Elementary schools under private management in the city are assessed grant, in the same manner as grants are paid to similar institutions in the moffasal. The grants are generally determined with reference to the number of teachers and their qualifications. A set of rules have been framed to regulate the payment of these grants.

In the case of secondary schools under private management in the city, grants are paid on the basis of two thirds of the net cost just like in the case of similar institutions in the moffasal. The grant is payable under the provisions of the Grant-in-Aid Code.

Clause (b) of the question:- The Govt. do not exercise as much control over the schools maintained by the Corporation as they do in the case of local bodies. The Corporation ele. schools are ~~to be~~ recognised by the Deptt. like other ele. schools. The E.E. Fund of the Corporation is subject to the control of Govt. as in the case of other local bodies. In regard to establishment the matter is entirely left to the Corporation while in the case of other local bodies statutory rules have been framed to regulate the following matters:-

- (1) qualifications of teachers
- (2) appointment and punishment of employees.
- (3) personal conduct, probation, seniority, discharge from service, etc.

No special control is exercised in regard to the expenditure on secondary education by the Corporation.

The Govt. have framed rules to regulate the grant of recognition to elementary schools both under public and private management including the institutions in the city. Separate set of rules are also in force to exercise financial control over aided elementary schools and these are applicable not only to elementary schools under private management in the city but also to ele. schools under private management in the moffasal.

should  
Secondary schools ~~which~~ conform to the provisions of the M.E.R. These rules apply not only to secondary schools in the city but also to those in the moffasal.

Clause (c) of the question:- In G.O.No.965 Edn., dated 24-4-48, the Govt. constituted a Committee consisting of four members to enquire and report whether the educational facilities for Telugu children studying in the schools in the city of Madras have become less in the last two years and whether Telugu sections have been abolished by Govt. in any of the schools. Subsequently, the Committee was also asked to make its recommendations in regard to the improvement of the present position, if in the course of the enquiry it was found that such recommendations would be helpful for the better teaching of Telugu to the Telugu children. The answer to this clause may therefore be in the affirmative.

(Clause (d) of the question:- Sri K.Venkataswami Naidu, M.L.C., Chairman and Convener of the Committee had already forwarded the report of the Committee with its recommendations and it has been forwarded to the D.P.I. for remarks. The Director's reply is awaited. The report covers about 75 pages. If it is to be placed on the Table of the House, it will <sup>after it is received back from the Director</sup> have to be printed. Orders of H.M.(Edn.) may be taken on this point.

one file may be submitted to H.M. for order on x above & for order whether an answer may be drafted on the lines of the notes above.

Let me first go through the report at least the recommendations before coming to a decision on the matter. The answer to that point may be that the matter be considered on the receipt of the report of the D.P.I. That may be expedited.

mentioned presumably H.M. refers to the  
report in clause (d) of the question. The report  
has been forwarded to the D.P.G. for remarks in  
original & no spare copy of the report is available.

Perhaps the file may be over till the  
D.P.G. reply is received. For order, the  
D.P.D. will be reminded on 3-2-49.
