ANNAMALAI UNIVERSITY

No. 9180-D1

22nd December, 1938.

From

THE REGISTRAR,
ANNAMALAI UNIVERSITY,
ANNAMALAINAGAR.

To

The Secretary to Government,
Education and Public Health Department,
Fort St. George, Madras.

Sir,

The Department of Engineering was opened at this University in July, 1945 at the instance of Government. It has been very difficult to find the required teaching staff with necessary experience in the three branches of this Department. But during the first three years of the course, the number of teachers needed were not many, and it was possible to manage with the candidates we were able to secure after several advertisements for the places. Still, for want of candidates with high qualifications and adequate experience ~~xxx~~ to fill the top places of Professors in the Civil Engineering Section, retired Professors of the College of Engineering, Guindy, with a long and bright record of experience had been appointed on contract for definite periods on special terms. One of these, Mr. K.S. Sitarama Ayyar, B.A., B.E., who retired from the Engineering College, Guindy in 1947, and who had been appointed here for a period of three years from June 1947, passed away in August last. A number of advertisements had been made to fill up this post, but a candidate with necessary advanced qualifications and experience who could give satisfaction to the students could not be secured.

In these special circumstances, I am, by direction, to request that Government may be pleased to lend on the usual terms the services of one of the Senior Instructors in Civil Engineering at one of the Government Colleges of Engineering, who is qualified for promotion to Professorship, to serve as Professor of Civil Engineering in this University for a period of three years. The grade provided for the post in this University is Rs. 400--25--700--E.B.--40--900.

I may also be permitted to recall, in this connection that one of our Senior Lecturers in Civil Engineering, Mr. N.R. Sitapati, had been appointed by Government to one of their newly started Colleges of Engineering in 1946--47, and he had to be relieved in the middle of the year, though there had been an acute shortage of teaching staff in this branch here.

If it be difficult to release one of the senior members of the teaching staff ^{one of} of the Colleges of Engineering, a senior member from the executive side in Government service who may be better suited for the teaching line, may kindly be given.

I request the favour of early orders, to enable the candidate so relieved by Government to join duty here on the 15th January, 1949, that is by the beginning of the III term of the year, so that the students of the final year of the first batch of the course here appearing for the Degree Examination in March, 1949 may also have the benefit of advanced instruction and necessary revision by the new Professor. I may add that the Government have been approached once before on the matter (Vide Vice-Chancellor's letter dated 9--11--48 ^{now read in Sept.} to the Hon'ble Minister for Education and the Hon'ble Minister for Public Works, and invite kind attention to the reply No.6556-L/48 dated 18--11--48 of the Deputy Secretary to Government, Public Works Department).

Ref

In submitting herewith a list of Instructors in Civil Engineering working in all the four Engineering Colleges, I have the honour to state that Sri.N.K. Viswanatha Ayyar, Instructor in Hydraulic in the College of Engineering, Guindy is the senior-most officer and that it is not possible to spare his services for the Annamalai University as he has to be considered for promotion as Professor of Civil Engineering in the same college-Vide in this connection my letter R.Cl. 1/49 dated 4-1-49. In his letters No. 9180-D1/48 dated 22/12/1948 and 24/12/1948 the Registrar, Annamalai University has desired that loan of the services of an Instructor who is qualified for promotion to Professorship, but none of the Instructors except Sri.N.Viswanatha Ayyar who are holding their present posts under emergency provisions, is so qualified according to the special Rules applicable to the post. If, however, the authorities of the Annamalai University are willing to take an officer though he is not fully qualified for promotion to Professorship in this department, then I would recommend that the services of either of the undermentioned Instructors be lent to the University on the usual foreign service terms for appointment as Professor of Civil Engineering, the actual selection being left to the University authorities.

(i) Sri.P.N. Damodaran (N.B.) Age. 33 years (16-2-1915) B.E.(Civil): A.M.I.E., Temporary Assistant Engineer, P.W.D. officiating As Instructor in civil Engineering, College of Engineering, Guindy under emergency provisions from 30-4-47 A.N.

(ii) Sri.G.S. Ramaswami(B): 25 years (3-10-1923), B.E.(with Honours), Master of Science and Civil Engineer Degrees of the California Institute of Technology (U.S.A.). Officiating as Instructor in civil Engineering, College of Engineering, Kakinada from 23-9-1948 under emergency provision.

2. Next to Sri.N.Viswanatha Ayyar, the senior most among the Instructors in Civil Engineering is Sri.P.N. Damodaram, who has been handling classes in Theory of Structures, structural Engineering, Applied Mechanics and Docks and Harbours and will be able to carry on the work of a Professor. The other candidate Sri.G.S. Ramaswami has undergone advanced studies in Civil Engineering, structural Engineering and Applied Mechanics in the U.S.A. as a scholar sponsored by this Government. He has the academic qualification prescribed for the post of Professor but not the requisite practical experience.

15

14

3. Sri.G.S. Ramaswami has expressed his willingness to accept the post of Professor of Civil Engineering in the Annamalai University but he expects regularisation of his present temporary appointment and lien on the cadre to which he now belongs. The regularisation of his temporary appointment as Instructor has already been recommended to Government in my Rc. 2910-C1/48 dated 18/1/49. I have not yet consulted Sri.P.N. Damodaran or the Chief Engineering, P.W.D, in the matter and I shall consult them, if necessary, on receipt of the reply from the Annamalai University. If the University authorities select Sri.Damodaran for the post and if he were to decline the appointment, then Sri.G.S. Ramaswami would be the only candidate available for appointment to the post.

Sir,

Loan of services of a Senior instructor in the Govt Eng. colleges for appointment as Professor of civil Eng. in the University.

Ref your letter no: 9100-31/48 dt 6.1.49.

I am directed to state that it is not possible to lend the services of Mr. N. Venuwatha Iyyar as he has recently been promoted as Professor of civil Eng. in the Eng. College, Quindry, in the place of Sri N.S. Krishnaaswami Iyyangar who has been promoted as Principal of the Eng. College, Arantapur. No other instructor in the Govt Eng. colleges possessing the qualifications prescribed for the post of Professor of civil Eng. is at present available for being deputed to your University. The Govt are however prepared to lend the services of one of the following instructors:-

- 1) Sri P.N. Damodaran
- 2) " G.D. Ramaswami

Details of their qualifications are given in the annexure. Sri Ramaswami is ^{has expressed his willingness} to accept the appointment of Professor in

will be pleased to accept the post of Professor of Civil Engineering in the Annamalai University but he expects the resignation of his present temporary appointment and the resignation of his present temporary appointment has already been recommended to Government in my no. 2310-61/48 dated 12/1/49. I have not yet consulted Mr. L.V. Ramaswami of the Chief Engineer, I.E.D., in the matter and I shall consult them, if necessary, on receipt of the reply from the Annamalai University. Sir,

Sub: Loan of services of a Senior Instructor in the Government Engineering Colleges for appointment as Professor of Civil Engineering in this University.

Ref: Your letter No. 96630-A-7-Edn. d. 10-2-1949.

The University is grateful to Government for the communication referred to above intimating that the services of either of the two Instructors in Civil Engineering mentioned would be lent. Though Mr. Damodaran has practical experience, in view of the fact that this is a new Institution and Laboratories have to be fitted, the services of Sri G.S. Ramaswamy may be lent. His experience of laboratories in America may be helpful to us in the erection and fitting up of the laboratories. I am also to request orders re: the period for which this loan could be granted, and the terms re: salary payable to the Instructor and the contribution to be paid to Government for the loan. As the third term is far advanced and it is very desirable that the first batch of students appearing for their Degree Examination in April 1949 are given the benefit of instruction from a Senior member of the staff, the favour of orders enabling Mr. Ramaswamy to join duty at the University at a very early date is requested.

Copy of letter No.7025-E1/48-1 dated 3-1-1949 from the Chief Engineer, P.W.D.(General), Chepauk, Madras to the Director of Public Instruction, Madras.

With reference to your letters read above, I am prepared to spare the services of Sri B.Venkateswarlu, B.E.(C.E.), officiating Assistant Engineer, P.W.D. for appointment as Instructor in Civil Engineering in the College of Engineering, Anantapur, on the same conditions as those under which some other Assistant Engineers are now serving as Instructors in the Engineering Colleges. He is qualified to hold the post and has also expressed his willingness to accept the post if offered. The services of the officer will be made available to you as soon as his appointment is approved by Government or even earlier in anticipation of approval of Government if so required by you. He is a Brahmin, Telugu, and his age is 31. He is at present a temporary Assistant Engineer in this department and his temporary appointment is to be regularised along with that of certain other temporary Assistant Engineers shortly.

2. I request you to obtain the approval of Government to the appointment of this officer as instructor in Civil Engineering in the Anantapur Engineering College and intimate me when his services are required.

From the Regr., Annamalai Unty., No. 9180-D1/48, dated 6-1-48.
From the D.P.I., No. 3850-C1/48, dated 20-1-49.

Loan of services of an officer to Annamalai Unty. for appt. as Prof. or Civil Engg. under it

The Annamalai Unty. has written to Govt. to

request the loan to it immediately, on foreign service terms, of the services of one of the senior Instructors in the Govt. Engg. Colleges, who are qualified for promotion as Profs. of Civil Engg. The officer is to be apptd. as Prof. of Civil Engg. in Engg. dept. of the Unty. The Unty. has specifically suggested the name of Sri N. Viswanatha Ayyar, Instructor in Hydraulics in the Engg. College, Guindy, for the purpose.

2. The D.P.I. whose remarks were invited has reported that Sri Viswanatha Ayyar cannot be spared. That officer has been recently promoted as Professor in the Guindy College itself. The Director's view about him may therefore be agreed to and the Unty. told accordingly.

3. Technically, accg. to the Govt. service rules, no officer other than Sri Viswanatha Ayyar is qualified for promotion as Professor. If the Unty. is prepared to have an officer, though not fully qualified, the Dir. recommends that

either (1) Sri P. N. Damodaran
or (2) Sri G. S. Ramaswami

may be spared.

4. Sri P. N. Damodaran

He is not an officer of the Education Department. He belongs to the P.W.D. and has been officiating as Instructor at Guindy temporarily since April 1947. The D.P.I. presumably considers that if the University appoints Sri Damodaran as its Professor a suitable substitute for him at Guindy can be found. This officer's service may be spared.

5. Sri G. S. Ramaswami

This Officer had his higher education

in the U.S.A. He is willing to accept the Professorship. The fact that the Govt. sent him at their expense with a view to absorb him on return to India in one of the vacancies in their Engg. Colleges need not, it seems, stand in the way of permitting him to go to the Annamalai University. The Govt. are giving large grants to the University towards the cost of maintenance of the Engg. College and they who are the potential employers of the Engg. graduates of the University must naturally be interested in the University maintaining as high^a standard as possible. This officer's services may be spared. Further the services of the officer are to be lent temporarily.

6. Particulars about both officers may be sent to the University and it may be left to the University to select whomsoever it pleases. Simultaneously Sri Damodaran's consent and the C.E.'s remarks also may be got. For orders. If the University selects Sri Damodaran the loan will have to be sanctioned by P.W.D.

Sri. G. S. Ramaswami, oversummer, was appointed as assistant in the Kakirudi College on a temporary basis from Sep 1948. The question of the regularisation of his appointment has not been taken up. The correspondence referred to in para 2 of the Director's letter on page 20cf refer to Sri G. S. Swaminathan, another overseas scholar. The Director may be asked to send up proposals for the regularisation of Sri Ramaswami's service.

As the Annamalai University wants Sri Ramaswami's service immediately the deputation may be sanctioned for a period not exceeding three years (the question of regularisation being taken up separately).

The limiting of the pay to 25%
 above the pay admissible to him while
 in the employ of his Govt is laid
 down in F.R. 114. This principle
 has been constantly emphasised by
 Govt in all cases of foreign service &
 has been generally adhered to. Broadly
 it rests on two considerations

- (1) Foreign service should not be
 made so much more attractive than
 the incumbent position to service under
 the Govt wherein he holds his lien
- (2) Jealousy & discontent should
 not be permitted to be engendered among
 brother officers of the Govt which
 permits the deputation on foreign service
 In this case the foreign

 Mr. Ramaswami will be presumably
 have a salary of Rs 400/- which
 is more than 50% above the pay
 now drawn by him. Fin may
 advise that the increase be limited
 to 25%.

 there is a case for relaxation of the
 rule, H.M. (Fin) should see.

The suggestions of the Fin dept at
 A in the previous page may be
 accepted and they may be incorporated
 in the draft order.

As regards the suggestion of Fin that
 the officers pay in the Annamalai University should
 be restricted to his pay here + 25% p.c., it is respectfully
 submitted that the suggestion would have been ^{acceptably} ~~accepted~~
 if he were to be appointed to ^a ~~an~~ post of ^{equal} ~~equivalent~~
 (Professor) in the University. But he is to be appointed
 as Professor in the dept of Eng, carrying
 greater responsibilities and it does not seem that the
 scale suggested is too much. It will not be fair
 to allow the officers to draw lesser pay than the other
 Professors in the University. Further the officer is one
 who has acquired foreign qualifications. In these
 circumstances this dept may press the proposal
 that he be allowed to draw pay in the scale of
 Rs 400-900 while employed in the University.
