No. Roc. 3427E3/48 dated 28/12/48 194

Sir,

Sub:--Scholarships--Collegiate--V U.C.--diversion to other University Classes Viz. III, IV or post graduate classes.

In their order No. 1631L.E. dated 15/11/1921 as modified by order No. 952 Edn. dated 7/5/1946 the Government instituted 86 Scholarships of the monthly value of Rs. 9/- 1/2 tenable in the I U.C. and 10 scholarships of the monthly value of Rs. 16/- tenable in the III U.C., for a period of nine months with effect from 1st July of the year. These Scholarships are renewable year after year for 4 or 5 years according to the pass or Honours Course taken by the recipients.

2. During the Current year, 1948-49, 53 Scholarships were available (by process of renewal every year) in the V U.C. to such of those students who had taken the Honours Courses. But renewals were applied for and sanctioned on behalf of only 21 students and the fresh applicants for this class numbered only 4. Thus altogether only 25 Scholarships (21+4) were utilised during the current year. Last year, in 1947-48, also out of 48 Scholarships available for this class only 15 were required for renewals and there were only 3 eligible fresh applicants. In short, the contingency of such unutilised Scholarships happens every year since only a few students take up the Honours course. In the above circumstances I request that if in any year the Scholarships available in the V year (Hons.) class are not utilised fully, owing to lack of qualified applicants in that class they may be made tenable in any other class (except the I and II U.Cs. in which the rate of Scholarships is different from that in V U.C.) for that year only if funds permit. I may add that these scholarships will not be renewed in subsequent years unless there are vacancies.

3. I request the favour of an early orders.

Yours faithfully,

For Director of Public Instruction

Glb. 29/12/48

29/12/48

From the D.P.I., Roc.No.3427-E3/38, dated 28-12-1948.

Scholarships - Collegiate - V.University Class -
Diversion to other University Classes.

The Govt. have instituted 86 scholarships of the monthly value of Rs.12 tenable in the 1st University class and 10 scholarships of the monthly value of Rs.16 tenable in the III University class for 9 months with effect from 1st July of every year. The scholarships sanctioned in the 1st year class are renewable year after year for 4 or 5 years according as the course taken by the scholarship-holders, viz., Pass or Honours similarly the scholarships sanctioned for the III year class are renewable for two years or three years according to the course of study, Pass or Honours.

What the Govt. have sanctioned is the institution of 86 scholarships commencing from 1st University class and 10 scholarships commencing from the III University class. They have not sanctioned this number of scholarships for each of the classes. The intention is that in the 1st University class and the III University class 86 and 10 scholarships respectively will be awarded. If all the 96 recipients of the scholarships are promoted to the next higher class all the 96 scholarships will be awarded in the higher class. If all these scholars are promoted again to next higher class the scholarships will be renewed again and so on. If anybody fails or leaves the college it does not mean that the number of scholarships in the other classes can be increased by that number. To illustrate:-

Suppose 86 students are awarded scholarships in the I University class in 1948-49. They are all promoted to the II University class in 1949-50. All of them will get the scholarships. Suppose 6 out of the 86 students fail in the II University class (Senior Intermediate). In 1951-52 in the III University class

-2-

only 80 scholarships can be awarded in addition to the 10 sanctioned for this class. It cannot be said that there are 6 unutilised scholarships for class III. The sanctioned scholarships must be taken to be 80 only. Again suppose that out of the 90 scholarships in the III University class only 80 are promoted. Then in 1952-53 in the IV class the sanctioned number of scholarships should be taken only as 80 and 96 and so on. In short the intention seems to have only that the number of scholarships in each class should be restricted to the number of scholarships holders promoted from the lower class subject to the maximum of 86 or 96.

In this view the Director's proposal does not seem acceptable. He may see the case u.o.

I.B.M./12-2-49.

I do not see why in cases of 'defaults' or 'lapses' temporary substitute scholarships should not be given as proposed by D.P.I. But what I fail to follow is 'M' at p.1 c.f. If students do not take up Hons. courses, the scholarships can be awarded for the Pass course instead: I suppose there is no allocation of definite numbers for the Hons. and Pass respectively. If that is so how can there be unutilised scholarships merely because the numbers taking up Hons. course are small?

M.V.S./14-1-49.

The general regulations for the grant of scholarships already provide that "any scholarship vacated in the course of the period for which it is tenable may be awarded for the remaining period to an eligible applicant in the same year of study as the holder of the scholarship vacated. No new scholarships can be awarded to a student in the middle of a course". The present proposal of the D.P.I. is, however, different.

There is no definite allocation of scholarships for Pass and Hons. respectively. As already stated the 86 scholarships are granted first in I year class and renewed year after year until the students pass B.A. pass or Hons.

P.T.O.

-3-

course as the case may be, while the 10 scholarships are granted in the III year class and renewed year after year until the students pass B.A. Pass or Hons.

The Director may perhaps be requested u.o. to explain his proposal in further detail.

REF: Government U.O.97997/48-1.C.1 Edn. dated 16-2-1949.

Resubmitted.

2. Scholarships renewable in the V University Class but lapsing for default can be utilised in that class only according to the regulations for the grant of scholarships. Such scholarships could not be so utilised for want of a sufficient number of qualified applicants from that Class. The proposal made in para 2 of the Director's letter R.C.No. 3427-E.3/48 dated 28-12-48 is that the scholarships renewable but unutilised in the V University Class in any year be made tenable in any other class from the III University Class to the 2nd year post-graduate class, for that year only. As the value of the scholarship in all these classes is the same and as the award is only ^{limited to that} temporary for a year and is not renewable, the proposal does not involve any additional expenditure. For a precedent, kind attention is invited to para 2 of G.O.No.1446 Ed Law (Edn) dated 21-8-25 in respect of scholarships and fee remissions in the Queen Mary's College, Madras.

C.No. 97997-A.

From the D.P.I., Roc.No. 3427-E3/38, dated 28-12-1949.

Scholarships - Collegiate - V. University Class -
 Diversion to other University Classes.

The Govt. have instituted 86 scholarships of the monthly value of Rs.12 tenable in the Ist University class and 10 scholarships of the monthly value of Rs.16 tenable in the IIIrd University class for 9 months with effect from 1st July of every year. The 3 scholarships sanctioned in the Ist year class are renewable year after year for 4 or 5 years according as ^{the} course taken by the scholarship-holders, viz., Pass or Honours, similarly these scholarships sanctioned for the III year class are renewable for two years or three years according to the course of study, Pass or Honours.

What the Govt. have sanctioned is the institution of 86 scholarships commencing from 1st University class and 10 scholarships ^{commencing} ~~emergency~~ from the III University class. They have not sanctioned this no. of ~~i.e., I-year, II-year~~ scholarships for each of the classes. The intention ~~appears~~ is that in the 1st University class and the III University class 86 and 10 scholarships respectively will be awarded. If all the 96 recipients of the scholarships are promoted to the next higher class all the 96 scholarships will be awarded in the higher class. If all these scholars are promoted again to next higher class the scholarships will be renewed again and so on. If anybody fails or leaves the college, it does not mean that the number of scholarships in the other classes can be increased by that number. To illustrate:-

Suppose 86 students are awarded scholarships in the I University class in 1948-49. They are all promoted to the II University class in 1949-50. All of them will get the scholarships. Suppose 6 out of the 86 students fail in the II University class

E.D.E

(Senior Intermediate). In 1951-52 in the III University class only 80 scholarships can be awarded in addition to the 10 sanctioned for this class. It cannot be said that there are 6 unutilised scholarships for class III. The sanctioned scholarships must be taken to be 80 only. Again suppose that out of the 90 scholarships in the III University class only 80 are promoted. Then in 1952-53 in the IV class the sanctioned number of scholarships should be taken only as 80 and not 96 and so on. In short the intention seems to have only that the number of scholarships in each class should be ~~restricted~~ restricted to the number of scholarship holders promoted from the lower class *Subject* to the maximum of 86 or 96.

Int this view the Director's proposal does not seem acceptable. He may see the case U.O.

om
12/2/49 S

I do not see why in cases of 'defaults' or 'lapses' temporary substitute scholarships should not be given as proposed by D.P.I. But what I fail to follow is 'M' at p.1 *cf*. If students do not take up Hons. courses, the scholarships can be awarded for the Pass course instead: I suppose there is no allocation of definite numbers for the Hons. and Pass respectively. If that is so how can there be unutilised scholarships merely because the numbers taking up Hons. course are small?

M.V.S.
14-1-49.

The general regulations for the grant of scholarships already provide that "Any scholarship vacated in the course of the period for which it is tenable may be awarded for the remaining period to an eligible applicant in the same year of study as the holder of the scholarship vacated. No new scholarship can be awarded to a student in the middle of a course." The present proposal of the D.P.I. is, however, different. // There is no definite allocation of scholarships for Pass and Hons. respectively. As ~~xxx~~

E.P.H. No.

97997/48-1C1E

16.2.49.

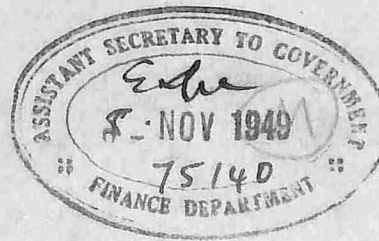

Issued as E.P.H. U.O. No. 97997/48-1C1E
Dated 16-2-49

From the D.P.I., No. 3427-E3/48 Dated 22/10/49

The S.P.I. has explained his proposal in detail according to which the scholarships renewable but unutilised in the V University class in any year be made tenable in any other class from the III University class to the 2nd year Post Graduate class for that year only.

This proposal does not involve any additional expenditure as the value of the scholarships in all these classes is the same and as the award is only limited to that year and is not renewable. As in the case of the scholarships in the Queen Mary College approved in L.O. No 1446 Law (Edn) D. 21.8.25 the present proposal of the S.P.I. may also be accepted.

It may see for remarks.
