reply no 842 87/47 of 2.4.47 on which the orders in para 4 of G.O. no 975 20n of 10.5.47 are based. It has been ordered that the teaching grant for the last three months of 1946-7 should be based on one-fourth of the net cost for the year based on expenditure at the old rates of pay. As teaching grants to secondary schools under local bodies are ~~based on~~ ^{limited to} one-half of the approved net cost, the proportionate grant for the last three months of 1946-7 should be one-fourth of half the net cost i.e. one-eighth of the approved

2

net cost. Please say whether there were any special reasons for the Director's suggestion that it should be calculated at one fourth of the net cost for that year and if not whether it may now be limited to one eighth of the approved net cost for that year. The reference should be treated as specially urgent.

Reference:- Your Telephonic message dated 12-1-1949 regarding teaching grants to Secondary Schools under local bodies for the last three months of 1946-47.

Apparently the term "net cost" was a mistake for "grant". If it is read as one-fourth of the grant for the year, instead of bringing in the term of "net cost", it will be in conformity with the orders passed subsequently in the last ~~sentence~~ sentence of para 2 of G.O.No.2190 Edn., dated 10-10-1947 and will obviate further difficulties in arriving at the balance due to the local body in the current year. If it is now the intention of government that only one fourth of the grant due for the year should be taken into account for the proportionate period of the last three months of the year 1946-47, the orders in the last sentence of para 2 of G.O.No.2190 Edn., dated 10-10-47 will have to be suitably modified as shown below in so far as it relates to the year 1946-47, as the grant for the full year under the lump sum subsidy system was already paid in advance to local bodies in the same year:-

In the case of fixed subsidy schools the balance of grant payable for the last three months of 1946-47 will be one-fourth of the difference between the actual teaching grant assessed for the year and the lump sum subsidy paid in the year, and

in the case of non-subsidy schools, it will be one fourth of the grant assessed for the year.

INSTRUCTIONS FOR THE SECRETARIAT.

(a) If a paper is marked to be printed urgently or as special the Superintendent of the section concerned should sign the Press slip. The Superintendent should exercise a careful discretion in the matter.

(b) Each letter, memorandum, or order, or set of orders, in the file of correspondence should be headed in succession with the Roman numeral I, II, III, etc., the number being written in red ink or blue chalk above the item. The particular papers to be printed in the special issue-copies should be indicated by the Roman numeral (I, II, etc.) by which that item had been headed in the correspondence file. All matter, including marginal remarks or references, to be printed should be written in ink and matter which should not be printed should be encircled. Initials and signatures that are not quite legible should be re-written distinctly.

(c) For rules regarding printing of notes, see the chapter on printing and proof correction in the Secretariat Office Manual.

(d) The number of copies and the details of distribution should be filled in by the Superintendent or clerk concerned.

(e) In the absence of special instructions to the Press to keep matter standing for a specified period, ordinary papers of 8 pages and under will be kept standing for one week, and larger papers for two weeks only. The type of notes and of all confidential papers is distributed immediately after striking.

(f) This slip, properly and completely filled in, should accompany every paper sent to Press; it will be returned by the Press when proofs are furnished; it should be sent to the Press when a call is made for revised proofs or when a corrected proof is sent for striking. When finally returned by Press it should be filed with the original order or letter.

INSTRUCTIONS FOR THE PRESS.

(a) If, in the opinion of the Superintendent of the Press, a paper has been marked special of urgent unnecessarily, he should send the Press slip to the Assistant Secretary with a remark to that effect.

(b) Unless a note to the contrary is made against the matter, pencil entries should not be printed. The Superintendent of the Press may bring to the notice of the Assistant Secretary any instance of incomplete or careless editing.

(c) Signature copies of letters to the Secretary of State or to the Government of India should be printed on hand-made paper.

(d) This slip should be returned by the Press to the Secretariat when proofs are furnished; it will be sent back to the Press when proofs are returned corrected and should be finally returned to the Secretariat when struck-off copies are supplied.

(e) The names of the Secretary and Ministers or Advisers should be printed in full when they occur on the right hand side, only the first time when they appear on the left side, the initials alone being printed later.

Grant—Teaching—Secondary schools under local bodies—Assessment for 1946-7—Instructions—Issued.

READ—the following paper :—

Post copy of telephonic message from the Director of Public Instruction, dated 20th January 1949.

Order—No.375, Education, dated 12th February 1949.

In modification of paragraph 1 of G.O. No. 2650, Education, dated 12th December 1947, the Government direct that teaching grant to secondary schools under local bodies for 1946-7 be made up of

(a) in the case of schools which were in receipt of fixed lump sum subsidies—Three-fourth of the annual subsidy for the first nine months of the year plus one-fourth of the teaching grant assessed for the year based on the expenditure at the old rates of pay for the last three months ;

(b) in the case of non-subsidy schools—one-fourth of the teaching grant assessed for that year. The proviso in paragraph 2 of G.O. No. 975, Education, dated 10th May 1947, that teaching grants paid under the revised system should not be less than the lump subsidies to which they were previously entitled will not be applicable to the

grant for 1946-7 but only to teaching grants for 1947-8 and subsequent years.

2. The orders in regard to payment of compensation towards fee income, foregone scholarships, etc., will remain unaltered.

3. The Director of Public Instruction is informed that from the teaching grant assessed for 1946-7 and 1947-8 for secondary schools under local bodies, the fixed lump subsidies paid in 1946-7 and the special grant authorized by G.O. No. 2190, Education, dated 10th October 1947, paid in 1947-8 should be deducted and the balance alone should be paid in the current year as already ordered in paragraph 2 of G.O. 37.h. Education - Secondary - Grants to Local Bodies for Secondary Education - A. Ordinary Areas.

h.A.1. Teachings - R.E. 1948-9 Rs 23,28,200
B.E. 1949-50 Rs 25,28,100

In G.O. No. 975, Edn., dated 10-5-1947, the system of payment of fixed lump subsidies towards the cost of maintenance of secondary schools under local bodies opened prior to 1930 was abolished, as from 1st January 1947 and the system of payment of teaching grants to all the recognised schools under their control based on half the approved net cost of the institutions for the preceding financial year was introduced instead subject to the proviso that in the case of schools in respect of which fixed teaching subsidies were being paid hitherto, the teaching grants paid under the revised system should not be less than the subsidies to which they were hitherto entitled. However, in view of the practical difficulties involved in assessing teaching grants for 1946-7 on the revised basis laid down in the ~~XXXX~~ G.O. referred to above, and in view of the fact that it would not be possible for local bodies to meet the expenditure on the maintenance of the schools which were under their control in 1946-7 without some ~~aid~~ aid from the Government, the Government sanctioned the payment of a special grant equal to the fixed lumpsum subsidies paid in 1946-7, and in addition the compensation payable in respect of fee concessions etc. In other words, a part payment equal to the total amount under the fixed lumpsum system for the latter 3 months of January 1946-7 (January to March 1948) and the year 1947-8 would have already been made in 1947-8 itself. Therefore, the amount to be disbursed by way of grants in 1948-9 would be an amount equal to the difference between the teaching grant assessed on half the approved net cost of the institutions for the preceding 1 year and 3 months (January to March 1947) and the full year 1947-8) and the lumpsum subsidies ~~also~~ already disbursed for that period. The extra cost on account of the introduction of the system of payment of teaching grants on half the net cost basis was estimated at Rs 13.6 lakhs per annum. So the amount that would be required for disbursement during 1948-9 would be about Rs 17 lakhs (13.6 plus 3.4).

In the circumstances stated above, it is not clear why the D.P.I. has proposed a provision of Rs 23,28,200 in the R.E. 1948-9. He may be asked U.O. to explain fully, justifying the increase proposed by him in the R.E. 1948-9 over the B.E. 1948-9.

Sub:- 37.h. Education - Secondary - Grants to Local Bodies for Secondary Education - A. Ordinary Areas - 1. Teaching - Revised Estimate, 1948-9.

Ref: Govt. U.O. Note No. 103953/BEIV-1, Fin., d/15-12-48

As already stated in the Explanatory remarks accompanying the Budget Estimate, 1949-50, this being the first year when grants are assessed under Rule 32, Grant-in-Aid Code, the Local Bodies were not able to furnish the correct figures in respect of Revised Estimate, 1948-9, nor could the Director, guided only by the figures

14-2
furnished by Local bodies, fix the Revised Estimate with sufficient accuracy.

061
In paragraph 2 of the G.O.No.2190,Edn.,dated 10-10-47 (M) Government specially ordered that from the total teaching grant due for the years 1946-7 and 1947-8 the lumpsum subsidy paid in 1946-7 and 1947-8 the lumpsum subsidy paid in 1946-7 and the special grant paid in 1947-8 should be deducted and the balance paid to local bodies concerned in 1948-9. Local Bodies were accordingly asked to furnish the Director with the financial statements for the two full years 1946-7 and 1947-8 and the statements are now under scrutiny. During the course of working at the statements, certain doubts arose in arriving at the balance of grant due for the current year and Government in the Education and Public Health Department have been addressed in Director's letter No.731 G2/48,dated 23-11-1948 for definite orders.

From the above U.O.Note, it would however appear that the intention of the Government in the Finance Department is that the balance of grant should be assessed and paid for the period from January 1947 to March 1948, i.e. a period of 15 months only. But according to G.O.No.2190,Edn.,dated 10-10-47 (M) both the full years 1946-7 and 1947-8 have to be taken into account. This latter order was passed in the Education and Public Health Department apparently for the reason that it would not be possible to obtain the financial statement from the Local Bodies for the short term of 1946-7 alone separately as it would be difficult to allocate proportionately the expenditure for the short-term, specially under the items "Repairs and Upkeep" and "Contingencies" and "Outlay not falling under the above heads". The Revised Estimate, 1948-9 has accordingly been arrived at on the basis of the approximate figures furnished by local bodies in respect of the two full years 1946-7 and 1947-8 as per G.O.No.2190,Edn.,dated 10-10-47. Any fixity of the grant for the three months of 1946-7 separately as suggested in the U.O.Note by the Finance department is likely to involve complications.

The fixation of the Revised Estimate, 1948-9 thus depends upon (i) the decision of the Government on the question whether the figures for the two full years 1946-7 and 1947-8 should be taken into account as per the orders in G.O.No.2190,Edn.,dated 10-10-47 or whether it should be restricted to 15 months only as per the present U.O.Note of the Finance Department and (ii) the orders of Government to be passed on the Director's letter R.C.No.731 G2/48,dated 23-11-1948. (M)

In view of the above, I would suggest that some tentative figure may be adopted for the R.E.1948-9, till the final Revised Estimate is worked out in February 1949, with reference to the decisions that may be arrived at by Government on the points raised above.

Please see the notes of the Finance Deptt on the R.E. for 1948-9 and the B.E. for 1949-50 under "37 h. Education - Secondary-Grants to local bodies for secondary education - A ordinary areas - Teaching" and the remarks of the D.P.I. thereon on pp 1-2 ante.

2. Orders have already been issued in G.O. No 52 Edn dated 6-1-49 on the points raised by the D.P.I. in connection with the assessment of teaching grants in 1948-9 to secondary schools under local bodies for the years 1946-7 and 1947-8.

3. With reference to the portion ^{marked} X in the Finance Dept's note on page 1 ante, it is submitted that under the existing orders, the grant is to be calculated as shown below:-

For 1946-7. The system of teaching grants payable on the basis of half the approved net cost has been

introduced from 1-1-47. In 1946-7 no expenditure would have been incurred on payment of salaries ~~XXXXXXXXXX~~

in the revised scales of pay as orders in regard to the introduction of revised scales of pay were issued only

after the close of that year. The manner in which the teaching grant should be assessed for 1946-7 is laid

down in ^{para 4 of G.O. No 975 Edn 10.5.47 as modified by} G.O. No 2650 Edn dated 12-12-47. As pointed out

by the D.P.I. the net cost for the whole year should

be worked out and then the grant payable should be

calculated ^{at} three fourth of the fixed subsidy plus one

fourth of the net cost based on the expenditure at the

old rates of pay. ^{for schools which were in receipt of fixed subsidies} ~~and from the amount thus arrived at~~

~~the full amount of fixed subsidy paid in that year~~

~~should be deducted in respect of schools which were in~~

~~receipt of fixed subsidies.~~ In the case of non-subsidy

schools, the teaching grant should be calculated at

one fourth of the net cost at the old rates. Normally

the teaching grant should be one half of the approved

net cost for the whole year. For the last three months

of 1946-7 i.e. one-fourth year, the grant payable should

16
4 2.
i.e. $\frac{1}{2} \times \frac{1}{8}$ one eighth of the entire net cost at the old rates of pay.
~~On the suggestion of the D.P.I.~~
~~It is not clear why it was ordered that one fourth of the net~~
cost should be paid for the last three months. The D.P.I. may be
~~there are special reasons for adoption of that basis and for whether~~
consulted whether it may be restricted to ~~xxxxxxx~~ $\frac{1}{8}$ of the approved net cost. The compensation towards loss of
fee income has already been paid in 1947-8- Vide para 2 of G.O. (M)
No 2190 Edn dated 10-10-47.

For 1947-8 The revised scales of pay were given effect to only
in this year. As it was given with retrospective effect from 1-1-47
the expenditure under salaries in 1947-8 will represent not only
the normal expenditure for that year but also the arrears of pay ~~for the last 3 months~~
~~of 1946-7~~
consequent upon the fixation of pay in the revised scale from 1-1-47.

~~xxxxxxx~~
~~xxxxxxx~~ Further in addition to the
teaching grant based on the net cost, a grant is also payable towards
one half of the expenditure incurred on payment of dearness allowance
to the staff at the ~~xxxxxx~~ rates applicable to Govt servants and
also the compensation under rule 32 (ii) of the grant-in-aid Code
towards the loss of fee income on account of the ~~award of~~ fee concessions under
rule 92 of the M.E.R and half the expenditure on scholarships
approved by the D.P.I. From the grant thus calculated, ~~the fixed~~
~~fixed lump subsidy paid in 1946-7 & the~~ ~~xxxxxxx~~ special grant paid in 1947-8 should be deducted
and the balance alone should be paid in the current year.

The ~~xxxxxxx~~ extra cost on account of the introduction of the
system of payment of teaching grants on half the net cost basis
referred at X on p 1 ante is only an approximate estimate.
~~was probably calculated taking the average difference between the~~
~~average of the old and the new scales of pay and the number of~~
~~posts on a given date. This data cannot be accurate. Teaching~~
grants are payable in the current year not only in respect of
schools which were in existence in 1946-7 but also in respect of
schools newly opened in 1947-8. ~~xxxxxxx~~
For purposes of approved expenditure, expenditure under teaching
staff, establishment, rents, taxes, ordinary repairs and upkeep,
contingencies and other miscellaneous items are taken into account
and the net cost is arrived at by deducting from the approved
expenditure the income from schools fees. It is not possible
to estimate the ~~xxxxxxx~~ grant payable on the basis of one
half of the approved net cost accurately before the grant is
assessed with reference to the expenditure actually incurred.

It will be

possible to estimate the amount of teaching grant to be
provided for more closely only after the teaching grant
for 1947-8 are assessed. The D.P.I. may be informed
that the revised estimate may be fixed with reference
to the orders already issued by this deptt for the
assessment of teaching grant with the concurrence of
Finance and not as now suggested by Finance as it will
involve complications and delay in payment of grants
in the current year.

A draft T.M. to the D.P.I. is submitted below for
approval. After issue, the file may be sent to Finance
u.o. for remarks.

Please see the Director's reply on page 3 of
the D.P.I. suggests that for the words 'net cost'
occurring in Item (ii) in para 4 of G.O. no 975 Edn
10.5.47 as modified by G.O. no 2650 Edn 12.12.47
the words 'grant assessed' may be substituted. The
suggestion may be accepted. The teaching grant
for 1946-7 will then be reckoned as follows:-

- (1) For subsidy schools. Three-fourths of the annual
subsidy, plus one-fourth of the grant assessed for the
year based on the expenditure at the old rates
of pay ~~minus one-fourth of the grant assessed for the~~
- (2) For non-subsidy schools. One fourth of the
grant assessed for that year.
The amendment suggested at X on p 3 of does
not seem necessary.

G.O. No. 375, 12th February 1949

Grant—Teaching—Secondary schools under local bodies—Assessment for 1946-7—Instructions—Issued.

READ—the following paper:—

Post copy of telephonic message from the Director of Public Instruction, dated 20th January 1949.

Order—No.375, Education, dated 12th February 1949.

In modification of paragraph 1 of G.O. No. 2650, Education, dated 12th December 1947, the Government direct that teaching grant to secondary schools under local bodies for 1946-7 be made up of

(a) in the case of schools which were in receipt of fixed lump sum subsidies—Three-fourth of the annual subsidy for the first nine months of the year plus one-fourth of the teaching grant assessed for the year based on the expenditure at the old rates of pay for the last three months;

(b) in the case of non-subsidy schools—one-fourth of the teaching grant assessed for that year. The proviso in paragraph 2 of G.O. No. 975, Education, dated 10th May 1947, that teaching grants paid under the revised system should not be less than the lump subsidies to which they were previously entitled will not be applicable to the

grant for 1946-7 but only to teaching grants for 1947-8 and subsequent years.

2. The orders in regard to payment of compensation towards fee income, foregone scholarships, etc., will remain unaltered.

3. The Director of Public Instruction is informed that from the teaching grant assessed for 1946-7 and 1947-8 for secondary schools under local bodies, the fixed lump subsidies paid in 1946-7 and the special grant authorized by G.O. No. 2190, Education, dated 10th October 1947, paid in 1947-8 should be deducted and the balance alone should be paid in the current year as already ordered in paragraph 2 of G.O. No. 2190, Education, dated 10th October 1947.

(By order of His Excellency the Governor)
