THE REGISTRAR,

ANNAMALAI

To

Copy of letter from the Registrar, Annamalai University, dated 31-7-1948.

I am directed to address you on the question of recognition of the Engineering and Technology Degrees of this University to which my attention has been drawn in the enclosed letter.

As you may be aware, the department of Engineering and Technology was instituted in this University in the year 1945 at the suggestion and initiative of the provincial Government as a Post-war reconstruction scheme, with a view to providing the technical personnel necessary to carry out the industrialization programme than under active consideration of the Government. With their generous financial aid of Rs. 10 lakhs towards capital grant, the Engineering and Technology courses were started in July, 1945. The first batch of graduates will come out in April, 1949. The enclosed booklet will give you an idea of the courses of study, syllabuses and the standard of examinations for the B.E. and B.Sc.(Tech.) degrees which were closely modelled on the schemes of study in operation both at the Engineering College, Guindy, and Alagappa Chettiar College of Technology, Guindy, attached to the University of Madras. The syllabuses were prepared by a Committee of Experts and approved by the Chief Engineers, to the Government of Madras. A set of question papers for the University Examinations conducted these three years in 1946, 1947 and 1948 is also enclosed. It will be noticed that the standard aimed at is as high as that obtaining in the Madras and other Indian Universities. On the Boards of Examiners external members are associated with a few internal examiners for the purpose of co-ordinating the work and ensuring proper standards on the basis of the syllabuses prescribed.

In these circumstances, I need not urge the claims of this University for the due recognition of its Engineering and Technological degree as has been accorded to similar degrees of other statutory Indian Universities. I request therefore that the Commission will be pleased to consider this application sympathetically and accord recognition by including the degrees of B.E.(Civil, Mechanical and Electrical Engineering) and B.Sc.(Technology) Chemical Engineering of this University as adequate qualifications for appearance at the All India Competitive Engineering Services Examinations

I have gone through the syllabuses and course of study of the
Annamalai University in B.E. and B.Sc.(Tech.). The courses adopted
in the college of Engineering and Technology of the Annamalai
University, as pointed out in the letter of the Registrar of the
Annamalai University, are identical courses as conducted in this
College. The syllabuses and courses of study have been drawn up
in exactly the same way as B.E. and B.Sc.(Tech.) of the Madras
University. Many of the members of staff of this College and
that of the Alagappa Chettiar College of Technology, are Examiners
for the Annamalai University and are therefore fully conversant
with all the details of the course. There may be some apprehension
as to whether the College has been fully equipped to train the stu-
dents to that degree which can be obtained in other Colleges of
the Madras University. Any deficiency in the equipment is con-

Sir,

With reference to your letter No.G.6, dated the 31st July,
1948, received through the Madras Government ~~of~~ 19th November, 1948,
on the subject noted above, I am directed to say that, in connec-
tion with the competitive examinations for recruitment to the All
India and Central Services, the degrees and diplomas awarded by
Universities are recognised by the Government of India on the
recommendation of the Federal Public Service Commission. The
Commission, as a matter of policy, do not recommend the recognition
by the Government of India of any degree or diploma awarded by a
University or Institution in India for the purpose of admission to
the Engineering Services Examination, conducted by them unless it
is previously recognised by the Institution of Engineers (India),
Calcutta, as exempting from Sections A & B of their Associate
Membership Examination. I am, therefore, to suggest that you should
approach the Institution for the recognition of the B.E. and B.Sc.

dated 28/29.9.48.

At the instance of the Devt. Department, the
Registrar, Annamalai University, has submitted an applica-
tion to the Secretary, Federal Public Service Commis-
sion, requesting him to recognise the degrees of
B.E. (Civil, Mechanical and Electrical Engineering)
and B.Sc. (Tech) Chemical Engineering of the Annamalai
University as adequate qualifications for appearance
at the All-India Competitive Engineering Services
Examinations held by the Commission every year. He
has also forwarded a booklet giving an idea of the
courses of study, syllabus and the standard of
examinations in respect of the above degrees, along
with a set of question papers for the University
examinations conducted in 1946, 1947 and 1948. The
Registrar requests that the application be forwarded
to the Secretary, P.W.D., with this Govern-
ment's support and recommendation. The D.P.I. who
was consulted in the matter supports the request of
the University. The C.E., P.W.D., through whom the
D.P.I.'s remarks were sent also recognises the Uni-
versity's request. In the circumstances, this Govt. may
agree with the D.P.I. and the
Registrar, Annamalai University, and the
Secretary, P.W.D., with the remark
that this Govt. support the request of the University.

Subject to orders, a draft letter is submitted for approval. Devt., P.W.D., and Public(Ser) may see for remarks before circulation.
