Sir,

Sub: GRANT--Teaching--Secondary Schools under Local
Boards--Board Secondary Schools--District Board
North Arcot--Sanction of advance of grant--
Requesting of.

...000000...

Financial Statements in respect of Secondary schools under this District Board for the years 1946-47 and 1947-48 have been prepared and sent to the Director of Public Instruction, Madras, with reference to his Rc.No.731-G2-48 dated 17th July 1948. Further particulars required by the Director of Public Instruction after verification of the statements have all been furnished in respect of all the schools. As the scrutiny of the figures and assessment of grant admissible with reference to the several orders of the Government is likely to take some more time, and as the year is drawing to a close, I would suggest that an advance of grant based on the financial statement furnished by this office may be permitted to be sanctioned by the Director of Public Instruction subject to final adjustment in the next year after scrutiny of the financial figures. This Board has taken credit of a sum of Rs.1,27,800/- in the revised estimate for 1948-49 towards subsidy for the maintenance of the Secondary schools as detailed below:-

(1) Half the net cost for the maintenance of Secondary schools for the year 1947-1948.	Rs.1,12,800
(2) Balance of grant for the year 1946-47.	Rs. 15,000
Total:-	Rs.1,27,800

(2) If the admissible grant is not sanctioned during the current year, the financial position of the District Board will be dislocated and it would become impossible to meet the several demands at the end of the year. I, therefore, request that an advance grant of at-least Rs.1,00,000 may be sanctioned immediately, the balance of grant being determined after the scrutiny of the figures furnished by this Office. I request early orders.

To

The Assistant Secretary to the Government of Madras,
Education and Public Health Department,
Fort St. George, M a d r a s.

Please see your telephonic message dated 12.1.1949 and post copy of my reply telephonic message dated 20.1.1949 in regard to payment of teaching grants to secondary schools under local bodies in the current year, on the basis of one fourth the difference between the grant assessed and grant paid for the year 1946-47.

Authorisation of payment of grants to local bodies in the current year is held up, pending the issue of final orders of Government on the above, in modification of the orders in the last sentence of para 2 of G.O.No.2190-Education dated 10.10.1947. Will you kindly see that early orders are passed by Government in the matter.

I may however mention here that the final Revised Estimate 1948-49 has been prepared and Government addressed for additional funds on the above basis.

2. With reference to the figures so far furnished by the Special Officer, the District Board, North Arcot is found eligible for a grant of Rs. 67,709/- as shown in the statement enclosed. As the grant relating to the Board Secondary School, Kelavai has to be withheld, pending sanction of recognition to the school, the balance of Rs. 65,935/- will be authorised for payment to the District Board, immediately on receipt of orders from Government, in regard to the payment of teaching grants to secondary schools under local bodies in the current year on the basis of one fourth the difference between the grant assessed and grant paid for the year 1946-47 - vide in this connection also T.M. (post copy) dated 9.2.49, to the Assistant Secretary to the Government, Education and Public Health Department.

3. In this connection I may state that many of the local bodies have not yet furnished complete details called for in respect of certain items of expenditure included in the financial statements of secondary schools under their managements, while some others furnish completely a new set of statements, when they were asked to furnish details for the original figures or to reconcile the discrepancies in the original statements. It is not possible to scrutinise these new statements before the end of this month; assess the grants accurately and authorise payment before the 15th March 1949. I therefore propose to authorise payment of grants in the current year based on the approximate figures furnished in the financial statements, subject to adjustment of the excess amounts, if any, from the grants payable to them in 1949-50, after the detailed figures are received from local bodies and scrutinised in that year. This procedure is even now followed in respect of secondary schools under private managements where the financial statements are defective. I request that my proposal may be approved.
