It is observed that the two cookies referred to in the letter cited are engaged for carrying metals from and to the machine, Hand Composing room etc. The attention of the S.G.P. is in this connection ~~not~~ invited to G.O. 1830 Edn D 29.8.36 and G.O. 272 Edn D 22.2.41 wherein it ~~has been~~ ^{was} specifically stated that the staff should be disbanded as soon as the particular work for which they were ~~as~~ ^{was} required ~~is~~ ^{was} completed. It is not clear whether the particular section for which these cookies were originally engaged has ~~been~~ ^{been} removed to the new building or not. If however, these cookies are being utilised for work in ~~some~~ some other section, ~~even then~~ it is not clear why that section cannot be removed to the new buildings even at a later stage if not in the immediate future.

The S.G.P. is requested to elucidate the position further and justify fully the need for the permanent retention of the staff.

I have to state that out of 4 Metal Melters on Rs.17½/- each per mensem and 3 coolies on pay not exceeding Rs.14½/- each per mensem sanctioned in G.O. No. Ms. 1830, Education, dated 29-2-1936 Government were pleased to accord sanction for the permanent retention with effect from 1-3-1941 of 4 Metal Melters on Rs.17½/- per mensem and 1 cooly on Rs.14½/- per mensem in G.O. No. Ms. 272, Edn., dated 22-2-1941. Sanction was also accorded in the same G.O (Ms.272, Edn., dated 22-2-1941) for the further retention of the remaining two coolies for a period of 6 months from 1-3-1941. These two posts of coolies are being continued on a temporary basis year after year. As the work of carrying metals from and to the machine and Hand Composing Sections for which they are employed is of a permanent nature.

Apart from the sections already removed to the new buildings, there are many other departments located around this building which cannot now be removed to the central building for want of space. Trollies are being used for carrying metals from and to the machine, Hand Composing Sections and Metal Melting room. Coolies are actually engaged on this work. These details have already been furnished to Government in this office telephonic message dated 24-2-1949 in reply to their telephonic message dated 22-2-1949.

B
I request that Government may be pleased to accord sanction for the permanent retention of 2 coolies referred to above with effect from 1-9-1949.

Please see the letter from the S.G.P. on p14.

Out of the four metal melters and three cookies sanctioned in G.O. 1830 Edn & 29.8.1936, the Govt. sanctioned the permanent retention of the four metal melters and one cooky in G.O. 272 Edn & 22.2.41. The remaining ~~posts of~~ two posts of cookies are being continued temporarily year after year. The present sanction for them ~~expired~~ expired on 31.8.49.

2 The S.G.P. requests sanction for the permanent retention of the two cookies as the work of carrying metals from and to the Machine and Hand Composing rooms for which they are employed is of a permanent nature. These posts have been continually in existence since 1936. For orders whether in the minutes stated by the S.G.P. in his L.M. of 24.2.49 on p. 9 of (J) sanction may be accorded for the permanent retention of the two cookies. As for the 12% reduction of staff in the Govt. Press orders in circulation have been obtained ~~separately~~ ^{that no reduction is} ~~proposed at present~~ ^{proposed} and the order is under issue separately.

Finance (E.H.)

The letter from the S.G.P. in the C.F. and the rule of E.P.H. may be

perused. In view the two pots of Coolies in question are stated to have been ~~in~~ continuously in existence since 1936, ~~yet~~ from the post copy of E.M. from the S.G.P. on p. 9 c.f. of ⑤, it is observed that there are many other depots located around the old building which could not be removed to the central building for want of space and that, the two coolies in question are being engaged for carrying metals from and to the machine, Hand composing rooms ^{Attention is} etc. However ~~discontinued~~ invited in this connection to G.O. NO. 1830 Edn. of 29.8.36 and G.O. NO. 272 Edn. of 22.2.41, wherein it has been specifically stated that the staff should be disbanded as soon as the particular work for which they were ~~required~~ ^{required} is completed. It is not clear whether the particular section for which these coolies were originally sanctioned has removed to the new building or not. and in the former case the staff in question will have to be disbanded and in the latter, the permanent retention of these pots cannot be considered at present. If however these two coolies are being utilised for work in some other section, even then it seems necessary to know whether ^{that} particular section cannot be removed to the new buildings even at a ^{later} stage, if not in the immediate future.

2. E.H. H. dept may ~~then~~ be requested to elucidate the position further, in consultation with the S.G.P. if necessary.

Please see the note of Finance above.

2. The work of carrying metals from the and to the Machine and Hand composing rooms for which the two coolies ^{were sanctioned} ~~are employed~~ is stated to be of a permanent nature as there is no likelihood of the sections now ~~in the old buildings~~ located around the new building being removed to the new buildings for want of space.

3. The S.G.P. in his letter of 25.8.1936 stated that the service of three coolies were essential and that they would have to be continued till the new building is ^{was} completed. Of these three coolies one ~~has already been~~ made permanent in No. 272 Edn. of 22.2.41. As it is now found that the new building is not able to accommodate all the sections, ~~there is no likelihood of~~ some sections have to be ^{permanently} ~~kept~~ located ~~still~~ around the new buildings. ~~As there is no likelihood of any new building being constructed in for the Press and the work of these two coolies may be considered to be of a permanent nature.~~

(Per Finance note on p. 1-2 above)

The letter from the S.G.P.
 on p. 9 C.F. and the further note of E.H. may be
 perused. In the circumstances explained therein
 Finance may agree to the permanent retention
 of the ~~two~~ ^{one} post of Corbie (whose continuance was last
 in C.O. No. 718 15-3-49) with effect from 1.9.49
~~and continued since~~
 (The sanction for the post expired on the 31st August 1949
 and presumably the post are being continued
 in anticipation of their permanent retention)
