Sir,

Sub: University - Annamalai - Buildings for
the Tamil Research Institute - Grant.

Ref: Letter No. 37687 G2/49-2 dated 1st
June 1949.

Government have been pleased to sanction grants
for the construction of a building for the Tamil
Research Department. As advised by Government in
their letter of the 14th November 1942, the work was
not started then. Because of difficulties in procuring
building materials, the scheme has not been taken up
till now. It is quite necessary and possible to have
it done next year. I have therefore to request the
sanction of the entire cost for the purpose.

I request that provision be made in the Budget
of the year 1950-'51.

Yours faithfully,

Ramanathan
Registrar.

Sir,

sub: university - Annamalai - Buildings for the Tamil Research Institute - Grant.

Ref: Your letter No.3822 Edn. dated 14--12--'49.

I am directed to invite your attention to my letter No.317/B1 dated 25--8--'49 wherein it was prayed that a provision might be made for a grant of Rs.75,000/- for the construction of buildings for the Tamil Research Institute during 1950--'51. In reply thereto the Government have stated that they are unable to make such a provision.

I beg to state that for want of a suitable building, the Tamil Research Department has been located in a room in the general library. The establishment in the Research Department consists of a professor, five Lecturers and two Clerks, and they have no proper office to carry on their research. Their activities are expanding in many directions. The work connected with the publication of Thirupanandal Endowments is itself great. It is imperative that this department of research is located in a separate building of its own. The scheme was sanctioned in 1942 itself and Government made a provision of Rs.50,000/- in their budget for 1946--'47 but owing to the lack of building materials and engineering personnel it was not possible to spend the money in that year.

It is earnestly requested that the same provision might be made in the budget for 1950--'51.

Yours faithfully,

K. R. S. Registrar.

UNIVERSITY - Annamalai - Buildings for the Tamil
Research Institute - Grant.

C.No.65253/49.

From the Registrar, Annamalai University, No.317-B1 dated
25.8.1949.

Please see the letter from the Registrar, Annamalai University, on p.1 c.f. He ~~remembers~~ states that scheme relating to the ~~last~~ construction of buildings for the Tamil Research Institute in the Annamalai University has not been taken up so far, as there was difficulty in procuring building materials and that the work was not begun with reference to the orders of Govt. in 1942. He reports that it is ~~is~~ quite necessary and possible to have the work done next year, 1950-51 and ^{a grant for} therefore requests the Govt. to sanction the entire cost ~~grant sanctioned for the scheme~~ of the scheme and to make the necessary provision for the same in the B.E. for 1950-51.

2. This scheme was considered ~~as~~ last year ^{was to be} as a Part II Scheme for 1949-50 and it was deferred. Please see in this connection the ~~note for~~ Part II Scheme note on the subject on p.5 c.f. of G.O.No.988 Edn., dated the decision of the S.F.C. on this scheme on p.13 c.f. 5-4-1949 and the letter to the Registrar of the Annamalai University on p.19 c.f. of the above G.O. In the circumstances, it is for orders whether the proposal relating to the sanction of a grant to the Annamalai University for the ~~in~~ construction of a building for the Tamil Research Institute and providing the necessary funds for the purpose may be considered as a Part II Scheme for 1950-51. ~~May be sent to Finance u.o. for~~ remarks prior to circulation.

RS The proposal is to include provision of Rs ~~1.5~~ lakhs for this work on the basis of the estimate of

$$\begin{array}{r} \text{ms} \\ \hline 30849 \end{array}$$

$$\begin{array}{r} \text{m} \\ \hline 31849 \end{array}$$

These buildings cannot be considered urgent. Also why should we help the university, when it has large accumulations for the purpose of extensions. Note what amounts are lying unused with the university.

Please see Secretary's remarks above. Large amounts
are set apart by the University for various funds/and the Building Fund
closing balance of the investments as on 31.3.1948 ~~xxxxx~~
was as under:-

Annual Repair Fund	-	Rs. 1,70,700/-
Building Fund.	-	" 3,88,800/-
Gratuity Fund.	-	" 11,700/-
Permanent Endowment Fund-	-	" 70,00,000/- *
Reserve Fund.	-	" 4,800/-

*Includes the sum of Rs.20 lakhs endowed by the Founder of the University and the sum of Rs.27 lakhs given by the Government at the time of establishment of the University. (Section 41 of the Act) *The interest is utilized for the various purposes of the Univ.*

Resides The scheme relating to the Tamil Research Institute cannot be considered as urgent. It ~~cannot be considered to have~~ ^{does not seem to} satisfied the conditions ^{relating to} laid down for ~~being~~ ^{and} treated as a Part II Scheme for 1950-51. ~~In view of the present financial~~ ~~stringency.~~ The request of the Registrar for a provision for this scheme in the Budget estimate for 1950-51 under Part II ^{perhaps} may be negatived. ~~Subject to orders, the draft below is for approval~~ Finance may see for remarks, ^{before} ~~Circulation.~~

Please see the notes on pp 1-2 above. Finance may entirely agree with the views of Secy, F.P.A., expressed at "A" on p. 3 above. The present financial position of the Govt. requires economy in all possible directions and in particular, expensive building schemes involving large expenditure to the Govt. by way of grants should be postponed wherever possible. The Annamalai University may be informed that its request for a grant in this ^{case,} cannot be considered for the present.

University - Annamalai - Buildings for the Tamil Research Institute - Grant.

C.No.101394/49.

From the Registrar, Annamalai University, R.O.C.No.646/B1 dated 26.12.49.

In 1942, the Govt. sanctioned a grant of Rs.96,000/- to the Annamalai University for the construction of buildings for the Tamil Research Institute with reference to the then estimated cost. The University was then informed what the execution of the work should be deferred until the return of normal times when the question of provision of funds for the scheme would be considered by the Govt. In December, 1945 the University applied to the Govt. for an increased grant based upon the revised estimate for the work, for Rs. 2 lakhs, due to the increase in the cost of materials. The C.E.P.W.D., who was consulted as regards the revised estimate, reported that the estimated cost of the buildings would be increased to Rs. 2.10 lakhs. The application of the University for provision of funds for the scheme was considered as a Part II Scheme for 1949-50 and the S.F.C. which considered ~~xxx~~ the Part II Schemes for 1949-50 ordered that this scheme might be deferred. The file was then circulated to the then H.M.(Edn) for orders whether the above proposal ~~xxxxx~~ would be pressed in the Cabinet. It was ordered by him ~~in circulation~~ that the S.F.C's recommendation might be accepted.

2. ~~During the current year~~ In August 1949, the University renewed its application for provision of funds for a grant for this scheme during the ~~current~~ ^{next} year. It has been ordered in circulation that the proposal should be deferred. Please see in this connection ~~xxxxxxx~~ the notes and orders in circulation on p.p. 1-3 note file of Lr. Ms. No. 3822 Edn., dated 14.12.1949

3. The Registrar has ~~now~~ ^{again submitted} his application for

provision of funds for this scheme, in the B.E. for 1950-51. It is now too late to consider this scheme as a Part II Scheme for 1950-51; Nor can this be considered as a very urgent scheme so as to require provision ^{of funds} during the current year ^{in the next year}. The work has not yet commenced. It is ~~therefore~~ ^{for} orders whether the University may be informed that ~~the~~ it is too late to ~~consider~~ provide ~~any~~ funds for the scheme in the B.E. for 1950-51 and that the University may renew its application in August 1950, so ~~that the question of provision~~ as to enable the Govt. to consider the question of providing funds for the scheme in the estimates of 1951-52. Finance may see prior to circulation.

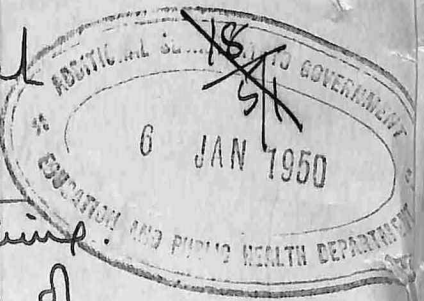

VS 4/1/50 ^{4.1.50} ^{4.1.50} In view of the recent noting of Finance at page 3 of G.O. No 3822 Ed dated 14-12-49, it seems unnecessary to send this file to them again. The Registrar may ^{perhaps} be informed as at 'A' above.

⁴⁻¹⁻⁵⁰ H. N. (E & L) S / 5 (CER)

We I am told the Govt. sanctioned the scheme in 1942. If so it is only fair we give them something. Since they have the building fund of about 2 lakhs in reserve, let us give them a half grant.

Finance may see H.M.'s minute above and other remarks.

Notes from page 1 above and the minute of H.M. (E & L) on p.2 above ~~may~~ may be perused.

As stated by E & P.H., the question of providing funds for giving a building grant to the Annamalai University towards the construction of Tamil Research Institute was considered in the past on more than one occasion, and was deferred, even though the University was pressing for it. When the matter was last raised by the University in August 1949, it was considered that the scheme was not urgent and did not satisfy the criteria laid down for Part II Schemes for 1950-51, and it was also considered that there was no need to help the University, as it had large accumulations for the purpose of extensions. In the result, the scheme was not even brought forward as a Part II Scheme for 1950-51. The Registrar of the University has now requested that some provision might be made in the Budget for 1950-51 and H.M. (E & L) has limited that a half grant may be given. As ~~has~~ already been pointed out by E & P.H., it is submitted that the scheme cannot be considered to be so urgent as to require provision of funds during the current year or in the next year. In the circumstances Finance may respectfully submit that the University may be informed as at 'A' in p.2 above.

H.M. (Finance) should see if it is proposed to pass for any provision for this scheme in the Budget for 1950-1 before it is finally fixed by the Cabinet on the 28th January 1950. B 18.1.50

In view of the present financial stringency and the high cost of materials and labour, the Govt. have as a policy deferred all the building schemes ~~of the Dep'ts.~~ Consistent with the above, Govt. cannot afford to entertain proposals for payment of grants for building schemes of universities, local bodies and others. If the University has a building fund

of ~~its~~ ^{their} own it is certainly open to them to put up the building for the Tamil Research Institute at their cost and not ask the Govt. for a grant. Further, the next year's budget is expected to close with a huge deficit and it does not seem that we ~~need further add to it~~ ^{will be justified in further adding} by including a provision ~~for a~~ grant of Rs. 1.05 lakhs for this purpose. The scheme has been pending since 1942 and it may it seems as well be deferred for some time longer and considered in connection with the budget for 1951-2.
