NEW DELHI 3, THE 16th JUNE '48.

ASST. SECRETARY TO GOVERNMENT
EDUCATION AND PUBLIC HEALTH DEPT.
18 JUN 1948

From
Dr. Tara Chand, M.A., D.Phil.,
Secretary to the Govt. of India.

To
The Secretary to the Govt. of Madras,
Education & Public Health Department,
MADRAS.

4965

SUB: OVERSEAS SCHOLARSHIPS 1946-47 - MADRAS GOVERNMENT SCHEME - MR. DAYANANDA KONCHADY.

-.-

Sir,

In continuation of this Ministry letter of even number dated 19th May 1948 on the above subject, I am directed to forward herewith a copy of an extension application, two copies of employment forms and a copy of an information sheet in respect of Mr. Konchady, received from the Indian Embassy at Washington in this Ministry.

[illegible] file
[illegible]
[illegible]

2. From the scholar's application for extension, it will be observed that Mr. Konchady desires an extension of one year, upto the September 1949 to finish the Ph.D. Course and to take up thereafter some practical training with U.S. Public Health Service for Graduate Sanitary Engineers.

3. In your letter No. 19250 C2/47-24 Edn. dated 19th April 1948 in so far as it concerns Mr. Konchady, it was stated that he should go for one year's practical training in Public Health Engineering in a large Municipality in the United States of America and that it would be desirable if the scholar would also spend a period of three months or so in a research laboratory attached to the Public Health Engineering Department of a Municipality.

4. The Government of India are agreeable to an extensi of a maximum of one year in Mr. Konchady's period scholarship, to be utilised either for completion of the Ph.D. or for practical training as suggested by the Provincial Government. They are inclined to recommend the later course, but the Provincial Government may select whichever course seems to them more desirable from the view-point of his employment on return.

5. The decision of the Provincial Government in the matter may kindly be communicated to this Ministry telegraphically ~~as early as possible~~.

I have the honour to be,
Sir,
Your most obedient servant,

DKHingorani
for Secretary.

APR 27 1948

③

OVERSEAS SCHOLARSHIPS

APPLICATION FOR EXTENSION IN PERIOD OF SCHOLARSHIP

(To Be Filled In Triplicate)

N.B. This application must be made in time so as to reach the Government of India, Ministry of Education at least three months before the expiry of the sanctioned period of scholarship. If space in any of the columns is insufficient please attach a separate sheet making a reference in the pertinent columns.

1. Name of the Scholar Dayananda Konchady

2. Sponsoring Government. (with year of selection in brackets) Madras (1946)

3. Date of commencement of scholarship. (Date of arrival in U.K./U.S.A.) September 19, 1946

4. Date of normal termination of scholarship September 19, 1948

4.a. Approved course of study that is expected to be completed. Public Health Engineering

5. Details of the courses undertaken up to the date of normal termination of scholarship. (Give full details and if the space is insufficient separate sheet may be attached.)

Institution or University Attended (1)	Date of Joining (2)	Date of leaving (3)	Subject with exact branch (4)	Some details of the course (5)	Degrees, diplomas or certificates if any, Obtained (6)
(a) Academic courses. Harvard University	9/26/46	9/5/47	Pub. Health Engineering	State and Municipal Sanitation- viz. 1. Water Supply & Sewerage design 2. Water Works & Sewage treatment. 3. Stream Sanitation, etc.	S.M. in Sanitary Engineering
~~(b) Practical Training:~~ The Johns Hopkins University	9/30/47	-	Pub. Health Engineering	1. Microbiology 2. Malaria Control 3. Environmental Control 4. Hygiene 5. Public Health 6. Epidemiology, etc.	

6. Final date upto which extension is required. September 1949.

7. Reasons why extension is considered essential To work on the intended research study in the particular aspect of malaria control with special reference to the condition in India as a dissertation for the Doctor's Degree in Sanitary Engineering; Besides to further training in Sanitary Engineering, particularly by taking the field training program of U.S. Public Health Service for Graduate Sanitary Engineers, etc.

8. Details of the work to be done during the period of extension. (Give full details)

	Institution or University to be attended	Duration From	Duration To	Subject with exact branch	Details of the course to be followed	Degrees, diplomas or certificates if any, to be obtained
(a) Academic Courses						
	The Johns Hopkins University	9/1948 -	6/1949	Pub. Health Engineering	Research Study Mostly	Dr. Eng.
(b) Practical Training	U. S. Public Health Service. Training Program for Graduate Sanitary Engineers June - September 1949, etc.					

Signature of the Scholar Dayananda

9. Recommendations of the Professor, or other University authority supervising the work of the scholar. Attached in a separate sheet.

10. Recommendations of the Educational Liaison Officer. Mr. Konchady arrived in this country in 18/9/46 After taking an M.S. from Harvard University he was transferred to Johns Hopkins University in October,1947. I should think a year's research experience would be enough in this case and hence extension up to the end of September,1948 is recommended. A Ph.D. course is not recommended unless the Prov. Govt. would like him to take this degree. A decision in this case may be communicated to this Department by 31/7/48.

A.M.D'Rozario
~~Deputy Educational Liaison Officer~~
10/5/48

Decision on the application.
(To be filled in by the Ministry of Education)

IDNS
100/D.

35 ⑤

211 Latrobe Hall

April 20, 1948

To Whom it May Concern:

Mr. Konchady is an alert, intellectually aggressive student. He is particularly able in abstract work, and in analyzing complex systems to fundamental concepts. He has had comparatively little experience in laboratory manipulations, although his exposure here indicates that he learns technical manipulations very rapidly, and that he can design experimental systems economically. If it is anticipated that he will participate in research and development work in sanitary engineering or public health, it is highly desirable that he be given an opportunity to carry out a research project involving modern physical and chemical laboratory equipment, and the manipulation of biological material. Mr. Konchady's intellectual development is adequate and his grades in formal courses have been highly satisfactory. He needs the experience and confidence that comes from training in experimental work.

No. F.7-8/S-7/46-S.II.
GOVERNMENT OF INDIA.
MINISTRY OF EDUCATION.

24

NEW DELHI 3, the 23rd August, 1948.

ASST. SECRETARY TO GOVERNMENT
26 AUG 1948
EDUCATION AND PUBLIC HEALTH DEPT.

From

Dr. Tara Chand, M.A., D.Phil.,
Secretary to the Government of India.

To

✓The Secretary to the Government of Madras,
Education and Public Health Department, MADRAS.

Subject; ADVANCED STUDIES OVERSEAS IN RESPECT OF MR. DAYANANDA KONCHADY, A MADRAS GOVERNMENT 1946-47 SPONSORED SCHOLAR.

63465

Sir,

p.33 ante

p.39 infra

In continuation of this Ministry endorsement of even number dated the 31st July 1948 regarding the above scholar, I am directed to forward herewith extract of letter from Mr. D. Konchady, received from the Indian Embassy at Washington in this Ministry. This letter will indicate what the scholar hopes to do till September 1949.

In reply to this Ministry cable of even number dated the 31st July 1948 to the Indian Embassy, Washington, they have enquired of this Ministry whether if the scholar's practical training as desired by the Provincial Government cannot be arranged in the United States of America, Mr. Konchady may be returned to India or he may be allowed to go on with his Ph.D. work.

p.39 infra

As the Indian Embassy have asked for a reply by cable, the Provincial Government may kindly consider the matter and communicate their decision to this Ministry telegraphically. Meanwhile the Indian Embassy have asked the scholar to continue with his work as outlined by ~~xxx~~ him in the extract of letter which is forwarded herewith.

A very early reply will be appreciated.

Yours faithfully

(~~[illegible]~~)
for Secretary

Extract of letter received from Dayananda Konchady (Madras)
(G.155/463) dated 8th July 1948.

I have begun a research project on the residual treatment of mud surfaces with DDT, Pyrethrins and various other combinations of treatments for mosquito control under the guidance of one of the Associate Sanitary Engineers formerly of the T.V.A. and of some other members of the staff of Johns Hopkins. This is the major project on hand, I intend to work through, as a dissertation for the Doctorate degree in Sanitary Engineering. Besides, during the required period of stay in the University, i.e. until June 1949, I intend to participate in the projects of filtration of water and sewage treatment as well as other minor experimental works of chemcial and biological nature in the field. From June 1949 until September 1949 I intend to attend the field training of graduate sanitary engineers conducted by the United States Public Health Services.

During this entire period of my intended stay, I will be doing my best to obtain the maximum of the theoretical as well as the practical knowledge obtainable in the field of Sanitary Engineering.

1. Post copy by air mail in confirmation to His Excellency the Admbassader for India, Education Department, Indian Embassy, 2111, Massachusettes Avenue N.W., Washington D.C.

This Ministry may kindly be informed whether it has been possible for the Indian Embassy to arrange this scholar's practical training for one year or whether he is being allowed to continue the PH.D. course. It is, however presumed that even though the practical training for one year be arranged, the scholar will be able to do some practical training within the extended period of his scholarship- This may kindly be confirmed.

ASST. SECRETARY TO GOVERNMENT
27 NOV 1948
EDUCATION AND PUBLIC HEALTH DEPT.

Subject:- Advanced Studies Overseas in respect of Mr. D.Konchady, Madras Government 1946-47 sponsored scholar.

88427

Sir,

p43 ante

pp49-53 infra

I am directed to refer to correspondence resting with this Ministry endorsement of even number dated the 10th September, 1948 regarding the above scholar and to forward herewith a copy of extracts from letter No.G.155/46 dated the 12th October, 1948 (with enclosures) received from the Indian Embassy, Washington in this Ministry. The Provincial Government may kindly inform this Ministry urgently whether they approve of the programme of practical training arranged for Mr. Konchady, and to the financial commitments involved therein.

2. Government of India propose to inform the Indian Embassy~~m~~, that the difference between the terms proposed in this letter and the amount which would be admissible to the scholar under the existing rules is negligible and that the scholar may be advised to undertake his tour programme and try to manage with the allowances which would be admissible to him according to the normal rules prescribed for this purpose (i.e.) travelling and dai allowances at the rates prescribed for Junior Officers of the Embassy, subject to a maximum of $250 per annum. In the case of Mr. Kenchady, whose period of scholarship has been sanctioned for three years, the total allowance for the ~~three~~ three years at the rate quoted above, would amount to $750. This amount should suffice and no further amoun for this purposes can be sanctioned.

3. The Provincial Government may kindly inform this Ministry as early as possible whether they agree with the above course of action to be taken up by Government of India. The Provincial Government will find from the above that Government of India will agree to no financial commitments apart from the usual expenditure on tours for which the sanctioned amount is $250 per annum.

Yours faithfully,
Vikram Singh 23/XI
for Secretary.

IK

extracts from

Copy of letter No.G.155/46 dated the 12th October, 1948 from the Indian Embassy, Education Department, Washington to the Ministry of Education, New Delhi.

—— . ——

pp 51-53 infra

Please refer to your cablegram F.7-8/S.7/46 S.II dated 11th September, concerning Mr. D.Konchady, a Madras Government scholar. I am enclosing herewith a copy each of the students letters dated the 7th October, setting out the details of his programme of work and training in this country, and the financial implications of the proposed plan. It is true that when a person is away from the University headquarters and is undertaking a tour programme visiting various places, his expenses are a bit high. We are, therefore, prepared to recommend that if the sponsoring Government considers this programme essential, this student may be given some additional financial help for the period under consideration. We would recommend that while the student is carrying out this proposal plan he should be paid his general maintenance allowance at the rate of $6.00 a day instead of $160.00 a month and be paid for the actual coach class railway fare. This should include all other expenses. Some of these additional expenses could be met out of the savings of the previous years' study tour allowance as explained by the student.

The student has been allowed to proceed with this programme within the financial limits of $250.00 per annum for the study tours.

D.Konchady
c/o Prof. Abel Wolmen,
John Hopkins Univ.
Balt. 18, Md.

Reference G.155/46

October 7, 1948.

Dear Sir,

It is decided that I am to take practical training in the field of Public Health Engineering beginning from this month. Since this training is going to be one of travelling to different sections and locations of the various Health Departments units, it is going to involve additional Financial requirements and it is only appropriate that I place this fact before you.

In view of the above fact, estimating a bare minimum of requirements, I should be justified in requesting for aa grant of $200/- a month (exclusive of travelling allowances) during this training. Period, to meet the expenses that will be incurred. I request your kind consideration in this matter so that I would be permitted to undertake this desired training wihtout any financial failures.

Sincerely yours,
(Signed) D.Konchady.

P.S. in the last 2 years. I have received $239.67 (out of $500/- available max.) out of H.Qrs. allowances and $250/- for the coming year is coming to me.

N.B. The letter of the training programme is enclosed.

D.Konchady, c/o Prof.Abel Wolman
Johns Hopkins University, Balt18
Md.

Reference G.155/46

October 7, 1948.

Dear Sir,

It is regretted there has been some delay in setting out the practical training programme because of certain negotiations that were to be undertaken for obtaining the Master of Public Health degree from Johns Hopkins, University as a result of the change in my programme of studies consequent to the Government order. However, the programme is well on its way now and I am utilizing the time meantime while to the best of my advantage.

To obtain the Master of Public Health degree on the basis of work done last year in the University the school committee has decided it would be sufficient if I could attend one of the seminars on Public Health Administration during the month of Feb. 1949. (i.e. Third Quarter) Sp, Prof. A.Wolman has arranged the programme thus:-

	Time	Place
1.	From Middle of Oct.1948 to Middle of Nov.1948	N.Y.State Health Department at (Albany, N.Y.Qurs)
2.	From Middle of Nov.1948 to Middle of Dec. 1948	N.Y.City Health Department (N.Y.Hqrs)
3.	From Middle of December 1948 to End of Jan. 1949	Chicage Sanitary Distric. III
4.	From Beginning of Feb.1949 to Middle of March, 1949	(i) 3 days a week at school of Hyd.& P.H.J.H.U. (ii) 3 days a week in the Maryland State Hlth.Dept. and the City Hlth. Depts.
5.	From March 15,1949 To April 3, 1949	Graduate Sanitary Engineers advanced training at Cincinatti Ohio, conducted by the U.S.Public Health Service.

The rest of the programme until September, 1949 has been arranged to be decided during my visit to Baltimore in Feb.1949 and based on the experience and training that will be obtained by them.

The details of training and observation during this period will be submitted from time to time as is desired by the Government.

During the waiting period from now until the reply from the first place of visit is received, I am advised to work at the Water Treatment and Purification Plant of Baltimore, Maryland.

Hoping this will find your approval,
Sincerely yours,

Sd/-D.Konchady.

N.B. Enclosed a note regarding financial arrangements needed during the practical training period.

Bakhshi 11/2

Copy of letter No. G.155/46 dated 11th January 1949, from the Indian Embassy, Washington, D.C. to the Ministry of Education, Government of India, New Delhi.

In continuation of our letter of even number dated 12th October, 1948 and our cable No.2949E, dated 16th December,,1948 concerning Mr. D.Konchady, a 1946 Madras scholar, I am to enclose herewith a copy of the programme that Prof. Wolman has now given us for this scholar's programme of studies and training in this Country.

75 infra

As it will be observed the student is being advised to complete his studies for the degree of Master of Public Health and not Ph.D., together withan extensive programme of practical training with various selected organizations.

Prof. Wolman has been kind enough to give us the detailed reasons why the proposed programme has been considered the best possible under the circumstances. The details of the remaining programme will be sent to you, if considered necessary, as soon as they are received from Prof. Wolman who has been requested in this behalf.

It is suggested that the Government's sanction for additional finances, as explained previously, and the approval of this plan may kindly be communicated to this Embassy at the earliest opportunity.

The student is however, carrying out the programme in accordance with his Supervisor's expert advice and guidance.

Copy of letter dated 4th January 1949 from Abel Wolman, the Johns Hopking University, School of Engineering, to the Embassy of India, Education Department, U.S.A.

I have your letter of December 16, 1948 to Mr. Dayananda Konchady. Mr. Konchady's program, insofar as it has already been fixed, is as follows:

New York State Department of Health - Oct.19 November 15.
New York City Health Department, Nov.15 to December 15.
Michigan State Department of Health - December 15 to Jan.15
Filter Plant and other sanitary works in Chicago - January 15 to January 20.

After the trip to Chicago Mr. Konchady will return to Lansing, Michigan for another week in the Michigan State Department of Health.

He will return to Baltimore in February to complete studies towards the Master of Public Health degree,. The decision to advise Mr. Koncha to complete work at the School of Hygiene and Public Health for the Master of Public Health rested on the following considerations; (i) the School would accept sic weeks additional work as completion of requirements for the degree; (2) this additional course work will constitute valuable training, and (3) the degree will constitute official recognition of Mr. Konchady's work here at the University. The latter should prove useful to him in future years. On March 15 he will go to Cincinnati, Ohio to attend the graduate sanitary engineering training course to be there from March 15 to April 2, 1949.

I have personally made the arrangements for Mr. Konchady to obtain field experience by participation in the public health activities at the places listed above. I believe that this program will provide as varied and valuable experience and it would be possible for him to obtain ~~th~~ in this country.

An arrangement to have him spend an entire year in a single municipal health department was advised against for the following reasons (1) since practice is not uniformly good in all activities of health departments in various cities, experience at various places offers opportunities to compare practices and evaluate them, (2) too much time spent in one organisation is sure to involve a certain amount of useless repetition of experience and (3) in order to keep a man in an organisation as long as one year, he would have to be worked into a ~~xx~~ subordinate functioning position where he might not have an opportunity to get as broad a view of activities as when he is given the time and attention required to move him through all activities during a shorter period.

As things stand now it will be impossible for Mr. Konchady to obtain the doctorate by September 1949. The program of field training developed for him was intended to be in accord with thedesires of his government that he spend his last year in this country gaining experience, I am sorry if the plan worked out for him has failed to be in accord with these desires. The request that he spend a year in a municipal health department was not interpreted by me to be a rigid request that he spend the entire time in one department.

The details of his field training beyond the time when the school at Cincinnati ends have not been arranged. I shall be pleased to consult with you or let you know of such arrangements when they are made.

With kindes personal regards,

*****

THE JOHNS HOPKINS UNIVERSITY
SCHOOL OF ENGINEERING

BALTIMORE 18, Maryland.

203 Whitehead Hall.

April 1, 1949.

Mr. A.S. Grewal,
Education Department,
Embassy of India,
2107 Massachusetts Avenue, N.W.
Washington, D.C.

My dear Mr. Grewal:

Since Mr. Dayananda Konchady's Cincinnati program was postponed from March 15th to April 3rd to April 23rd to May 6th, I advised him to stay in the School of Hygiene and Public Health until the end of March. His program is now changed as follows:-

1. April 1 to April 23rd - Baltimore City Sewer Department, Department of Public works, under Mr. Clarence Keefer.
2. April 23rd to May 6 - Cincinnati - U.S. Public Health Service training course.
3. May 9 to September 15 - Whitman, Requardt and Associates, Consulting Engineers, Baltimore, Maryland.

I hope that this program meets with your approval,

Yours very truly,

(Sgd.) Abel Wolman,
Head, The Sanitary Engineering Department.

Subject:- ADVANCED STUDIES OVERSEAS IN RESPECT OF MR. D. KONCHADY, MADRAS GOVT. 1946-47 SPONSORED SCHOLAR

Sir,

43874

I am directed to refer to correspondence ending with your letter No.G.155/46, dated the 13th April, 1949, regarding the above scholar and to forward herewith a copy of letter dated the 9th May, 1949, from Mr. Konchady addressed to the Director-General of Health Services, Government of India. The scholar may kindly be asked to explain whey he approached the Director General of Health Services, direct in regard to his further training and future employment without the knowledge of the Indian Embassy and this Ministry especially when he is a scholar sent abroad by the Madras Government and not by the Ministry of Health. He may be warned that in future he should canalize such correspondence through you and this Ministry. Mr. Konchady may further be told that as a sponsored scholar of the Madras Government, it is necessary for him to fulfil the terms of the bond he has signed with that Government before proceeding abroad. I am to request that necessary action may kindly be taken under advice to this Ministry.

I am also to request that three copies of an application for employment of Mr. Konchady may kindly be sent to this Ministry at an early date.

Yours faithfully

Sd/-
(VIKRAM SINGH)
for Secretary.

D. Konchady,
C/O, Dr. Abel Wohnan,
Johns Hopkins University,
Baltimore 18, Md,

Director General of Health Services,
Ministry of ~~M~~ Health,
New Delhi, India.

May, 9, 1949.

Dear Sir,

I am a Government of India Overseas ~~xxxxxx~~ Scholar for over two years, in United States of America, in Public Health Engineering. I spent a year at Harvard University studying Municipal and Rural Sanitation (M.S. degree) and spent a year at Johns Hopkins University studying Mosquito control, Industrial and Environmental Hygiene, Insect and Rodent Control and other sanitation studies (M.P.H. degree). Also, I have spent about 4 months in 2 state health departments and 1 city health department for obtaining the field experience. Recently I attended the U.S.P.H. Service Training in stream ~~xx~~ Pollution Abatement programs. Now, I have the next 4 months on hand, before returning home and I have tentatively decided to spend this fine in design and construction of Sanitary works. At this moment, I realise I am covering a wide field which seems to me, could be utilized to the best advantage at the Federal level rather than Provincial where I came from (i.e. Madras) So, I wish I were enlightened by your superior judgement, by way of suggestions, if you could utilize my services, as to whether I should specially study any particular field in details or not within the few months ahead.

I would be highly gratefull for your suggestions and guidance and I am keenly desirous to devote my future in this field back home.

Very truly yours

Sd/- ~~E.~~ ~~N.~~Konchady.

Dear Sir:

With reference to your letter of 21st June, pertaining to a certain reference by the Ministry of Education, I wish to state that there was no intention of flouting any authority by merely writing to the Director General of Health Services for clarity of purpose of my overseas studies. It wasn't either an abvious application for further training or future employment.

With due knowledge of my obligation to work in a suitable post with the Madras Govt., I asked for clarity and guidance if necessary on two points in my field authoritatively (1) Since I took a broad study and training in the field of Engineering co-ordinating with Public Health activities as expressedly practiced in the U.S.A., was there any imminent need for my getting informed on any particular topic before I returned within a few months? (2) As far as I know since most of the provincial health departments are known to have very little co-ordination with Engineering activities pertaining to health, in case I should find myself ina position with the provincial service not in best accord with my training and desir was there any likelihood of my being able to participate in the Federal Health Service activities? On these two points I didn't believe I was getting beyond the rules; if I did, as indicated, it is noted for the future.

Regarding the employment forms, may I remind you that I sent them fully detailed last year. Any further addition to it will be my practical training which details have been submitted from time to time.

Hoping this meets with your satisfaction.

Sincerely yours,

D. KONCHANY

Dear Sir:

Here is a brief report of my work in the U.S.A. Since the one you received through my Employment Forms in April 1948. This is in fact a supplement to those Employment Forms.

When I wpote the employment forms I had asked for a year's extension to work for a Doctor's degree. It was only in August, 1948 I obtained the extension with the condition, the extension should be spent in practical training entirely. Accordingly, Dr. Abel Wolman, Professor of Sanitary Engineering took the responsibility of arranging for the training beginning from Oct. 1948 on his return from Europe, Until then, I was engaged in my laboratory investigation work on the mosquio adulticide efficiencies of insecetides on different surfaces. From Oct. 1948, the training activities are the following:

Oct. 1-15 Montebello water filter plant-Baltimore, Md.
(study of operation and maintenance)

Oct 17-Nov 15 - New York State Health Dept., Albany, N.Y.
(study of rural water supply, sewage disposal
camp sanitation, food and milk sanitation)
chief; Earl Davendorf

Nov. 15- Dec. 15 - New York City Health Dept., N.Y., N.Y.
(study of Environmental, Industrial
swimming pool, housing, school,
rodent control, air pollution sanitation)
chief: Alfred H. Fletcher

Dec. 15-Jan 18- Michigan State Health Dept, Lansing, Mich.
(study of rural and average size urban water supply
and sewage disposal, stream pollution control,
food sanitation, etc.
chief: John M. Hephler

Jan 18 - Jan 31- Chicago South District Filteration Plant (largest in the world)
(and Sanitary District)
(mostly visits and observation of operation and
maintenance)
Chief: 1. J.R. Baylis
2. F.W. Mohlman

Feb. 1- April 1- School of Hygiene and Public Health
Johns Hopkin Univ., Baltimore, Md.
(completion of required studies for the degree of
Master of Public Health including Industrial and
Physiological Hygiene and Public Health Administration
Dr. E.I. Stebbins

April 1-15 Back River Sewage Treatment Plant, Baltimore, Md.
Study of operation and Maintenance, one of the large and
elaborate plants in the U.S.A.
chief: C.E.Keefer

April 15-25- Baltimore City Health Dept.
Study of Slum clearance program and Rodent Conrol
Chief; C.Y. Cook

April 25- May 9- Environmental Health Center, Cincinnati, Ohio.
U.S. Public Health Service
Steam Pollution abasement training program conducted for state officials under the Federal Plan for clean rivers.
Plans, sewages, policies, lab. work etc.
Chief: V.G. MacKenzie

May 12-20 Sc ool of Hygiene and Public Health Study of the follow-up of the insecticide investigation work
C.W. Kousc

May 23-June 10 U.S. Army Corps of Engineers, Baltimore District
Study of Hydrology and construction work for flood construction instillation including levers, dams and pumping stations.
Chief: Col.Wellings.

June 19 to Sept 15. Grannett Fleming Corddoy & Carpenter Inc.,
Engineers, Harrisburg, Pa.
Actual participation in the design of sewage treatment, plants, industrial waste treatment works and water works installations.

X

Sept. 15-30 Observation of Municipal Work & Sewage treatment construction work at California under Clyde C. Kennedy Engineers- San Francisco, Cal.

At the termination of this rather varied and wide training and experience in Sanitary Engineering in the U.S. I hope to be on my way back home. To complete my undertaking of the varied practices and treatments of Sanitary Engineering I have been specifically suggested by Dr. Abel Wolman of the Johns Hopkins University. To visit the following places on my way.

The Director of Public Instruction,
Madras.

To

The Secretary to Government,
Education and Public Health Department.

Sir,

Subject: Overseas Scholars - Sri Dayananka Konchady - Employment of

Submitted separately

R e f: Government Endorsement No.44965-E.2/48-7-Edn dated 13-8-1949.

77540

Sri Dayananda Konchady who is undergoing advanced studies in Public Health Engineering in the U.S.A., is best suited for the post of an Instructor in Public Health Engineering. But there is as yet no such course in any of the Engineering Colleges.

2. In view of the scholar's basic qualification in Civil Engineering - B.E.(1 class)- he is qualified and suitable for appointment as Instructor in Civil Engineering or Surveying and Drawing until the Public Health Engineering course is opened in any of the Engineering Colleges.

3. I shall submit proposals for the employment of the scholar with reference to the circumstances that may prevail at the time of his becoming actually available for appointment.

Yours faithfully,

KPH/G2

89350

Sir,

I am directed to refer to letter No.G.155/46 dated the 29th of July, 1949 from the Indian Embassy, Washington to Mr. D. Konchady, copy endorsed to you, and to state that the scholar left the U.S.A. on completion of his studies there on the 28th of Sept. 1949 for India via the U.K. Mr. D. Konchady proposed while he was in the U.S.A. that he may be allowed to visit some places in the U.K. and France on his way back to India. Since this request of the scholar has been turned down by the Govt. kindly arrange immediate return of the scholar to India, if not already done so, unless he desires to stay in the U.K. for undertaking study tours at his own expense, in which case recover any amounts sanctioned to him by you on account of his study tours so far. I am to add that Mr. D.Konchady is not to be paid any allowances during his stay in the U.K. in case he is undertaking study tours there at his own cost.

Kindly forward the Individual Financial Statement inrespect of the scholar as soon as he leaves for India.

Yours faithfully,

Sd/----
(VIKRAM SINGH)
for Secretary.

@@@@

SUBJECT: MR. D.KONCHADY
MADRAS (1946/47) SCHOLAR
REF: F. 7/8/S/7/46-SII.

With reference to your undated letter of Oct.1949, and the endorsement , I am directed to draw your attention to my letter of 18th Aug. 1949 to the American Express Co. copy of which was sent to you, asking passage for the student on or about 17th Sept. 1949. The first available passage after the 17th Sept. was assigned by the American Express Co. and the student sailed on the 28th Sept. 1948, on the S.S. WASHINGTON.

It will, therefore, be seen that all that the student did was to await passage and to utilize the time profitably as indicated in his supplementary employment report. The question, therefore, of overstay does not seem to arise.

It is presumed that the High Commissioner has been informed regarding the tours in England and France not being covered by Govt. funds.

Nov. 17, 1949

Dear Sir:

90586

This is to inform you that I, as a Madras Govt. sponsored scholar in The U.S.A. of the year 1946 have returned after spending the three most profitable years of my life safar. I arrived at Bombay on Nov. 12th by plane from London.

As you may know, my training has been in Public Health Engineering. It has been comprehensive to include water supply, sewage disposal and drainage, Mosquito Control, Industrial Hygeine and the field of Environmental Sanitation in general. So, your early action to obtain for me a suitable post to sufficiently utilize my training in one or more of the above fields is requested.

Thanking you for your kind co-operation ~~of~~ during the last 3 yrs.

Very truly yours

D Konchady.

In continuation of my letter Roc.2284-C1/49 dated 5-10-49 I recommend that Sri D. Konchady may be appointed immediately as Instructor in surveying and Drawing, College of Engineering Anantapur under emergency provisions. The present incumbent of that post, Sri J. Raja Rao, has been appointed as an Assistant Engineer by direct recruitment and I have instructed the Principal to relieve him pending the appointment of a substitute.

2. I have propo[illegible] above the appointment of Sri D. Konchandy because he is immediately available and is intended for absorption in the teaching staff of Engineering College- For the same vacancy I have already suggested the appointment of Sri M.S. Das, a Central Overseas Scholar - Vide my letter Roc.2506-C1/49 dated 23-11-49. If this scholar is also immediately available, he may be appointed as Instructor in Civil Engineering, College of Engineering, Anantapur vice Sri B.Ramakrishna Rao. Otherwise the question of his appointment may be considered if and when he actually becomes available.

Cm 97370
50

Sir,

I am directed to refer to correspondence ending with this Ministry letter of even number dated 12th December, 1949 regarding the above scholar and to forward herewith copies of the marginally noted letters (with enclosures), received in this Ministry from the Indian Embassy at Washington, from which the Provincial Govt. would observe that Mr. Konchady had earned $ 197.98 by way of remuneration during the course of his practical training. The scholar, in his letter dated 22nd September, 1949 addressed to the Indian Embassy, requested them that he may be allowed to utilise a part of the remuneration earned by him on his study tours to Europe and United Kingdom on his way to India. The Provincial Government are aware that they and this Ministry decided that the scholar should undertake his study tours to United Kingdom and Europe at his own cost, vide the Provincial Government letter No.44965- E2/48-9 Education dated 25th October, 1949 and this Ministry letter of even number dated 3rd October, 1949.

1) Letter No.G.155/46 dated 27th September, 1949 from the Indian Embassy to this Ministry and
2) Extracts of letter No. Nil dated 9th November, 1949 from the Indian Embassy received in this Ministry.

financial [illegible]

pp 3-5 infra

p 3 infra

Y/106 cf

Y/100 cf.

2. Again, in his letter dated 16th September, 1949 to the Indian Embassy, the scholar had requested them to return the entire amount of remuneration or $ 100 to him so as to enable him to meet certain exigencies. The Government of India do not, however, find it possible for them to agree to Mr. Konchady's request. The scholar seems to be in contact with the Indian Embassy on this subject even after his return to India. It is presumed that the Provincial Government also will agree with the views of the Government of India.

p 5 infra

3. Kindly acknowledge receipt.

Yours faithfully,

D. Madhavi.

(D. MADHAVI.)
for Secretary.

Copy of letter No.G.155/46 dated the 27th September, 1949 from the Education Secretary, Embassy of India in the U.S.A., to the Secretary to the Government of India, Ministry of Education, NEW DELHI.

SUBJECT: MR. D. KONCHADY - 1946-47 SPONSORED SCHOLAR F.7-8/S.7/46-S.II

I am directed to enclose a copy of Mr. Konchady's letter regarding the remuneration received by him, amounting to $ 197-98. He requests that part of the amount be made available to enable him to finance his visits in France and England. He also desires that his Government be informed of his earnings and be requested to refund to him the balance of the remuneration for the reasons stated by him. The circumstances may be communicated to his sponsoring Government for their consideration, but it does not seem advisable to make an exception in his case.

The amount earned by him between the 14th June to the 10th September was with the Engineering firm of Gannett, Fleming Gorddry and Carpenter Inc. of Harrisburg, Pennsylavania.

His sponsoring Government may be requested to communicate their orders to the High Commissioner as the student is sailing on the 28th September on the S. S. "Washington " for Southampton.

-.-.-.-.-.-.-.-.-.-.-.

C/o Dr. Abel Wolman,
Johns Hopkings Univ.
Baltimore 18, Md.
Sept. 22.

Dear Dr. Krishnayya.

I am glad to receive your letter of September 19th.

I do understand my visits to England and France need separate sanction of the Government is to finance. Since, it cannot be done at this amount, I wish you arrange for special treatment on this account. If you need any details of my visits, I would be glad to submit them on completion. So, by referring to my last letter and this one, I wish you forward to the Govt. the special treatment.

Thanking you,

Yours sincerely,

D. Komchady.

Copy of letter dated the 9th November, 1949 from the Education Department Embassy of India, Washington to the Ministry of Education, NEW DELHI.

Regarding your letter of 19th October now I enclose a copy of the scholar's letter, which should have been forwarded with my letter of the September 27th, instead of the letter which apparently had been enclosed by clerical oversight. The recovery has been effected of the remuneration received by him for extra expenses involved in connection with his job. The amount of remuneration returned by him was $ 70.00 per month.

As stated in my letter of 19th October, Mr. K. Konchady, sailed on the first available boat, after the expiry of the scholarship, and would therefore seem to be entitled to the stipend up to the date of his sailing, namely September 28. Stipend has accordingly been paid to him during the waiting period.

With kind regards.

COPY

D. Konchady
C/o Dr. Abel Wolman
Johns Hopkins University
Baltimore Md.
September 16, 1949.

Dear Dr. Krishnayya:

You may know I came to Washington on September 14, 1949 to settle my accounts and issues with you. I am glad to tell you my accounts were settled with Miss Lowrey. However, I regret I could n't talk to you about the financial arrangements for my visits to some of the sanitary installations and commissions in England and France. When I asked for assistance in these visits I specifically wished you would make the financial arrangements either through my Government or by way of allowing an amount of say $ 75.00 from my refund of earnings made to the sum of $ 197.98 If not for any such arrangement I believe, my visits in France and some of them in England will have to be omitted, only for the sake of this small allowance.

At this moment, I also request you to forward my case to the Government, regarding allowing me to obtain my earnings refunded here, back home on my return in entirely or at least to the equivalent of $ 100.00 or so for (1) during the last one year of my practical training all my savings were utilized since no extra allowance than the normal study tour allowance was allowed by the Government (2) my financial support on my return until I land in a job is nil because of my father's demise immediately after my leaving India, further I have to take care of the financial burden incurred so far.

Hoping you will take care of these issues and thanking you for all the assistance offered in making my stay here worthwhile.

Sincerely yours,

D. KONCHADY.

p.27 C.f. " D.P.I. R.C. No. 250-E3/46 of 19.7.48

Sri Dayananda Konchady, a scholar selected in 1946-7 for higher studies in "Public Health Engg" and who is intended for absorption in Engg colleges, has applied for extension of scholarship for one year till Sep 1949. His scholarship normally terminates by Sep 1948 (i.e. 2 yrs). He joined the Harvard University ~~in~~ Sep 46 and left that University in Sep 47. On 30.9.47 he joined the Johns Hopkins University. He wants to do Research Study for the degree of Dr. of Engg of that University ~~from Sep 48~~ till June 49 and then undergo practical training till Sep '49. For this he requires extension of scholarship for 1 complete year. The Edl Liaison Officer considers that an years research experience in the Johns Hopkins University would be enough and that for that purpose he has recommended extension upto the end of Sep 48 only.

The Govt ~~has already~~ of India are agreeable to an extension of a maximum of one year to be utilised either for completion of the Ph. D or for practical training. They prefer the latter course. The D.P.H who was consulted in the matter recommends extension upto Sep '49 as applied for by the scholar, to complete his research course and then do practical training. The D.P.H's recommendation may be accepted. The Govt. of I will presumably meet half the

Sri Dayananda Konchady, a 1946 scholar was granted extension for 1 yr till Sep 49

---

p 29 cf

p 37 cf

for practical training in P.H. Engineering in a large municipality in the U.S.A. The G of I now enquire whether, if the practical training cannot be arranged, the scholar ~~may~~ is to be returned or allowed to continue his Ph.D. work. The present scheme of work followed by the scholar is given in his letter on p 39 c.f. He is now working for Ph.D and he has stated that during his stay he will try to get the maximum of the theoretical and practical knowledge obtainable in the field of Sanitary Engg. The D.P.I had recommended 1 yr extension for completing Ph.D course and then doing practical work. The G of I may be informed that if the practical training cannot be arranged for as desired by this Govt, the scholar may complete his Ph.D and then do practical training within the period of extension granted. Subject to orders a draft telegram is submitted for approval. Fin. may see.

C.no 88427 C2/48 from the G of I, Ministry of Edn
No. F.7-8/S.7/46.S.II of 23.11.48

pp 45-47 cf

Please see the G of I's letter on pp 45-47 cf. Sri D. Konchady was selected in 1946-47 for advanced studies in "P.H. Engg" and is intended for absorption in the teaching personnel of Engg College. He has been granted 1 yr extension in the period of scholarship till Sep '49, the period to be utilised for 1 yr practical training in P.H. Engg in large municipalities in the U.S.A. It was afterwards decided that if practical training could not be arranged for, he might be allowed to complete Ph.D. Course and then do practical training within the period of extension granted. From the programme of study tours on p 53 cf, it is observed that 1 yr practical training has been arranged for the scholar and that he will be taking the M.S. degree of the University and not the Ph.D. Since practical training involves travelling to different sections and locations of the various Health Deptt Units, the scholar has asked for a grant of $200 a month, exclusive of travelling allowances, during this period, to meet the expenses. The Indian Embassy are inclined to recommend some addl financial help to the scholar during this period.

p 39 cf

p 41 cf

A

p 51 cf

p 49 cf

2. Scholars are eligible for Travelling allowance and daily allowance for educational tours recommended by the University authorities and approved by the Embassy, according to the scale allowed in the case of Junior Officers of the Embassy subject to a maximum of $250 per annum in the U.S.A. When an addl grant is needed the prior sanction of the G of I should be obtained. The Central Govt will sanction such addl grant in consultation with this Govt. As Mr Konchady's scholarship has been sanctioned for 3 yrs, the total allowance admissible to him is $750. The G of I propose to inform the Embassy that the scholar may undertake the tour and try to manage with the allowances normally admissible to him, viz, $750, that this amount should suffice and that no further amount for this purpose can be sanctioned. The G of I desire to know whether this Govt approve of the tour programme and the course of action proposed by them regarding the scholar's request for addl financial help. The D.P.I, who was consulted about the tour programme drawn up for the scholar, states that the programme is satisfactory and may be approved. The G of I may be informed that this Govt approve of their proposal. They have stated that if reply was not recd by 31.12.48 this Govt's approval would be presumed.

From the D.P.I., No.2284-C1/49, d/- 30-11-49. C.F.118

Previous notes need not be read.

Sri D. Konchady, overseas scholar, whose subject of study abroad was Public Health Engg., has returned to India on 17-11-49. In his letter at p.113 C.F., he has requested that his training may be utilized in a suitable post in any of the following fields:-

Water supply, Sewage disposal and drainage,
Mosquito control, Industrial hygiene and
Environmental sanitation in general.

The D.P.I. already said that Sri Konchady was best suited for the post of an Instructor in Public Health Engg., that however ~~that~~ there was as yet no Public Health Engg. course in any of the Engg. Colleges, and that therefore in view of the scholar's basic qualfn. in Civil Engg., he was qualified and suitable for appt. as Instr. in Civil Engg. or Surveying and Drawing until the Public Health Engg. course was opened in any of the Engg. Colleges. He has now accordingly proposed that the scholar may be apptd. as Instr. in Surveying and Drawing in the Anantapur Engg. College immediately. The recommendation may be accepted. For orders.

CF 107

C.F.118

After the issue of the order of appt., the question whether the candidate's services can be better utilized in the Public Health or the Sany. Engg. dept. until the Public Engg. Course is started, may be taken up for examination. A

Urva, Mangalore
Dec. 27, 1949

Ref:- your G.O. Ms No. 3936 Education,
dated 22nd Dec., 1949

101797

I regret to observe your above orders of appointment as Instructor in Surveying and Drawing in spite of my repeated explanations of my training in Public Health Engineering which is totally a different field.

Though I have been selected for teaching Public Health Engineering it was my understanding since the Govt. has postponed the establishment of this branch of Engineering Education and since orders were issued to me to pursue practical training in U.S.A. with preference to academical higher qualifications, that I should be employed in a Public Health Department

P.T.O

13

until such date the new Branch of education is created. Moreover, This technical and ~~exp~~ administrative experience in the field supplemented by The best of academic training in Sanitary Engineering and Public Health at Harvard and Johns Hopkins Universities resply. already obtained, could only prove adequate to educate future Public Health Engineers.

So, it will be worthy of your efforts in my training, if you would immediately consider placing me in ~~the~~ some Public Health Dept. at least the Public Health Engineering Dept. which has been recently created. I thus appeal to you earnestly to reconsider my placement within the borders of my own field of training and not in a foreign field

Very Truly yours
D. Konchady

(88)

Dear Sir:

1829

With reference to your above, I wish to inform you I was at the Secretariat during the last week of December to discuss with you ~~personally~~ my appointment as Instructor in Surveying and Drawing. In your absence I had an interview with the Additional Secretary and I was confirmed of my understanding that the Sanitary Engineering Department is looking for qualified hands and that was the most fitting post my overseas training could be utilized in. Accordingly I applied for the Asst. Engineer's post on 29, December 1949. It

Education it ~~to~~ could be only proper I should have been employed in the Public Health Dept. until the Govt. was prepared to open this branch of education rather than employ me in a foreign field.

It is my earnest hope that you, the Hon'ble Minister of Public Health would see your cause and my justified request to serve the same cause is upheld by your intervention in this order of the Education and Public Health Dept. ~~to~~ of my appointment as Instructor in Surveying and Drawing after such specialized training in Public Health for over 3 years in the U.S.A.

Very Truly yours

D. Konchady

A

13

At present², I do not wish to join the Instructor's post for the simple reason that I won't be justifying for myself as well as for the job if I were to take it up for a matter of days. So, unless you want to force me into this post which doesn't need any kind of training, I consider it highly desirable that I ~~to~~ should wait for a couple of days to get into the right post, that is in the Sanitary Engineering Department

Yours sincerely

D Konchady

From

The Director of Public Instruction, Madras.

To

The Secretary to Government,
Education and Public Health Department.

R.O.C.No.2284 C1/49 dated 28th Jan. 1950.

Sir,

Sub: MADRAS EDUCATIONAL SERVICE - Instructor in Surveying and Drawing, College of Engineering, Anantapur - Appointment of Sri D. Konchady.
Ref: Government Memorandum No.101797-A1-Edn., dated 4th January 1950.

(A)/3

(not put up)

(A)/3

[illegible]

The post of Instructor in Surveying and Drawing, College of Engineering, Anantapur is vacant since 27-11-49. Sri D. Konchady, an overseas scholar who has been appointed to the post in G.O.Ms. No.3936 Education dated 22-12-1949, has not yet joined duty. Though Government have instructed him to join the post pending consideration of the question of absorbing him in the Sanitary Engineering Department (vide Govt. Memo. cited above), yet the scholar has not so far joined the post. He has thus not only disobeyed the instruction but has also written to me an impertinent letter in which he says "I reiterate my stand made to the Government already by stating that I cannot join this post because there are fields within the Government wherein my qualifications and specialized training are most needed." A copy of his letter dated 14-1-50 is enclosed for the information of Government.

2. The scholar is intended for absorption in the teaching staff of Engineering colleges. It is open to Government to make use of his services in any suitable post until Public Health Engineering Course is organized. As the scholar has been appointed to a Gazetted post, he cannot decline it on the score that it offers no scope for the use of his specialized training. I am of opinion that the attitude of the scholar in refusing to join the post of Instructor in Surveying and Drawing at Anantapur and in insisting on being appointed to a post exactly suited to his training abroad, is not proper. I, therefore, suggest that Sri D. Konchady may be warned of the consequences of his refusal and called upon to join the post of Instructor within a week on pain of his being disqualified for public service and of enforcing the provisions of the bond.

3. The Principal, College of Engineering, Anantapur has reported that, as the University Examinations are fast approaching, there is an urgent need for the services of the Instructor. I, therefore, request that Government may be pleased to pass early orders on para 2 above, so that I may submit in time alternative proposals for filling the vacancy if Sri D. Konchady disobeys again the further orders of Government.

for Director of Public Instruction.

Copy of letter dated 14-1-50 from Sri D. Konchady, C/o K. Moodlagir, Canara High School, Urva, Mangalore to the Director of Public Instruction, Madras.

Ref: Your R.O.C.No.2284 C1/49 dated 9-1-1950 regarding my appointment.

I am astonished when you inform me I am basically qualified to work as Instructor in Surveying and Drawing. It is tantamount to saying that my specialization in Public Health Engineering in the U.S.A. for 3 years at so much government expense has no valid need with us. If I may inform you, our country needs sanitation and Public Health at this juncture as much as food, education or

p.t.

: 2 :

shelter. I don't see how any public citizen could justify sending a person ~~x~~ for specialized training by a government and thereafter pronounce that he is qualified to work in view of his basic training.

In view of the above, I reiterate my stand made to the government already by stating that I cannot join this post because there are fields within the government wherein my qualifications and specialized training are most needed and where I could be posted for mutual benefit and satisfaction.

Feb. 8, 1950

Dear Sir:

10.607 With reference to your letter d. 4th Feb. 1950 (Memo. No. 3977-A-1 Edn.) I offer my sincere apologies if any of my writings during the past month has not been pertinent. However, they were merely reactions to the letter of the Director of Public Instruction d. 9.1.50 and of my understanding the Govt. was not fully appraised of my training and qualifications

At present I proceed to join the Instructorship at Anantpur Engineering College as per orders, with the fervent hope that I will be posted in the Public Health Engineering field in the very near future

Edn. P.H. (A)

May be filed.

Very truly yours
D. Konchady

PETITION from Sri D.Konchady - Representation for better utilisation of his services.

Ref:- Letter from Sri D.Konchady dated 27th December 1949

pp1-2 cf.

Please see the representation at pages 1-2 cf. In G.O. 3936 Edn., dated 22-12-49 the Govt. have appointed Sri D. Konchady Overseas scholar in Public Health Engg. under emergency provision to officiate as Instructor in Surveying and Drawing in the College of Engg., Anantapur. The scholar represents that he has been appointed to a foreign field and requests to be appointed in the Public Health Dept. in view of his specialised trg. in the P.H. Engg. The D.P.I. considered him suitable for the post of Instructor in P.H. Engg. But no such course has yet been started in the Engg. colleges. It is seen from the petition that the scholar has not yet taken up the appt. ordered in the above G.O. It may be noted in this connection, that an application for appt. as Asst. Engr. P.H. was received from the scholar. It has been referred to the C.E.P.W.D. and the C.E. has been asked to report whether the scholar's services may be better utilised in the S.Eg.Branch.

From the D.P.I., No.2284-C1/49, d/- 28-1-50. CF 8

--

No reply from the C.E. has been recd. yet.

The scholar has neither joined the post of Instr. in Civil Engg. nor ceased repeating that he is shaped only for a job connected with Public Health Engg. and that he cannot accept the Instructorship offered to him. In addition to sending to Govt. the letter at pp.5-6 C.F., which is in the nature of a complaint against the D.P.I. and which itself is not couched in desirable language, he has addressed a definitely undesirable letter to the D.P.I. Rightly considering that the letter to him is impertinent and that the scholar cannot insist on a particular kind of post, the Dir. has brought the matter to Govt.'s notice and has suggested that ~~the candidate may~~ Sri Konchady be warned of the consequences of his refusal to join the post and directed to take it up on pain of his being disqualified for public service. Even if there is likelihood of Sri Konchady's being absorbed in the Public Health Engg. Branch in the near future, at least as a measure of discipline, ~~Ert~~ it seems he should be compelled to join the Instructor's appointment immediately and remain there till the end of the current college year. The public interests in the Edn. Dept., viz., the post has been vacant for a long time and ~~thmt~~ as the Unty. Examn. is fast approaching the Instructor should take charge without delay, would also justify such a course of action being followed. Sri Konchady may be told that the Govt. view with displeasure his action in having ~~thexthe~~ writtin the letters in improper language and that he must join the post immediately and

cf 1-2, 3-4, 5-6, 8-9

copy at cf 8-9

cf 8

para 2, cf 8

para 3, cf 8

the threat that his failure to obey will mean that he should re pay all the amount spent by Govt. on him and further that he will be disqualified for public service, may be administered to him.

For orders. H.M.(E.&.L.) and H.M.(P.W.) may see.

Public (Sec) may see.

31/1/50

31/1/50

31/1/50

Addl. Secy.

W Section

CCA 31.1-50.

I think Sri Konchady should be disabused of the ideas he seems to possess regarding his position. It is for Govt to decide where he should be employed and he is bound to go where he is posted. The question of utilising his services in the S.E. Branch is a separate matter which will be decided in due course. While it is true he is better fitted for the S.E. Branch and will be more useful there, it is not for ~~[illegible]~~ him to decide what post he should hold. He should join the post in the Edn Dept. for the ~~present~~ without delay

Dear Sir:

I am a Madras Govt. Overseas scholar in Public Health Engineering, recently returned from U.S.A. Would you kindly see my application to the World Health Organisation for a short-term & employment in one of their projects?

I believe you would concur with me if I said, the training received from W.H.O., if the opportunity is afforded to participate in one of their Sanitation projects will greatly help enhance the future of my career and the profession. Accordingly I request you to forward this application to the Regional Director, World Health Organisation, Patiala House, Hardinge Ave. New Delhi

Very truly yours,
D. Konchady

Dear Sir:

1/115 cf.
d 117 cf.

I wish to refer to the ~~a~~ communication addressed to the Govt. from Dr. G. S. Krishnayya, Education Dept., Embassy of India (Washington, D.C.) dated Sept. 27, 1949 regarding my request for a refund of the equivalent of $100/- out of my earnings in U.S.A., that was remitted to them. I requested this refund for these main reasons viz. ① For maintenance during the waiting period of placement after return. (which has already lasted nearly 3 months). ~~Having~~ As a result of my father's demise, 3 months after my departure from the country in 1946, this problem has been made much more difficult. ② To meet the extra expenses involved in the practical training in U.S.A. and field visits in U.K. I feel the above reasons more than justify the refunding of the above stated sum. Also, I have been told recently from Washington that this communication should have been in your hands weeks ago ~~and~~ so that I should expect an immediate answer from you. I request your early consideration however in this matter.

P.T.O.

Regarding my letters d. 7.1.50 ~~and~~ 15.1.50 with reference to my appointment I have not had any answer. I presume the matter of absorption in the Sanitary Engineering department is ~~under~~ on its way. If it may help I like to mention that I belong to the Backward Class community.

In view of the fact a Govt. overseas scholar, generally with a year or at the most two of training, is granted a Gazetted post and particularly because I have had more than 3 years of overseas training in the U.S.A. including one year's practical I earnestly request the Govt. to grant me an increment at the start in the scale of appointment.

Above all, I request you to let me know of the sum early

Sincerely yours

D. Konchady

Overseas Scholarships. 1946-7.
Sri D. Konchady.

From Sri D. Konchady. of 30.1.50.

In para 1 of the letter cited, Sri D. Konchady ~~requests~~ raises the question of the refund of the equivalent of $ 100 out of his earnings in the U.S.A. Regarding the two reasons given for consideration, maintenance allowance during the 'period of waiting' is not given to the scholars; it was made clear to him when he was permitted to go on study tours that he should meet the entire cost himself. All scholars are required to surrender to the Govt their earnings during practical training. The G. of I have already considered the scholar's request and found it not possible to agree. This Govt have agreed with their views - Vide pp 113 & 119 c.f. of (C). The scholar may be informed that his request cannot be complied with.

Sir,

I am directed to refer to your letter No.44965 E-2/48-9 Education dated 25th October 1949 and this Ministry endorsement of even number dated the 10th November 1949 regarding the above scholar and to state that the Indian Embassy at Washington, in their letter No.G.15b/46 dated 19th October, 1949 copy forwarded to you under this Ministry endorsement referred to above, had stated that the first available passage after 17th September 1949 was on 28th September 1949 and Mr. Konchady took advantage of it. They had also pointed out that the scholar utilised the waiting period profitably. They had therefore stated that he was entitled to scholarship and he was paid accordingly. In the circumstances, explained by the Indian Embassy, I am to enquire whether the Provincial Government have since decided to treat Mr. Konchady's scholarship as having been extended upto 28th September 1949 instead of 17th September, 1949.
