forwarding and recommending an application from Sri E.S.Jayaraman, a research student working under him, for permission to consult the printed records available in this office from 1900 to the present day relating to the Revenue Administration in this Presidency.

2. According to the rules governing the access of the public to the records in this office for purposes of bona fide historical research, the permission of the Government is necessary for consulting the records subsequent to 1856. Moreover, the records of the last 50 years, being current records, the originals of the records of this period are not thrown open to research. Only the printed copies of the records placed at the disposal of the Press during this period are made available to research students.

3. The Research student, it may be seen, desires to consult the records relating to his subject up to the present day. But as the records subsequent to 1944 have not yet been transferred to this office, he can examine the papers placed at the disposal of the Press only up to 1944. He may therefore be granted permission to consult the printed copies of the records relating to his subject which have been placed at the disposal of the Press up to 1944. And, as these printed copies are now at the Egmore branch of this office, the research will have to be done at that office.

4. If the Government grant the permission applied for, the usual precautions will be taken to see that he does not consult records which are not relevant to his subject and that the notes taken by him are scrutinised before he is allowed to make use of them. Care will also be taken to see that the rules governing research contained in G.O.No.58, Finance, dated 5-2-1932 are duly observed by the research student.
