Sir,

Sub:-- Buildings--Office of the Divisional Inspector of schools, Madura--Construction of a motor garage--use of corrugated iron sheets--Sanction--Requesting.

I have the honour to submit herewith a plan and an estimate for Rs. 2525/- for constructing a motor garage in the compound of the Office of the Divisional Inspector of schools, Madura, and to state that a sum of Rs. 750/- has been provided for this work in the current year's Minor works budget. At present there is no garage in the office compound for the use of the Divisional Inspector and the work is therefore considered quite necessary. As the estimate amount exceeds Rs. 2500/- sanction of Government is necessary to execute the work during the current year with reference to para 126 (b) 4 of the P.W. account code. I request that government may kindly accord necessary sanction in this regard.

2. I also enclose a copy of the Executive Engineer's Ramnad Division, Madura to the Divisional Inspector of schools No. 3214 M/26-11-48. In the circumstances stated in para 2 of the above letter, Government may also sanction the use of the controlled materials referred to therein.

Yours faithfully,

The proposal is ~~for~~ to ~~the~~ Construction of a garage in the Compound of the office of the Divisional Inspector of Schools, Madurai at an estimated cost of Rs 2,525/-.

As a measure of economy in expenditure, with a view to combating inflation and producing a balanced budget, the Govt recently decided that even sanctioned works, in respect of which much progress has not been made, might be postponed, where possible - see G.O. 97 Fin dated 31.1.49.

Such being the present policy of the Govt, it does not seem that works of the kind proposed in this file can be taken up. This dept may therefore advise that the proposal may be deferred for the present. 26 E.P.H. per the proposal, they may be requested to take orders in circulation including H.M. (Fin) and H.P.

For orders whether the Fin depts suggestion to defer the proposal may be accepted.
