MEMORANDUM

No. P3705/4

dated the 23rd August 1949.

From

District Manager,
TELEPHONES, MADRAS CITY.

To

The Superintendent,
Government Museum,
MADRAS-8.

Sir,

Subject: Extension of Telephone line to Superintendent's
quarters (office room is in the quarters)

Reference. Your letter No. 2087/49-2 dated 12-8-1949.

-ooo000ooo-

I have to state that the rental of extension
will be Rs 11-8-0 per month plus 50% surcharge. The initial charge
for providing monophone amounts to Rs 15/-

Necessary switches are on manufacture in the
Department's workshop at Calcutta. It is not possible to say
when the switches will be available.

Yours faithfully,
Sd/- x x x x x x

Public

Telephones - Museum - Extension
 Telephone to Supt's office room - Provision

Ref: From the Supt. Govt. Museum Dr. No. 2087/49-
 dt 4.10.49

Please see the letter from the Supt. Govt. Museum on p.14. He requests that sanction may be accorded for the installation of a telephone ^{extension} to his office room from the existing telephone in the main office. Though no definite rules have been laid down in the provision of telephones, the fact whether with or without a telephone the officer concerned will be handicapped in the discharge of his duties is always taken into consideration i.e. it must be established that the telephone is absolutely essential in the public interest. The D.M.T. has ^{recently} brought to the notice of the Govt. the scarcity prevailing in the availability of telephone equipments and has requested that the telephones required should be curtailed to the absolute minimum. The Superintendent has been all along getting on ^{without} an extension telephone in his room and there is nothing to show that his work suffered for want of the telephone in question. In the circumstances and in view of the paramount need for strict economy at present it is doubtful whether the telephone in question is indispensable for the Supt. for the efficient discharge of his duties in the public interest. The proposal of the Supt. may therefore be negatived. Ref. H may see. *[Signature]*

 To E+P.H.

... That Sept. do not agree
proposal for the extension of a
phone connection to the S.G.M. office room
which is ^{attached to} his quarters.

2. The Retrenchment and
Organisation Committee made certain
suggestions for purposes of
effecting reduction of work in the
Secretariat and Retrenchment
Establishment in Govt. Offices.
One of the recommendations
made by that Committee for the
purpose was with reference to
the use of telephone and personal
consultation. The S.G.M. agreed to this
recommendation of the Committee
on condition that a phone
connection ^{should be} given from the Museum
office to his office room which is
attached to his quarters which ~~are~~ ^{are}
located at a distance of nearly
a quarter of a mile from the Museum Office.
It is stated that he had to walk
all the distance to answer a
phone call or to make a call himself.
He was asked to submit proposals to Govt.
in this regard, separately, in this regard.
He has accordingly submitted his proposals
in the matter. As the proposal
is in the public interest, in the sense
that the Govt. transactions can be
attended to expeditiously, and as
the Retrenchment and Reorganisation
Committee itself has recommended
the use of telephone in public
offices with a view to effecting
reduction of work in the Secy.

E.O.P.H.W.O. No.
76640-102. Edu.
8-11-49.

and also as the expenditure
in the proposal is very little, Pub
may be requested to reconsider
decision in the matter.

4/11/49.
Jb
4/11/49

This Dept. may perhaps agree with
that the proposal may be negative.

Pub (Nil) may
Kindly reconsider
Pub (Nil)

Public (Military)
Please see the note of E.O.P.H.
from p 2 ante. In the circumstances, ^{stated} by
again it is for orders whether the proposal
may be accepted. Please also see the note of
Secy E.O.P.H. at A above F. It may be mentioned
that if the proposal is accepted, it will be
difficult to resist ^{when} similar requests are
made by other Heads of depts. Finance
Secy for remarks.
The Finance has no objection to the
provision of an extension
telephone in this case.
14/11/49
Jb
16/11/49

The notes on pp 1-3 above may be perused.
The office of the Museum Superintendent is situated
in the residence of the officer and hence the proposed
will also be in the nature of
as an effect for a residential telephone.
The S.G.M. has not indicated the nature of
how the efficient discharge of his duties requires
which demand the use of a phone in his office.

appear that the number of
to the superintendent will have to contact other
over the phone would be very limited when
ed to other administrative officers in the city.
purpose the S.G.M. may use the office phone, only a furlong away from his residence.
his view, the proposed extension does not seem to
ally necessary. Fin may suggest that the proposal
be negated.

It does not appear that any
new factors have arisen now to
give a telephone connection to the
office room of the Supdt. Govt. Museum,
which is attached to his quarters, from
the existing telephone in the main Museum
office. As stated in the Pub. Dept.'s
note on p.1 above, there is acute shortage
of telephone equipment; and the Dt. Manager,
Telephones, Madras district, has requested
that applications for installation of telephones
should be recommended only in absolutely
essential cases, as there are a large no. of
applications already pending with him
in the waiting list. For the above reasons,
the Govt. recently declined to ~~sanction~~ to sanction
the installation of an internal extension
to the room of the Asst. Supdt. of Stationery at Guindy x (F)
from his office telephone - vide Mem. No. 2509/49-2
12-7-49. The proposal in this case, is accepted
with make it difficult to resist similar requests from other depts!

In the circumstances stated
above and in view of A at the top of this
page, Fin. may agree with the view of pub.
on p.1 above & advise against the installation
of an extension telephone to the office room
of the S.G.M.
