Copy of Telephonic Message to the Director of Public Instruction, Madras dated 23.2.49.

Reference Your letter No.213 -B1/49- dated 16.2.49. Postwar Development schemes - Order of Priority classification.

In respect of item 12 - Teaching of Hindustani in secondary schools the recurring expenditure incurred or proposed to be incurred is entered as Rs. 60 lakhs. This

Copy of Memorandum No.1953 P.&.D.V/49-2 dated 31-1-49.

SUB: Postwar Development Schemes - Order of Priority - Classification.

It has been decided that the following order of priority should be followed for implementation of Postwar ~~Development~~ Schemes:

(a) Immediately productive schemes (for this purposes, a return of 4% per annum should be taken as the criterion for productive)

(b) Other productive schemes.

(c) Other works in progress which could not be held up without detriment to development of the province.

(d) Other indirectly productive schemes like Health, Education, etc.

Heads of Departments concerned are requested to classify the postwar development schemes with which they are concerned in the above order and send a statement to the Government in the form specified in the annexure. In respect of post war schemes already completed or given up (eg. Supply of midday meals., Forest Colllege, coimbatore etc), Heads of Departments are requested to send a separate statement showing the total expenditure so far incurred on such schemes. The particulars called for should be furnished through the Administrative Department concerned and should reach the Govt. not later than 30.2.49. 20

Heads of Departments are also informed that in future, the annual reports prescribed in G.O.No.413 Public dated 5.2.47, should be classified in the order specified in paragraph 1 above.

Copy of Telephonic Message to the Director of Public Instruction, Madras dated 23.2.49.

Reference Your letter No.213 -B1/49- dated 16.2.49. Postwar Development schemes - Order of Priority classification.

In respect of item 12 - Teaching of Hindustani in secondary schools the recurring expenditure incurred or proposed to be incurred is entered as .08 lakhs. This apparently represents the grants already sanctioned to certain Hindustani Vidyalayas for V. Sharad & Prachara classes. According to the Director's latest recommendation, the expenditure in the current year will be .34 lakhs. In addition to this, it is the intention that the expenditure on account of the employment of Hindustani teachers in Government middle schools should be included in the expenditure for the current year and in the expenditure proposed to be incurred in the next year. Besides the expenditure on the employment of Hindustani teachers in Govt. secondary schools, the expenditure on the payment of additional grants to local bodies and private managements on account of the employment of Hindustani teachers for the teaching of Hindustani in middle schools from the current year onwards should be estimated and included. Please furnish the figures to be entered in the Budget under 1948-49 and 1949-50.

As regards item 13 - Introduction of bifurcated courses in secondary schools, the expenditure in 1949-50 should represent the expenditure in respect of the 50 schools in which the courses were introduced in the current year plus the expenditure on account of the introduction in 50 more schools in the next year. The figures for 1949-50 in respect of this item may also be reported.

Sub: Post-War Development Scheme - Item 12 - Teaching Of Hindustani in Secondary Schools - Figures.

Ref: Government Telephonic Message (Post Copy) reply dated 9-4-49 in reply to Director's Telephonic Message (Rc.213-B1-49 dated 4-4-49) dated 4-4-49.

In the Government Telephonic Message referred to above it is stated that the information is required in regard to both the expenditure incurred during 1948-49 and the probable expenditure in 1949-50. I wish to state that both according to the G.O.No.1316 Edn., dated 24-5-48 and the letter Ref.No.50642-B2/48-4 Education dated 28-9-48 (addressed to Government of India) the particulars required in respect of Local Body and Aided Middle Schools are only in regard to the expenditure to be incurred by Government during 1949-50 in respect of the teaching of Hindustani which has been newly introduced in these Middle Schools during 1948-49. It is therefore, presumed that the intention of Government, is that particulars should be furnished (i) in regard to expenditure incurred during 1948-49 towards the payment of grant to the Hindustani Vidyalayas for Visharad and Pracharak classes and also towards the employment of Hindustani Teachers in Government Middle Schools during 1948-49 and (ii) the expenditure to be incurred during 1949-50 in respect of Local Body and Aided Middle Schools towards the teaching of Hindustani which has been newly introduced in these Middle Schools during 1948-49.(Payment of grant will be made in the succeeding year to Local Body and Aided Secondary Schools towards the expenditure actually incurred by them during the preceding Financial year).

P.T.O.

8

If this presumption is correct, it does not seem necessary to furnish particulars in respect of the expenditure incurred by Government in respect of Local Body and Aided Secondary Schools during 1948-49 because, this expenditure relates only to the employment of Hindustani Teachers in ~~other~~ these Schools during 1947-48 and before.

Yours faithfully,

for Director of Public Instruction.

ASST. SECRETARY TO GOVERNMENT
13 MAY 1
36521
EDUCATION AND PUBLIC

With reference to para 2 of the Government's T.M. (by post) dated 24--2--49 the estimated expenditure for 1949--50 for the introduction of bifurcated courses in secondary schools (item 13) is furnished below. This represents the estimated expenditure on the 50 schools in which the courses were introduced in 1948--49, plus the expenditure on account of the introduction of the courses in 50 more secondary schools during this year(1949--50)

Non recurring.	Recurring.
4.34 lakhs.	1.02 lakhs.

Teaching of Hindustani in Middle schools under Aided managements.

As there is no information readily available about the actual number of institutions which have introduced the subject and as it will take time to correspond and get the same the number(Viz.105 schools which were reported as not having introduced in 48--49) has been assumed for estimate purposes and the expenditure in 1949--50 has been worked out accordingly on 2/3 grant basis the estimate worked out to Rs.25200/-

Teaching of Hindustani in Local body Middle schools.

Information in regard to the actual number of middle schools (out of the 112 middle schools) which have newly introduced the teaching of Hindustani during 1948--49 is not available and hence the local bodies have been addressed for the same. The Estimate of expenditure during 1949--50 in this regard will be furnished on receipt of the replies from the Local Bodies.

Yours faithfully

for DIRECTOR OF PUBLIC INSTRUCTION.

The particulars of estimate of expenditure for 1949-50 in regard to local body secondary schools have been called for from the local bodies and their replies are being received. Reply to Government in this regard will be submitted on receipt of complete particulars.

2 Regarding the estimate of expenditure for 1949-50 for aided middle schools it has already been reported to Government in the Director's letter Rc.No.213 B1/49 dated 11--5--49 that the amount is Rs.25,200/-.

3 The estimate of expenditure for 1949-50 in respect of Government Middle School for Girls is Rs.9,800/- in round figures.

4 Particulars of estimates in respect of aided schools are being called for. I will submit the Estimate as soon as the replies are received and consolidated.

R.C.No. 1002-G2/49 dated 8th October, 1949.

Sir,

POSTWAR EDUCATIONAL PLAN--Inclusion of certain schemes--Item No.12 Teaching of Hindustani in Secondary schools--Local Body Secondary Schools.
Reference:-Reminder dated 23.9.1949 on Government Memo.No.14486-B1/49-4 Education dated 22.6.1949 - vide Director's letter R.C.No. 213-B1-49 dated 5.7.1949.

@@@

It was stated in the letter Ref.No.50642-B2/48-4 Education dated 28.9.1948 of the Government of Madras addressed to the Government of India that the number of Middle schools in which the Hindustani language was not taught by them was - 12 Government Middle Schools, 112 Middle schools under Local Bodies and 105 Middle Schools under private managements. It is presumed that these figures were adopted from the report submitted to Government in Director's letter R.C. 5808-E-46 dated 7.10.1947(with reference to their telephonic message dated 9.5.1947). If this is so, I wish to state that the report under question of the Director furnishes the number of Local Bodies, and Aided Middle Schools as 105 and 112 respectively and not as 112 and 105. I request for clarification in the matter.

2. Regarding Local Bodies Secondary Schools, I wish to state that with a view to knowing in how many of the 112 Middle schools(referred to above) under Local Bodies, the teaching of Hindustani was introduced during 1948-49 and also about the consequential cost to provincial funds on this account, the Local Bodies were addressed in the matter and so far, reports have been received from all Local Bodies excepting 8 Municipalities. It is seen from these reports that the teaching of Hindustani was introduced during 1948-49 in 40 Middle Schools under District Boards and 8 Middle Schools under the Municipalities and the total expenditure incurred from the funds of the District Boards and Municipalities towards payment to these teachers, of salaries(including Dearness Allowance)during 1948-49 was Rs.15,957-6-0 and Rs.2,035-3-0 respectively. Half of these amounts will therefore be the cost to provincial funds on this account.

3. It is also seen from these reports that some of the Local Bodies (and not all) have furnished the names of High schools also in which the teaching of Hindustani was introduced during 1948-49 and the number of such High schools comes to 28 and all these are under the management of the District Boards. The total expenditure incurred from the funds of the District Boards towards the payment of to these teachers of salaries(including Dearness allowance) during 1948-49 is Rs.13,624-6-0. I request to be informed in this connection whether it is the intention of Government that for the purpose under question (ie.) of inclusion in Post-war Educational plan only the Middle School in which the teaching of Hindustani was newly introduced during 1948-49 should be taken into account or whether the High Schools also in which the teaching of the language was newly introduced during 1948-49 should be taken into account.

4. I wish also to add in this connection that Government have stated in their Memo.No.14486-49-1 Education dated 17.5.1949 that the

expenditure incurred in 1948-49 on payment of grants in respect of Hindustani teachers employed in Secondary schools under Local Bodies and private managements during 1947-48 and before need not be reported for post-war Development scheme. I presume that it is the intention of Government that only the expenditure incurred during 1948-49 towards the employment of Hindustani teachers in the schools in which the teaching of the language was newly introduced during 1948-49 should be taken into account for the purpose under question and that the expenditure which though incurred during 1948-49 but which relates to the schools in which the teaching of the language was introduced during 1947-48 and before should not be taken into account for the purpose under question - because, the letter Ref.No.50642-B2/48-4 Education dated 28.9.1948 of the Madras Government addressed to the Government of India refers to the introduction of the language during 1948-49 newly. I request to be informed if my presumption is correct.

p125 of L.F.

5 Incidentally, I presume that likewise the introduction of the teaching of the Hindustani in Secondary Schools during 1949-50 (including Secondary Schools opened newly during the current year) also should be reckoned as coming under Postwar Educational Plan(the grant-in-aid towards this will ofcourse be payable only during 1950-51). I request to be informed if my presumption is correct.

Yours faithfully,

For Director of Public Instruction.

ks.10.x.

E&P.H.(B)

Post War Educational Plan - Inclusion of certain Schemes - Teaching of Hindustani in Secondary Schools.

From the D.P.I., Rc. No. 1002-G2/49 d/ 8-10-49.

Memo No 14486 B1/49-8 Edn. dated 12-11-49.

In his letter read above, the D.P.I. has raised certain points for clarification in respect of the scheme for the teaching of Hindustani in Secondary Schools. The Director is informed as follows:-

(i) Number of middle schools in which Hindustani was not taught at the time of introduction of the scheme.

As presumed by the Director, the figures were incorporated from the report submitted with his letter Rc No. 5808 E/46 d/7-10-47. The correct figures for middles schools under non-Govt. management in which Hindustani was not taught then, are 105 under local bodies and 112 under private managements.

(ii) Introduction of Hindustani in High Schools

The intention is to treat the expenditure on the introduction of the teaching of Hindustani newly in middle schools, where it was not taught before as a Post War Development Scheme. It is proposed to confine the scheme to middle schools alone.

(iii) Expenditure incurred during 1948-49 in respect of teaching Hindustani in Schools where it was introduced earlier

The presumption, that only the expenditure incurred during 1948-49 ~~towards~~ on the employment of teachers in (Govt.) non-Govt. middle schools in which the language was newly introduced during that year ~~should~~ be taken into account for the purpose, is correct. The expenditure incurred ~~by local bodies and private~~

22. R

~~management~~ on the teaching of Hindustani in middle Schools where it was introduced earlier ~~will not be treated~~ need not be reported for ~~as~~ part of the Post-War ~~Scheme and~~ Development Scheme.

(iv) As regards the introduction of the language in middle schools during 1949-50, the D.P.I. is informed that his presumption is correct.

EXTRACT:- B1

SUB: Post-War Development Schemes - Order of Priority - Classification.

REF: (1) Memorandum No.1953 P.& D.V/49-2 Dev. dated 31.1.49.
(2) From the D.P.I. No.213 B1/49 dated 16.2.49.

16

Please see the communication received from the D.P.I. read above. The D.P.I. has furnished the particulars called for in the memo referred to above and has followed the orders of priority mentioned therein. The particulars have been examined and found to be correct except in regard to items noted on below

May be sent to Dev. Deptt. u.o.

Item 12. Teaching of Hindustani in Secondary Schools.

The D.P.I. has assumed that the scheme for payment of grants to Hindustani Schools under private managements for Vizhamad and Pracharak courses alone has to be treated as a Post War Development scheme as this is a new scheme. In regard to expenditure in the current year, he has included only the sum of Rs.8320 already sanctioned. He has recently recommended that grants to the extent of Rs.34,440 may be sanctioned in the current year and final orders have not yet been passed. The expenditure in 1949-50 may be put down as 50 lakhs (Amount provided for the item).

2. Previously Govt. were paying subsidies towards pay of Hindustani teachers employed in secondary schools under local bodies. and the pay of teachers employed in secondary schools under private managements was being taken into account for purposes of assessment of grant. The Govt. have ordered that provision for the teaching of Hindustani should be made in all middle schools and consequently there will be additional expenditure by way of grants towards the pay of Hindustrani teachers newly employed in middle schools from the current school year. This has been mentioned in the notes appended to the letter to the Govt. of India No.50642 B2/48-4 Education dated 28-9-48. The D.P.I. may be asked to furnish the cost in 1948-49 on account of the employment of Hindustani teachers in Govt. middle schools. The grant payable to local bodies and private managements towards the pay of such teachers should be included in 1949-50. A draft T.M. to the D.P.I. is submitted below for approval.

Item 13. Introduction of bifurcated course. - It has been decided that 50 additional schools should be brought under this scheme in 1949-50. The expenditure in 1949-50 on account of the introduction of the courses in 50 schools is Rs.3.7 lakhs non-recurring and Rs.3000 recurring . To this should be added the expenditure on the 50 schools in which the courses were introduced in the current year. Necessary details may be called for from the D.P.I. A para has been added ~~and~~ to the draft below.

Item 14 - Opening of schools for defective children.

According to Part II scheme the figures for schools to be ~~no~~ newly opened in 1949-50 are Rs.9000 non-recurring and Rs.38200 recurring. It is not clear how the D.P.I. has put down the recurring expenditure as Rs.28,300. To this should be added the cost on maintenance of the school to be newly opened in the current year. Necessary additions have been indicated in ~~pen~~ pencil in the statement.

—

Please see the Director's letter on p 16 cf. He has furnished the estimated expenditure that will have to be incurred in 1949-50 in respect of secondary schools in which the bifurcated courses of studies were introduced last year and proposed to be introduced in the current year. The file may be sent to Dev. U.O so that they may incorporate the figures in their estimates. The particulars regarding item 12 - viz Teaching of Hindustani in Secondary schools have not yet been received from the D.P.I. Dev. may be informed that the estimates will be communicated to them on receipt from the DPI

C.No. 52455 from the D.P.I. Re. No. 213 B1/49 dt/5-7-49

C.No. 78766 from the D.P.I. Re. No. 1002 G2/49 dt/8-10-49.

The proposal in this file relates to the inclusion in the Post War Development Plan, the scheme for the introduction of teaching of Hindustani in Middle Schools. At the time of introduction of the scheme (1948-49) provision for teaching of Hindustani did not exist in 229 middle schools as detailed below:-

Government Middle Schools	12
Middle schools under local bodies.	105
Middle Schools under private managements.	112
Total:	229

In view of the importance of Hindustani as the national language of India, Govt. ordered that steps should be taken to provide for the teaching of the language in these schools vide G.O.Ms.No.1316 Edn. dated 24-5-48. The expenditure involved in the proposal is made up of:-

(i) Cost of introduction of the language in 12 Government schools.

(ii) Payment of grants in aid towards the expenditure incurred by local bodies and private managements on the introduction of Hindustani in ~~the 217~~ middle schools under their control; and

(iii) Payment of grants to private Hindu Stanis Vidyalayas for training the required teaching personnel

The Govt. of India has been separately addressed to include this scheme in the Post-War-Dev. Plan.

2. The Director has now furnished estimates of the expenditure on the scheme for 1949-50 as detailed below:-

	Expenditure in 1949-50. -Rs.
Government Middle Schools.	9,800
Grants to private managements.	25,200
Grants to local bodies.	9,000
Total:	44,000

(The grants to local bodies and private managements are towards the expenditure incurred by them during 1948-49). The Dir. has not furnished any figures in respect of grants to Hindustani Vidyalayas for the training of teachers. ~~Assuming that the grants~~ during 1948-9. The grant is payable only in the current year it may not ~~will not~~ exceed Rs.40,000 (the corresponding figures for the previous year were Rs.34,000); the total expenditure

(Y)

on the scheme during 1949-50 may be put down as Rs.84,000/- (44000+40000)

3. In his letter at pp.19-20 c.f. the Dir. has raised certain points which are noted on below:-

Para 1 on p.19 c.f. No. of middle schools in which Hindustani was not taught.

As presumed by the Dir. the figures were incorporated from the report submitted in his letter Rc.5808 E/46 dt. 7-10-47 but the figures for middle schools under local bodies and private managements seem to have got interchanged. The correct figures are 105 middle schools under local bodies and 112 middle schools under private managements. The Director may be informed accordingly

Para 3 on p.19 c.f. Introduction of Hindustani in High Schools.

The intention is to treat the expenditure incurred with ref. to G.O.No.Ms.1316 Edn. dt. 24-5-48 i.e., the expenditure on the introduction of the teaching of Hindustani newly in middle schools, where it was not taught before, as a Post War Dev. Scheme. The Dir. may be informed that it is the intention to confine the scheme to middle schools alone.

Para 4 and 5 on pp.19-20 c.f.

The Director's presumption that only the expenditure incurred during 1948-49 towards the employment of teachers in non-Govt. middle schools in which the language was newly introduced during 1948-49 will be taken into account for the purpose is correct. The expenditure incurred during 1948-49 by local bodies and private managements on the teaching of Hindustani in middle schools where it was introduced earlier will not be treated as part of the Post War Scheme.

As regards the introduction of the language

p.t.o.

language in middle schools in 1949-50, the Director may be informed that his presumption is correct.

4. Before informing the D.P.I. as suggested in para 3 above, the file may be sent to Devt. u.o. so that they may incorporate the figures in their estimates. with reference to 'K' on p3 ante.
