C. No. B.1.550 of 1949, Dated 8-7-49

Enclosures : No.

Sir,

Subject: Education - Secondary Schools - Corporation of Madras - Compensation towards fee income foregone in 1946-47 and 1947-48 - Refund of Rs.3,378/- Reconsideration of orders - Requested.

Ref: (1) G.O.M.S.No.352 Education dated 11-2-49
(2) Government Memorandum No.7350-B1/49-3-Education dated 12-2-49.

In the Government order cited, Government have stated that they have considered the question whether teaching grants should be paid to the two Secondary Schools under the Corporation of Madras, as in the case of Secondary schools under local bodies and have decided not to admit the schools to aid. In the memorandum cited, Government have stated further that they have decided that no compensation need be paid to the Corporation towards the fee income foregone in the two Secondary Schools under its control during 1946-47 and 1947-48 and that the sum of Rs.3,378/- already paid by the Director of Public Instruction to the Corporation as compensation towards the loss of fee income in the short term in 1946-47 should be recovered. The need for reconsideration of Government orders and admission of the Corporation schools to aid is explained below:-

The two Corporation High schools at Nungambakkam and Saidapet are not self-supporting institutions. The net cost of maintenance of these two High Schools is progressively increasing year after year, as may be seen from the following statistics:-

Period.	Receipts.			Expenditure.			Net cost.		
	Rs.	A.	P.	Rs.	A.	P.	Rs.	A.	P.
1944-45	19,763	0	0	32,565	0	0	12,802	0	0
1945-46	22,992	0	0	36,956	0	0	13,964	0	0
1946-47	30,396	0	0	49,284	0	0	18,888	0	0
1947-48	40,220	0	0	88,352	0	0	48,132	0	0
1948-49	41,629	9	6	1,11,501	15	3	69,872	5	9

These schools are governed by the Madras Educational Rules in the same manner in which other High Schools run by other local bodies and Municipalities are and hence the financial obligations are the same for all the High Schools. Fee concessions under 92 M.E.R. as well as military concessions are allowed to the pupils studying in the two Corporation High Schools. A statement of fee concessions granted in both the

schools is furnished below:-

In view of the large income foregone by the Corporation on this account year after year and in view of the fact that the Corporation is faced with ever increasing liabilities and a large deficit in the budget, I request that Government may be pleased to reconsider their order and allow teaching grant and compensation for fee income foregone by the Corporation by the grant of fee concessions under Rule 92 of the M.E.R. and military concessions to the eligible pupils of the two High Schools run by the Corporation.

2. From the particulars furnished in the financial
statements for the years 1947-1948 and from the estimate fur-
nished for 1948-1949 it may be seen that there has been an in-
crease in the net cost for 1948-1949, over that for the year
1947-1948. (vide statement of half net cost attached). The
compensation payable to the Corporation High Schools, Nungam-
bakkam and Saidapet, works out to Rs.6,960/- and Rs.1,584/-
respectively towards the fee income foregone for the year
1947-1948 as per the claims made in the financial statements
for that year.

Schools - Secondary - Corporation of Madras - Payment of
 teaching grant and compensation for fee income foregone -
 Request for reconsideration of orders

pp1-2g From the Commissioner, Corporation of Madras No B1 550/49 dated 8-8-49

p5g From the D.P.I. R.C.No 1,600 G2/48 dated 10-10-49

Para 2g G2 9752m 10/5/47 With effect from 1-1-47, teaching grants are being paid to local bodies towards onehalf of the approved net cost of maintenance of the recognised secondary schools in the previous financial year. The grant is assessed following the procedure laid down in rule 32 of the Grant-in-Aid Code under which in addition to the assessed teaching grant, compensation is paid to the management of each secondary schools equal to the loss in fee income on account of the award of fee concessions under rule 92 of the M.E.R. and half the expenditure incurred on scholarships schemes approved by the D.P.I. up to a limit of 10 per cent of the fee income reckoned at standard rates.

2. The two secondary schools maintained by the Corporation of Madras (Nungambakkam and Seetpet) have not been in receipt of aid from Govt for a long time. The question whether the concession allowed to local bodies towards the cost of maintenance of secondary schools may be allowed to the Corporation of Madras also was considered as a Part II scheme for 1949-50, but the S.E.C. turned down the proposal. Vide G.O. No 352 Education dated 11-2-49. The question whether atleast compensation may be paid towards fee income foregone was considered subsequently but it was decided not to press the proposal as Finance was against it.

Vide notes on pp 4-6 N.F. in Memo No 7350 B1/49-3 Edn dated 12-2-49. The Commissioner Corporation of Madras now requests the Govt to reconsider the matter and allow teaching grant as well as compensation for loss of fee income on account of the award of fee concessions.

pp1-2g

3. There would seem to be no justification to treat the two secondary schools under the Corporation of Madras ~~differently~~ ^{differently from Secondary Schools under local bodies} in the matter of aid unless it be on the ground that the net expenditure incurred by the Corporation on secondary education is comparatively small when compared with its income. With reference to the suggestion made ^{while reviewing the administrative report} by Govt to provide additional facilities for secondary education especially for girls, the Corporation regretted ^{on the ground that} its inability ~~that~~ its commitment under Elementary Education is very heavy. If the two schools are admitted to aid, the Corporation may perhaps be inclined to open a secondary school for girls at Nungambakkam and ⁱⁿ other areas where facilities are lacking. It is therefore for consideration whether the proposal may be considered again as a Part II scheme for 1950-51 although the financial position cannot be said to have improved and the scheme ~~can be said to be~~ ^{is absolutely and} imperatively necessary.

4. The remarks of L.A. and Finance may be invited u.o. The former may be requested to note on the financial position of the Corporation as the Commissioner has referred to a large deficit in its budget. They may be requested to treat this as very urgent, as it should reach Finance before 1st November if it is to go forward as a Part II scheme for the next year.

Part II Scheme for 1950-51.

Teaching grants to Secondary schools under the Corporation of Madras - Provision of Rs ~~12,900~~ 21,800 p.a.

Please see the notes on p/ps. 1-3 above.

The proposal is to admit the two high schools under the Corporation of Madras, (one at Nungambakam and the other at Saidapet) to Govt. aid and to allow teaching grant to the schools. The extra cost to Govt. involved in the proposal on the basis of the net cost for 1948-9 will be Rs 21,800 per annum, recurring and this amount is proposed to be

included in Part II of the Budget for 1950-51 for payment of teaching grants as well as compensation for loss of free income on account of the award of free concessions.

2. The same proposal was considered as Part II Scheme for 1949-50 but the S.F.C. turned down the proposal. The two schools in question maintained by the Corporation of Madras have not been in receipt of aid ~~for~~ from the Govt.

for a long time. Though the present financial position of the Corporation is stated to be unsatisfactory, it may be

observed that the amount spent by the Corporation on secondary education is nothing when compared to the

Corporation's income. *This was in fact the main reason for not having given any grant to the Corp. for the maintenance of Secondary Schools.*

Though the extra cost in admitting the two schools to aid is now estimated at Rs 21,800 p.a. it is likely to increase to a much larger amount, as the intention is to encourage the Corporation to open more secondary schools in Madras city - see para 3 on p.2 above. It is desirable that the Govt. should avoid undertaking new recurring liabilities of this kind in the present financial stringency. According to the latest instructions issued by the Finance Dept. only those schemes which will involve very little recurring expenditure and which are considered to be really and immediately essential for the proper running of any Dept. should be considered as Part II Schemes for 1950-51. The present proposal cannot be considered to be imperatively and immediately essential, as the Corporation has been maintaining these schools without any Govt. aid for a long time (since 1926). In these circumstances and in view of the need for all round economy in expenditure, Finance may advise against the proposal and suggest that it may be deferred.

Also this kind of assistance is not being given to the Corporation & the present time is not opportune for the Govt. to undertake a new kind of liability. The cost of which will go on increasing from year to year.

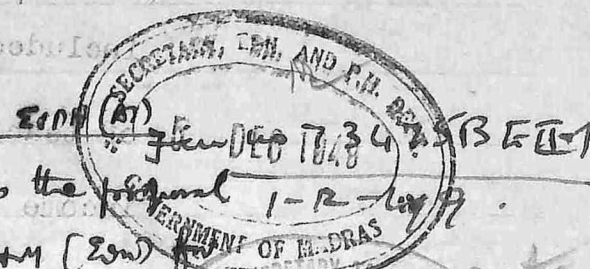

This is not the time to embark on a change of policy, involving a recurring liability which may also increase in the future.
