Sir,

In G.O. No. MS. 644, Education, dated the 8th March, 1949, the Government as a special case waived the adjustment of the contribution of Rs.3,000/- by the Corporation of Madras in the Teaching Grant. In this connection, I have to bring to the notice of the Government that prior to the date of the order of the Government, we have received a further sum of Rs.2,400/- being the contributions of the previous years by the Corporation of Madras to our Institution. As the Teaching Grant for the year 1948-49 is payable now, it is likely that the Director will insist upon the reduction in the Teaching Grant the amount contributed by the Corporation of Madras.

In this connection, I have to request the Government once again to consider the claim of our Institution as a special case for the following reasons:

3 Our Institution is located in a predominantly labour class area and most of the students are poor. We are giving fee concessions to nearly a third of our strength and consequently we are unable to meet at times the salaries of the teachers.

4 The Corporation of Madras also as a special case are giving us an annual grant of Rs.1,200/- as a token of their appreciation

(P.T.O.)

and the desire to help such poor Institutions as ours.
During the current year we have also instituted bifurcated courses in Engineering and considerable amount of expenditure has been incurred and we will be handicapped very much should deduction be made in our Teaching Grant.

It is, therefore, requested that the Government may kindly reconsider their orders and treat our institution as a special case and grant exemption permanently from adjusting the contribution received from the Corporation of Madras towards teaching grant. In any case the Government is requested to instruct the Director of Public Instruction not to deduct any amount from this year's Teaching Grant, as the sum of Rs.2,400/- referred to above is in respect of the previous years and as the Government Order cited above gives us exemption for the amounts received prior to the date of the G.O.

Yours faithfully,

p 1 of :-

The Theagaraya Chetty Hindu High School, Washermanpet, is a deficit institution which is in receipt of teaching grant under the provisions of Rule 32 of the Grant-in-Aid Code. The school is also receiving assistance from the Corpn. of Madras by way of annual contributions. As the intention is that the aid given to any secondary school from public funds should be ~~re~~ restricted to the maximum grant for which it is eligible under the rules, any contribution received by the management of the school will ~~be~~ normally ^{be} deducted from the teaching grant payable to the institution, as the contribution received will be only an additional source of income. On the representation of the management of the Theagaraya Chetty Hindu High School that the contribution received from the Corpn. of Madras need not be treated as an additional source of income to the school for purposes of assessment of teaching grant, orders were issued in G.O.No.644 Edn. dated 8-3-49 that the permanent exemption sought for cannot be granted, but that the recovery of Rs.3,000 being the contribution already received by the management will not be insisted upon.

2. The correspondent of the High School has not reported that the institution has received a further amount of Rs.2400/- ^{representing the contributions for previous years} from the Corpn. of Madras prior to the issue of orders in G.O. No.644 Edn. dated 8-3-1949. As the institution is run in a predominantly labour area, the Correspondent says that they have ^{be} quite liberal in the matter of fee concessions and that the management ~~is~~ find it difficult to meet the liabilities of the school. He therefore requests that the existing orders,

orders may be reconsidered and that the management granted permanent exemption from treating the contribution from the Corpn. as an additional source of income for purposes of assessment of teaching grant. He also requests that the recovery of the sum of Rs.2400/- already received, may be waived. The D.P.G. through whom the representation was sent does not seem to be inclined to support the request.

3. The question whether the management should be permanently exempted from treating the contributions received from the Corpn. as an additional source of income to the school, was already considered and orders were obtained in circulation that there was no case for such permanent exemption. Attention is in this connection solicited to the notes on pp.5-6 n.f. of (E). The management has not adduced any fresh reasons for the reconsideration of the order. It would therefore appear that the request of the management for permanent exemption does not deserve any consideration. However, in view of the fact that the school serves a pre-dominantly labour area and in view of the fact that the institution is a deficit one it is for consideration whether the recovery of the sum of Rs.2400/- already received by the management from the Corpn. may be ~~waived~~ waived as a special case.

4. The remarks of the finance may be invited U.O. prior to circulation.

The case relates to the request of the management of the Theagaraya Chetty Hindu High School, Washermanpet that the contributions received by them from the Corporation of Madras, should be permanently ~~exempted~~ ^{excluded} from being treated as an additional source of income for purposes of assessment of teaching grant for the school. If permanent exemption cannot be granted, the management requests that the recovery of an amount of Rs 2,400/- being equivalent to the contributions already received prior to the issue of G.O. MS. No. 644 Edn dated 8-3-49, may be waived. The notes from page 1 ante may be perused. Finance Dept. have agreed with this Dept. that the request of the management for permanent exemption does not deserve any consideration and that as a special case the recovery of the sum of Rs 2,400/- equivalent to the sum already received from the corporation may be waived.
