To The Secretary to Government,
Education and Public Health Department,
Fort St. George, Madras.

Sir,

Sub: Grant - Building - Lady Sivaswami Ayyar Girls
High School, Mylapore - Acquisition of site and
construction of building - Enhanced grant -
Recommended - Extension of time for the completion
of the scheme - Recommended.

@@

Government in their order No.Ms.2361 L.E. dated
16/11/1934, sanctioned a scheme for the acquisition of a site
and the construction of a building for the (National) Lady
Sivaswami Ayyar Girls High School, Mylapore at an estimated cost
of Rs. 2,50,000/- Again Government in their Memo.No.1864-3 Edn.
dated 15/3/1940 ordered that a grant of one half of the amount
actually spent on the acquisition of the sites for the above
school may be paid to the management and that the total grant
for the building scheme of the school including the cost of
acquisition of the site should not exceed Rs. 1.25 lakhs.

2. Advance grants to the extent of Rs. 94,264/-
(Rs.20754/- towards acquisition of site and Rs. 73510/- towards the
construction of building) based on the amount spent upto the
end of January 1948; have been sanctioned. An amount of
Rs. 5000/- is reserved for payment of grant for the above
above scheme during 1948-49. An advance grant of Rs. 10000/-
has been proposed for inclusion in the Budget Estimate of 1949-50.

3. The Hon.Secretary submitted a revised estimate
for Rs. 3,52,400/- to complete the scheme as against the
original estimate of Rs. 2,65,650/-. The Joint Consulting
Architect who has scrutinised the plans and estimates recommends
that the revised estimate may be approved for Rs.3,49,400/-. The
request of the Correspondent for enhanced grant is recommended
for favourable consideration.

4. Government in their Memo.No.15850-1.B. Edn.
dated 21/6/1943, sanctioned extension of time upto April 1946
to complete the above building scheme. Owing to difficulty in
securing building materials, the above scheme could not be completed.
The Correspondent therefore applies for extension of time till
the end of the official year 1950-51. In the above circumstances
I request that extension of time upto April 1951 may be sanctioned
to complete the above scheme.

Yours faithfully,

EDUCATION AND PUBLIC HEALTH
DEPARTMENT

Memorandum No.1364-3 Edn(B) dated 15th March 1940

Sub:--Building Grant--National Girls' High School,
Mylapore.

Ref:--Letter from the Director of Public Instruction
Re.No.703-D/34 dated 23th February 1940

The Director of Public Instruction is informed that a grant of one half of the amount actually spent on the acquisition of the sites for the National Girls' High School, Mylapore, may be paid to the management, the expenditure being met from the provision for building grants to aided secondary schools in the Budget Estimate for 1940-41.

The total grant for the building scheme of the school including the cost of acquisition of site should not exceed Rs.1.25 lakhs.

2. Against the sum of Rs.2,27,700 proposed by the Director in Part 1 of the budget estimates for 1940-41 for building grants to aided secondary schools for part paid schemes, a provision of only Rs.1,50,000 has been made. The Director is informed that a proportionate reduction should be made in the grants payable to individual schools in 1940-41.

Sub:--National Girls High School--Mylapore--Building grant---
further extension of time requested.

I have the honour to invite your attention to Government Memorandum No.43763-B1 dated 23-11-39 wherein Government have granted extension of time for 3 years to the management of the National Girls' High School, Mylapore to complete the building scheme approved in G.O.No.2361 E.E. dated 16-11-34. According to the orders conveyed in the Government Memorandum quoted above the building scheme should have been completed by 1942. The Correspondent of the school now represents that he is unable to complete the work and requests extension of time for a further period of 3 years from 1943 vide his letter No.Nil dated 11-5-43 (copy enclosed)

In the circumstances explained by the Correspondent I recommend that a further extension of time for 3 years from 1943 may be granted.

S. VARADACHARIAR.

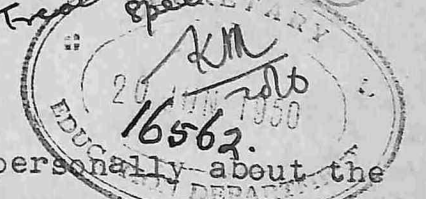

10 ALBUQUERQUE ROAD,
NEW DELHI. (Now in
Mylapore)

Date 29th May, 1950.

To
Sri K. Madhava Menon,
The Hon'ble Minister for Education,
Madras.

Dear Sir,
Your letter of 29.5.50. Some
how reached me only today.
I am looking for help in this
matter. I shall be very grateful
if you could help me in this
matter. I am looking for help
in this matter. I shall be very
grateful if you could help me
in this matter.

Let me see Mr. H.
if any. Treat it as
special.

I have ventured to trouble you personally about the following matter because the Director of Public Instruction, Madras, who is the authority normally dealing with it, finds his hands tied by a previous order of the Government in No. 604 Education dated 5-3-1949 and, as long as that order stands, he does not feel free to exercise his own authority in the matter.

2 I happen to be the Chairman of the Board of Management of a Girls' School in Mylapore which has been doing very useful work for several years. A perusal of the Inspection Reports for the last few years will convince you that it is almost in the front rank of such institutions in the Presidency. Besides myself, there are gentlemen on the Board of Management like Sri T.R. Venkatarama Sastri, Sri K. Srinivasan, Editor, The Hindu, Dewan Bahadur P. Sitaramayya, Law and Education Secretary to Government (Retired), and two or three ladies.

3 For the last 10 or 15 years of his life time, the late Sir P.S. Sivaswamy Ayyar, took great interest in the Institution and by his will he made a substantial benefaction extending roughly to 3 lakhs. I owe it to the honoured memory of Sir P.S. Sivaswamy Ayyar to state that this sum was mostly the sale-proceeds of his dwelling house which he sold away in order to endow the school. He

10
He had to live in a rented house in the closing years of his life in great discomfort. Notwithstanding its numerical strength, the School is somewhat short of self-supporting, because we are particular about treating the staff handsomely in view of their qualifications and their devoted work. During his life-time, Sir P.S.Sivaswamy Ayyar, himself had a very good plan prepared for the construction of the School, which was duly submitted to, and approved by, the authorities of Government and the construction began ten years ago. His eagerness to complete the building as quickly as possible is proved by the fact that at the earliest opportunity, he purchased a number of girders to complete the whole building. But, unfortunately, the war intervened and the work had to be compulsorily stopped owing to the nonavailability of essential materials like cement etc.

4. Some time after the end of the war, the construction was resumed and a good part completed. A portion which is estimated to cost about a lakh still remains to be completed. It is at this stage that difficulties have arisen between the School authorities and Government as ^{to} the building grant which the School can claim from the Government. The amount of grant was originally fixed with reference to the original estimate for the building which was framed in the light of prices and cost of labour prevailing in the thirties. Through no fault of the School authorities, the construction of the building, during the later stages has been so much delayed that during the interval the price of the materials and the cost of labour have enormously increased. The Consulting Architect to Government has himself

approved of an estimate of 3 lakhs and over - at the present level of prices - in place of the original estimate of 2 lakhs. The School authorities are only requesting that the half grant which the Government was kind enough to sanction for the building cost, should be fixed with reference to this new estimate of 3 lakhs and not the old estimate of 2 lakhs.

Q/H 13-14. 5. Unfortunately, the Government Order of ⁵⁻³⁻⁴⁹ 2-4-1949 (reference made at the outset of the letter) has given no reason for its refusal and I am, therefore, unable to guess why what seems to me to be a moderate and reasonable request, did not commend itself to Government. By that very order, Government have been pleased to extend the time for the completion of the building scheme up to the end of March, 1951. But this extension would be of little avail to the Institution, unless Government also comes to its help in the matter of Grant. You would notice that the difference in the half grants between the two estimates, is nearly Rs.70,000/-. If this additional sum could be available to the School, the School authorities could manage to find the balance of Rs.30,000/- required to complete the building. As Sir P.S.Sivaswamy Ayyar's benefactions were mainly intended to help the satisfactory working of the School, he has stated as his intention that the Capital should not be spent. In spite of his intention, the School authorities have spent Rs.60,000/- out of the capital towards the cost of the building as it was very difficult to provide reasonable accommodation for the classes without completing the building.

12

The Board of Management are, therefore, obliged to appeal to the Government to come to their aid to carry out their object, which even in the present financial circumstances of the country is dear to the heart of the ^{Government.} ~~Management.~~ If I may venture to trench upon your time, I would even take the liberty of inviting you to pay a flying visit to the Institution and satisfying yourself as to how the institution works and how its efficiency and usefulness can be improved if only the building can be completed according to plan.

If any more information is needed, I shall request Gurukula Dharma Acharya Sri K. Rangaswami Ayyangar, the Joint Secretary of the Board of Management to meet you. He is himself a veteran educationist and a selfless worker. He is posted with all details concerning the matter.

Begging to be excused for this long letter,

Yours faithfully,

A. Varadarajan

memo on 7 of g @

The scheme for the acquisition of a site and the construction of a building for the (National) Lady Swaswami Aygar Girls High School, Mylapore, at an estimated cost of Rs 2.5 lakhs was included in the list of approved works in 1934. In 1940, the Govt ordered that a grant of one half of the amount actually spent on the acquisition of the site for the school may be paid to the management and that the total grant for the building scheme including the cost of acquisition of site should not exceed Rs 1.25 lakhs

para 3 on 11 of g @

1047 of m @

2. In 1948, the Correspondent of the school applied for enhanced grant based upon the Revised Estimate for Rs 3.52, 400 to complete the scheme. The Joint Consulting Architect recommended that the revised estimate may be approved for Rs 3.49, 400. and the DPJ recommended the Correspondent's request for favourable consideration. The Finance Department agreed to the proposal to raise the maximum grant payable from Rs 1.25 lakhs to Rs 1.74.700 (half of the revised estimate for 349,400 approved by the J.C.A) but the then Honorable Minister for Education considered that the original amount was sufficient ~~with~~ as under the recent orders the maximum grant payable for a building scheme for an aided Secondary School is only Rs 35,000. The request of the Correspondent was therefore negatived in G.O no 604 Con & 5.3.49. As the building scheme had not been completed and

14/11/50
no 604 Con
5.3.49

11/13/14 of m @

the grant due according to the previous sanction had not been disbursed in full, time was allowed till April 51 for completing the building as recommended by the D.P.D.

3. The President of the High School Committee had requested the Govt to reconsider the order & sanction an enhanced grant to enable the management to complete the work. He has explained clearly the difficulties in executing the scheme and has estimated the cost of the work still remaining to be executed at Rs 1 lakh nearly. The President has apparently calculated the difference in the half grant payable between the original + the revised estimate for the construction of the building at Rs 70,000. without taking into account the cost according to the estimate approved by the Joint Consulting Architect according to the latter which is generally taken into account for grant purposes ^{the addl grant} works out to Rs 49,700 only.

4. In the circumstances stated by the President of the High School, Committee, it is for consideration whether the maximum grant payable may be enhanced from Rs 1.25 lakhs to Rs 1.74.700. As this is a part-paid scheme, provision for the payment of addl grant due on account of the raising of the maximum limit may be included in Part I Estimates for 1951-52 the payment in the current year being limited to the provision already made in the budget for this work.

(Sanction
amount
going to

5. The remarks of Finance may be invited prior to Cir. to H.M (Smt) with reference to his minutes on p.1 of

KBN
21.6.50

21.6.50

I am not sure whether having already paid as much as 1.25 lakhs we should pay more, especially at this time of severe financial stringency.

28.6.50
Jm (Sd/A)

Edn. U.O. No. 46727/50-1 Edn

The notes on pp. 1-2 above may be perused. This Dept may agree with the remarks of A above and advise that the request may be negatived.
25.6.50
Edn

The case relates to the representation from the President of the Lady Swaswami Appar Girls High School, Mylapore, for enhancement of the maximum grant payable towards the cost of acquisition of site and construction of buildings for the school which was originally fixed at Rs 1.25 lakhs. based on one-half of the estimated cost of 2.5 lakhs. In 1948, the Correspondent of the School applied for an enhanced grant submitting a revised estimate for Rs 3,52,400. After scrutinising the revised estimate, the J.C.A recommended that it may be approved for Rs. 3,49,000. It was proposed by this Dept. that the grant payable to the management might be raised from Rs 1.25 lakhs to Rs 1,74,700 based upon the J.C.A's recommendation and the Finance Dept agreed to it. The then H.M (Smt) considered that the original grant of Rs 1.25 ^(lakhs) was sufficient as by that time, the Govt had changed their policy and fixed a maximum limit of Rs 35,000 for payment of grants for construction of buildings instead of the usual one-half of the actual cost of construction of the building without any monetary limit - The request was accordingly negatived in Go. no 604 Smt & 5.3.49.

p.1 of (A)

Manjunga
604 Smt (A)
5/3/49
(A)

2. The representation in the current file is for a reconsideration of this order. The point for decision is whether the Govt's original undertaking to give a grant towards one-half of the actual cost of acquisition of site & construction of buildings thereon should be kept up and the grant enhanced with reference to the revised estimate approved by the Joint Consulting Architect or the request for enhancement should be turned down again. In view of the prevailing financial stringency and the fact that the Govt had already sanctioned a grant of Rs 1.25 lakhs for the scheme, it was

26/6.

is considered a matter for doubt

whether Govt should sanction anything more.
 The Finance Dept, have agreed with this view and
 have advised that the request may be negatived p2 ante
 3. The file may now be circulated to HM (Sond Law)
 with reference to his minutes on p1 ante. If it is considered
 that the grant may be enhanced in view of the fact
 that this is a well conducted High School for girls
 in Mysapore and that a building newly put up by
 the management with the help of Govt grant remains
 incomplete and the management is not in a position
 to complete the work without further aid, the case
 may be circulated to HM (Fin) also

24.6.50
 24.6.50

This is a case where
 we originally sanctioned H.M. (S. + L.)
 half-fraud and paid
 a portion. On the basis of sanction
 the school authorities went on with
 their work. The limit of Rs 35000/-
 came afterwards. This is one of the
 biggest school institutions of the city. Sri
 Varadachari's letter speaks for itself
 This in spite of the financial stringency
 it is only fair we keep up the promise
 to pay the balance of half fraud.

Please see the minutes of HM (Sond Law) above -
 On the basis of the revised estimate for the work as
 approved by the Consulting Architects, the maximum
 grant payable on the basis of one half of the actual
 cost of construction works out to Rs 1,74,700 as against
 Rs 1.25 lakhs originally sanctioned the increase being Rs 49,700
 The file may be circulated to HM (Fin) for orders as

174700
 125000
 49700

27/6.

109

to whether the grant may be enhanced as pointed out
 above. The management is entitled to get even under
 the existing order, the balance of grant due out of
 the grant of Rs 1.25 lakhs already sanctioned if the
 expenditure incurred on the work is not less than 2.50
 lakhs. The ~~increase~~ ^{increase} is due to the fact that the
 scheme could not be completed at a cost of Rs 2.5
 lakhs as originally anticipated.

The file may be circulated to HM (Fin) for orders
