Re.No.1508 G/47 dated 22-8-1947.

Sir,

Local Bodies - Secondary Schools - Revision of scale
of pay of L.T.Assistants and other matters.

Ref: Government U.O.No.61143 B1/47-1 Edn., dated
1-7-1947.

I have the honour to state at the outset that while
issuing the revised scales of pay for teachers under local
bodies, Government explained the reason in para 1 of their
order No.975 Edn., dated 10-5-1947 for their decision to
adopt for ~~them~~ scales of pay slightly lower than those for
teachers in Government service. But now Hon'ble the Minister
for Education desires to bring the L.T.Assistant's scale of pay
in local bodies that of school Assistants (II Grade) in Government
service. The scale of pay for L.T.Assistants under local bodies
is Rs.75--5--145 while that for School Assistants (II Grade) in
Government service is Rs.85--5--120--10--175. The proposal to
raise the former scale to correspond to the latter does not
seem to be commendable for the following reasons.

(i) If the L.T.Assistant's scale of pay is raised,
every category of teacher in local bodies will claim corresponding
pay in Government service; for instance, the Headmaster of a
high school who now gets the scale of Rs.150-10-200 will claim
the scale of Rs.160-5-200-10-240 of Grade I Headmasters under
Government service and secondary grade teachers who now get the
scale of Rs.45--2--85 will claim the scale of Rs.45-5-60-2-90
and so on. Such a claim cannot be easily turned down if the
L.T.Assistants' scale of pay is made to correspond to Government
scale of pay and further, this will result in additional
burden to the local bodies which they may not be able to meet,
especially if half grant only is to be given as is now the case.

by Hon'ble Minister (Edn.) instead of 2/3 grant as in the case of aided Schools; and (ii) If Government scales are given to L.T. Assistants in secondary schools under local bodies, it is very likely that persons would prefer service under local bodies to service under Government for the very main reason that they will not be tossed from one end of the Presidency to the other and will not be required to pass the several departmental and other tests which are required of Government teachers. They would be confined to one town if under a Municipality or to one district if under a District Board and they need not pass any tests. So they would like to take service under a local body. This would consequently result in great difficulty in securing qualified men and women for service under the Government.

2. It is too soon to say how the financial position of the local bodies has been affected by the substitution of the lump sum subsidy by grants-in-aid. This new system has not yet been worked out and my office cannot throw any light in the matter at this stage. Hence information on the three points raised by Hon'ble Minister (Education) in his minutes dated 28-7-1947 may be obtained direct from the District Boards and Municipalities as already directed by him therein.

3. As regards other points referred to in the minutes dated 26-7-1947 of Hon'ble Minister (Education), my remarks will be submitted separately.

Training College

College, beg to bring the following to your kind consideration and favourable orders.

We are now undergoing this training at a time when the cost of living has risen abnormally to a high rate, and we feel it very difficult to get on with our present resources. To get this training we are but forced to come to this city and to be under the influence of the city life. Further only with the strong determination of serving our country in the field of education, we are now in this Training College. So we feel it proper to approach you for a help by way of a stipend of Rs.30/-p.m. for each student from June 1947. For this act of kindness, we will ever remain grateful to you by our sincere service for the cause of education.

Thanking you in anticipation.

We beg to remain,
Honourable Sir,

Re 2080/46
R.C. No. 2080 E4/46

SUBJECT: Grant of Stipends - Rs.30/- per mensem - to B.T. Students.

Submitted to the Director of Public Instruction, Madras.

With regard to the latest order on the subject of grant of stipends to students under training in the B.T. Class, I solicit the favour of the Director's attention to G.O. No. 1306 E4n. dated 23-6-47 communicated in Proceedings R.C. No. 2080 E4/47 dated 15-7-47 - calling for proposals for the grant of stipends to Muslims and Harijan students for consideration as a Part II Scheme for 1948-49.

The students in the lower grades of training draw stipends while the students in the B.T. Class are denied this help. Living has become hard and persons taking teaching as a profession are not generally rich and my sympathies go to this class of people. I would, therefore, reiterate my previous recommendations (this office R.C. No. 2080 D/44 dated 15-2-44 and Proceedings R.C. No. 267 E4/44 dated 19-6-45) on the subject and request the Department to support my recommendation in the matter of grant of relief to the students, irrespective of their community from the beginning of the school year 1947-48.

TO

THE HONOURABLE MINISTER FOR EDUCATION
TO THE GOVERNMENT OF MADRAS,

THROUGH

THE PROPER CHANNEL. 5 SEP 1947

Sir,

Subject:--Stipends--B.Ed.Course--Representation--B.Ed.
Students, Government Training College,
Rajahmundry.

We, the students of the B.Ed.Class, Government Training College, Rajahmundry, take permission to represent to you that it has been very difficult for us to undergo the Training without any financial help from the Government as the cost of living has been very exorbitant here. We request that our Training may be made stipendiary to the extent of Rs.50/- per month per head to facilitate the prosecution of our studies. It is unfortunate to note that only the B.Ed.Training is non-stipendiary where as the Secondary Grade Training and Higher Grade Training are stipendiary, even at this momentous period of national history, when Secondary Education has unquestionably to play a conspicuous part, more conspicuous than either Higher Elementary or Lower Elementary Education. It has been the honest effort of every Educationist to conserve the best National talent in Education; but when can this end be achieved if the teachers' profession is not made as attractive and lucrative as any other profession. In this connection we request you to take into consideration the stipends or emoluments granted to Police and Excise Sub-Inspectors, Cooperative Supervisors and Inspectors, Revenue clerks, and etc., while undergoing the necessary period of Training. The teacher in general and the B.Ed. in particular, ^{volunteers of}

at any rate, cannot be under-estimated than any of the professions of ^{profession} ~~professionists~~ mentioned above.

P.T.O.

In conclusion, we make an earnest request that the B.Eds. may be favoured with this amenity of being given stipends from JULY, 1947, onwards without considering this as a sheer waste of public fund.

Rc.2080 El/46 dated 24 - 9 - 1947.

Sir,

Sub: Madras Educational Rules - Grant of stipends for students undergoing
Training for B.Ed. and B.T. degree courses - Proposals in connection
with the Part II Schemes for 1948-49 - Submitted.

Ref: G.O. No. Ms.1306 Edn dated 23.6.47 and Government No. Note 61143B1/47-P1
dated 31.8.47.

I have the honour to state that the probable number of Harijan and Muslim Students
that may undergo Training for B.Ed. and B.T. degrees during 1948-49 will be 17. The
cost of paying stipends to these students at Rs.20/- per mensem for 9 months will
come upto Rs.17 X 20 X 9 -- Rs.3060 or Rs.3100/- per annum.

2. With reference to para 2 of the remarks of the Hon'ble the Minister for
Education dated 26.7.47 forwarded with the U.O. note referred to above regarding
the grant of stipends to all non-paying students, undergoing Training for B.Ed. and
B.T. degrees; I submit the following proposal.

Probable number of non-paying students for 1948-49 -- 524.
Cost of paying stipends to 524 students at Rs.20 per mensem for 9 months for
the course -- Rs.524 X 20 X 9 -- Rs.94,320 or 94,300/- per annum.

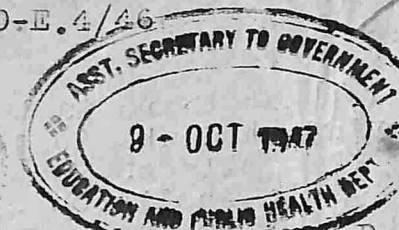

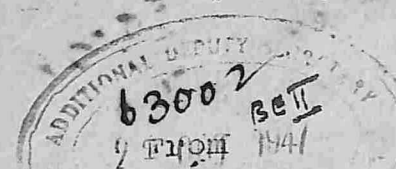

3. I request that the proposals referred to above may be considered as a Part II
scheme for 1948-49. I am including necessary provision in Part II of the Budget
Estimate for 1948-49.

3. It may kindly be observed, that there is a considerable increase in the number of non-paying students in the current year though the total strength of all the colleges for the year has not very much increased in view of the abolition of the system of the levy of tuition fees from secondary grade teachers undergoing training for B.Ed. or B.T. degree courses. Consequent on the grant of the above concession and the award of stipends, there is likely to be a considerable increase in the number of non-paying students, in 1948-49. In the circumstances, I submit that the estimate furnished by me in my letter RC.2080-E.4/46 dated 24-9-47 which was based on the progressive increase in the number of non-paying students would be more accurate than figures passed on the average ~~worldwide~~ of the number of non-paying students for the last five years as the tendency in the recent years has been towards increase in the number of non-paying students. I would therefore suggest that the estimates already submitted by me to the Government in my letter referred to above may be accepted.

Telephonic Message (By Post). Dated 18th Aug. 1948.

From The Director of Public Instruction, Madras
To The Assistant Secretary to the Government, Education and Public Health Department, Fort St. George, Madras.

Subject:- Stipends to B.T. Students.
Ref:- Your telephonic message by post dated 26.7.48.

The increased rates of stipends was not sanctioned for trainees of secondary grade of 1946-47. page 2 of I

The wording in para 4 of G.O.No. Ms. 1018-Education dated 21.5.1946 has created some confusion. The intention conveyed in para 4 of the order was that the increased rate of stipends although comes into force in 1946-47 should not only be made applicable to trainees to be admitted in 1946-47 but also to trainees in 1945-46 who would be in the 2nd year class in that year. Otherwise the old trainees in the 2nd year class in 1946-47 would have been paid at the old rates. The expression "until they complete their course" occurring in para 4 appears to have been misplaced. If that were the intention, then those candidates admitted in 1946-47 would have alone been paid stipends at the increased rate until they completed their course and those admitted in 1947-48 would have been paid only at old rates. As it is, all the trainees from 1946-47 have been paid stipends at the increased rate. The Director's recommendation was that the rates of stipends should be increased by 50% to attract a larger number of teachers to training schools, as there was a demand for trained teachers in large numbers due to the introduction of compulsory Elementary Education under postwar educational schemes. Please see the Director's letters on which orders in G.O. No. Ms. 1018-Education dated 21.5.1946 were passed. It was not recommended that the increased rates should be in force only during 1946-47 nor should the trainees in 1946-47 alone be paid at increased rates until they completed their course.

TO

THE HON'BLE MINISTER FOR EDUCATION TO THE
GOVERNMENT OF MADRAS,

M A D R A S.

Memorial and Memorandum submitted on behalf of the B.Ed.
Training Students, Government Training College, Rajahmundry.

ESTEEMED SIR,

We are glad to note that with the dawn of freedom and the advent of the National Government, Education has come to occupy its proper place in Free India. We rejoice over the fact that there is expansion of Educational Facilities and that therefore the Educational Budget is going up every year. Notwithstanding this, we submit that no place has been found for us in the budget by way of stipendiary grants when under Training. In these days of abnormal prices and high cost of living, we find ourselves heavily involved in financial difficulties during the period of our Training. In this connection, we submit that pupil-teachers of the Higher Elementary Grade and Secondary Grade Training Sections get stipends while under Training. We feel that we also, as prospective members of the Teaching Profession, deserve generous treatment at the hands of the Government by the sanction of a stipend of at least Rs.60/- p.m. when we are under Training.

We assure you, Sir, that we shall whole-heartedly co-operate with Government in a spirit of single-minded devotion and service with a view to train a race of Good Citizens.

We, therefore, appeal to you, Honourable Sir, that you may be pleased to favourably consider the enclosed appeal contained in the memorandum giving you an outline of what we are doing and what we want. We humbly request you to favourably consider them and pass early orders on them.

Thanking you for your patience,

1. We shall endeavour to work the Reorganised Scheme
to the best of our capacity.

2. Many of us are taking part in Social Service Activities.
We have organised two night schools for Adults—one in the College,
and the other at Kothamur, a village in the neighbourhood of
the town. We hope to do better in the months to come.

3. We request you to provide Citizenship Training for us
during the period of our stay in the Training College.

4. We further pray that we may be given Basic Training
also as early as possible. Many of us, WE assure you, Sir,
will take this Training.

EDUCATION AND PUBLIC HEALTH DEPT. - Stipends - Training
Schools and Colleges - Increase - Orders passed.

Letter from the D.P.I. No. 2080-E/46, dated 3-7-48.

ORDER/MS. NO. 509 EDN., DATED 24/6/48

The Govt. direct that candidates belonging to Harijan and backward communities undergoing B.T. and B.Ed. Training courses be granted stipends at the rate of Rs. 20 a month for a period of two years with effect from the academic year 1948-49.

2. In G.O.No. 1018 Edn., dated 21-5-46, the Govt. directed that the rates of stipends given to candidates undergoing Elementary Grade and Secondary Grade Training be raised from Rs. 8 to Rs. 12 and Rs. 12 to Rs. 18 a month respectively. The question has been raised whether this increase should be a permanent measure and whether the M.E.R. may be amended to the increased rates. As the enhanced rates were sanctioned primarily to induce more candidates to come forward to undergo the training courses the Govt. consider that the increase should be deemed as temporary one. They accordingly direct that the increased rates be in force for a period of ^{more} two years, i.e., 1948-49 and 1949-50.

3. The D.P.I. is requested to review the position at the end of the period of two years and address Govt. on the question whether the stipends referred to in paragraphs 1 and 2 above should be continued at the rates mentioned therein.

No. Roc 2080 +E4/48 dated 19-3-1949.

Sir,

Sub:-- Stipends--Training schools and Colleges--Increase--
Orders passed.

Ref:-- G.O. No. Ms. 509 Edn. dated 24-2-49.

I enclose herewith a copy of letter Roc No. 176 D/49 dated 10-3-49 of the Principal, Government Training College, Rajahmundry for favour of urgent Govt. Orders on the queries raised therein. The queries relate to the G.O. quoted above and the following remarks are offered on them seriatum.

No. 1. It does not appear to be the intention that the Harijans who are in receipt of scholarships from the Labour Department are also to be sanctioned stipends authorised in the above G.O. The stipends over and ~~the~~ above the scholarship granted by the Labour Department does not appear to be justifiable.

No. 2. The query raised does not arise. The ~~the~~ question of grant of stipends to converts from Harijan and backward communities has not been contemplated.

No. 3. In the case of Secondary Grade Trained teachers who had already received stipends from provincial funds, a question arises whether such trainees should also be paid stipends in their B.T. Or B.Ed. Course. The view hitherto held is that no person should be trained as a teacher twice at Government Cost, and accordingly it appears that these students should not also be paid stipends authorised in the G.O.

Prior to the issue of G.O. No. Mis. 889 Edn. dated 30-4-47, the Secondary Grade teachers undergoing B.Ed. or B.T. Course were required to pay tuition fees prescribed under rule 115 of the M.E.R. But from 1947-48 onwards, on the recommendation of the Director, Government ordered that no tuition fees be levied from such students undergoing training in the training colleges. This is obviously a concession shown to Secondary grade trained candidates and it is for consideration of Government whether stipends may be paid when such teachers undergo training in the training colleges. In the case of secondary grade teachers who underwent training without getting stipends from provincial funds, it appears equitable that they should be paid stipends now sanctioned by Government.

No. 4. Teachers employed in Schools under the management of District Board and Municipalities while undergoing training would be getting leave salary. Similarly the question of teachers employed in Government and aided schools also arises. Teachers of Government schools take leave for their training and they get leave salary to the extent they are eligible under the rules. The aided managements when they depute secondary grade trained teachers to undergo B.T. or B. Ed., training are allowed to claim grant on the leave salary to them and the expenditure to the extent of half the salary admissible to Government servants of the similar grade is admitted for grant purposes from provincial funds. Further it may be added that these teachers undergo the training with a view to improve their prospects. Under the circumstances there seems to be no need to grant stipends in the respect of teachers referred to above.

Sub:- Stipends - Training Colleges - Harijan and Backward Communities.

Ref:- Letter from the D.P.I., No.2080-E4/48, dated 19-3-1949.

With reference to the orders in G.O.No.509-Education, dated 24-2-1949, sanctioning the grant of stipends to candidates belonging to Harijan and Backward Communities undergoing B.T. or B.Ed. training the D.P.I. is informed

(1) that Harijan candidates who are in receipt of scholarships from the Labour Department need not be granted the stipends;

(2) that the stipends need not be granted to converts from Harijan and Backward communities;

(3) that stipends may be granted to secondary grade teachers who underwent ^{the secondary} training without getting stipends from Provincial funds; and

(4) that teachers employed in schools under the management of district boards and municipal ^{and in} councils, Government institutions and ^{secondary grade teachers from} institutions under aided management need not be granted the stipends.

2. The D.P.I. is also informed that stipends may be granted to the students of B.Ed. class who underwent the training during 1948-49 although they have been discharged from the colleges.

NOTE:- The stipends have been granted for two years with effect from 1948-49. It seems that stipends may be sanctioned to students who have already undergone training although they have been discharged from the colleges.

The draft memo. which may be accepted, subject to the alterations indicated in pencil and subject to the following remarks:

It is proposed to grant stipends sanctioned in G.O. No. 509 Edn of 24.2.49 to students who have undergone the B.T. or B.Ed. course this year and who have already been discharged. It does not seem necessary to make payments to such students, as they must have somehow managed to meet their expenses while undergoing the course. ~~Further, the grant of stipends to these students will not serve the purpose intended, viz. to assist students to defray the cost of the course.~~ Finance may therefore advise against the proposal.

If St.P.H. do not agree and wish to press the proposal they may be requested to take orders in circulation, including H.N. (Fin).

C.No. 2126-E4/60 dated 29-4-61.

Sir,

Sub: Madras Educational Rules - Stipends - Drawal of
Stipends by Government Servants when they undergo
B.T. Course and draw leave salary - regarding -
Ref: Government Memorandum No. 11331-E4/58 dated -2-
Education dated 12-12-58.

With reference to the above I submit the following for
orders of Government.

The grant of stipends at Rs. 20/- per mensem to candidates
belonging to Harijan and Backward class communities undergoing
B.T. Training was sanctioned in G.O. No. 509-Education dated 24-2-59.
In sub-paragraph 4 of the paragraph 1 of the Government Memorandum
No. 22581-C1/49 -2 Education dated 29-3-49 Government have ordered
that teachers employed in schools under the managements of
District Boards and Municipal Councils and in Government
institutions and secondary Grade Teachers under aided managements
need not be granted the stipends. Untrained Graduates employed
in local body schools and Municipal schools deputed by the
respective local bodies are granted stipends at Rs. 50/- per mensem
for 10 months in the year. They are required to give an undertak-
ing to the respective local bodies to serve as teachers for a
specific period. In respect of the secondary Grade teachers in
schools under private managements deputed to undergo B.T. Training
half the salary admissible to Government servants of similar
grade is taken into account for grant purposes.

2 Untrained graduates selected for recruitment as school
Assistants (in the Madras Educational Subordinate service) and
deputed for Training are paid stipends at Rs. 50/- during the Train-
ing. These categories of teachers being given special benefit
for the period of B.T. Training are not paid the small amount of
stipend at Rs. 20/- per mensem (if any of them belong to the back-
ward or Harijan communities) as they get a higher allowance. But
the position of a Government servant, whether a teacher or not,
is entirely different. They are not given any special benefit

56

-2- 36 572

undergoing the B.T. Training. They only receive their leave allowance while on leave for undergoing the Training which they would be entitled to even if they had not ^{joined} ~~paid~~ the Training course such leave allowance is normally due to them unlike in the case of Secondary grade Teachers in an aided high school. So the payment of leave salary to Government servants need not ^{preclude} the payment of stipend to them as TRAINEES BELONGING TO BACKWARD CLASSES OR HARIJAN COMMUNITIES. They are not deputed for B.T. Training unlike the untrained graduate teachers in local body schools or secondary grade teachers in aided secondary schools. The teachers in Government Schools are paid the stipend of Rs. 20/- for the period of training during which they may not be entitled to any leave allowance. The ^{fact} ~~fact~~ of a Government Servant taking leave and undergoing the B.T. training should not affect his eligibility for the stipend of Rs. 20/- per mensem paid to candidates on account of their belonging to backward classes. The leave allowance if ^{any} ~~is~~ paid to him is not for the purpose of enabling the teacher to undergo the training.

3. In the circumstances stated above, I consider that the proposal contained in para 2 of the Government Memorandum cited to prohibit Government servants from drawal of stipends during the period of their B.T. Training is not necessary and that Government servants in general who take leave and undergo the B.T. Training (Regular or shortened) receive also the stipend of Rs. 20/- Per mensem if they are eligible therefor and if they do not get any stipend from any other source.

4. I request the favour of orders on the above.

Yours faithfully,

S. P. S. S. S.
Director of Public Instruction.

Rc.No. 2126 E4/60 Dated 19.8.1961.

Sir,

Sub: Madras Educational Rule - Stipends - Drawal of stipends by Government servants when they undergo B.T. course and draw leave salary regarding -

Ref: Government Memorandum No.42851 E4/61-3 Education, dated 26.7.1961.

In their Memorandum cited, Government have stated that they do not consider it necessary to allow the benefit of the stipend of Rs.20/- to Government servants belonging to Backward classes and Harijan Communities when they are entitled to leave salary while undergoing B.T.Training. Most of the Government servants who are entitled to leave under the Madras Leave Rules now cannot have full pay for more than 4 months particularly those in the vacation department will not have so much leave to their credit. The period of B.T.Training being nine months, it can not be said that Government servants can undergo the training with full or half leave salary for the entire period of training. Again, the presumption of the Government that such servants are not likely to take to teaching profession is not correct. Most of the Government servants in the Education Department who successfully undergo B.T. training are posted as Junior Deputy Inspectors, School Assistants Grade II and Deputy Inspectors of Schools, Grade II. I am of the view that there is no justification for treating the Government servants joining the B.T. course differently from the other trainees for the purpose of sanctioning the stipends due to trainees belonging to the backward classes. A Government servant as such does not receive a special benefit if he is given the stipend due to other trainees similarly placed like him. He is entitled to the stipend as a trainee, even as he is entitled to leave salary admissible under the rules as a Government servant. Government servants of the Education Department, by undergoing the B.T.Training, prepare themselves only for entering the teaching profession, so the benefit/admissible under the existing order may be allowed to them. In these circumstances I request that Government may be pleased to revise their orders cited and approve the recommendations made in my letter Rc.No.2126 E4/60 dated 29.4.61 in so far Government servants in the Education Department are concerned.

Yours faithfully,

for DIRECTOR OF PUBLIC INSTRUCTION.

Re.No. 2129-54/63 dated 28-11-63.

Sir,
Sub: Teacher Training - B.T. course - Scheme of stipends to trainees belonging to Scheduled Castes and Backward classes - Regarding.
Ref: Government Memorandum No. 13485-54/62-6, Education dated 24-5-1963. B/11-1124

127470

The need for continuance or otherwise of the scheme of sanctioning stipends to the B.T. trainees belonging to the Scheduled Castes and Backward classes cannot be decided merely on the basis of the number of applications received for admission to the B.T. course. In so far as candidates belonging to these communities are concerned, there is no appreciable increase in the number of students seeking admission to the B.T. course. Unless the existing system of paying stipends to such candidates for undergoing the B.T. course is continued, it is most likely that there would be a fall in the number of candidates belonging to the Scheduled Castes and Backward classes seeking admission to the B.T. course. The system of paying such stipends is being continued not merely because there is a dearth of candidates belonging to these communities for admission to the B.T. course but for the more ~~any~~ valid reason that these candidates belonging to the economically weaker section of the society would not be in a position to meet the full expenses of undergoing the B.T. course without some assistance from Government. Now there is a greater need for continuing the scheme of stipends than before because the cost of living has increased so considerably that no candidate belonging to the Scheduled castes or the Backward classes could afford to undergo the B.T. training for one academic year without any financial assistance from the State. Though no fees are levied from the trainees of the B.T. course, yet the expenditure on board and lodging for a period of 9 months would approximate to Rs. 500/-. It may thus be seen that the stipend of Rs. 200/- a month ~~paid to the trainees belonging to the Scheduled castes~~ (P.T.)

or a backward class candidate would cover but one-fourth of the expenditure that he will have to incur while undergoing the B.T. training. Even if this small assistance is denied to candidates belonging to these communities there would be no incentive left to them for joining the B.T. course. The teaching profession, despite the introduction of the revised scales of pay for B.T. assistants, is not yet so attractive as to make it worthwhile for the trainees to spend a fairly good amount on undergoing the course. When a number of scholarships are awarded even for the degree courses in general education (B.A., B.Sc., etc.) it would not be fair to withdraw the award of a limited number of stipends for candidates belonging to the Scheduled castes and backward classes undergoing the B.T. training. Even though there is no dearth of candidates for admission to the degree courses of B.A., B.Sc., etc., yet provision is made for the award of scholarships to some students who may be economically weak. The same ground holds good for the award of stipends. ²⁵⁴⁵⁶ Scheduled caste and backward class candidates admitted to the B.T. course.

2. At present the B.T. trainees belonging to the scheduled castes and backward classes are eligible for financial assistance from the Education Department in the form of stipend and from the Department of Harijan Welfare in the form of residential scholarships. These two financial concessions are mutually exclusive in that no trainee who obtains the residential scholarship from the Harijan Welfare Department is eligible for the award of stipend of Rs. 20/- a month. If Government were to discontinue the scheme of award of stipends to such trainees, then there would be no real economy in the amount of financial assistance to be given by the Department of Harijan Welfare would increase ^{compared to} because a large number of candidates belonging to these communities are likely to seek residential scholarships, etc., awarded by the department of Harijan Welfare.

3. In the circumstances stated above I am of the opinion that ~~for~~ for a long time to come the candidates belonging to scheduled castes and backward classes will have to be paid stipends to cover a portion of the expenses incurred by the trainees (P.T.O.)

74

in undergoing the B.T. or B.Ed. degree course. I therefore recommend that Government may continue the scheme of payment of stipends to B.T. trainees belonging to these communities as a permanent measure.

Yours faithfully,

Chelam

The Principal, Government Training College, Komarapala raised a doubt whether Sri K. Eswaran, I Grade Assistant in Office of the District Khadi Officer, Salem (on leave) under Khadi and Village Industries Board who is now undergoing the Course in his college is eligible for the stipend sanctioned G.O.s cited above.

With reference to Government Memo. No. 22581-C.I/49-2 dated: 29-3-1949 teachers employed in schools need not be given these stipends. Again, with reference to Government Memo. No. 114/62-7 Education dated: 26-12-1962, Government servants of other departments are also not eligible for these stipends. On the basis of Government Servants, I consider that these stipends need not be sanctioned to employees of quasi-public establishments, such as Khadi and Village Industries Board, Madras Housing Board, Madras Electricity Board etc.

I request early orders of Government in the matter.

Yours faithfully,

for Director of Public Instruction

Secy., E. & P.H. Dept.

I understand that applications for admission
to the Teachers' School at Saidapet has been very
few this year, even as compared with that of the
last year. Our Secondary Schools have nearly
doubled in the last 4 or 5 years, but our Teachers'
Training section has been going down every year.
In the last year, it was about 140 and at this year,
I understand, is only 110 including 6 girls. This
is a very serious state of affairs, and we must
take steps to see that greater ^{admission} appointments are
ensured for the Teachers' Colleges; for, without
trained teachers we cannot run our rapidly increasing
High Schools. Our High Schools are increasing by
about 100 a year in the last 2 years. The D.P.I.
may be asked to consider proposals which will attract
more men into the profession. ^{he} You may consider
2 ways for attracting these people.

(1) To begin them on Government grades ^{to}
begin even people in the Local Boards on Govt. grades.
It may go up to the maximum of the 2nd grade in Govt.
service. We have already made the pay of the
secondary grade ^{teachers} and others in Local Board service
almost the grade of Government service. The others
left are only the B.A., L.Ts. ~~giving~~ Giving the L.Ts.
~~under~~ on Govt. grades and taking them to the maximum
of the second grade will ^{not} cost us much. Even now,
I believe, under the rules, if any ^{adev} institution gives
at Govt. rates, we are liable to pay them at 2/3rds
grant. The D.P.I. may be asked to calculate and give
us figures as to the extra cost involved, if we are
to prescribe Government rates to all the Local Board
Schools also and give them ^{1/2} grant.

P.T.O.

2.

(2) The matter of giving stipends to the the D.P.I.

L.Ts. may also be examined and ~~they~~ may be asked make proposals for inclusion to ~~include these proposals~~ under part II Schemes of this year. The stipend may be Rs.20/- for 9 months.

In view of the paucity of candidates for the L.T. Training Colleges, it may be necessary for us to introduce Government scales of pay at least of the ~~second grade~~ ^{11 grade in Govt. service for those serving in local} board teachers. Local boards and municipalities may be asked to consider their financial position with regard to the high schools under them and give us the following figures:

1. How their financial position has been affected by the new choice being given to them of substituting conditions of grant to aided institutions instead of the old arrangement.
2. How much their position is better by the increase of the fees from eight to ten instalments.
3. What will be the financial effect if the Government grades of pay ~~(second grade)~~ are adopted in secondary schools and if the Government rates (second grade) are allowed to L.Ts.

Please see the remarks of the D.P.S. ^{on pgs 2 & 3} on the suggestion of H.M. (Edu) that the scale of pay for d.T. Assistants in the service of local bodies may be raised to that of School Assistants II Grade in Govt service with a view to attract more candidates for d.T. Training Colleges. He considers that the proposal is not commendable for the following reasons

(3). If the scale of pay for L.T. Assistants ^{is} raised, other teachers in the employ of local bodies will claim the corresponding scale of pay in govt service and it cannot easily be turned down. Further local bodies may not be in a position to meet the additional expenditure involved in the further revision of the scale of pay especially if teaching grant is to be limited to one half instead of two thirds of the approved net cost as in the case of aided schools.

(2) There will be difficulty in securing qualified men & women for service under govt.

(3) It is too soon to say how the financial position of local bodies has been affected by the payment of grant on half the net cost basis instead of fixed lump sum subsidies.

In the circumstances stated by the DPJ, it is for consideration whether the question of

raising the scale of pay for L.T. Assistants may be deferred
 If so, there is no need to call for the information required
 in the H.M.'s minute on page 3 ante

As regards the grant of stipends, the DPJ enquires
 whether proposals should be submitted for the grant of stipends
 to all students undergoing training for B.Ed and B.T. degrees
 or to Harijan & Muslim students alone as required in G.O. No
 1306 E.D. dated 23.6.47. As orders have already been taken in
 circulation that only the latter scheme should go forward as
 a Part II scheme for 1948-9, the DPJ may be asked to
 submit proposals for the grant of stipends only to Harijan &
 Muslim students

The file may be circulated to H.M. (E.D.) for orders on
 the two points raised above

27.8.47

The need is not only for Harijan and
 Muslim L.Ts. but also for all L.Ts. The strength
 in our Training Colleges has been going down very
 low and so, proposals may be put up in Part II
 for giving stipends for all L.T. candidates.

Last year the Director proposed as a Part II Scheme
 for 1948-49, the payment of stipends to Muslims (both
 men and women) and Harijans (both men and women) under-
 going the B.T. or the B.Ed. training in the training
 colleges at the rate of Rs 25 per mensem for 9 months.
 However it was decided in circulation that the proposals
 for the payment of stipends to Muslims and Harijans might
 be brought forward as a Part II Scheme for 1948-49.
 Please see the notes connected with the G.O. No. 1306 E.D.
 dated 23.6.1947.

para 2b 2 ante
 H.M. (E.D.) has since ordered that the payment of
 stipends at the rate of Rs 20/- per mensem for 9 months
 to all L.T. (B.T. or B.Ed.) students should be examined
 in connection with the Part II Scheme for 1948-49.
 The Principal of the Teachers' College, Saidapet,
 P.T.O.

88
has also reported that stipends may be paid to all candidates undergoing B.T. or B.Ed. training irrespective of community. Even though the scales of pay of teachers have since been raised, the Director has already expressed the view that stipends are still necessary in the case of Muslims and Harijans while it would be a definite inducement in the case of women of all classes.

The ultimate cost involved in the proposals ^{will be about} is Rs. 3100/- per annum ~~or~~ Rs 94,300/- per annum according as the proposal is confined to Muslims and Harijans, or extended to all students who do not pay fees. It may be noted here that fees as at present levied in the training institutions from candidates outside the Presidency except those who are bonafide teachers employed in schools in this Presidency with guarantee of future employment in such schools.

In the circumstances this Department may support the proposal for the payment of stipends to all the ~~non-paying~~ ^{who do not pay fees} students with effect from the next school year. The file may be sent to Finance for remarks.

Part II Scheme for 1948-9.

With reference to the minutes of H.M.(Education) on pp.2 and 6 above, the D.P.I. has submitted proposals for the grant of stipends to all nonpaying students undergoing B.T. or B.Ed. training in the Govt. and private training Colleges at the rate of Rs 20/- per mensem tenable for 9 months in a year ^(x number of students is estimated as 524 students in 1948-49) for 524 students.

The cost of the scheme is as follows:-

	Recurring cost	Ultimate Cost in 1948-9.
	Rs	Rs
Stipends to 524 students @ Rs 20/- per mensem tenable for 9 months in a year.	94,300	94,300

In view of the stringent need for economy, only post-war development schemes, Schemes relating to Grow More Food, remunerative schemes and schemes that are imperatively and immediately essential for the proper running of departments are to be considered as Part II Schemes for 1948-9. The ^{present scheme} proposals above does not seem to satisfy the criteria laid down for Part II Schemes for 1948-9.

with respect to In view of the minute of H.M.(Education) on p.6 above, E.& P.H. may be requested to take the orders of H.M.(Finance) as to whether this ^{proposed} ~~will be~~ ^{admitted} ~~considered~~ for consideration as a Part II Scheme for 1948-9 or not.

The notes from p.7 ante may be perused with ref. to P above. The file may be circulated to H.M. (Finance) for orders as to whether the proposal for the payment of stipends to all ^{undergoing B.T. or B.Ed. courses} ~~the students~~ who do not pay fees) with effect from the next school year may be treated as a Part II Scheme for 1948-49.

Previous minutes of HM (Edu) 27/11/47 and 6 ante.

Our training colleges are going empty. This is very essential if we are to run our training schools. The matter may be pressed.

During the war-period, students did not go to training colleges. That is a bit a fair index. We can defer this for the present. Harijans also may be given.

7.12
The file may be recirculated to H.M. (Edu) for orders. I know this will cost us a great deal if we give these stipends. But still in view of the present cir-

cumstance this seems to be necessary. We are paying the teachers much lower than what the people with the same qualifications get in other posts and if we don't give these stipends also, it will indeed be very difficult. As it is, many of our High Schools, aided as well as Board institutions are going without teachers. I have received a great deal of complaint especially from the Andhra area on this matter. Our work in the institutions ^{are} sabotaged for want of qualified hands and this seems to be very essential just now and so this may be considered by the Standing Finance Committee

as a Part II Scheme

TSA

The minutes of H.M.(Education) at pp 9-10 above may be perused. H.M.(Education) wants that stipends should be granted to candidates of all communities for undergoing B.T. or B.Ed. course while H.M.(Finance) would restrict the grant of stipends to Harijans. The file may be re-circulated to H.M.(Finance) for orders whether the proposal may be considered as a Part II Scheme for 1948-49, the question whether stipends should be granted to candidates belonging to all communities or to Harijans only being left to be decided by the Standing Finance Committee.

I would like to know the number of applications received for admission in our Training Colleges. When the matter of giving stipends was mooted during the consideration of the Part II proposals, it was suggested that this year we will get a proper number of applications even without stipends. I want to see the number of applications received before taking any further action. The Principals of both the Training Colleges, the Teachers' College, Saidapet and the Lady Willingdon Training College, may be asked to report the number of applications received for admission into their respective colleges for the next year. The D.P.I. may also be asked to report the number of people for whom exemptions have been given in the current year i.e., appointment of mere graduates without training and also the probable number of L.T.s. that will be required for our schools and services in the next year for both men and women so that we may have an idea of the demand for these personnel. I believe that the time for the receipt of applications for the L.T. colleges is by the end of this month and so this report may be ready within a few weeks. They may be asked to report as soon as the date for the receipt of the applications has been closed.

With reference to the minutes of H.M.(Edu) at
pages 14-15 above, attention is invited to the T.M. on page 31 of
the revised draft amendments ^{to the M.E.R.} suggested by the ^{D.P.I.} on
pages 37-38 of and the further correspondence on pages
39-41 of. In the circumstances stated by the D.P.I. on
pages 41 of and in view of the facts that the concessions
new training sections of the type ~~ordered~~ sanctioned in
G.O.No. 1018 Edn., dated 21.5.1946 were ordered to be
opened in 1947-48 also in G.O.No. 738 Edn., dated 15.4.47
and that similar training sections started by the D.P.I. in 1948-49 in top one grade
are proposed to be approved, the increase of stipends
for secondary and elementary higher grades from 12 and 8
to Rs. 18 and Rs. 12 respectively (ordered in G.O.No. 1018 B46)
may be taken to have been sanctioned permanently. In
this view, the revised draft amendments to the M.E.R.
on pages 37-38 of may be approved. Finance may
see before circulation.

reference to the minutes of H.M.(Edu) on page 13 and

Finance (Exp.C) Deptt.

(previous Finance note on pp.8-9 above).

In G.O.No.1018 Edn., dated 21-5-46, the Govt. directed
that the rates of stipends given to candidates under-
going elementary grade and Secondary grade training be
raised from Rs.8/- to Rs.12/- and from Rs.12/- to Rs.18/-
a month respectively. It has ^{now} been decided that stipends

Edn. No. 68491/1-9-E, Edu
25.11.1948

of Rs 20 p.m. should be sanctioned to members of the back-
ward and Harijan communities undergoing the B.T. or B.Ed.
training courses in the Training Colleges of the Province.
The proposal now is to amend the ^{M.E.R. Rules} suitably with refer-
ence to the above orders.

2. E.&P.H. have stated, in this connection, that the
increase in ^{the} rates of scholarships sanctioned in the case of
elementary ~~higher~~ grade and secondary grade courses may be
taken as a permanent one, in view of the fact that the new
training sections of the type sanctioned in G.O.No.1018 Edn.
dated 21-5-46 were ordered to be opened in 1947-8 also and
that similar training sections started by the D.P.I. in 1948-9
are proposed to be approved. When the training classes were
originally ordered to be opened in G.O.No.1018 Edn., dated
21-5-46, it was considered that for the time being it was
enough, if arrangements were made to train 4,000 additional
teachers. It would appear that the enhanced rates were
sanctioned primarily to induce more candidates to come forward
for undergoing the training courses and, as such, the increase
should be ^{regarded} as a temporary one, to be continued until
experience shows that there is no need for such inducement
and a sufficient number of candidates come forward even without
it.

The stipends for candidates of Harijan and backward
communities undergoing the B.T. or B.Ed. courses may also be
regarded as a temporary one. The decision to give these
stipends arose out of the circumstances mentioned in H.M.
(Edn.)'s Minute at p.1 above, viz., that there was a falling
off in the number of applications for admission to teacher's
colleges. The concession may be given for two years at a time
subject to review at the end of the period.

In the above view, as the concessions are to be
regarded as a temporary, no amendments to ^{the} M.E.R. rules need
be made.

The Finance Deptt. suggest that the concession of stipends of Rs.20/- each to students belonging to Harijan communities and backward classes in B.T. and B.Ed. classes may be for a period of two years.

This may be accepted.

They also suggest that enhanced stipends of Rs.12 and Rs.18 to ele. grade and secondary grade students in training schools may be temporary until sufficient number of candidates come forward for training without the inducement of enhanced stipends. Finance's view may be agreed to. Perhaps the increased rates may be in force for two years.

This Dept. may also agree with Finance that M.E.R. need not be amended as proposed by the D.P.I.

2. In the note on p.17 above, this Deptt. suggested that the increase in the rates of stipends in the case of elementary and Secondary grade courses should be regarded as a temporary one and that the stipends proposed to be given to candidates of Harijan and Backward Communities undergoing the B.T. or B.Ed. courses might be sanctioned for two years at a time subject to review at the end of the period. E & P.H. agreed with this Deptt. H.M.(Edn) considers that no time limit is necessary in either of the cases. It may be stated that the main purpose of the concessions was to induce a sufficient number of candidates to come forward to undergo the training. A time may come when such inducement may not be necessary, and if it does come, the concession may well be withdrawn. In any case, there seems to be no harm in granting the concessions on a temporary basis, as it is always open to the Government to continue them from time to time, if the circumstances of the case justify such continuance. If the concessions are not to be given on a temporary basis as suggested by this department, E.& P.H. may be requested to circulate the case to H.M.(Finance).

NOTE FOR CIRCULATION.

This case relates to the proposal of the D.P.I. to continue to give stipend of Rs.20/- p.m. to those graduate Govt. servants who belong to Harijan and Backward classes (i.e., mostly clerks of the Education Dept.) when they undergo B.T. training after taking leave of their own accord.

2. In 1949, the Govt. ordered that candidates belonging to Harijan and Backward communities undergoing B.T. and B.Ed. training courses be granted stipends at the rate of Rs.20/- p.m. The reason for this order was that in 1940's there was an acute dearth of applicants for admission to the B.T. course and it was found necessary to offer stipends as an attraction. According to the instructions later issued in the same year, this stipend is not admissible to the teachers employed in schools under the management of district boards and municipal councils and in Govt. institutions and to the secondary grade teachers in institutions under aided managements. Untrained graduates employed in local body schools and Municipal schools deputed by the respective local bodies are granted stipends at Rs.50/- p.m. for 10 months in the year on their giving an undertaking to the respective local bodies, to serve as teachers for a specific period on their return after B.T. training,

In respect of the secondary grade teachers in schools under private managements deputed to undergo B.T. training, half the salary admissible to Govt. servants of similar grades, is taken into account for grant purposes. The untrained graduates selected for recruitment as School Assts. in Govt. Schools (in the M.E.S.S.) and deputed for training are paid stipends at Rs.50/- during the trg. on their executing a bond to serve as in the posts indicated by Govt.

3. Harijan and Backward ^{class} candidates among these categories of teachers ^(referred to at S above &) getting stipends or other benefits, are not allowed, in addition, the Harijan/ Backward class stipend of Rs.20/- ~~in addition.~~

4. The D.P.I. was asked to consider the need for allowing the Govt. servants belonging to Harijan and Backward Class undergoing B.T. trg. to drawing the stipends. These Govt. servants receive their leave salary ^(for the period admissible) while on leave for undergoing the Trg. The Director has replied that the payment of leave salary to Govt. servants need not preclude the payment of stipends to them as trainees belonging to Backward classes or Harijan Communities.

5. It may be pointed out that the non-teaching Govt. staff undergo B.T. course only for the betterment of their prospects (to become eligible for appointment as Dy. Inspectors of Schools and School Assts.) ^{be} It will not also be possible to take a bond from them to ensure their service as teachers after trg., suspending their rights or continuance in their previous appointments under Government.

6. In the circumstances, this dept. proposes to issue orders to the effect that the stipend of Rs.20/- p.m. will not be admissible to the non-teaching Govt. servants belonging to Harijan and Backward classes, Finance have agreed. The file may be circulated to M.(F.) for approval of the proposal of this dept.

The Govt. have issued orders in

directing that the Government servants
belonging to Harijan and Backward classes

of stipends to such trainees, who, though
Govt. servants, have no leave to avail of and

Subd. with ref to the remarks of the D.S.E. at p2 ante: From the statement at p13 of it may be seen that the total capacity has been utilised during these years in most of the Training Colleges. The presumption of D.S.E. at p ante is correct. It does not seem necessary to issue a reference to the D.P.I. in this regard. His reply to the memo at pp15-16 of may be awaited till 20-6-63.

The scheme of stipends for Scheduled Castes and Backward Class candidates among B.T. trainees was introduced in 1949. The reason underlying the scheme was that in 1940's there was an acute dearth of applicants for admission to the B.T. course and it was found necessary to offer stipends as an attraction. More than 13 years have elapsed since then. At present

(pro)

the nos. of applications recd. for admission to the B.T. Course is for higher than the nos. of candidates admitted. It was therefore felt that there is no need to continue this stipend which was introduced by way of an inducement to attract applicants for this course. The D.P. has accordingly been asked to offer his remarks whether this scheme of stipends may not be discontinued. His reply is awaited. The interim reply received from the Dir. is at p 29 of.

This may be submitted to Secretary.

The total no. of seats available in each college & the no. of applications received & the no. admitted may not give a correct indication regarding the need or otherwise for the continuation of the grant of stipends to scheduled caste & scheduled tribe candidates.

I think a certain percentage of seats in the training colleges are reserved for reserved for scheduled caste & scheduled tribe candidates.

The statistics of nos of seats reserved in each college for such candidates, the no of applications received from such candidates and the no. admitted may give a

more correct picture. In case the seats reserved for such candidates are not availed of by such candidates as per band of scheduled caste & backward class candidates the seats are ~~also~~ given to other candidates, then there may be a need for the continuation of the stipend to provide some incentive & attraction to these candidates. In case the nos of reserved seats are lesser and the nos of applications from candidates belonging to these caste & class are more than the reserved seats and there is a competition among the candidates belonging to scheduled caste & backward class caste then there may be a case to withdraw the concession.

There is a file (in E3) which deals with the problems of paucity of science teachers. Even candidates from forward caste & classes ^{who are science graduates} ~~are selected for being~~ being sent for B.T. as they are given a stipend of Rs. 50/- p.M each for the duration of ^{the} training with a guarantee of appointment. pl. refer this file also (in E3) and examine the proposal in this file in the light of the above observations very urgently.

(E3 section)

In the file referred to by A.S. E on p 5 ante,
the D.P. is being asked to suggest concrete
steps to increase the no. of overcome the
paucity of trained Science and Mathematics
teachers. The D.P. in his discussion with
the Secy. on that subject, has stated that as
an inducement to get more no. of such teachers,
the Science and Maths graduates from the
local body institutions are sent to the B.T. Course
and given a stipend of Rs 50/- pm. during the
training. The provision set out at 'S' on pp 4-5
ante may be got clarified by the D.P.

the stipends given to scheduled castes and backward class
candidates in B.T. Training Colleges should be continued
or withdrawn. The particulars called for in the memo.
'A' at page 31 c.f. are necessary. We cannot decide this
issue with the number of seats available and the number
of applications received for the courses. No doubt,
a large number of applications compared to the seats available
are received. On this basis, it is not correct to withdraw
the stipends given to backward class and scheduled caste
trainees. Particulars referred to at A may be awaited.

Discussed with Secretary. Secretary is of
the view that there is no need to take up the general
question of withdrawing the stipends given to the
Scheduled Castes and Tribes undergoing B.T. training.
There is need to encourage them to take to such
training in large numbers. This may be lodged and
added to the papers at (K).
