EDUCATION DEPARTMENT.

FROM SRI D.S. REDDI M.A., (OXON).,
Director of Public Instruction,
MADRAS.

TO THE SECRETARY TO GOVERNMENT,
Education & Public Health Department,
Fort Saint George, MADRAS.

R.C.NO.412-D2/48 dated 19--7--1948.

SIR,

Sub: Stipendiary grants in aided training schools -
Payment to Junior Students.

I have the honour to state that upto the end of 1945-46 it had generally been the practice not to sanction stipendiary grants to students who were admitted in the newly opened Junior Training Sections for which provision was not made in the Part II scheme for the previous year. Such students were granted stipends only in the subsequent year and this resulted in great hardship to the students.

From 1946-47 the procedure was changed on account of G.O.No. 1018 Education dated 21-5-46 and G.O.No.738 Education dated 15--4--1947 according to which all the additional training sections that were opened in 1946-47 and 1947-48 were treated as falling under postwar reconstruction scheme and provision for payment of stipends to all students Junior as well as Senior was duly made. Now consequent on the issue of G.O.No. 245 Education dated 4-2-1948 dropping the Post- War Reconstruction scheme some of the managements which have agreed to accept code grant have been given permission to reopen the Junior Training Sections in 1948-49. These training classes will be treated as falling under the normal scheme.

As regards stipends I may state that it will be unfair to the Junior Students if stipends are not sanctioned to them in the first year. As a large number of teachers are required for the Elementary Schools an encouragement to join Training school is necessary by sanctioning stipends from the beginning of their training. In the Budget Estimate for 1948-49 a sum of Rs.3,14,800 has been provided under "37(n)A(ii) 2-Education-Special-Direct grants to Non-Government Special Schools-Stipendiary Voted Post-War" and this amount will not be spent in full as no new training section is opened this year under post war reconstruction scheme. If stipends are sanctioned in the case of Junior students admitted in the newly opened training sections in the current year the expenditure under stipendiary grants under normal scheme may show increase and this may be adjusted by reappropriation from Post-War head to normal head. I therefore request that Government may be pleased to permit me to incur the expenditure towards the payment of stipendiary grants to the Junior Students admitted in the newly opened training sections in the current year as suggested above.

I would also request that Government may be pleased to permit the Director as a rule to sanction stipends to all the Junior students in the training schools and make the necessary provision in the final Revised Estimate for the year concerned so that there may be no distinction between one batch of students and another and more students may be attracted to take up teaching profession at a time when more teachers are needed.

3
---2---
✓ As instructions have to be issued to the District Educational Officers and Inspectresses of Girls' Schools to sanction the stipendiary grants to the Junior Students I request that Government may pass orders urgently. 3

6/As regard Government institutions, 10 additional sections (6 Secondary Grade and 4 Higher Elementary Grade) have already been opened in anticipation of sanction of Government and requests from the subordinate officers are still being received for the opening of ~~the~~ more additional sections. Permission may, therefore, be granted to pay stipends to the students admitted in the current year. Necessary provision will be made in the Final Revised Estimate for 1948-49.

Yours faithfully,

With reference to your Telephonic Message referred to above I have the honour to inform you that my letters Rc. 2080E/4/4 dated 3/7/48 and Rc. 412D2/48 dated 19/7/48 relate to two different subjects. The former is in respect of payment of stipends to students of backward communities in training Colleges and the rates of stipends to be adopted in training Schools, which have been proposed as amendments to the Madras Educational Rules, while the latter is in respect of sanction of stipends in general to Juniors in newly opened training schools and inclusion of necessary provision in the Budget Estimate for the year for reasons explained in my letter.

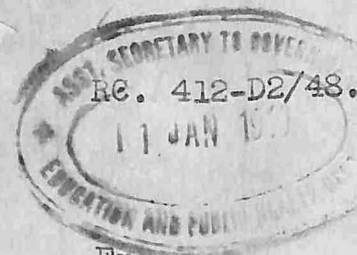

In the circumstances, I solicit early Government orders in respect of sanction of stipends to Juniors in newly opened Training Schools.

Ref:- From the D.P.I. No.412-D2/48, dated 19-7-48 and No.412-D2/48, dated 24-12-1948.

According to the existing procedure, aided training institutions will be able to draw the stipendiary grant in the year subsequent to that in which the Junior training section is opened as in the case of teaching grants for ordinary aided institutions. The management can very well pay the stipends to the junior training students in the year in which the class is opened and claim grants in the next year. The D.P.I. is requested to explain in detail what really the difficulty is in following this procedure and to justify fully the necessity for the change in procedure proposed. It is also not clear how the fact that the aided training schools opened during 1946-47 and 1947-48 fall under P.W.R. scheme will alter the position. The Director is requested to clarify the position.

Payment to Juniors in new training schools. - P.Dant

Ref:-- Government Memorandum No. 54196-Cl/48-4A
Edn. dated 24-3-1949.

ENCLOSURES

SPARE COPIES

I have the honour to state that stipends are ~~saved~~ ^{sanctioned} to students in existing aided training schools in advance for the year after a scrutiny and approval of admissions and drawn against the sanction by the respective training schools on monthly bills counter-signed by the District Educational Officer or Inspectress concerned and not on the post-payment basis as in the case of teaching grants. Stipends are being sanctioned drawn and disbursed in the same year in which the junior students are admitted. Expenditure in respect of provision of stipends to students in existing training schools is treated as a Part I scheme, and provision suggested in the Part I B.E Budget Estimate based on the estimates received from the Inspecting officers. Since provision in respect of stipends are made in the Part I estimates, it naturally happens that there is no provision for payment of stipends to students in newly opened training schools, as such schools come into existence long after the submission of Part I estimates. It is in view of this difficulty that Government was requested in my letter No. Roc No. 412 D2/48 dated 19-7-48 to permit the payment of stipends to students in newly opened training schools also. P/3 at

The training sections and schools opened during 1946-47 and 1947-48 come under the Post-war Scheme as ordered in G.O. 1013 EPH dated 21-5-46, and G.O. 738 EPH dated 15-4-47. Provision for stipends was made in the Budget Estimate along with the entire expenditure for these sections, which were met from the provincial funds as per these G.O.s. From the year 1948-49 opening of training sections under these schemes, and meeting their entire cost has been cancelled with the issue of G.O.No. 245 Edn. dated 4-2-48. Therefore the training schools and sections opened in 1948-49 and onwards will come under the normal scheme, and revert to the conditions prevalent in 1945-46, and before, as stated in my letter RC 412 D2/48 dated 19-7-48. In such circumstances, it will not be possible to pay stipends to the juniors admitted in the newly opened training schools. This procedure will be unfair to the trainees, as already explained by me. P/3 at

I, therefore, request the favour of early orders on the subject.

Yours faithfully,

for DIRECTOR OF PUBLIC INSTRUCTION.

Sir,

Sub:--Stipendiary Grant in aided training Schools--
payment to Juniors in new training schools.

Ref:--Government Memorandum No.54196/49.C.15 Edn. dated
7--5--49.

45936

With reference to the Government Memorandum referred to above, the teaching grant as provided in Rule 5 of the the Grant-in-aid Code is an aid given to the institution under post-payment basis. On the other hand the stipendiary grant is not an aid to the institution but an amount given or entrusted to the institution to be paid to the students undergoing training as provided in Chapter VII of the Grant-in-aid Code. It is therefore obvious that such a grant cannot be paid under the post-payment basis.

It will thus be seen that both from the provisions in chapter VII of the Grant-in-aid-code, and from the fact that for a class of 40 pupils in the Secondary Grade, a management cannot, from its funds, advance every month a sum of Rs.720/- and for twelve months of the year a sum of Rs.8640/- and wait to get re-imbursed several months later when the teaching grant is paid and that it is neither desirable nor practicable to change the procedure regarding payment of stipendiary grants. For Training Schools with more Sections, the expenditure will be proportionately more. Training Schools have no fee income and hence are denied the resources of secondary schools which are permitted to levy fees above the standard rates and for 10 instalments in the year while grant is calculated only on the basis of standard fees and of eight months. Already representations have been received from training schools that for this reason the whole of the teachers' salaries should be met by Government instead of 2/3 or 1/2 as at present according as their pay scales are at Government rates or less. If the demand is made from

~~Re:~~ Stipendiary grants:

The following points may kindly be clarified with reference to Government Memorandum No. 54196-C1/48-7 Education dated 22-6-49:

1. Whether stipendiary grants may be paid to Junior students in newly opened training schools. Stipends were being paid to juniors in newly opened sections in existing training schools and hence orders were requested in respect of students in newly opened schools alone.

(2) If newly opened training schools are to be treated as part II Schemes, stipendiary grants cannot be paid in the year of opening itself.

(3) If as indicated in the Memorandum the newly opened School is to be treated as a Part II Scheme the question of making provision in Part I B.E. does not arise as Part I estimates relate to standing schemes.

Orders are therefore requested in respect of stipends in newly opened training schools alone.

Aided Training Schools - Stipendiary grants

Proposals for opening new aided training schools should have been submitted as Part II Schemes and necessary provision included in the Budget Estimate before sanction is accorded for the opening. If this had been done there is no objection to stipendiary grants being paid in respect of candidates in Junior classes in the new training schools. Will you please say whether the procedure was followed in respect of the new aided ^{training} ~~elementary~~ schools opened in 1948-49 and 1949-50. Please send a statement showing details relating to the aided training schools opened in 1949-50 showing (1) the number of schools opened; (2) strength in each school; (3) Grade, i.e., whether elementary or secondary; (4) Amount of stipendiary grant to be paid for each school. The authority under which the schools were opened should also be indicated. A very early ^{reply} is to be sent to this message.

Stipendiary grants in aided training schools - payment to Juniors - Inclusion in Part II Schemes. P25 aut

Ref: (1) Government Memo No.54196 Cl/48-7 dated 22-6-1949
(2) P.C. of T.M. dated 22-7-1949 from the Assistant Secretary to Government, Education and Public Health. P27 aut

In continuation of the particulars already submitted in this respect, I have to state that estimates in respect of new training schools are included in the part II schemes of the following year in respect of teaching grant, as this grant is payable only in the year next to the one in which the school is opened. This procedure is not practicable in respect of stipendiary grants, as stipends are payable to the trainees in the year of opening itself. The impracticability of including stipendiary grants of new training schools in the Part I Schemes of the previous year has also been explained in my letter Rc.412 D2/48 dated 14-4-49. To get over this difficulty in future a lump sum provision will be made in the Part II Estimates in respect of new training schools to be opened. P18 aut

A 2 If, however, after actual opening of the schools in the next year it is found that additional funds are required necessary application for additional funds will be made at the time of submission of Revised Estimates.

3 In the circumstances, I solicit the orders of the Government, for payment of stipends to juniors in newly opened training schools, and for adjusting the expenditure in the final Revised Estimate to be submitted. P29 wfn

4 I am also submitting herewith in the statement annexed, a list of training schools opened during the years 1948-49, and 1949-50, with the necessary particulars concerning the same.

Ref:---Government Memorandum No.54196-C1/49 -9 Education

With reference to the Government Memorandum referred
to above I have included a lump sum provision in the Part II
Budget Estimate of 1950-51 as stipendiary grant for juniors in
new training schools likely to be opened during 1950-51.

p25 aut.
It appears from the Government Memorandum referred to
above that the Government have ordered the sanction of stipends to
juniors in the training Schools opened during 1949-50 only.
In this connection I have to place before the Government that
the whole correspondence on this subject was initiated in my
Doc.412 D2/48 dated 19-7-48 on behalf of the Junior students
admitted in new training School during 1948-49. These students
have become seniors in 1949-50 and still go without stipends
as they were not stipendiaries during their Junior course. I have
to invite the attention of the Government to their Memorandum
No.54196 C1/48-7 dated 28-6-49 where the continuance of
payment of stipends to Juniors in new training Schools was
ordered. As there was some doubt about the question of suggest-
ing provision in the Budget, Government were requested to
clarify the position further.

p28 29 aut.
I have already submitted a list of training schools
opened during 1948-49 with their strength and also a list of
training schools opened during 1949-50 as an annexure to my
letter Re.412 D2/48 dated 13-8-49. From these particulars
as well as from the stipendiary estimates received, I have to
state that the estimated additional expenditure in respect of
stipends for those admitted in the new training Schools during
1948-49 will be Rs.34,400 and for those admitted to new
training schools opened in 1949-50 will be Rs.9,900/-

I therefore solicit the favour of Government orders
in respect of sanction of stipends to Juniors in training
schools opened during 1948-49. Necessary additional funds will
be applied for at the time of submission of revised Budget
Estimate as ordered in the Government referred to above.

Yours faithfully,

J. P. S. Paulanelli

1. On account of the policy of the Government that no ordinary training school should be opened in future and that all future training schools should be of the basic type, no provision has been made in respect of stipends for ordinary training schools.

SUMMARISING NOTE FOR CIRCULATION TO HON'BLE MINISTERS.

Subject: New aided training schools - Stipendiary grant to juniors admitted during 1948-49 and 1949-50.

The Director of Public Instruction has estimated that the additional expenditure on the grant of stipends to candidates admitted to new training schools opened in 1948-49 will be Rs 34,400/- and for those admitted to training schools opened during 1949-50 will be Rs 9,600/-. Before the Director can sanction stipends, the proposal has to be treated as on a "New Service" for introduction in the current year and placed before the Standing Finance Committee and the Cabinet. As this procedure will take a long time and as the candidates admitted in 1948-49 have not been paid stipends, orders have been issued sanctioning an expenditure of Rs 44,000/- for the above purpose after circulation of the case to H.M.(H.A.L.), H.M.(Finance) and the Hon. Premier. This summarising note is circulated for the information of other Hon'ble Ministers who have not seen the case and the Chief Secretary and the Finance Secretary.

Finance (Exp.-A) Deptt.

The present procedure in regard to the payment of stipendiary grants for aided Training Schools for newly opened junior training sections is that whenever a new junior section of training school is opened, the management applies to the D.P.I. for the payment of grants. The D.P.I. then puts up to Govt. proposals for the payment of stipendiary grants as Part II schemes for the next year. When the

PTO

Part II schemes are approved and when the budget including provision for such schemes is sanctioned by the Govt., the payment of the grants for this purpose is sanctioned.

The D.P.I. has now requested that he may be permitted, as a rule, to sanction stipends to all the junior students in the newly opened training schools and to make the necessary provision in the final estimate of the year concerned. This amounts to the revision of the financial procedure so as to enable the D.P.I. to disburse stipendiary grants in respect of all the students in the new training schools to be opened in the Province year after year.

According to the present procedure, the institution will be able to draw grant only in the year subsequent to that in which the junior training section is opened. Even in regard to the payment of teaching grants, the same procedure is followed and private managements get, in a particular year, grants in respect of the previous year only. The managements in the present case can very well pay the stipends to the junior training students in the year in which the class is opened and claim grants in that regard in the next year. There seems to be, therefore, no necessity for any change in the procedure for sanctioning grants. In the circumstances, it is not clear what the difficulty experienced by the D.P.I. really is. It is not also clear how the fact that the training during 1946-7 and 1947-8 fell under the Post War Reconstruction scheme will alter the position regarding financial procedure to be followed in respect of schemes like the one now in question. The E & P.H. Deptt. may be requested to clarify the position in detail in consultation with the D.P.I.

PP22-23 CP From the D.P.I. No 412 D2/48 dated 13-6-49

The D.P.I. states that unless stipends are granted to junior students in the newly opened training sections it will be hard on the managements of aided training schools to advance money from their funds towards the payment of stipends to juniors in the newly opened training sections. He also feels that it is only the readily available stipend that attracts the candidates to teachers' training in the absence of which there may be a set back in the contribution of private agencies towards teachers' training and consequently the Govt. may have to start more training schools. In the circumstances it is for consideration whether proposal of the D.P.I. may be accepted. Finance may see again with reference to their remarks on pp 1-2 ante.

In the circumstances explained by the D.P.I. in his letter on pp.22-23 C.F., the proposal of the D.P.I. to continue the existing practice of paying stipendiary grants to the aided Training Schools in respect of ~~the~~ junior training sections in the year in which they are opened, instead of in the subsequent year as proposed by this Department, may be accepted by this Department. But this does not warrant the usual financial procedure of treating such schemes as Part II Schemes being ^{junior} ~~grown~~ up and necessary provision made in Part I of the estimates of the year concerned--cf. the notes of this Department on pages 2-3 N.F. in G.O.245 Edn. d/4-2-1949.

E & P.H. may be requested to state whether the above procedure was followed in regard to the new classes, if any, to be opened in the current year (1949-50). If not, E & P.H. may be requested to obtain necessary details from the D.P.I. in this regard and to follow the appropriate financial procedure for sanctioning the scheme as an urgent ~~scheme of new ex-~~ ~~penditure~~ for introduction in the current year.

The D.P.I. has explained the necessity for making a lumpsum provision in the Part II of estimates for the payment of stipendiary grants to training students in the newly opened training schools and for making provision for additional funds in the revised estimates if necessary.

Attention is also invited to the Director's letter on pp.22-23 CF wherein he has explained the need for paying stipends to the junior students in the newly opened training schools in the year of the opening itself instead of asking the managements to pay the stipends and claim the grant from Govt. in the next year.

In the circumstances the proposal of the D.P.I. at A on P28 CF may be approved.

Finance (Exp.A.) Dept.

(Previous Finance note on pp.3-4 above).

The D.P.I. asked for sanction to the payment of stipendiary grants to students in the very year in which the new training sections to which they are admitted are opened. This Dept. suggested that the proposal should be treated as a Part II scheme for the following year, but that if it is to be introduced in the current year itself, the appropriate financial procedure should be followed after obtaining the necessary details from the D.P.I.

2. Normally an item of expenditure for which provision has not been made in the budget of the year should come up to the Govt. and it will have to be

P.T.O.

sanctioned by them after following the prescribed financial procedure. No general permission to the Head of a Department to incur expenditure for which provision does not exist in the budget can be given. The solution which the D.P.I. has now suggested is that he would in future suggest a lump sum provision under Part II on account of stipendiary grants to be given for new training schools or sections which may be opened in the coming year. This in accordance with what this Dept. themselves have suggested in another file recently seen in Finance, and may be accepted.

3. The question then remains as to the stipendiary grants to be given for the new schools ~~and~~ sections already opened. Before necessary sanction is given, the prescribed financial procedure should be followed as in the case of new schemes to be introduced in the course of the year. E.&P.H. may therefore obtain particulars of the amounts of the grants to be given and the institutions to which they have to be given.

Edw. H. U. O. No

(Issued as T.M. dated 15-11-49.)

From the D.P.I., No. 412 D2/48 dated 15-11-49 and T.M. dated 18-11-49.

The D.P.I. has submitted a list of training schools opened during 1948-49 and 1949-50. The estimated additional expenditure on the grant of stipends to candidates admitted to the new training schools opened in 1948-49 will be Rs. 34,400 and for those admitted to training Schools opened during 1949-50 will be Rs. 9,900. The D.P.I. desires to know whether he can sanction the stipends to juniors in training schools opened during 1948-49. The students have become ~~serious~~ ^{senior} in 1949-50, and still go without stipends as they were not stipendiaries during their Junior course. Attention is invited to the Memo. on p.25 c.f., wherein the D.P.I. was permitted to pay stipendiary grants to aided training schools in respect of Junior sections in the year in which they are opened. But, before the Director can sanction stipends, the proposal has to be treated as a ~~new scheme~~ ^{new scheme} for introduction in the current year and placed before the S.F.C. and the Cabinet. This will, however, take time. In view of the fact that the matter has been dragging on for a long time and candidates admitted in 1948-49 have not been paid stipends yet, Finance may agree to the short circuit procedure being followed and orders issued with the approval of H.M.(E. & L.), H.M.(Fin.) and H.Pr.

2. As regards the provision for the payment of stipends to juniors in training schools to be opened during 1950-51 the Director says that he has suggested a provision of Rs. 46,080 in the B.E. for 1950-51 as a Part II Scheme. This provision is in respect of 4 Basic training schools. It is not known what amount is required for ordinary training schools. Perhaps all training schools to be opened during 1950-51 are Basic training schools. The D.P.I. may, however, be consulted on this point. A draft T.M. is submitted. After issue of the T.M. the file may be sent to Finance u.o. for remarks on 'A' above.
