the local rates having been priced by our local Engineer. The estimates work out to Rs.2,11,000/- (Two lacs eleven thousands only) for the first stage - ARTS BLOCK - of the proposed College Buildings.

Re: Affiliation to University.

The Syndicate of the Madras University on the report of the University Inspection Commission (which visited Tuticorin in July 1947) in their letter No.A.3387 dated 1-8-'47 had advised us to go in for our own site and buildings complying to University Standards. Subsequently in their letter No.A.655 dated 18-2-'48 they had asked us to renew our application for Affiliation after completing our Buildings in readiness for inspection by an University Commission of Inspection. The present application for Building Grant is to help us satisfy this preliminary condition for University Affiliation.

Re: Target Date for starting the Regular College Classes.

According to our proposals Regular Classes are to start functioning from June 1951. This leaves us about 15 to 18 months clear interval in which to complete our 1st. Stage Building Programme.
