No objection has so far been received in regard to the draft amendments except the one on pp.15-16 c.f. The remarks in the letter relate to the rules in Notification II and not to Notification I which is only about the hours of working, and number of working days and duration of the course. Sub: Suggestions to draft G.O. 2204 dated 4.9.48
Published in Fort. St. George Gazette dated 21.12.48
inviting suggestions in six weeks time.

3792/48

Most honoured Sir,

These are the suggestions which this Association offers for due consideration:-

- 1) The said G.O. does not provide scope in pay for various grades of trained and untrained teachers of higher secondary and collegiate and specially to those teachers who receive training under Adult Literacy Scheme. Hence we think the scheme is not encouraging.
- 2) The scales of grant or pay mentioned in the G.O. are not at all attractive and hence this association suggests that the minimum salary for the lowest qualified teacher should not fall below Rs 15/- per mensem. Even though the Government's view is to supplement the income of those ~~teachers~~ who are already employed in some schools or in other professions and get their services in this regard the pay mentioned in G.O. is not worthwhile. Therefore many have not come forward to make the scheme a successful one.
- 3) Since the introduction of this scheme is only in 1948 and since it is not taken up by the public fully, time for untrained teachers employed in Adult Literacy Schools, should be extended for at least five years, from 1.6.48 and sufficient numl

Under rules 849 of notification 2-3-48

g training centres ought to be opened to achieve this end preferably one centre for each district.

4) The maximum number on roll for each teacher in each year's course should also be made clear in the G.O.

5) The schools recognised under this scheme should also invariably be granted recognition and aid for a period of not less than five years for the schools will not be in a position to have Adult Literary Trained Teachers in a short period of two years when there are no sufficient number of trained teachers at present.

6) To ~~educate~~ educate the adult means the Government has to educate not less than 50% of the total population in the province, who are within the prescribed age limit, and the scheme should be an encouraging one so that every one should prefer this and co-operate with the rules of Govt. Further we fear that the scheme may fail ultimately simply because the remuneration suggested in the G.O. is not encouraging. And if the Government waits for a number of years to come to achieve this end and ^{the aim to} get adults educated in a short ~~time~~ ^{period} is lost.

Hoping the above suggestions should receive kind attention,
I remain,

Most honoured Sir,

Yours faithfully,
