Office of the Special Officer,
District Board, Tiruchirapalli,
Dated 17th December, 1948.

24 DEC 1948

My dear Subramanian,

Sub: Education - Secondary - Board High School, Lalgudi -
Provision of additional accommodation - Imminent-
Half grant - Requested.

Ref: 1. My D.O. letter 25990/47 dated 8.12.1947 and your
D.O. reply No.97299-B1/47-2 Edn. dated 14.2.1948 &
2. Letter Rc.1421/G2/48 dated 18.11.48 of the
Director of Public Instruction, Madras.

The Board High School, Lalgudi, which is the only High School for the whole taluk is not in a position to cater to the needs of the school going population of the taluk as the present space is insufficient. It has accommodation only for about 700 pupils against the present strength of 1255. For want of sufficient accommodation in this school, a number of pupils have had to be refused admission during the current year and the school is working in two shifts from August 1948 to get over the space question. This system is not working satisfactorily and it is therefore proposed to give it up from the next school year. The need for additional accommodation is therefore urgent. During the school year 1949-50 Electrical Engineering has also to be introduced as the Bifurcated course and additional accommodation is required for this also. As you are perhaps aware, Lalgudi is a rich paddy growing area with a heavy population and as there is only one High School for the whole taluk, it is the duty of the District Board to provide additional accommodation in the school to cater to the growing need of the school going population.

As per your D.O. letter dated 14.2.48 referred to above, an estimate for Rs.63,000/- has been sent to the Director of Public Instruction and it was approved by him in his Dis.4157/48 dated 10.9.48 and Dis.4164/48 dated 5.10.1948. An application for half grant was also forwarded to him on 30.7.48. With a view to start the work and complete it before the commencement of next school year the Director of Public Instruction was addressed whether the work could be taken up for execution in anticipation of half grant. He replied that the orders of the Government in regard to the admission or otherwise of the application for grant are awaited and suggested that I might address the Government for necessary permission to take up the execution of the work in anticipation of the sanction of the grant. As this school cannot work the shift system next year in view of the serious difficulties experienced this year and as the strength of the school is certain to increase during June 1949, I fear that if additional accommodation is not obtained before the commencement of the next school year, several pupils have to be refused admission; this would be a pity.

As the estimate for Rs.63,000/- towards the extension of the school building has already been approved by the Director of Public Instruction and the sanction of the Board has also been obtained, I should be grateful if you would get the orders of Government to take up the work for execution immediately during the current year in anticipation of sanction of half grant from Government during 1949-50 as a special case. This school was opened prior to 1930.

Yours sincerely,

(Signature)

(V.N.Rajan).

M.V.Subramanian Esq., I.C.S.,
Secretary to Government,
Education & Public Health Department,
Fort St.George, Madras.

3
Extract from the letter of the headmaster, Board
High School, Lalgudi dated 16-3-48.

The position now is this. Two classes are held in
rented buildings in the Sivagnanam Agricultural Co-operative
Society buildings. Four classes are held in the hostel
buildings at great inconvenience to the running of the
hostel. The Hostel is situated away from the school com-
pound and the rooms are used as classes by day and dormi-
tory by night. These six classes have to be immediately
shifted into the school compound to have efficient super-
vision. Further (3) additional sections have to be neces-
sarily opened in June 1948 one in each of forms II, IV
and V to correspond with the number of sections in forms I,
III and IV this year. At least four more sections will have
to be opened in Form I to meet the expected rush for admis-
sions to that class and to provide for the pupils already
in the 5th class. The eight sections of the 5th class are
now accommodated in four class rooms on the shift system.
Thus 13 class rooms are now additionally required. But 4
class rooms will be newly available in consequence of the
abolition of class 5 in June 1948. Thus (13 minus 4) or
9 classes still remains to be provided for. For this,
the District Board is proposing in consultation with
the Divisional Engineer to put up 8 rooms at a cost of
Rs.80000/- by extending the two wings of the present pucca
building, without demolishing the existing sheds.

P.T.O.

too late to consider the application for a grant for the latter major scheme in connection with the budget for 1949-50 the urgency for taking up the work immediately should be fully explained so that the question of sanctioning a grant for the work ^{in the current year} as a special case may be considered.

2. The D.P.I. has reported that the application forwarded with the letter of the S.O. dated 13-8-48 was returned to him and that it had not been received back with the recommendation of the D.E.O.

The S.O. is requested to submit the application. He is informed

that if the Dt Bd wants to proceed with the major ~~scheme~~ scheme without waiting for a decision on the question of sanctioning a grant immediately it should do so on its own responsibility and no

guarantee can now be given that a grant will be made for ~~the scheme~~ ^{the scheme}

~~the scheme for 1949-50~~

application. Sir,

Education-Secondary -District Board-
Tiruchirappalli - Construction of buildings
Lalgudi - Half grant- application -Submitted

Refce-My D.O. (RC.F2/25990/47 d/17-12-48).

In continuation of my D.O. letter under reference, I am submitting herewith an application for half grant for construction of buildings to provide additional accommodation for the Board High school, Lalgudi. The estimated cost of the works are Rs 63,000/- and Rs 18,000/- and the need and urgency of the works have been explained in detail in my D.O. letter dated 17/12/1948. The plans etc., have been approved by the Director of Public Instruction, Madras in his Dis. 4461/48 dated 5/10/48 and Dis. 4157/1948 dated 10/9/1948 and the technical sanction of the Superintending Engineer is being sought for, which is expected to be received very shortly. I request that the Government may be pleased to sanction the half grants applied for so that I can arrange the work to be taken up for execution in the current official year and make the buildings available for occupation from the next school year.

2. Constructing additional accommodation to the Board High school, Lalgudi named as "RAMAKRISHNA HALL".

Rs 18,000/-

Rs 7,500/-

The plans etc., have been approved by the D.P.I. Madras in his Dis. 4461/48 d/ 5/10/48 and Dis. 4157/48 d. 10/9/48.

Technical sanction of the Suptg. Engineer, H.W. IV circle has been applied for and will be submitted in continuation.

YES.

nil.

nil.

Land acquisition is not involved.

Rs. 18,000/-
being the cost of construction alone.

Half of estimated cost
viz. Rs 7500/-

1. Constructing additional accommodation to the Board High school Lalgudi-

Rs 63,000/-

Rs 31,500/-

The plans have been approved by the D.P.I. Madras in his No.

Technical sanction of the Suptg. Engineer, H.W. IV Circle has been applied for & will be submitted in continuation.

Yes.

nil.

nil.

Land acquisition is not involved.

Rs 63,000/-
being the cost of construction alone.

Half of estimated cost

viz., Rs 31,500/-
(Thirty one thousand five hundred rupees only).

2. Name of work.

3. Total estimated cost of work.

4. Govt. share of the cost according to any General or special orders that may be applicable to the case.

Whether detailed plans and estimates for the works have been accorded technical sanction by the competent authority (works for which such sanction has not been accorded at the time of submission of this application should not be included).

5. Has the site been selected and if so, whether it is already at the disposal of the local body?

7. If not, is land acquisition necessary and if so, what is estimated cost of acquisition and the Govt.'s share of it.

8. What steps (in detail) have been taken to acquire by revenue authorities and by what date is it anticipated that the land would be placed at the disposal of the local body.

9. Can the local body give an assurance that it has funds of its own available for land acquisition or for immediate expenditure on the work in the event of Govt. sanctioning a grant for either purposes. In the case of applications for grant for medl. buildings is the local body willing to meet one half of the cost from its own funds.

10. Having regard to the particulars under item 7 to 8 what is the total amount inclusive of Govt. grant which the local body expects to spend on land acquisition or on actual construction within the financial year for which budget provision is to be made.

11. What is the Government share of item 10 and what is the amount of grant likely to be drawn within the year.

12. In each of the subsequent years until the work is completed (reason should be given for the anticipation in regard to the expenditure in each year until completion of the work).

Sir,

10153

Subject:--Education--Secondary--Board High School, Lalgudy--
provision of additional accommodation--immediate--
half-grant--requested.

Reference:-- From the Government of Madras, Government Memo.
No. 95710 B.1/48-2 Edn, dated 25th January 49.

The construction of Ramakrishna Hall will not relieve the congestion much in the Board High School, Lalgudy as about 600 pupils have yet to be accommodated. The school has accommodation only for about 700 pupils against the strength of 1255. The need for additional accommodation will be greater next year, as it is proposed to introduce Electrical Engineering under the revised scheme during the school year 1949-50 and the total ~~enrollment~~ will certainly increase and the Headmaster would be put ~~in~~ in a very delicate position to refuse admission to quite a large number of pupils, thus denying the opportunity for education. In the beginning of school year 1948-49 number of pupils had to stay away due to this inadequate accommodation in the school located in an area ~~where~~ where education is very popular, and almost every parent is eagerly desirous of putting his children in the High School.

In view of the circumstances explained above, it is requested that the Government may be pleased to consider the question of sanctioning a grant of Rs 31,500/- in the current year itself as a special case, so that the construction of an additional building at a cost of Rs 63,000/- might be taken up and completed before June 49. The plans have already been approved ~~by~~ by the Director of Public Instruction, Madras and the estimate has been sent to the Superintending Engineer for his technical sanction. The application for half-grant for the construction of the building has been sent to Government in this Office R.C.F.2. 25990/47 dated 24-1-49.

Advised to all H.Ms.
By Yp

Subsidies for the construction of buildings for secondary schools for boys under local bodies were considerably restricted during the past seven years. As several schools are badly in need of suitable accommodation, additions + improvements to meet the departmental requirements and the need for addl. accommodation on account of the increase in the strength of the schools, the Govt relaxed the restriction imposed in 1941 that no building grant should be made to secondary schools for boys unless a special case was made out that a grant was essential and sanctioned subsidies amounting to Rs 103,975 towards one-half of the actual cost of construction of buildings subject to a maximum of Rs 35,000 for each scheme. The Dt Bd Temchirapalli applied subsequently for a subsidy of Rs 31,500 towards the cost of construction of an additional building in the Board High School for boys ^{at Dalgudi} estimated at Rs 63,000. The school has accommodation for about 700 pupils only against the strength of 1255 and as the need for additional accommodation is keenly felt, the Dt Bd proposed to take up the construction of an additional building immediately and complete the building before the next school year. ~~A subsidy~~ In view of the urgency, orders were issued sanctioning a subsidy not exceeding Rs 31,500 towards the cost of construction of an additional building after circulating the case to MM (Edu), MM (Fin) and H.P. This note is circulated to all other H.Ms, the chief Secretary and the Finance Dept. for information.

Grant - Building - District Board - Tenchirapalli -
Board High School, Lalgudi - Permission to
Construction of an additional building - Permission to
execute the scheme in the current year.

plcf.

From the S.O. D. Bd Tenchirapalli ^{Do} Re. P.2 25990/47
N 17-12-48

The S.O. D. Bd Tenchirapalli reports that
the Board High School, Lalgudi, has accommodation
only for about 700 pupils against the present strength
of 1255 pupils and that it is necessary to provide
additional accommodation before the Commencement
of the next school year, as the present system of working
in shifts to get over the space problem is not working
satisfactorily and it has to be given up. He therefore
requests permission to take up the scheme for
Construction of an additional building at an estimated
cost of Rs 63,000 immediately during the current year
in anticipation of sanction of half grant from
Govt during 1949-50 as a special case.

2. The scheme for the Construction of an
additional building for the Board High School
Lalgudi, at an estimated cost of Rs 63,000 was
included by the D.P.D. in the list of schemes sub to
Govt for consideration for sanctioning grants in
the current year, but it was not selected. - vide
G.O. no 2613 Edu 3, 19.10.48. In connection with Part 4
schemes for 1949-50, the D.P.D. reported that he had
approved plans & estimates for the construction of the
"Rama Krishna Hall" in the Board High School, Lalgudi
at an estimated cost of Rs 18,000 but he did not
recommend this scheme for consideration even for
the reason that a major scheme relating to the
Construction of the main building for the school was
also under consideration. With a view to limit the

Copy at (C) - origl put
up in a file under C.V.

no 44 743

11-5-48

plcf in the
linked file

maximum liability for payment of grants for new schemes for the construction of buildings for secondary schools for boys to Rs 1 1/4 lacs and to admit as many schemes as possible to aid within the limit, it was suggested that ~~provision~~ provision may be included for certain schemes which are not costly and the scheme for the construction of the 'Ramakrishna Hall' at an estimated cost of Rs 18,000 was selected for the purpose instead of the main scheme. This had been included in the Part II scheme for 1949-50.

3. It is not clear whether the 'Ramakrishna Hall' is an extension to the existing buildings of the High School and whether the extension at an estimated cost of Rs 63,000 is also necessary in addition to the Hall. If the construction of the hall would relieve some congestion, the scheme for the extension at an estimated cost of Rs 63,000 may be taken up later. It will be possible to consider the question of giving a grant towards the cost of this extension only if the proposal to include an additional lump sum provision of Rs 2.5 lacs for building grants to secondary schools in addn. to the provision already suggested in the Part II scheme materialises. Otherwise, the scheme for extension at an estimated cost of Rs 63,000 will have to be sanctioned in the current year itself in addn. to schemes for which grants have already been sanctioned in G.O. 2613 Edn. 19.10.48.

4. The DP I may be asked to furnish the application for a half grant towards the extension of school building forwarded by the S.O. on 30.7.48 and to say whether the scheme is so very urgent as to be sanctioned in the current year as a special case.

22/12/48
G.O. No. 95710-1-B1
22-12-48

U.O. Reply R.C.1421 G2/48 dated 29th December 1948.

SUBJECT: Grant - Building - District Board, Tiruchirappalli - Board High School, Lalgudi - construction of an additional building - permission to execute the scheme in the current year.

REFERENCE: Government U.O. Note E & P.H.No.95710-1-B1 dated 22-12-48.

The scheme for extension at an estimated cost of Rs.63,000/- provides for 8 class rooms while the 'Ramakrishna Hall' (at an estimated cost of Rs.18,000/-) provides for 3 class rooms. The former is an extension of the existing building while the latter does not seem to be so because it is said that the Hall will be constructed in the premises of the Board High School compound: that it will suitably be partitioned to accommodate 3 classes and that the partitions can be removed and the entire Hall used as one on ceremonial occasions. It, therefore, appears that the Hall will be a separate construction.

As regards the urgency about the Major Scheme (i.e. of Rs.63,000/-) the position as it stands at present is not known to this office. But as seen from the report dated 16-3-48 of the Headmaster of the school (vide copy enclosed), the construction of this extension which provides for 8 class rooms appears to be urgent. But at the same time I wish to point out that the 'Ramakrishna Hall' also will relieve some congestion since it provides for 3 class rooms. I, therefore, leave the question of the selection of the major scheme of Rs.63,000/- either for the current year or for the year 1949-50 to the convenience of Government.

I wish also to point out incidentally that the Madras Secretariat Party has donated a sum of Rs.3,000/- towards the construction of 'Ramakrishna Hall.' But this in no way affects the amount of Provincial Subsidy to be sanctioned towards this scheme because, according to G.O. No.2012 Edn., dated 15-9-47, credit for this amount

can

can be taken by the District Board towards its share of the cost of the building.

regarding the Special Officer's application for half grant, the date of the application seems to be 13-7-48 and not 30-7-48, because, the special officer forwarded this application with his letter n.C.No.25990/48 dated 13-7-48. The application was sent to the Director through the Inspector who returned the same to the Special Officer asking him to send it to the District Educational Officer, but it does not seem to have been sent by the Special officer again. I am, therefore, addressing the Special Officer to submit the said application to the Government direct.

[Signature]
9/2/49

[Memo no 95710-2/48-1 Sdn 8.10.2.49]
From the Dt Bd, Tiruchirappalli R.C.F-2-25990/48
38.2.49

Please see the letter from the special officer to Ad, Tiruchirappalli on p 11 of. He reports that the construction of the Ramakrishna Hall which provides for three class rooms and for which provision for payment of half grants ^{has} been included in the B.E for 1949-50 will not relieve the congestion much in the Board High School Dalgudi and that the construction of an additional building at a cost of Rs 63,000 is necessary & urgent. He requests that a grant of Rs 31,500 maybe sanctioned in the current year itself as a special case

YSPD

2. It was decided in Cabinet that grants to the extent of Rs 2.5 lakhs maybe sanctioned in the current year for building schemes for secondary schools for boys and this amount has been distributed and it is proposed to obtain a supplementary estimate for the funds required for part payment in the current year. It is now too late to consider the question of payment of grant in the current year for this scheme

18201

A

[Signature]
15/1/49

3. In the circumstances stated by the Special Officer it is for consideration whether instead of sanctioning a grant of Rs 9000 for the construction of the Ramakrishna Hall in the Board High School, Dalgudi, in the next year, a grant of Rs 31500 maybe sanctioned for the construction of the

EX

Budget II

additional building in the high school at an estimated cost of Rs 63,000. If this is done, the maximum liability in respect of schemes for which grants are proposed to be sanctioned in the next year will be increased from Rs 1,62,250 to Rs 1,84,750.

The grant to be disbursed in 1949-50 under the post payment sum maybe limited to the funds available and the balance maybe paid in 1950-51. It is very doubtful whether the D.Bd will be in a position to complete the scheme in 1949-50 & claim the grant in full. If savings are available & the scheme is completed the grant may be paid in full. Alternatively the D. Bd may wait for payment of the balance of grant in 1950-51.

The remarks of Finance maybe mixed up with reference to paras 2 & 3 above. It may also be considered whether the D.Bd will be in a position to meet its share of the cost of construction of an adol building - i.e. Rs 31,500 from its General funds as proposed.

16.2.49

P.T.V.

16/2/49

16.2.49

The notes of E.H.H. on pages 1-6 above may be perused. In the circumstances explained, Finance may agree to the proposal at A' m/s 5-6 above, viz. to sanction a building grant of Rs 31,500/- to the Tiruchirappalli D.Bd. for the construction of classrooms for the Board High School, Lalgudi, instead of a grant of Rs 9,000/- for the 'Rameswara Hall' of the school, next year.

The scheme is a new one not included in the list of schemes for 1948-50 - see the last scheme note at (B). As the amount of grant exceeds Rs 10,000/- non-recurring, the proposal will have to be treated as a 'New Service'. The case should also be placed before the S.P.C. and the Cabinet, and as the cost exceeds Rs 20,000/- non-recurring. The S.O. has however stated that the construction of the building should be taken up and finished before June 1949 and has asked for the sanction of a grant this year itself. In view of the urgency of the case, Finance need not object to the emergency procedure being followed in this case, if E.H.H. so desire, viz. by taking orders in circulation to Hrs Edu & Finance & H.Pr. and circulating a summarizing note thereafter to all other Hrs, C.S. & to the Fin. Dept. A supplementary grant should also be obtained from the Legislature before the close of the year.

Fin. No. 10381/Exp. B/49-1

17.2.49

Please see the Finance Dept's note above. They have agreed to the proposal to sanction a building grant of Rs 31,500 to the Tiruchirappalli D.Bd.

E.H.H. (M)

towards the cost of construction of an additional building at an estimated cost of Rs 63,000 to provide addl class rooms instead of a grant of Rs 9000 ^{from the cost} of construction of the Ramakrishna Hall ^{in the same school building} in the next year.

2. In view of the urgency pointed out in the letter of the Special Officer on pt of Finance have no objection to orders sanctioning the grant being issued in the current year itself after following the short circuit procedure.

This may be done. It is proposed to obtain a supplementary estimate of expenditure for the grants already sanctioned in the current year in G.O. no 2613 20th 8 19.10.48

The sum of Rs 31,500 proposed to be sanctioned now will be included in the total amount of grant sanctioned as the work will be executed & the grant claimed only in the next year no addl provision need be made in the current year for payment of grants. From next year, steps will be taken to increase the budget provision at the time of framing the revised estimate for that year.

The file may be circulated to HM (Gen) HM (Fin) &

in 17-2-49

2

H.P. [As HM (Gen) will be on leave from tomorrow, the file may be circulated to HM (Fin) and H.P. now and to HM (Gen) later on.]
