Subject :- Refugee Teachers from Pakistan -
Employment.
===

Sir,

As the Provincial Government are aware, a number of qualified teachers from Pakistan areas have been thrown out of employment and have been obliged to migrate to India. The Government of India have no doubt that in view of the exceptional circumstances now prevailing and the state of distress to which refugees from Pakistan have been reduced, there will be a spontaneous response from Provincial Governments for employing as many of them as possible, particularly in view of the fact that there are not at present sufficient number of qualified teachers to cope with the educational development schemes which the Provincial Government have in mind. The Government of India are collecting information in regard to age, qualification, scales of pay etc. and a list of displaced teachers registered up to date is attached herewith. Further lists will follow as and when additional names are registered.

The Government of India are doing their utmost to absorb as many of the teachers as possible in vacancies in educational institutions, Government or

recognised, in the Centrally Administered Areas. It will be appreciated if these teachers are absorbed, as far as practicable, in vacancies carrying salaries equivalent to those which the incumbents were receiving in Pakistan. It is also hoped that in view of the exceptional circumstances the Provincial Government will find it possible to relax ordinary rules regarding provincial domicile and age limits required in connection with a provincial appointment.

The Provincial Government may correspond direct with the persons in the list and it will be appreciated if they will keep the Government of India furnished with as full information as possible in regard to the appointment of refugee teachers.

The Government of India hope that the Provincial Government will give this matter very sympathetic and early consideration.

I am directed to say that with their present obligations towards the large number of war service and non-war service unemployed persons in this province coupled with the language difficulty, the Government of Madras regret that they cannot do anything much in the matter of providing jobs for the officials displaced from Pakistan. They will, however, consider the cases of technical men and men with special qualifications in their line for posts where knowledge of a provincial language is not absolutely essential.

Sir,
Non-Muslim refugee teachers from Pakistan--Employment of

I have the honour to state that Government of India have sent to me the names of a number of Non-Muslim refugee teachers from Pakistan for consideration for appointment in this Department. They cannot be employed in ordinary schools where the medium of instruction is the regional language. They can be considered for employment only in Urdu schools and colleges. According to the rules they can be appointed on a temporary basis giving them the minimum in the time-scale. Many of them were already holding posts carrying a higher salary than the minimum in the time scale here and it is quite doubtful whether they will come here for the minimum of the scale. Hence I request you to be good enough to let me know whether I can give a higher start in the scale for the refugee teachers with reference to their experience if they are employed on a temporary basis in this Department.

Ref: Government Memo No.82009A/47-1 Edn & P.H. dated 30-10-47.

With reference to the Government Memo cited above, I have the honour to state that to fill up the existing vacancies and to replace unqualified persons or Indian State Subjects, in the posts of Assistant Instructors, Laboratory Assistants, etc., in the Subordinate Educational Service, 9 candidates are required immediately. The qualifications required are :- A degree in Mechanical Engineering, of the Bombay, Punjab or the Benares Hindu University, with practical training for not less than one year. The scale of pay for these posts is Rs.180-280. The Government agree, they may make it known to the Pakistan - Non-Muslim Refugees that the question of fixing the pay of any Officer at a higher stage in the scale will be considered in deserving cases.

2. I may submit that a large number of posts of Assistant Instructors in the several colleges of Engineering are now held by Supervisors of the P.W.D. I consider it desirable to replace these P.W.D. Supervisors by suitable persons appointed by the Education Department taking advantage of the availability of qualified refugee-officers. This step will not only be in the interests of the Education Department to act as feeder for filling higher posts, but will be welcomed by the P.W.D. authorities themselves as they are short of hands in their Departments. I am also examining the question of filling certain Gazetted posts in the Colleges of Engineering by the Refugee-Officers. In fact a number of applications from qualified persons have already been received and I am in correspondence with some of them. I shall submit my recommendations in the matter separately.

3. In this connection I may submit that the P.W.D. are short of

short of hundreds of Engineers; the Government Polytechnics require a large number of teachers and the other Departments, such as Factories, Agriculture and Public Health Departments would also require suitable Engineers. In order to make the best use of the available Refugee-Officers and to avoid overlapping of work and also to get the proper persons for the appropriate places, I think it essential to meet and consult the Chief Engineers, Directors of Industries and Agriculture in a Conference and arrive at a Co-ordinated policy in regard to absorption of the refugee-officers. I shall submit my further remarks shortly after consulting the above officers. /M

I have the honour to state that the following three Refugee
teachers from Pakistan areas have been appointed to gazetted
posts in the Madras Educational Service.

1. Mr. Rupchand Mansingh Advani: Appointed as Instructor in
Civil Engineering, College of Engineering, Anantapur at Guindy
as a temporary measure.

2. Mr. Jiwansingh Premisingh Moorjani: Appointed as
instructor in Surveying and Drawing, College of Engineering,
Guindy, as a temporary measure.

3. Ramachand Chainrai Advani: Appointed as Professor of
Electrical Engineering, Arthur Hope College of Technology,

Though it is over a month since the first two candidates were
appointed to the Madras Educational Service, they have neither
joined duty nor have reported their intentions. Orders
appointing Sri Ramchand Chainrai Advani are being communicated
to the candidate.

2. In subordinate services, no Pakistan refugees have so far
been appointed. It is very doubtful even if they are appointed,
they will accept the posts on account of meagre salaries. In as
much as Government are prepared to give increased salaries, the
following remarks are offered. They do not also possess a
knowledge of the regional language of this Province.

Regarding Assistant Lecturers in colleges and Sc hool
Assistants, such of those as are qualified may apply at the time
when the advertisement is made by Service Commission. The
Principals of colleges are being requested to consider the
cases of Pakistan Refugees when they apply for posts of

Government of India,
Ministry of Education,

New Delhi 3, the 19th Oct., 1948

From

Dr. Tara Chand, M.A., D.Phil. (Oxon),
Secretary to the Govt. of India.

To

All Provincial Govts. and Local Administrations; and
Indian States.

Sir,

The Govt. of India is concerned over the continued unemployment of the refugee teachers. The Ministry of Education has set up a new section for the employment of refugee teachers and for establishing liaison with all the provinces and states.

The Transfer Bureau, Ministry of Home Affairs and the Employment Exchanges all over India are registering unemployed refugee teachers and forwarding full particulars of the registered teachers to this office with a view to finding out suitable employment for them in different provinces and states of India. The Govt. of India, Ministry of Relief and Rehabilitation in their circular No. RH(524)5, dated the 21st April, 1948, to all the Provinces and States recommended that at least 25 per cent of the total vacancies arising out of the recommendations of the scheme for educational expansion should be reserved for the refugee teachers. It was also recommended that the conditions of age and domicile be waived off to enable them to compete for ordinary jobs. The Special Education Board for Refugees decided at its meeting held on the 6th August, 1948 (vide Resolution No.7) that while fixing the salary and scale of such refugee teachers their experience and last pay be given due consideration. It is hoped that action is being taken upon these recommendations by all the provinces.

The Ministry is aware that by far the great majority of schools in this country are managed by private bodies which are not under the direct control of the government but it is reasonable to expect that such bodies would give co-operation if ministries ask them to do so. Lists of such refugee teachers will be shortly supplied to you and it is requested that if you have no objection you will kindly issue a circular to managements of all recognised institutions in your jurisdiction that refugee teachers should be employed in as great a number as possible. They could, of course, instead of advertising vacancies, get suitable names from you out of the list to be supplied by us.

Copy of Office Memo. No.D.18075/48 TB, dated the 19th Aug, 1948 from the Ministry of Home Affairs, Government of India to the Ministry of Relief and Rehabilitation, Govt. of India is also enclosed for guidance and necessary action.

The undersigned is directed to refer to the proceedings of the Inter-departmental Conference held on the 28th May 1948, under the Chairmanship of Dr. Tara Chand, Secretary, Ministry of Education, in connection with the rehabilitation of refugee teachers (copy enclosed for reference). In accordance with the decisions taken in the Conference, the Directorate General of Rehabilitation and Employment (Ministry of Labour) and the Transfer Bureau of the Ministry of Home Affairs were requested to furnish to the Ministry of Education at regular intervals lists of unemployed teachers together with their full particulars. Accordingly, the Transfer Bureau who registers only those who are Government servants has been supplying lists from time to time of unemployed refugee Government teachers to the Ministry of Education who have undertaken the responsibility for finding employment for them and for posting them to different educational institutions. It has, however, been brought to the notice of the Ministry of Home Affairs that in view of the ban imposed by them on the recruitment of teachers from sources other than the Transfer Bureau, no progress can be made in utilising the services of teachers living in refugee camps for running camp schools. In this connection the undersigned is directed to say that so far as refugee teachers are concerned the ban which existed at an earlier stage ceased to be operative after decisions had been taken at the Inter-departmental Conference of the 28th May 1948. The Ministry of Education are now free to employ refugee teachers in such manner as they deem necessary without obtaining the prior concurrence of the Transfer Bureau.

A
The issue of a circular as suggested by the Government of India (Ministry of Education) is not immediately necessary and may be put off until after the lists have been received and the teachers are found prima facie suitable for employment in this Province. In this connection I submit that the scope for employment of Refugee teachers in this Province is very limited owing to language difficulties. As most of these teachers would not know any of the regional languages, it is hardly possible to employ them with advantage in secondary schools and training colleges of this Province. It does not, therefore, seem necessary to obtain from the Government of India lists of such teachers as were last working or are suitable for employment only in secondary schools.

2. The only avenue for employment of these teachers in this Province lies in Arts and Professional Colleges, for which knowledge of the regional language is not essential. These colleges require only persons with high academic qualifications. It is unlikely that such persons would be still out of settled employment or would agree to come down to this Province for the rates of pay in force here, and therefore their willingness to accept employment under Government or Private managements and the minimum rates of pay required by them have to be definitely ascertained beforehand. In the circumstances I am of opinion that it would be enough if the Government of India are requested to send only lists of such refugee teachers as are highly qualified and were last employed in first grade Arts Colleges and in Engineering institutions of University rank and that, on receipt of these lists, the question of issuing a circular to managements of aided colleges may be taken up for consideration.

Secy. Government of Madras,

Sir,

The Ministry acknowledges with thanks the co-operation it has received from the Provinces, Local Administrations, Indian States and Educational Institutions under private management in response to this Ministry's circular letter No.D-190/48.R.T. and subsequent circulars requesting assistance of all concerned in the solution of the difficult problem of the rehabilitation of refugee teachers from Pakistan.

Though appreciable progress has been made in this direction, much more still remains to be done. It is, therefore, urgently felt that the attention of all concerned should, once again, be focussed on this point so that the services of teachers who are still unemployed may be utilised in the best interests of the country.

The Ministry has been receiving indents for teachers from various institutions in India against vacancies occurring under their control. The Ministry has been accordingly sending lists of suitable refugee teachers from its Live Register. It is presumed that full use of such lists is being made by the indenting institutions. It will be appreciated, if regular information regarding the employment of the teachers from the lists, and also on application received direct or through Employment Exchanges, is kindly supplied to this Ministry. Such information is essential in maintaining an up-to-date register.

It is also requested, that all educational institutions (including privately managed recognised institutions) may be asked to supply the following information direct to this Ministry at an early date.

SUBJECT:- FIXATION OF SALARIES OF REFUGEE TEACHERS.

Sir,
I have to invite your attention to the question of the fixation of salaries of refugee teachers on their re-employment in Government or aided schools. The policy of the Government of India as enunciated in their letter No.RH 524(5) dated the 21st May, 1949, and another letter of even number dated the 28th May, 1948 is that refugee teachers wherever re-employed should be fixed in the grades of the posts to which they are appointed after taking into consideration

EMPLOYMENT OF DISPLACED TEACHERS FROM PAKISTAN.

Sir,

I am directed to state that the Government of India have noticed that there is still a large number of teachers displaced from Western Pakistan who have not been able to secure suitable employment in the Indian Union. Shortage of teachers has been one of the factors which have limited expansion of educational facilities in the country. Now that teachers are available, many of them trained, it would be anomalous if they remain unemployed for any length of time.

2. It may be possible to absorb some teachers against the vacancies caused by the migration of Muslim teachers to Pakistan. The Provincial Government will no doubt start schools in the refugee camps for the education of children if this has not been done already, and these should give employment to a certain number of refugee teachers.

3. The Government of India suggest that at least 25% of all vacancies created as a result of implementation of schemes for the expansion of educational facilities, all vacancies due to the migration of Muslims and all vacancies in camp schools, may be reserved for refugee teachers from Pakistan. I am to add that initial salary of the refugee teachers should be fixed after taking into account the last pay drawn by them in Pakistan and the total length of their service.

4. The Government of India will be glad if the Provincial Government would consider the above suggestions and inform them of the probable numbers who can be absorbed in the manner mentioned above.

I have the honour to be,

EMPLOYMENT OF DISPLACED TEACHERS FROM PAKISTAN

1. It is directed to state that the Government of India have notified that there is still a large number of teachers displaced from West Punjab who have not been able to secure suitable employment in the Indian Union. Shortage of teachers has been one of the factors which have limited expansion of educational facilities in the country. Now that teachers are available, many of them trained, it would be anomalous if they remain unemployed for any length of time.

2. It may be possible to absorb some teachers against the vacancies caused by the migration of Indian teachers to Pakistan. The Provincial Government will no doubt want to school in the refugee camps for the education of children if this has not been done already, and there should give employment to a certain number of refugee teachers.

3. The Government of India suggest that at least 50% of all vacancies created as a result of liquidation of schemes for the expansion of educational facilities, all vacancies due to the migration of Muslim and all vacancies in camp schools, may be reserved for refugee teachers from Pakistan. It is to be noted that initial salary of the refugee teachers should be fixed after taking account the last pay drawn by them in Pakistan and the total length of their service.

4. The Government of India will be glad if the Provincial Government would consider the above suggestions and inform them of the probable new numbers who can be absorbed in the manner mentioned above.

Refugee teachers from Pakistan - Employment.

Ref:- From the Government of India, Ministry of Education
No. F.34-1-47 R dated 1-11-47.

The Government of India, Ministry of Education, have forwarded a list of qualified teachers who have been thrown out of employment from Pakistan areas. They request that these teachers may be absorbed as far as ~~possible~~ practicable in the service of this Govt. relaxing the ordinary rules regarding provincial domicile and age limits required in connection with a provincial ^{Govt} appointment. It has also been stated that further lists also will follow as and when additional names are registered.

2. The Government have ordered that the regional languages should be introduced as media of instruction in schools in this province. It is not likely that ~~the~~ teachers from the Pakistan areas will be able to impart instruction in the regional languages of this province. Further, the general policy regarding the employment of refugees from the Pakistan areas is separately under consideration in the Public Department.

A letter received from the Government of India, Ministry of Refugee and Rehabilitation, on the same subject has been referred to to the D.P.I. for remarks. A copy of the present letter may also be sent to the D.P.I. in continuation ^A and draft memo is submitted.

Subject:- Employment of displaced teachers from
Pakistan.

Sir,

I am directed to state that the Government of India have noticed that there is still a large number of teachers displaced from Western Pakistan who have not been able to secure suitable employment in the Indian Union. Shortage of teachers has been one of the factors which have limited expansion of educational facilities in the country. Now that teachers are available, many of them trained, it would be anomalous if they remain unemployed for any length of time.

2. It may be possible to absorb some teachers against the vacancies caused by the migration of muslim teachers to Pakistan. The Provincial Government will no doubt start schools in the refugee camps for the education of children if this has not been done already, and those should give employment to a certain number of refugee teachers.

3. The Government of India suggest that at least 25% of all vacancies created as a result of implementation of schemes for the expansion of educational facilities, all vacancies due to the migration of muslims and all vacancies in camp schools, may be reserved for refugee teachers from Pakistan. I am to add that the initial salary of the refugee teachers should be fixed after taking into account the last pay drawn by them in Pakistan and the total length of their service.

4. The Government of India will be glad if the Provincial Government would consider the above suggestions and inform them of the probable numbers who can be absorbed in the manner mentioned above.

Sir,

In partial modification of this Ministry's letter No. RH-524(5), dated the 21st April, 1948 (copy enclosed), I am directed to state that the Government of India have held that reservation of posts in favour of displaced teachers would operate as an encroachment on the fundamental rights expressed in Article 16(1) of the Constitution. There would, however, be no objection if the displaced teachers are accorded preference in the matter of selection for recruitment on the ground of their past experience. Displaced teachers may also be given preference over others, if other things are equal, in appointments in educational institutions run by the State Governments or by municipal and local authorities. It is, therefore, requested that necessary instructions may accordingly be issued by State Governments to the authorities concerned.

2. This Ministry may please be informed of the action taken by you in the matter and also indicate the number of displaced teachers who have so far been absorbed in your State.

Yours faithfully,

Sir,

Sub: DISPLACED TEACHERS FROM PAKISTAN--Employ-
ment in educational institutions.

Ref: Government Endt. No. 16079-A/51-1 Education
dated 9-5-1951.

With reference to the Government Endorsement
cited, I offer the following remarks:--

1. Appointment of displaced teachers in preference
to others in educational institutions under Government or Local
Bodies.

I have the honour to state that the suggestion of
the Government of India in para 1 of their letter may be
accepted and instructions may accordingly be issued. In
practice now no reservation is made in favour of displaced
personnel.

In the Notification issued by the Madras Public
P.T.O.

Service Commission inviting applications for posts in the Madras Educational Subordinate Services, it is stated that refugees from Pakistan may also apply even if they do not fully satisfy the terms for recruitment to the posts in the Madras Educational Subordinate Services and the case of each such applicant will be considered on its merits and the question of relaxing any technical restrictions including age limit will be considered if he is selected. The Executive authorities of Local bodies may be instructed to give preference to displaced teachers from Pakistan in the matter of appointments in educational institutions under their control.

2. Number of displaced teachers employed in educational institutions in the Madras State.

There are 8 displaced teachers in Educational institutions in the State, 4 in Colleges and 4 in the Refugee Elementary School, Perambur. Professor, Advani of the Government College of Technology, Coimbatore is one of the 4, displaced teachers employed in Colleges.

Yours faithfully,

for Director of Public Instruction.

Displaced teachers from Pakistan - employment in educational institutions.

From the C.G.D. Ministry of Rehabilitation F.1(2) R.H.D./50 & dt. 4.51.
From the D.P.I. No. 900 J/51 dt. 27.7.51.

The C.G.D. have requested that necessary instructions may be issued by the State Govt. to the authorities concerned to give preference to displaced teachers from Pakistan in the matter of selection for recruitment and appointment in educational institutions run by the State Govt. & by municipal and local authorities. The D.P.I. agrees to the suggestion. He has reported that in the notice issued by the M.P.S.C. inviting applications for posts in the M.E.S.S. it is mentioned that refugees from Pakistan may also apply even if they do not fully satisfy the terms for recruitment to the posts; that the case of each applicant will be considered on its merits and that the question of relaxing any technical restriction including age limit, will be considered if selected.

The scope for employment of refugee teachers in this State is very limited owing to language difficulties. As most of the teachers would not know any of the regional languages, it is hardly possible to employ them with advantage in secondary schools and training colleges. The only avenue for

employment of these teachers lies in Arts and Professional colleges, for which, knowledge of the Regional language is not essential. Hence, instructions to local bodies do not seem to be necessary. However, there may be a few doubts. Refuges seeking employment as teachers in English, Hindi, Urdu etc. and, therefore, it is for orders whether the P.D.Bs and Commissioners of Dist. etc may be instructed to give preference to refugee teachers for appointments in educational institutions under their control.
