Sub:- MONETARY LIMIT FOR MINOR WORKS - Government Press - Increase.

Ref:- Letter from the S.G.P., No.100-Mis/102, dated 12--11--1948.

In G.O.No.880 Finance, dated 7--9--1948, the monetary limit for minor work relating to the Govt. Press was raised from Rs.3,000/- to Rs.6,000/- to meet the expenditure on certain urgent and essential works in the Govt. Branch Press, Mount Road. The S.G.P. now recommends that limit may be raised to Rs.20,000/- to meet the expenditure on certain other works relating to the Press. The Supdt. says that the works also are urgent and essential. The proposal may be supported in this Deptt. The file may be sent to P.W.D. & Fin. for remarks before circulation.

Please see the notes above. It seems better to ascertain the actual exp. under 'minor works' of the S.G.P. during the last five years from the A.G. before the question of enhancing the limit is considered.

A draft memo is subd. for approval.

Issued as Memo No 106687/39-1 dated 16.12.48 From the A.G. Madras No W.H.A.A.262/10.1.49 Finance (B.G.).

The Superintendent, Government Press, proposes that the limit for minor works relating to the Stationery

and printing departments may be raised temporarily from Rs 3,000 to Rs 20,000. The Chief Engineer, E. & P.H. and Public Works support the proposal.

The existing monetary limit of Rs 3,000 for minor works relating to the Stationery and Printing departments has been enhanced temporarily during the current year to Rs 6,000 in G.O.Ms.No.880, Fin., dated 7-9-1948. The expenditure incurred under "Stationery and Printing" during the last five years is as follows:--

| Year.       | Amount.<br>Rs. As. |
|-------------|--------------------|
| 1943-4. ... | 4,407-12-0         |
| 1944-5. ... | 3,203- 0-0         |
| 1945-6. ... | 4,465-12-0         |
| 1946-7. ... | 3,313- 6-0         |
| 1947-8. ... | 2,620-13-0         |

It will be observed that the expenditure in any year <sup>during the last 5 years</sup> has not exceeded Rs 6,000, the existing temporary limit.

The works proposed to be executed during the current year are detailed on page 5 C.F. It does not seem that <sup>the execution of</sup> all the works are quite essential. In view of the fact that all possible steps are <sup>now</sup> being taken to effect economy in all departments as an anti-inflationary measure, this Department may advise against the proposal to enhance the existing temporary limit of Rs 6,000 during the current year.

3 If E. & P.H. <sup>wish to</sup> press the proposal, they may be requested to take orders in circulation including H.M.(Fin.) and H.Pr.

Thro' Expr. C.

Please see the note of Fin. on pp 1 & 2 above.

In view of the <sup>what is</sup> facts stated at 'A' above this dept. may agree to the dropping of the proposal to enhance the monetary limit during the current year. For orders.
