Rc No. 1753 Bl/48 dated 31-10-49

Subject: Schools - Secondary - introduction of
bifurcated courses during 1949--50- higher
limit of grant for equipment for schools
which have introduced Engineering Course -
recommendations

Reference: G.O. No. 1395 dated 29-5-48
G.O. No. MS. 1239 Education dated 22-4-49

In connection with the introduction of
bifurcated courses in 50 secondary schools during the current
year i.e. 1949--50, the estimates for equipment grant were
prepared taking into account the increase in the cost of
articles of equipment. In the case of Government schools
it was worked out at the rate of Rs 9795/- per school and
in the case of non Government schools it was worked out
at the rate of Rs 7350/- per school i.e. nearly 3/4th of
Rs 9795/- for Government Schools. Kind attention is
invited to the annexures to my letter Rc No. 1753 Bl/48 dated
20-9-48. When the Government in their memorandum No.
70275-B1/48-1 Education dated 27-9-48 raised the question
as to why the estimates were calculated at the increased
rates they were informed in my letter Rc No. 1753 Bl/48
dated 18-10-48 that it was due to the increased cost of
articles of equipment.

But while Government accorded approval for
the introduction of bifurcated course during 1949--50 in
G.O. No. MS 1239 Edn. dated 22-4-49 orders were issued
that the rate of equipment grant for non Government schools
should be only with reference to G.O. No. 1395 dated
29-5-48 i.e. 3/4th of the cost subject to a maximum of
Rs 57,000/- 5,700/-

It has been represented to the Director
by the managements of certain schools which have introduced
the Engineering course that the limit of Rs 5700/- laid down
for equipment is inadequate for the Engineering course and
that it should be raised to a reasonable amount. On a
careful consideration of the matter I was convinced that the
request is reasonable and I have therefore recommended
to Government in my letter Rc No. 1574 Bl/49 dated 6-10-49
that the limit of grant fixed at Rs 5700/- for Engineering
course should be raised to Rs 7350/- and that the amount of
equipment grant payable for the Engineering course
introduced in non Government secondary schools should be
limited to 3/4th of the cost subject to a maximum of
Rs 7350/-

As the schools which have introduced the
Engineering course during the year 1949--50 also have the same
difficulty I request that Government may be pleased to
permit the Director to sanction equipment grant for non
Government secondary schools which have introduced Engineering
course during 1949--50 on the basis of 3/4th of the cost
subject to a maximum of Rs 7350/- instead of a maximum of
Rs 5700/- laid down in G.O. No. 1395 dated 29-5-48.

Yours faithfully,

(J)

R. Sankar Narayan
for Director of Public Instruction

EDUCATION AND PUBLIC HEALTH DEPARTMENT (BI)

SCHOOLS - Secondary - Introduction of bifurcated courses - Equipment grant for schools which have introduced the 'Engineering Course' in 1949-50 - Increase - Sanctioned.

Read: G.O.No.1395 Edn. dated the 29th May 1948.

G.O.No.1239 Edn. dated the 22nd April 1949.

From the Director of Public Instruction, R.C.No.1753-B1/48 dated the 31st October 1949.

ORDER MS. NO. 3754 EDUCATION, dated 7-12-1949.

In the circumstances stated, the Government authorise the Director of Public Instruction to sanction equipment grant for the non-Government Secondary Schools which have introduced the 'Engineering Course' under the scheme for the bifurcated courses of studies during the school year 1949-50 on the basis of three-fourths of the required for that course actual cost of purchase of the equipment subject to a maximum of Rs.7,350/- (Rupees seven thousand three hundred and fifty) instead of a maximum of Rs.5,700 (Rupees five thousand seven hundred) fixed in G.O.No.1395 Edn. dated the 29th May 1948.

2. The extra expenditure should be met from the provision made in the current year's budget for the introduction of bifurcated courses in ~~50~~ selected schools during 1949-50.

The D.P.I.

The AG thro' Fin.

Three S.Cs.

NOTE:- Please see the letter from the D.P.I. on page 1 c.f. In the circumstances stated therein, the proposal to pay grant for the equipment required for the Engineering Course may be paid at three-fourths of the actual cost subject to
