Government of Madras, Madras.

Reference

Subject Special Exemption for the Annual subsidy from the Corporation of Madras for deduction at source as additional income towards calculation of teaching grant.

Sir,

Our institution was founded more than 50 years ago by the late Theagaraya Chetty Bros and even though the total strength of the institution on this day exceeds 1500, the bulk of our pupils are drawn from the poorest of the society and they are struggling hard for clothing and food. Owing to the high cost of living our Management are committed to a very heavy expenditure in maintaining a contented staff and periodically investing large sums of money in the purchase of equipment towards teaching, and also by way of addition to the library and furniture. The Corporation of Madras while appreciating the magnitude of our task wanted to express their indebtedness towards our laudable work and sanctioned Rs.1000/- as an Annual grant payable to our Management from their funds. So far we have received a sum of Rs.4,200/- only and we feel that this amount should not be deducted from the annual teaching grant payable to our institution towards expenses incurred for the school year 1947-'48.

In this connection to further enlighten and represent adequately our view on the above matter we are prepared to interview and place all relevant facts before the Minister for Education in order to exempt permanently this payment from being calculated as additional source of income to the Management. We hope and trust our humble request will be given due consideration so that we may continue in our useful work with the hearty co-operation and support of the Government of Madras.

224

The Theagarayachetti Hindu High School,
Washermanpet received a sum of Rs. 3000/- as detailed in the
margin* as contribution from the Madras Corporation. In this

	Rs.	
Financial Statement for 44-45	1000.	connection I invite
-do- 45-46	1000.	the attention of Govt.
-do- 47-48	1000.	to the correspondence
		ending with Govt.

Memo. No. 53514/B1-2/47

dated 9/8/1947 (copy enclosed) when a sum of Rs. 2000/- was
recovered from the Teaching Grant sanctioned in February 1948
last in pursuance of these orders the management specially requested
that in view of the financial difficulties they were undergoing
the sum of Rs. 2000/- be paid back to them and this was
accordingly done. The total amount of contribution which
has to be recovered from their year's Teaching Grant
is therefore Rs. 3000 (2000 + 1000).

The management have again appealed to me
now that due to the implementation of the Government orders
regarding scales of pay etc. and due to the improvements
to the institution in various other directions they
have incurred considerable expenditure and that it
will be a great hardship if any deduction is made at present
from the grant payable in the current year. Incidentally
they have stated that they have proposed to wait in
deputation on the Hon. Minister for Education to request
for a reconsideration of the previous order of Government
in the matter. Pending possible orders on this, the request
has been made that the amount due may be recovered in three
instalments of Rs. 1000/- each.

The difficulties expressed by the management
being real enough I recommend that the Government may
permit the recovery to be made accordingly. Government sanction
is necessary to obviate possible audit objection.

Yours faithfully,

for Director of Public Instruction.

In resubmitting herewith the letter dated 22-11-1948

from the Correspondent, Theagarayachetti Hindu High School, Washermanpet referred to me for remarks in Government Endt. No.87566 B1/48-1 Edn., dated 2-12-1948, I invite the attention of Government to my letter Roc.No 809 D1/48 dated 4-7-48 disposed of in G.O.No.2064 Edn., dated 20-8-1948. In that letter, I expressed that personally. I felt that contributions from local bodies should not be taken into account for purposes of grant and added that in some cases it would perhaps be cheaper to a local body if a small contribution is given to an aided institution if thereby the local body can avoid running an institution of their own. But Government have ordered that they see no need to alter the existing practice of taking into account the contributions for grant purpose.

plante

14-2 of (B)
p 3 of (B)

13 ante

In this connection, I invite attention to my letter Roc.No.1150 D1/48, dated 29-11-1948 wherein in view of the difficulties ~~experienced~~ experienced by the management of the T.H.H. School, Washermanpet I recommended that pending possible orders on the representation in question the amount of contribution may be recovered in 3 instalments of P.1000/- each.

In the present case, the contribution in question is from the Madras Corporation to a flourishing secondary school in North Madras which is not adequately served by Secondary schools and I leave it to Government to consider whether an exception may be made.

Yours faithfully,

Govt. of Madras.

Reference Letter dated 22-11-1948.

Subject Special exemption for the annual subsidy from the Corporation of Madras for deduction at source as additional income towards calculation of teaching grant.

Sir,

With reference to the above, I beg to remind you as the year is drawing to a close that early orders may be passed towards the above. In this connection, may I further represent that we have received the Teaching Grant this year in which the deduction of Rs.3,000/- being the Corporation Grant has been made. It is really a great hardship, for during the year under report we have incurred an expenditure of Rs.64,523/- towards staff salaries, dearness allowances, taxes, ordinary repairs and up-keep and contingencies as against the actual fee collection of Rs.47,600/- according to our financial statement. During the year 1947-'48 we received a Building Grant of Rs.38,790/- and we have spent Rs.45,524/- thus meeting the excess expenditure from our own funds. Even in the computation of the grant assessment the department has not fully taken the expenditure incurred on the teaching staff. As against the expenditure of Rs.48,547/- only about Rs.42,000/- was taken as admissable expenditure, disallowing Rs.6,547/- for the slight increases made in salaries and allowances. If atleast the entire amount is taken for assessing teaching grant the management would not put to much loss. It is therefore requested that the amount of Rs.3,000/- disallowed this year may be refunded to us and as a special case we solicit exemption of the Government not to take the Corporation Contribution into account for assessment of Teaching Grant, in view of the fact that this is the only high school in North Madras catering to the educational needs of the backward and labour classes and also for implementing the suggestions of the department in every detail with regard to staff salaries and courses of study.

Thanking you,

Yours faithfully,

P.T.Chengalvaraya 11.1.49

11

1112g

Under rule 32 of the Grant-in-Aid Code, the amount of teaching grant payable to an aided secondary school under private management in any one year should normally be based on two thirds of the approved net cost for the preceding financial year, i.e. two thirds of the excess of the approved recurring expenditure over the income from tuition fees reckoned at standard rates the number of students being restricted to eight. Although the rule does not contemplate the contributions received from local bodies being taken into account in assessing the teaching grant yet in practice, the grant payable to the institution is reduced by an amount equal to the contribution received from local funds - following the principle that the sum total of financial assistance received by a secondary school from public funds should not exceed the proportion of net cost for which grant should be made under the Grant-in-Aid Code. ^{In July, last} ~~last year~~ the D.P.O. proposed that contributions towards the cost of maintenance of aided secondary schools from local bodies should not be taken into account for purposes of grant, but the proposal was not approved by Govt. vide G.O. no 2084 2du 20.8.48.

2. In June 1947, the Secy of the Theagaraya chetti Hindu High School, Madras, requested that the contribution of Rs 1000 paid annually by the Corporation of Madras

should not be taken into account in assessing the amount of teaching grant payable to the institution; but the request was negatived in Memo no 53514/47-82-2 Edn d. 9.5.47 and the Secy was informed that no exception can be made in the case of this school. He has now again addressed the Govt that the contribution paid by the Corporation of Madras should not be deducted from the teaching grant payable in the current year towards the net cost of maintenance in 1947-8 and that the institution may be exempted permanently from the contribution being treated as an additional source of income to the management. The D.P.I. now brings to the notice of Govt that in view of the financial difficulties the institution was experiencing, he had not deducted the contribution received from the Corporation of Madras from the grant assessed for 1944-45 & 45-46 and consequently a sum of Rs 3000 is deductible from the grant for 1947-8 including the contribution of Rs 1000 received for that year. He requests that permission may be accorded for deducting this amount in three instalments of Rs 1000 each. This for consideration whether the Director's recommendation may be accepted.

3. The basis of assessment of teaching grants to aided secondary schools like the Theagaraya Chetti Hindu High School, Washermanpet, has been increased from one-half to two-thirds of the net approved net cost of maintenance from 1-1-47 and for purposes of arriving at the net cost only the income from standard ^{rates of} fees for eight instalments is taken into account. The income derived from the levy of fees in excess of the standard rates & from instalments of fees actually levied in excess of eight goes to the management and the management's share of net cost has been reduced from one-half to one-third. Management should have had considerable financial relief under the revised arrangement and the present time seems to be most opportune to grant any further concessions.

4. The D.P.I. may be asked to submit a statement

This question may be decided after getting the report suggested in para 4 of the note.
28/12/48

showing the actual receipts from school fees & other sources, the expenditure on the maintenance of the school (excluding capital expenditure on buildings & equipment) - the income from fees that will be taken into account in arriving at the net cost and the expenditure that will be taken into account for purposes of arriving at the net cost & the expenditure that will not be taken into account for that purpose in order to see ^{whether} the institution will really work at a deficit if the management is not allowed to utilize the contribution received from the Corporation of Madras towards its share of the cost of running the school. - For orders.

A reference may be made to the D.P.I. on these lines.

A draft memo is submitted below for approval

28/12/48

28/12/48

pp 7-8 C.F.

Memo No 87566 B1/48 - 2 Edn dated 28-12-48

pp 9-10 C.F.

From the D.P.I. R.O.C. No 1150 D1/48 dated 8-1-49

p 11 C.F.

From the Correspondent Thyagaraya Chetti High school dated 11-1-49

The D.P.I. has submitted a statement showing the actual receipts from school fees and other sources and the expenditure on the maintenance of the Thyagaraya Chetti High school for 1947-8. According to this the school will be working at a deficit of Rs 3,500 even if no deduction is made in the Govt grant equal to the contribution received from the Corporation of Madras. This deficit will be increased if the contribution is deducted. In view of the present unsatisfactory financial position, the deduction of the contribution of Rs 3,000 already received from the Corporation of

pencil calculations on p 10 of

4
EA

Madras from the teaching grant ~~paid~~ in the current year may be ~~paid back to the school this will amount to making a grant of Rs 3000 over the amount~~ may be received and The D.P.I. may be informed that the contribution

any, that may be received in the current year alone need be deducted from the grant payable in 1949-50 so that the management may be enabled thereby to wipe off the anticipated deficit in the current year ~~with the grant of~~ Rs 3,000 ~~that will now become payable if the deduction is not made~~. At the same time the D.P.I. may be asked to ~~advise the~~ management to restrict the grant of fee concessions and to reduce the expenditure in all possible directions to avoid a recurring deficit. The management should also take steps to building up an endowment for the school so that it may not always be in pecuniary difficulties. The request that the institution may be exempted permanently from the contribution being treated as an additional source of income to the management need not be complied with as it will create an inconvenient precedent and other local bodies similarly placed may apply for the grant of this concession.

For 11/4
The locality is inhabited by backward and lower classes. Fee concessions cannot, it appears, be restricted. by

Fin (ExpA)

Please see the notes of F.P.H. on pp 1-4 above.

2 For the reasons that it will create an inconvenient precedent, and other local bodies similarly placed may apply for the grant of this concession, F.P.H. consider that the request that the institution may be permanently exempted from the contribution being treated as an additional source of income to the

A above

12

management need not be complied with. Finance may agree.

3 As regards the payment of a special grant of Rs 3000/- to the institution, it is submitted that the same reason referred to in para 2 above would hold good. There does not seem to be any strong justification for according a special treatment to this school. Finance may therefore advise against the proposal and suggest that the amount of Rs 3000 may be recovered from the institution in 3 annual instalments as recommended by the D.P.I.

For 9/1/49

A in p 3 of

Fin U.O. 5974 EA-7
9.2.49

1st 8-2-49
2nd 8-2-49

E.O.H. (37)

Please see the Finance Dept's note above.

They agree with this Dept. that the request of the Secretary, Sheagaraya Chetti High School, washermanpet that the institution may be permanently exempted from the contribution paid by the Corporation of Madras being treated as an additional source of income need not be complied with. In regard to the suggestion of this Dept. that the sum of Rs 3000 being the contribution received from the Corporation of Madras during the last three years need not be deducted from the teaching grant payable this year and that it will be sufficient to take into account the contribution that may be received from this year onwards only, Finance Dept. advise that the amount may be

PT 221

4 ante

EA

recovered in three instalments of Rs 1000 each as ^{previously} suggested by the D.P.S in para 2 of his letter on page 3 of the order. This arrangement the contribution of Rs 1000 received in 1947-8 will be deducted from the grant payable in the current year but in the next ~~two~~ years ~~in addition~~ to the normal deduction of Rs 1000, an addn. sum of Rs 1000 will have to be deducted. As this may reduce the amount of teaching grant payable in those years appreciably, it was suggested that recovery for previous years need not be insisted on.

9
think we may
accept
his advice.

The file may be circulated to HM (Edu) for orders as to whether there will grant for the interview asked for in para 2 on p 1 of.

12.2.49

S 14/2/49

Recovery in previous years may be waived. It will not be fair to the institution.

TSA 23.2.49

The file may be sent to Finance with reference to the minutes of HM (Edu) above.

23.2.49

24/2/49

E & P. H. U. O. No. 87566 B1/48-4 Edu 24-2-49.

Fin (Expt A)
(Previous Finance note on pp 4-5 above)
Please see the further note of E & P H on pp 5-6 above and the orders in circulation (HM Edu) above. In view of the minute of HM Edu., Finance need not perhaps insist on the recovery of the sum of Rs 3000/- from the institution.

Please see the notes of the Fin. Dept. at p 6 above. They have agreed to the proposal that the ^{recovery} sum of the sum of Rs 3000/- from the Theagaraya Chetti Hindu High School, Washermanpet, need not be insisted upon. The D.P.S may be informed that the request of the management that the institution may be permanently exempted from the contribution from the Corporation of Madras being treated as an additional source of income to the management ~~will~~ ^{cannot} not be complied with and that as a special case the recovery of the sum of Rs 3000/- will not be insisted upon. A draft order is submitted below for approval.
