R.C.No.725-D2/48 dated 3rd January, 1949.

SIR,

Schools - Special - Assessment of Grant in Nursery Training Schools.

I have the honour to address Government in connection with the rates of assessment of grant for Nursery Training Schools under private ~~am~~ aided managements and to request that the suggestions made below may be favourably considered.

2. While grant is being allowed to ordinary training schools at $\frac{2}{3}$ of the net cost for arriving at the code grant and at $\frac{1}{2}$ net cost for Dearness allowance, hitherto it has been the practice in the Department to assess grant only at $\frac{1}{2}$ net cost for Nursery-Training schools. As a result Nursery school managements suffer from chronic lack of funds. It is felt that the work of these schools is important, as training teachers for laying the foundation for all future school work, and, the schools have as much claim for enhanced rates at $\frac{2}{3}$ of net cost, as ordinary training schools.

3. Though I have powers under Chapter VI of the Grant-in-aid Code to assess grant at $\frac{2}{3}$ the net cost, this will be a departure from established practice and I request therefore, that the Government may be pleased to permit me to calculate grants at $\frac{2}{3}$ the net cost (for code grant only) from the current year itself.

4. The approximate additional cost to Government if the proposal is approved by Government will be Rs.3,000/- and I request that the additional funds necessary for this year may be made available. The matter will be kept in view in submitting the Revised Estimate for 1948-49.

5. I request the favour of early orders.

Yours faithfully,

K. S. Srinivasan

Grant - Special Schools - Nursery Training Schools
under private managements - Assessment on the basis
of two thirds of the net cost from 1947-8 onwards

no. 1187. From the DP9, Rs no 725 22/48 & 3.1.49

Memo. NO. 1187 B, 149-1 Edm d/ 8-2-49.

Under G.O. no 2304 Education 230-10-47,
teaching grants may be assessed on the basis of two
thirds of the approved net cost from the school year
1947-8 or from 1.7.47 only in respect of those training
schools which have adopted atleast the revised scales
of pay fixed for teachers in Secondary schools
under local bodies from that date. The Director of
Public Instruction is requested to report ^{the no of} whether all the
Nursery Training Schools ^{in the province} have adopted the revised
scales of pay for the members of the teaching staff
and if not which of the schools have adopted the revised
scales from the school year 1947-8 and whether
the approximate extra cost of Rs 3000 reported, is
only in respect of those schools which have adopted
the revised scales and whether it is the immediate
extra cost, i.e. for 1948-49 or ^{the} ultimate extra cost. The
Director is requested to report the names of the
Nursery Training Schools for which it is proposed
to assess teaching grants on the basis of two thirds
of the approved net cost for 1947-8 and the schools
if any, to which the concession will have to be extended
later on.

No. 123-1243 dated 10th February 1948.

Subject: Grant-Special Schools-Nursery Training School under
Private Management-Assessment on the basis of two
thirds of the net cost from 1947-48 onwards.
Ref: Govt. Memo No. 1127-1243-1 Education dated 2/2/1948.

CCM

I have the honour to submit herewith regarding
the details called for by Government in the Memo. referred to above:

1. There are three aided nursery training schools in the
Province, viz. (i) Nursery Training School, Vepery;
(ii) Children's Garden School, Mylapore;
(iii) Arumale Montessori Training Centre, Mylapore.

2. All the three schools pay their staff at rates not lower
than the "Revised Scale" of pay from the year 1947-48.

3. The approximate extra cost of Rs. 3000/- is in respect
of all the three schools.

4. This extra cost of Rs. 3000/- is the ultimate extra cost
The immediate extra cost is Rs. 3000/- as one of the schools
was admitted to aid during 1947-48 and will therefore
receive teaching grants for the first time during 1948-49.

5. It is proposed to assess teaching grants on the basis
of 2/3 of the approved net cost for 1947-48 for the following
schools:
(i) The Nursery Training School, Vepery.
(ii) The Children's Garden School, Mylapore.

6. It is proposed to extend the concession to the Arumale
Montessori Training Centre for the year 1948-49.

I presume it will be necessary to extend this to
the new schools that may be opened in future subject to the
condition that the revised scale of pay are allowed in such cases.

Yours faithfully,

From the DPD, no 725-22/48 d/3.1.49 + 16.2.49

Order no 544 Education d/26.2.49

The DPD is informed that as Nursery
training schools are also training schools, the orders
issued in Go. no 2304 Edu dated 30.10.47 will apply
to the assessment of teaching grants to nursery
training schools also from the school year 1947-48
The Director may therefore assess teaching grants
to the Nursery Training School, Vepery and the
children's Garden School, Mylapore, for 1947-8
on the basis of two-thirds of the approved net cost.

Grant-Special Schools-Nursery Training Schools under private managements-Assessment on the basis of two-thirds of the net cost.

From the D.P.I. Rc.No.725 D2/48 dated 3-1-49.
From the D.P.I. Rc.No.725 D2/48 dated 16-2-1949.

In the case of special schools, grants are assessed under the provisions of Chapter VI of the Grant-in-Aid Code and the D.P.I. has discretion to fix the amount of grant to such schools taking into consideration all the circumstances. However, to ensure uniformity, the Director has been assessing grants to these schools on the basis of half the net cost of maintenance in the preceding financial year. In the case of training schools under private managements it was ordered in G.O.No.2304 Edn., dated 30-10-47, that teaching grants may be assessed on the basis of two-thirds of the approved net cost in respect of those training schools which have adopted at least the revised scales of pay fixed for teachers in Secondary schools under local bodies. The D.P.I. has now recommended that the basis of assessment of teaching grants may be raised from one half to 2/3rds of the approved net cost in respect of nursery training schools ^{also} under private managements.

2. There are three nursery training schools in this Province and one of them has been admitted to aid only during 1948-49. The increase in the basis of assessment of teaching grant from one-half to two-thirds of the net cost will involve an additional expenditure of only Rs. 2,000 in the current year. The D.P.I. has reported that the ultimate cost on the revision of the basis of assessment will come to Rs. 3,000/- per annum.

3. The D.P.I. has reported that all the three special schools pay their staff at rates not lower than the revised scales of pay from the year

The grant for learners allowance should be limited to half the expenditure actually incurred by the managements on payment of the allowance at rates not exceeding the Govt rates

1947-48 onwards. The basis of assessment at the enhanced rate will no doubt be applicable in respect of nursery training schools which may be opened in the future, provided the revised scales are adopted in such cases. In these circumstances the Director's proposal whether the basis of assessment of teaching grants in respect of nursery training schools may be raised to 2/3rds of the approved net cost of maintenance in the preceding financial year from 1947-48 onwards may be accepted.

4. Funds- The D.P.I. ~~has~~ reported that the addl. expenditure of Rs. 2,000 on payment of grants to the Nursery Training School, Vepery and the children's Garden School, Mylapore on the basis of two-thirds of the net cost of maintenance of the school in 1947-48 will be kept in view when submitting the R.E. for 1948-49. He has not reported that a supplementary estimate should be obtained now.

on account of the proposal is Rs. 3,000/- p.a. As this exceeds the limit of 2,500/- p.a., the proposal will have to be treated as a 'new service' and the appropriate procedure followed. A supplementary grant will also have to be obtained from the Legislature in the current year.

This need not be treated as a 'New Service'. Nursery training schools are also covered by the orders in G.O. 2304 Edn 30.8.47. The D.P.I. has asked for the orders of the Govt. on the ground that payment of grants at 2/3 net cost to these schools will be a departure from the established practice. In order to be covered, the SSPH Dept. may explain the position in that the Govt. may not raise the question of 'New Service' in this case.

With reference to P 2 above, SSPH may be requested to ensure that funds are provided, if necessary, to support a supplementary estimate.

With reference to portion marked XX above, a draft T.M. to the D.P.I. is submitted below for approval.
