Subject: Buildings - H.H. the Rajah's College,
Pudukkottai - construction of a new
block of 3 Lecture halls at an
estimated cost of Rs 1.08 lakhs - proposals
submitting

(1a) I have the honour to submit herewith the
following proposal for the construction of a new block of
3 Lecture Halls for the Raja's College, Pudukkottai and
request that Government may be pleased to accord their
administrative approval to the scheme and provide necessary
funds for the same in Part II of the Budget Estimate for
1950--51.

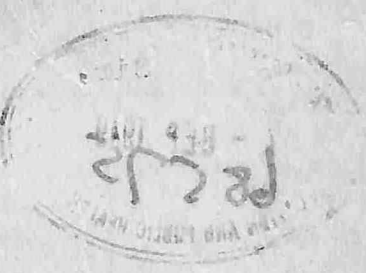

(b) There is a great demand for the opening of
~~Natural~~ ^{National} Science Course in Intermediate in the College,
and the Principal has been pressing for the same but as there
is no accommodation in the College at present for the new
course, the proposal could not be considered. Group II is
essential for the students to secure admissions into
Medical Colleges, and I consider that this should be started
in the College as early as possible. To provide the
necessary accommodation for the purpose, it is proposed to
~~contribute~~ construct a new block of three Lecture Halls of
38' x 30'; 38' x 30' and 40' x 30'. The proposal is to
convert two rooms on the first floor of the existing
building into one by dismantling the crosswall, for use
as Natural Science Laboratory and to use two adjoining
rooms, one as Lecture Hall and the other as Store. This
will give a compact Natural Science Department. The above
rooms are now used as Composition Rooms, B.A. History room
and Inter History room. These classes are proposed to be
shifted to the rooms where the Intermediate Mathematics, English
and Tamil classes are now held, and the latter three classes

In all. Students if the request were to be granted
it will give every student an advantage
over other non-provincial students, which
clearly is unfair. However the decision to
charge a contribution of Rs 20/- p.a. per
student applies to all non-provincial students
and cannot, it seems be modified in respect
of every only. The request of the. Council. Cannot
be complied with, in the above circumstances.

I have the honour to renew the proposal for the construction
of a new block of 3 Lecture Halls for the Rajah's College,
Pudukottai at an estimated cost of Rs.1,08,000 which was deferred
by Government in their order cited above.

As there is a great demand for the opening of Natural
Science course in the Intermediate classes of the College, which
is essential for students to secure admission into Medical Colleges
and as there is no accommodation in the college for the starting
of the new course, the Principal has proposed the conversion of
two rooms in the first floor of the existing building into one
by dismantling the cross wall for use as Natural Science Laboratory
and to use the adjoining rooms as Lecture Hall and store room
for the Natural Science Department. This will give a compact
Natural Science Department. The estimated cost of alteration
as given by the state Engineer is Rs.600/-.

The above rooms are now used as composition room B.A.
History room and InterHistory room. These classes are proposed
to be shifted to the rooms where Inter Mathematics, English and
Tamil classes are now held and the latter which require bigger
rooms, consequent on the increase in strength, to the three
new lecture halls, now proposed to be constructed. Inter
Mathematics is at present taught in the Inter Physics Lecture
Hall which is not a satisfactory arrangement.

V
11cf.
In view of the above, I request that Government may be
pleased to reconsider their orders and accord administrative
approval to the above scheme providing funds (Rs.1,08,600 in
part II of the ~~B.E.~~ Budget Estimate 1951-52 so that the
Inter Natural Science may be started from July 1952 if the
building work is taken up and completed before April, 1952.

The D.P.S. says that the question of starting Natural Science group in 1950 can be taken up only if the extensions to buildings proposed by him are sanctioned. In view of the latest instructions recd. from Finance there is very little chance of this building scheme being sanctioned. It seems that the whole scheme - construction of buildings and opening of Natural Science group - may be deferred. Finance may see before circulation.

In Connection with the Part II Schemes
for 1950-51, the LOP submitted a proposal for
Constructing a block of 3 lecture halls in the
Rajah's College, Pudukottai, at an approximate
cost of Rs 1.05 lakhs; with a view to opening
Natural Science Course in the Intermediate after
completion of the building. The proposal was deferred.
The Wai has now renewed the proposal for
consideration as a Part II Scheme for 1951-52.
He has not adduced any fresh grounds for
re-consideration of the proposal. The College now
offers instructions in Group I (Maths, Physics & Chemistry)
and Group III (Modern History, Indian History & Logic)
in the Intermediate Course. The total strength of
the College is below 500.

The proposal cannot be considered as
'essential' and may be deferred. Attention is
invited to the minutes of H.M. (L.A.H.) on pp 3 & 4 N.F.
of V and the report on pp 3-4 N.F. of V.
Finance may see before circulation.

Please see the note of Education on p.1
above.

In view of the present financial stringency,
only those schemes which are considered to be really and
immediately essential for the proper running of any Depart-
ment are to be considered as Part II Schemes for 1951-52.
The building scheme in this case is not imperatively and
immediately essential.

Finance may agree with Education that the
proposal may be deferred.
