TO

THE SECRETARY TO GOVERNMENT
EDUCATION AND PUBLIC HEALTH DEPARTMENT
FORT ST. GEORGE, M A D R A S.

R.C.No.109 B1/49.

Sir,

Subject:- Schools -- Secondary -- Introduction
of bifurcated courses -- Engineering
Course -- Design of Drawing Table with
Drawing Board Manufacture at the Engin-
eering College, Guindy -- Permission
requested.

14178

Model Drawing Table with teak wood stand and deal
wood drawing board as per the design enclosed, made at the
Engineering College, Guindy, and the cost per table is Rs.12/-.
In the draft syllabus for the Engineering course under the
heading 'Mechanical and Drawing section' the cost of a drawing
table is given as Rs.25/- while that of a drawing board 32"x23"
is given as Rs.21--0--0, the total cost of these works out
to Rs.46--0--0. But according to the new design the cost
comes to Rs.12/-. This is acceptable. The object of the new
design is to bring down the cost as far as possible consistent
with the suitability and durability and to enable the management
to purchase more articles within the grant permissible.

I request that Government may be pleased to permit
the Principal, College of Engineering, Guindy, to manufacture
Drawing Tables and Boards as per the design without detriment
to normal working of the work shop classes and to supply them
to such of those secondary schools as have not so far purchased
them and also to Secondary Schools which will be selected for
the introduction of Engineering Course in the next year.

A copy of letter Rc.No.118/SK/48 dated 17-2-1949 of the
Principal, Engineering College, Guindy, is also submitted
hereunder for information.

Yours faithfully
