I have the honour to state that the Curator, Government Museum, Pudukkottai has brought to my notice that his printing requirements cannot be done at the local Press direct now as he was doing in the pre-merger days and every time he has to get anything printed he has to send his printing work to the Superintendent, Government Press through me for execution. As this involves a great deal of correspondence and delay, I requested the Superintendent, Government Press whether he can grant permission to the Press at Pudukkottai to attend to the printing needs of the Curator, Pudukkottai Museum direct. The Superintendent, Government Press in his letter No. C.Mis - dated 17th November 1949 (copy enclosed) stated that neither he nor the local branch of the Press at Pudukkottai are authorised to undertake the work sent by the Curator, Pudukkottai Museum direct with reference to appendix - A to the printing Manual. The image shows a dark gray, textured book cover. The material appears to be cloth or a heavy paper with a fibrous, mottled texture. There are numerous small, light-colored specks and fibers visible throughout the surface. The cover is plain, with no text, titles, or illustrations. The lighting is slightly uneven, with a darker vertical strip along the left edge, possibly indicating the spine or a hinge. The overall appearance is aged and worn.
