Sir,

Subject:- COLLEGES -- Government Training Colleges --
Reorganisation of -

In connection with Part II of the Budget Estimate for 1950-51 I have the honour to submit for the favourable consideration of Government the following proposals for the reorganisation of the three Government Training Colleges viz., Teachers' College, Saidapet, Government Training College, Rajahmundry and Lady Willingdon Training College, Madras, and for starting new bifurcated courses in the two Training Colleges for Men.

2. At present the scale of staff sanctioned for the three Government Training Colleges is not uniform and while there is a definite need for a separate Professor for Psychology alone, no such post exists in any of these colleges. In view of the scheme for the reorganisation of Secondary Education, the existing staff in the Colleges, should be reorganised to cater to the actual needs of Secondary Education. The scale of staff for all the three Training Colleges is now proposed to be fixed on a uniform basis as explained below:-

3. Each Training College should have a Gazetted post for the following subjects:-

One Professor of Education.

-do- Psychology.

-do- Social Studies.

-do- Sciences.

-do- Mathematics.

-do- English.

-do- Other language.

'Social Studies' constitute History and Geography and 'Sciences' constitute Physical Science and Natural Sciences. In addition to the above Gazetted staff there should be one Assistant Professor for Basic Education under the Professor of Education and one Assistant Professor each for Social Studies and Sciences to assist the Professors. The Principal will be a Professor in one of the subjects. He can be assisted by an Assistant Professor. The total for each College will then be:-

- 1 Principal.
- 6 Professors in the Madras Educational Service.
- 4 Assistant Professors in the Madras Educational Subordinate Services.

3
The Government have already been addressed for the conversion of the post of Kindergarten Lecturer in each of the Teachers' College, Saidapet and Lady Willingdon Training College, Madras, into a post of Lecturer in Psychology - Vide this office letter R.C.No.1363 K2/49 dated 2-9-1949. There will be a need for a separate School Assistant to be in charge of the Kindergarten in each College.

4. At present the lower forms of Model High Schools attached to the Colleges are in charge of Secondary ~~School~~ Grade teachers. The students under training (i.e. B.T. or B.Ed., Course) are all Graduates and this presupposes that the staff of the Model School are well-informed and are able to give necessary guidance. It is reported that the graduate students are often disappointed when they have to observe the teaching of the Secondary Grade Assistants in the Model High School. The entire staff of the Model High School, except the Instructors in Special subjects should be Graduate Assistants. This would mean the conversion of 22 Secondary ~~Grade~~ Assistants (i.e. 7 in Teachers' College, 8 in Lady Willingdon Training College, and 7 in Government Training College, Rajahmundry) into School Assistants' posts and involve considerable additional expenditure if all the posts are converted into the higher cadre next year. As this step is both quite desirable and necessary in the interests of teachers' training, I propose the conversion of 4 Secondary Grade Assistants' posts in each College into School Assistants' posts next year and the rest in 1951-52.

5. Another important point for consideration in the reorganisation of staff in Training Colleges is the status of the Headmaster of the Model High School. At present only the post of Headmistress of the Model High School attached to the Lady Willingdon Training College is a Gazetted post. The posts ~~are~~ of Headmasters of Model High Schools attached to the Men's Training Colleges are non-Gazetted. Formerly the posts were in the Madras Educational Service; but they were relegated to the Subordinate Educational Service as a measure of Retrenchment in 1933. The Model High Schools are big in size and the responsibilities of Headmasters ~~are~~ more ~~on~~ in that they should look to the arrangements for teaching practice of pupil-teachers in all classes and for necessary arrangements to keep up the efficiency of the school besides the administration of the schools. The College work is so intimately related to the model school work that an officer holding the same status as a Lecturer in the College will be able to associate on equal terms with the College Staff and it will make for better co-operation.

In the Teachers' College, Saidapet, the entire Kindergarten with its total strength of over 350 is attached to the High School department while there are classes IV and V attached to the Model High School attached to the Government Training College, Rajahmundry. There is an urgent need to entrust the Model High Schools in the two Government Training Colleges for men to the care of Headmasters in the Gazetted cadre in the interests of the institutions and I would recommend that the post be in Class II in the scale of Rs.230/- 30/2-260-40/2-500.

6. The ultimate financial implications of the proposal are indicated below in respect of each College.

Additional cost to Government will be Rs.16,154/- per annum.

The total additional cost on account of the reorganisation of staff in all the three Government Training Colleges will be Rs.23,166/- per year. Since it is proposed that only 4 Secondary Grade Assistants' posts in each College are to be converted into school assistants' posts in 1950-51 and the rest in 1951-52, the additional cost in 1950-51 will be Rs.14,800/-.

NEW BIFURCATED COURSES IN THE TWO TRAINING COLLEGES FOR MEN.

7. At present provision exists for only one bifurcated course in the Government Training College, Rajahmundry (i.e. Secretarial Course with effect from 1948-49) and two bifurcated courses in the Teachers' Colleges, Saidapet (i.e. Secretarial Course and Aesthetic and Domestic Science Course with effect from 1949-50). I consider that all the three bifurcated courses should be provided in the two Training Colleges for Men at Rajahmundry and Saidapet. I recommend provision for Engineering Course (2 courses) in the Government Training College, Rajahmundry and for Engineering Course in the Teachers' College, Saidapet with effect from the school year 1950-51. The financial implications of the proposal are indicated below:-

Memo. No. 75458A/4.2 Edn. dated 12/11/49.

In his letter cited above, the D.P.I. has submitted the following proposals for consideration as a Part II Scheme for 1950-51:-

(1) Reorganization of staff in the three Govt. Training Colleges (viz. Teachers' College, Saidapet, Govt. Training College, Rajahmundry, and Lady Willingdon Training College, Madras) and the Model Schools attached to them.

(2) Introduction of new bifurcated courses in the Model Schools attached to the two Training Colleges for men.

(1) above:- The Director has not explained the importance or urgency of the proposal. Owing to the present financial stringency the proposal cannot be considered in connection with Part II of the budget for 1950-51. He may renew the proposal in connection with the Part II Schemes for 1951-52 explaining his proposal in greater detail.

(2) above:- A scheme for starting bifurcated courses in 50 schools is under consideration. If this materializes, the D.P.I. may bring the model schools attached to Saidapet and Rajahmundry Training Colleges within the number 50. It is considered unnecessary to consider the scheme independently.

In connection with Part II of the Budget for 1950-51, the D.P.I. has sent up proposals for the re-organization of the staffs in the three Training Colleges and the Model Schools attached to them, and for the introduction of new bifurcated courses in the Model Schools attached to two of the colleges (Men's). The proposals involve ^{acc. to the 28.1.2 calculations} an immediate expenditure of Rs. 52,800 in 1950-51 and an equally heavy ultimate expenditure. ^{under} ~~Accg.~~ to the instructions issued by Fin., only very special schemes have to be taken up for consideration in connection with Part II of the Budget. The Director's proposals ^{in this file} cannot be considered as 'special'. The reorganization proposals only aim at uniformity among the three colleges.

The Dir. has not explained the ^{ir} importance or urgency.

About the introduction of bifurcated courses in schools, the Dir. has sent separately a general scheme. ^{in 1950-51} ^{in that connection, he} has asked for the ^{bifurcated} starting of new courses in 50 schools (Govt. schools, local body schools and aided schools, all, put together). This dept. has supported that scheme, and ^{connected} ^{the file} has been sent to Fin. The choice of the particular schools will be left to the Dir. He may be told that, if that scheme materializes, he may ~~he~~ bring the Model Schools attached to the Saidapet and the Rajahmundry Trg. Colleges within the no. 50 and that the proposals subd. by him here cannot be sanctioned independently.

Fin. may see for remarks before circling.

The letter from the Director of Public Instruction on pages 1-9 c.f. and the notes of E & P.H. on page 1 above may be perused.

The Director of Public Instruction has submitted the following proposals for consideration as a Part II Scheme for 1950-51.

- (1) Reorganisation of staff in the three Government Training Colleges, (viz. Teachers' College, Saidapet, Government Training College, Rajahmundry and Lady Willingdon Training College, Madras) and the Model Schools attached to them.
- (2) Introduction of new bifurcated courses in the Model Schools attached to the two Training Colleges for men.

The financial implications of the above proposals are as follows:-

	Recurring Rs.	Non-Recurring Rs.	Recurring Rs.	Non-Recurring Rs.
Item (1) above.	23,200	--	14,800	--
Item (2) above	15,400	29,400	5,400	29,400
Total	38,600	29,400	20,200	29,400

2. Reorganisation Proposals:- E & P.H. consider that

the reorganisation proposals only aim at uniformity in the three colleges, that the Director has not explained their importance or urgency, and that the proposals cannot be considered as special to be taken up for consideration in connection with Part II of the Budget.

Reorganised courses:- E & P.H. have stated that they have submitted a separate proposal for starting in 1950-51 of new bifurcated courses in 50 schools and that, if that scheme materializes, the Director may bring the Model Schools attached to the Saidapet and the Rajahmundry Training Colleges within the number of 50 and that the proposals submitted by him here cannot be sanctioned independently.

3. According to the latest instructions issued in Finance Memo No. 57293A/P.W.R.3 dated 12-10-49, only those proposals which will involve ^{very little} ~~not~~ be the recurring expenditure and which are imperative and immediately essential for the proper running of any Department should

be considered in connection with the Part II Schemes for 1950-51.

The present proposal does not satisfy any of the ~~above~~ criteria laid down for consideration of proposals in connection with the Part II Schemes for 1950-51. In view of the above reasons and in view of the large expenditure involved in the present proposal, and ~~in view~~ of the present financial stringency, this Department may advise that the reorganisation proposal in item No. (1) ^{above} may be deferred.

For the same reason, the proposal for the introduction of bifurcated courses in item (2) referred to above may be deferred even if the scheme referred to by E & P.H. at "A" on page 1 also does not materialize.

Finance may therefore agree with E & P.H. that the proposals in this file need not be pursued.

Sir,

Sub: Government Training Colleges - Re-organisation.
Ref: Government Memo. No. 75458 A/49-A Education,
dated 12th November, 1949.

I have the honour to state that the scheme for the re-organisation of the Training Colleges submitted in my letter Rc.1272 K2/49 dated 27.9.49 is in accordance with the new syllabus prescribed for secondary schools and as such it is essential and cannot be postponed. But in view of the present financial stringency, I do not press for the conversion of the posts of secondary grade teachers into L.T. assistants and to appoint separate kindergarten assistants in the three colleges. For the present the scheme may be confined to the staff in the B.T. section and also the conversion of the post of Headmaster of the Model School, now in the subordinate Educational service into that of a gazetted officer in the Madras Educational Service (Class II). The extra cost is shown below:-

 Public Instruction for the constitution of the posts in the
 Collegiate Section into Grades I and II have not yet been ---
 accepted by the Government. Hence the scale of Rs. 230-700
 (Madras Educational Service) has been adopted in the above
 two cases.

The scheme is now too late for consideration as a
 Part II Scheme for 1950-51. It has to be treated ^{as} one for
 introduction in the course of the year 1950-51. As the scheme
 does not seem to be imperatively and immediately essential for
 the running of the Education Department, Finance Department may
 advise that ~~the~~ it may be deferred. If, however, H.M. Education
 wishes to press ^{it as a Part II} the scheme the case may be circulated to ---
 H.M. (Finance) also ^{the matter must be put up for the consideration of the} As the cost exceeds Rs. 10,000 recurring
 S.F.C. at its meeting on 11.1.50. per annum, the scheme will have to be referred to the Standing
 Finance Committee and the Cabinet before orders are issued.
