Sir,

SUBJECT: ELEMENTARY EDUCATION - Aided Schools - Condonation of shortage in attendance exceeding one month - Delegation of powers to the Divisional Inspectors and District Educational Officers.

33377

With reference to the proviso under section 3 (1) "Attendance at School" of Part I of the Rules relating to Elementary Schools, the District Educational Officer himself can condone a deficiency in minimum attendance for a period not exceeding 30 days if the closure is due to epidemic in the vicinity of the school or for any other similar cause and the school is allowed grants for this period. As per para 4 of my Proceedings Roc No. 693B/44 dated 17.3.44, copy enclosed - if a school is closed for a period of more than 3 months at a stretch without satisfactory reasons such closures are treated as permanent for purposes of recognition and the school is considered to have forfeited its recognition and when such schools are reopened they are required to obtain fresh recognition. In such cases the Divisional Inspectors are permitted to decide in the case of boys schools whether the reasons for the closure are satisfactory or not and in the case of girls schools in such cases orders are passed by me. In cases of temporary closures for periods less than 3 months the District Educational Officers are therefore now approving such closures themselves but without grant. If in any case it is considered necessary that grant also should be allowed to any aided school for such period of closures orders are passed by me under the proviso in the rules under section 3(1) of the Rules relating to elementary schools granting necessary condonation.

I request that in the case of all schools, Boys and Girls, the District Educational Officers may be permitted to condone a deficiency in the minimum attendance upto a period of 3 months and the Divisional Inspectors when the period exceeds 3 months. Again, with reference to the proviso to section 3(1) schools for reasons other than the prevalence of an epidemic or any other similar cause can now be condoned only by the Director whatever may be the period to be condoned i.e. deficiency in minimum attendance in such cases even for one day has to be condoned by the Director. I consider that in the above cases also, the District Educational Officers may be permitted to condone a deficiency in the minimum attendance upto a period of one month and the Divisional Inspectors upto a period of 2 months. I request that Government may be pleased to approve the above suggestion.

ELEMENTARY EDUCATION - Aided Schools - Temporary closure of schools
and assessment of grant -- Instructions issued:

R E A D - the following:

Letter R.O.C.No. 180-BR/43 dated 25th February 1944
from the Inspectress of Girls Schools, I Circle:

UNDER Proviso to the rule under Section 3(i) of the Rules framed under the Madras Elementary Education Act, 1920, the District Educational Officers and Inspectresses may condone a deficiency of not more than 30 days in the minimum attendance. The Inspecting Officers are informed that in calculating the total number of working days for a school during a full year the number of days condoned by the competent authority under the above powers should also be taken into account. Thus if a school actually works for 190 days in a year and 30 days are condoned by the competent authority, it should be deemed that the school has worked for the minimum number of working days required and no proportionate reduction in grant is necessary.

Ordinarily an aided school is eligible for full grant if it works for 220 days in a calendar year. But the managements should not be allowed to close schools as they like except on holidays notified by the management to the inspecting officers at the

P.T.O.

beginning of the year. Previous intimation should be given to the Inspecting officers of any deviation in the list of holidays. If a school is closed for periods other than the notified holidays for satisfactory reasons and if that closure is approved by the Inspecting Officers grant may be assessed for the period of such closure provided the period of closure does not exceed a month at a stretch during a year and provided the teachers are paid during the period of closure. In such cases the teacher quotient may be worked out with reference to the average attendance of the previous month. If the school has put in the required number of working days in the calendar year including the deficiency in the number of working days condoned by the competent authority, it will be eligible for full grant; otherwise grant has to be reduced proportionately for the shortage in the minimum attendance.

3. The suggestion of the Inspectress, I Circle that temporary closure of broken periods of less than a month need not be objected to, cannot be accepted because frequent closures of this type are very detrimental to the regular work in the schools. Closure of schools for unsatisfactory reasons, either for long or short periods should be deprecated.

4. The Inspecting officers are further informed that a school which has closed for more than three months at a stretch without satisfactory reasons will be considered as closed and will have to seek fresh recognition if it re-opens.

(ii) When the closure is for other reasons, the D.E.O. is to be permitted to condone a deficiency up to a period of one month and the Divl. Inspector up to a period of two months.

All deficiencies not covered by the above two proposals are to be condoned by the Director himself.

2. The proposal is fully explained by the D.P.I. at page 1 c.f. Decentralisation appears to be the justification for the proposed amendment. The proposal may be approved and the D.P.I. asked to submit necessary draft amendments. The draft Memo below is for approval.

For orders as to circulation.

LEGAL DEPARTMENT.

Under the existing first proviso, condonation can be made only if the management had informed the Deputy Inspector of Schools or the Sub-Assistant Inspectress, as the case may be, of the reasons for the closure of the school. Under the new first proviso, condonation can be made only if the management of the school informs the Deputy Inspector of Schools of the reasons for closure. In other words, the management should inform the Deputy Inspector in all cases and even if the Sub-Assistant Inspectress be informed by the management, the condonation cannot be made. It is not clear whether this is intended.

Subject to the above remarks, the alterations indicated in red ink on the draft notification may be made.

In G.O. No. 747 Edn D. 2.4.48. Not put up.

The Govt. approved the proposal of the S.D. to amalgamate the boys and girls ranges for the inspection of city schools. There are no separate ranges for the inspection of boys' schools and girls' schools. Consequently the posts of Sub. Asst. Inspectress have been abolished. Consequently there are at present no posts of Sub. Asst. Inspectress. The draft as put up by the depy may therefore stand. Legal may see again.

Apparently the intention of E.&P.H., is that the words "or the Sub-Assistant Inspectress, as the case may be" in the draft should be omitted. If so, the words may be omitted.
