Examination - S.S.L.C -
Amendment to the notification.

In the draft Amendment submitted with his letter cited, the Director has proposed that the last sentence in Rule VIII (2) of the S.S.L.C Scheme, beginning with the words "Applications submitted after" and ending with the words

PTT

6

 "from the prescribed date" should be omitted -
 The proposal is apparently based upon the order of S.O. 1715 D. 12. 7th July 1948
 declining an extension of time for the submission of applications for the examination - This order, however, applied only to the Supplementary examination to be held in October. The Director is requested to state whether a similar order has been passed in respect of the ordinary examination held in March and if not whether it is his intention that the concession should not apply to private candidates appearing for that examination.

 - Adverting to Government Memorandum No.67114 G3/48-1, Education dated 16th September 1948, I have the honour to state that with reference to G.O.Ms.No.1715 Education dated 14th July 1948, the latest date for submission of applications by private candidates for the supplemental S.S.L.C. Public Examination was fixed as 31st July 1948. The concession of submitting applications within 15 days after the prescribed date with a penalty, was dispensed with on administrative grounds to give adequate time to the office to sort the applications centrewar, issue objections for gathering particulars omitted in the applications and for preparing and printing the nominal list of candidates registered for the examination.

The latest date for submission of applications by private candidates for the March session of the S.S.L.C. Public Examination is 30th September 1948 without penalty and till the 15th October with a penalty. The concession of submitting applications for the March examination was intended to be removed with a view to have an uniform policy in regard to both the sessions of the examination. If, however, it is considered that the existing dates for submitting applications for the March examination without and with penalty, viz. 30th September and 15th October, may be continued, there is no objection in doing so. If this is acceptable, the following paragraph may be substituted for the existing sub para (2) of rule VIII of the Scheme in supersession of the amendment proposed in my letter, R.C.No.1519 E 1/47 dated 7-9-1948:-

"(2) The number of times which a pupil may thus be re-examined shall be limited to three and, if the pupil belongs to one of the Scheduled castes mentioned in Appendix 17-A of the Madras Educational Rules, to four. The last date for the receipt of applications from private candidates for the supplemental examination is 31st July preceding the examination. The last date for the receipt of applications from private candidates for the March examination is 30th September preceding the examination. Applications submitted till the 15th October preceding the examination will be accepted with a penalty of Rupee One (Rs.1/-) per application and no applications will be accepted after this date."

Sir,

Reference:--Government Memorandum No.671114-48-G3/2 Edn.,
dated 2nd December, 1948.

I have the honour to state that it will not be possible to prescribe 31st of January as the last date for receiving applications from all private candidates including those who failed in the October examination on account of the following reasons.

The number of candidates other than the October failed candidates appearing for the March examination in 1949 is nearly 6,800. Assuming that about one third of the candidates who registered their names for October examination will again appear for the following March examination, the total number of private candidates for March examination will be about 12,000. If all these 12,000 candidates were allowed to submit their applications by 31st January 1949, it will be quite impossible to arrange for their examination in March without unnecessary loss to Government. The interval after the last date for the receipt of the applications and before the actual commencement of the examination will be barely seven weeks. During this short time, the certificates of all these 12,000 candidates have to be checked to determine their eligibility to apply for the examination and nominal roll written up and printed. Even the strike order for the question papers which run to several thousands of copies will have to be given before the last date prescribed for the receipt of the applications. It may entail wastage or shortage of copies of question papers if strike order for question papers is given long before the actual requirement is gauged in each subject under different languages. The press has been instructed to print and deliver the question papers by the first March each year after special packing of the question papers. Even this year all these difficulties exist. It is, therefore, proposed to hold the supplementary examination in 1949 in September 1949, publish the results by the end of November and call for applications from failed candidates alone by 31-12-1949, so that there will be time to make arrangements for the March examination. Other private candidates appearing for the March examination will continue to submit their applications by the middle of ~~end of October~~ September, October.

I would, therefore, recommend to Government not to make any change in the proposals already submitted to them.

Secretary desired to know the reason for the Amendment to Clause VIII of the S.P.L.C. Scheme, proposed by the C.S.E. as at P on p 3 of - The effect of that Amendment would be to do away with the concession, which is now allowed, of enabling private candidates to put in applications for the Examination on the payment of a penal fee of Rs 1 each. The Comm. states that the Amendment was ~~intended~~ proposed in order to have a uniform principle for both the Sessions. The position is that for the Supplementary Examination, which will be in Sept. from next year, it will not be feasible to allow extension of time, whereas in respect of the March Examination, extension of time can well be allowed and the present provision under which the last date for the private candidates' applications is 30th Sept. and late applications are accepted

 result of the supplemental examination may probably
