To

The Secretary to the Government of Madras,
Education and Public Health Department,
Fort St. George, Madras.

C.No.2278-L4/49 dated 22nd August 1949.

Sir,

EDUCATIONAL EXHIBITION--Organisation of--Proposals submitted.

Go. 3069 Edn
4-12-48
pp3-44/(E)

I have the honour to submit below a proposal to organise an educational exhibition on a province wide basis, along with the Engineering College Exhibition, in the Engineering College grounds, between 25th December 1949 and 15th January 1950. An educational exhibition on a similar scale, chiefly participated in by the schools and colleges in the Madras City during December 1948--January 1949 in conjunction with the All India Khadi and Swadeshi Exhibition proved to be of great educative and publicity value as to suggest a repetition of it on a wider scale this year. There were also requests during the year for loan of exhibits from the mofussil districts and the exhibits which were available in the office of the Director of Public Instruction were sent. Hence the demand for such an exhibition continues this year even much more than last year.

Every aspect of educational activity in all stages of education e.g. pre-primary, primary and basic, secondary etc. including the Reorganised Courses of studies will be properly represented in the exhibition. Among other items of school life the following items will be mainly exhibited:

(i) A typical museum including paintings
(ii) Montessori and Kindergarten schools
(iii) Work in schools for Defective children
(iv) A school garden
(v) A cooking section
(vi) A Social Education Centre
(vii) Display of Books and Publications - Elementary School Library (Teachers' Reference Library).
(viii) Model Hobbies Room;
(ix) Model Craft Room
(x) Statistical figures relating to education.

All classes of educational institutions in the Province (schools and colleges both general and technical) will be invited to take active part in the Exhibition. The Principals of the Teachers' College, Saidapet, and the Government Victory Memorial School for the Blind will also be taking part in the Exhibition.

Arrangements will be made for providing educative demonstrations and entertainments every evening e.g. ~~viz.~~ Physical Training Demonstrations, Demonstrations by the National Cadet Corps, Music and Dancing - Mass demonstrations of March and Drill of school children, Mounted Police display will be provided for.

Institutions which display the good exhibits will be awarded prizes.

It is proposed to levy a token amount as entrance fees to cover the expenses. There will be no expenditure by way of rent for the booths. In the circumstances the total expenditure from Provincial funds on the proposal is not likely to exceed Rs.10,000/- which is the amount sanctioned by Government and spent last year.

(X)
Rs 7000/- - pp3-44/(E)
Rs 3000/- pp31-32/(E)

Page ~~2~~ 4.

Although the total expenditure on the Exhibition will be much more than Rs.10,000/-, I consider that the part of the expenditure above this figure can be met by gate collections.

A representative Committee will be constituted for working out details of the scheme. The District Educational Officer, Madras will be the Secretary of the Committee.

A Jeep or a Station Wagon may be made available to the Secretary for arranging for the exhibition. A Station Wagon will be useful to all concerned. It will be necessary to employ a clerk and a peon to assist the Secretary. This staff will be sanctioned by me. Government may also be pleased to exempt the exhibition from entertainment tax.

Very urgent orders of Government may kindly be obtained to enable me to proceed with the other arrangements.

YOURS FAITHFULLY,

FOR DIRECTOR OF PUBLIC INSTRUCTION.

EDUCATION AND PUBLIC HEALTH DEPT.

R.C.No.2278-L4/49 dated 10th September, 1949.

SIR,

EXHIBITION--Educational Exhibition in conjunction with the Engineering College Exhibition.
Reference:-Government Memorandum No.64311-49-1-A-Education dated 29..8..1949.

70052

With reference to the Memorandum cited above, I have the honour to submit below the details regarding proposed expenses connected with the Exhibition in the Engineering College.

1. Erection of booths and pandals ..	Rs. 1,000/-
2. Preparation of statistical charts etc. relating to education and printing of programme book indicating day-to-day activities etc. and other posters...	Rs. 3,000/-
3. Advance to Conveners. ..	Rs. 1,000/-
4. Transit charges for pupils for mass demonstration purposes, physical activities, National Cadet Corps activities, group dances etc. ..	Rs. 3,000/-
5. Payment to Volunteers employed for explaining the exhibits. ..	Rs. 1,000/-
6. Miscellaneous, cleaning, decorations etc.	Rs. 1,000/-

Items 1 to 6:

It is submitted that the estimate is a modest one. As the exhibition will be mainly held in the College halls and lecture rooms, I have put only Rs.1,000/- for the erection of booths and another Rs.1,000/ under miscellaneous for cleaning and decorations etc.

Item 2:-

With regard to the printing of programme book, we may get some revenue by inviting advertisements. If need be, we may also charge a nominal fee, say an anna or two by way of sale of these programme books. It is requested that permission may be obtained for printing the programme book in a private press as the Government Press may not be in a position to undertake this job. Even last year the Souvenir was printed by a private firm. About 3000 copies may be printed and made available for sale to the public. Copies may be distributed free to all educational institutions in the Presidency. The amount of Rs.3,000/- provided includes cost of preparing posters, charts and statistical tables relating to education.

6

p. sanc **Item 3**:-

About 10 conveners to represent several departments of the exhibition will be appointed. It is proposed to give them an advance of Rs.100/- each to transact correspondence with educational institutions and to cover their conveyance charges in connection with the collection of exhibits.

p. sanc **Item 4**:-

As the period of the exhibition will be roughly 3 weeks, this amount will be necessary to meet their transport and refreshment etc.

p. sanc **Item 5**:-

The sum of Rs.1,000/- provided for volunteers may not be sufficient, but it is hoped that the extra money required could be met from the amount realised by way of sale of programme books and the revenue derived from inviting advertisements to be published in the programme books.

I have addressed the Government Transport and the Civil Supplies Departments regarding the availability of a vehicle and I will submit a further report as soon as the replies are received from them.

Yours faithfully,

10/9

The Hon'ble Sri K.Madhava Menon,
Minister for Education,
Government of Madras,
MADRAS.

Dear Sir,

Sub: All India Khadi, Swadeshi & Industrial Exhibition -- Request for participation by the Madras Government.

The Tamil Nad Congress Committee is organising as usual an All India Khadi, Swadeshi & Industrial Exhibition this year also at the spacious 10 acres Congress Grounds, Teynampet, Madras.

During its previous sessions in 1946-47 and 1948-49 the Exhibition attracted 500 thousand and 600 thousand visitors respectively.

The bus-strike in the City during the latter half of January 1949 considerably affected our estimated total number of visitors to the Exhibition.

Still larger crowds are expected this year and necessary arrangements are being made to make the Exhibition more attractive and useful.

The organisers request that the various Government Departments and in particular your Department should participate in the Exhibition.

The Exhibition Committee will be pleased to reserve any space you may require and will be only too glad to render all assistance in making your participation in the Exhibition a success.

Thanking you,

Yours faithfully,

S. Venkataraman

The D.P.I is informed that the Govt have since received a communication from the General Secretary, All India Khadi, Swadeshi & Industrial Exhibition (copy enclosed) stating that the Tamil Nad Congress Committee is organising as usual an All India Khadi, Swadeshi and Industrial Exhibition this year also at the Congress Ground, (Teynampet) and requesting Government's participation in ~~the exhibition~~ it. The Govt have examined the relative advantages of holding an educational exhibition in conjunction with the Engineering College Exhibition and with the Teynampet Exhibition and have decided that the educational Exhibition should be held in conjunction with the Teynampet Exhibition. The Director is accordingly requested to submit revised proposals for conducting the two exhibitions, viz - the Engineering College Exhibition at Guindy and the Educational Exhibition in conjunction with the ~~[illegible]~~ Congress Exhibition at Teynampet.

28 SEP 1949
75346

SIR,

Government Memo.No.64311/49-2 A Education dated 20.9.1949 regarding the Educational Exhibition.

I have the honour to submit that the Department was very much handicapped last year for want of proper accommodation, especially space for demonstrations and displays of school activities. Consequently the Vidyanagar Exhibition was not quite as fully educative as was intended. Further the scope of the general exhibition being more commercial than wholly educative, and even in its educative aspects being more of popular and spectacular education like that provided by the Electricity department, the type of visitors to whom an educational exhibition would appeal were few in proportion to ordinary sightseers and holiday makers. The Engineering College Exhibition on the other hand, was mainly educative and attracted a much more select group of visitors, who could spend enough time to observe and to listen to the explanatory commentaries. Further at the All India Khadi and Swadeshi Exhibition there is no scope to demonstrate model classrooms and laboratories, Domestic Science laboratories, Kitchens etc. for which only an educational institution can provide the best setting, with its classroom furniture, teaching appliances and laboratory equipment and fittings which cannot be shifted elsewhere. Thus for the same expenditure as at the All India Khadi and Swadeshi Exhibition very much more demonstrational work can be done at Engineering College by saving on transport ~~of~~ and hiring of furniture and fittings, stall rent etc. From the point of view of educating the ordinary citizen, it would therefore be advantageous for the Department to organise the Educational Exhibition in conjunction with the Engineering College Exhibition. Extensive accommodation is available in the Engineering College both in lecture halls and in the compound. This would help the department to arrange for Cinema shows, organise extensive display of Physical activities, musical entertainments etc. by school children under school conditions. Regarding the possibility of arranging for the exhibition in both the places, I have to state that it would be a difficult task from an administrative point of view. The same officers and institutions will have to arrange the same set of exhibits in different places at the same time. I have, however, addressed the authorities of the All India Khadi and Swadeshi Exhibition if atleast more space can be allotted to the Education Department.

In the circumstances I request that the Department may be exempted from taking part in the All India Khadi and Swadeshi Exhibition and be permitted to arrange the Exhibition in conjunction with the Engineering College Exhibition. I may state that the cost of the Exhibition is not likely to exceed Rs.10,000/- the expenditure incurred on the Vidyanagar Exhibition last year.

Rs7,000
Rs3,000
Rs10,000

Sri D.S. Reddi
M.A.
D.P.S.

You have stated that your idea is to ~~participate~~ participate in the All India Khadi, Swadeshi and Industrial Exhibition at Teynampet in addition to running a separate Educational Exhibition at Guindy. At Guindy the exhibition should include the following items which cannot be arranged in the restricted space in Teynampet:-

(I) full scale model class rooms, equipment &c
(II) mass drills and displays, community programmes &c by pupils
(III) exhibits of crafts of a large number of schools in the Province

Some part of item (I) in the shape of small scale models, to the extent possible may be arranged at Teynampet also.

The Teynampet exhibition should be as large or effective as last year and it should deal primarily with showing what Govt are doing and wish to do. ~~Govt~~ It should also put across Govts' programmes and ideas to the public with a view to secure public approval, commendation and co-operation in the fight against ignorance illiteracy and lack of training in several

18

p 7 cf G. No. 70052 A. From the General Secy. All India Kadi, Swadeshi and Industrial Exhibition d/ 2.9.49.

Educational exhibition

In December last year an exhibition was held in the Eng: college, Guindy, with great success. The exhibits included a large number of items from the Eng. college laboratories and workshops (Electrical, Tele-communications, Mechanical, Highways, Hydraulics etc). Most of the industrial firms dealing in machinery also took part. A section of the Military (Air Force) also participated in the exhibition.

At the same time a Congress exhibition was held at Teynampet. The Education dept (excluding Engineering) took part in it. The Edn dept took ~~a number~~ some of stalls and exhibited their latest developments in basic education, craft training etc.

~~Now~~ the D.P.I. has subd a proposal to hold an educational exhibition in December next at ~~the~~ Guindy in conjunction with the Eng. college exhibition. The Director was not apparently aware that there would be the Congress exhibition when he subd the above proposal. But a communication has since been read: from the General Secy of the Congress exhibition stating that they are ~~holding~~ Organising an exhibition this year similar to the one conducted last year and requesting ~~the~~ ~~govts~~ Edn: depts' participation in it. In that

2 26

Connection H.M. (E&L) has minuted as follows:-

Our depts may participate as was done last year.

K.M.
~~[illegible]~~
6. 9. 49.

It is for orders whether the D.P.I. may be informed that the Eng. College exhibition may confine its activities to Eng. Edn and that the Edn: dept may take part in the Congress exhibition as was done last year. In this case the Director may be asked to ~~send~~ revised proposals for ~~conducting~~ conducting the Eng college exhibition and for participating in the Congress exhibition separately.

There is much to be said in favour of the Director's proposal to hold the Edn: exhibition ~~also~~ separately at Guindy. The Teynampet compound is so cramped ~~that~~ and the Edn: dept can hope to get ~~[illegible]~~ only a few stalls. In Guindy with its spacious compound the education dept can have an A1 exhibition ~~on~~ the lines suggested by the Director. But it might be said that more people will visit the Teynampet exhibition than the Guindy one. The transport problem also will have to be faced if a combined exhibition (Eng & Edn) is held at Guindy. More buses will have to be directed to Guindy side.

Orders may now be taken whether

(1) the Edn dept (excluding Eng) may take part in the Congress Exhibition at Teynampet or

(2) ~~whether~~ the Edn dept exhibition may be conducted in conjunction with the Eng. college exhibition (The Eng college exhibition cannot be held in Teynampet for want of space and other practical difficulties.

The file may be circulated to H.M. (E&L), H.M.(P.W.)

---

29 3

and the Hon'ble Premier.

12/9/49

B.M.
12/9/49
S

16

I would like to know from someone who visited the Exhibition last year

①. What approximate part of the Swadeshi Exhibition, did the Educational section form. If small, the Swadeshi Exhibition will not suffer by the proposed transfer

② If large crowds visited the Guindy Exhibition. If so, they will do so again this year and no question of separate transport arises.

Any comparison possible between the crowds at the two exhibitions?

B
9

I ~~was~~ am one of those who visited both the Exhibitions. The space allotted to Education in the Teynampet exhibition was very small.x The place was so cramped that very few people could really see the exhibits

x about 16 stalls out of hundreds and hundreds of stalls

The Guindy exhibition attracted very large crowds. But the Teynampet exhibition must have attracted larger crowds as the exhibits there were of general interest and ~~[illegible]~~ as some of the exhibits were also sold to the visitors. At Teynampet there were also side shows such as music performances, dramas &c.

12/9/49.

The D.P.I. proposes that the exhibits contributed by the Education Department for the Congress Exhibition last year should be transferred this year to the Engineering College Exhibition at Guindy. H.M. may have visited both the exhibitions last year. It is stated that the educational section formed an inappreciable portion of the Swadeshi Exhibition for which reason its transfer to the exhibition at Guindy could not affect the Swadeshi exhibition. On the other hand in more roomy surroundings the educational exhibition may receive better attention. It is stated that the attendance at the Engineering College exhibition, in spite of its distance from the city was considerable.

H.M. for orders.

16/9

H.M.(E.&.L.)

I had visited both the exhibitions last year. The crowd that attended Guindy (very large indeed) was of a very different type (more educated) than that visited Teynampet. The exhibition at ~~Teyn~~ Guindy was more scientific & the possibilities & achievements of science. The exhibition at Teynampet was more for the village! And what the Edn. ~~dept.~~ has to exhibit of primary & Basic Education, Home Science & etc is more for the village! So the Education exhibition may be at Teynampet itself. ?

5/10/49 Addl. Secy

I submit that apart from what H.M. has indicated on the previous page there is another, probably wider, aspect. Exhibitions are intended partly to be educative and partly for demonstration, propaganda and publicity. The participation of the Education dept in an exhibition is also intended to show to the common man, including the undereducated and illiterate, what Govt are doing and intend doing in the sphere of education and how the citizen can cooperate and play his part, by becoming literate, encouraging others to do so, sending his children to school etc. This publicity part of the show can be done best only in Teynampet which attracts a large crowd of visitors from all over the Province.

2. In view of the above and as the last sub para in the D.P.I's letter rather contradicts the first one

32 b

I have spoken to the D.P.I. He tells me, and this is obvious, the draft was not seen by him and does not express his intention properly. He agrees with what I have stated in para 1 above and points out that his idea is to participate in the All India etc Exhibition in addition to ~~the~~ running a separate Education exhibition at Guindy. At Guindy, the exhibition will include the following items which cannot be arranged in the restricted space in Teynampet

(i) full scale Model class rooms, equipment etc.
(ii) ~~Drill~~ Mass drills and displays } community programmes etc by pupils
(iii) Exhibits of crafts of a large no. of schools in the Province

Some part of item (i) in the shape of small scale models, to the extent possible can be arranged at Teynampet also.

3. In the circumstances the D.P.I.'s proposals as briefly summarised in para 2 above may be approved and he may be told that the Teynampet exhibition should be as "large" or "effective" as last year and that ~~the~~ it should deal primarily with showing what they are doing and wish to do and put their programme and ideas to the public ~~for~~ with a view to secure public approval, commendation and cooperation in the fight against ignorance illiteracy and lack of training in several directions.

The notes from p.1 above may be perused. The proposal of E & P.H. to sanction an expenditure of Rs. 10,000 towards expenses in connection with the participation of the Education depts. in the ensuing All India Khadi and Swadeshi Exhibition at Teynampet and in the Engineering College Exhibition at Guindy may be agreed to and the draft order below accepted.

Assistant Secretary to Government

Finance Department

21/11/49

Last year, an expre. of Rs. 7,000 ⊗ was originally sanctioned in connection with the participation of the Edn. dept. in the All-India Khadi & Swadeshi Exhibition. A further amount of Rs. 3,000 was subsequently sanctioned in the Memo. on pp. 31-32 c.f. of G.O. at (E). The proposal to sanction a total expre. ~~of this~~ of Rs 10,000 this year for participation in both the All-India Khadi & Swadeshi Exhibition & the Engg. College Exhibition at Guindy may be accepted. In view of the present acute financial stringency, E.P.H. may be requested to add a sentence to the draft order that the expre. should not exceed Rs. 10,000 on any account.

Rc.No.2278 L4/49 dated 2-1-50.

Sir,

Sub: Educational Exhibition at Teynampet - Keeping watch - Sales - Permission.

544

In continuation of my letter Rc.No.2278 L4/49 dated 23-12-49 to Government I enclose a copy of the letter No.A.148/1132/49 dated 17-12-1949 received from the Principal, Government Victory Memorial School for the Blind, Poonamallee. I have permitted the Principal, to depute a servant to keep watch at the sales at the exhibition at Teynampet in anticipation of the approval of the Government. So, I request the Government to kindly approve my action. I have applied separately for grant of D.A. to Government servants who are placed on whole time duty at the exhibition and the cost of keeping the servant is proposed to be met under that provision.

Under consideration in Dn

Yours faithfully,

3.1.50
for Director of Public Instruction.

KHR.3.1.

Copy of the Principal's letter referred to above.

The school has cotton and rattan articles worth more than Rs.1500/- for sale at the Vidyanagar(Khadi and Swadeshi Exhibition) Teynampet. Besides, actual work of cane and weaving is going on. It is very necessary to keep a watch over these and other things. Kind permission is solicited to depute a servant to keep watch at the Sales.
