Sir,

Sub:-- Buildings--Government Basic Training school, Arcot--Providing Additional Hostel accommodation--Construction of a new block of four rooms--Estimate for Rs. 9,900/- --Approval--Requested.

4842

I have the honour to submit herewith plans and an estimate for Rs. 9,900/- for constructing an additional block of four rooms for providing additional hostel accommodation for the Government Basic Training school, Arcot and to request that Government may be pleased to accord their administrative approval to the same at a very early date. The existing hostel accommodation is quite inadequate. More than 100 students have to be provided with hostel accommodation, while the present hostel block which consists of four rooms, can accommodate, conveniently, about 30 students only. About 70 students are now accommodated in this hostel block and all the remaining students, numbering over thirty, are accommodated in one class-room measuring 34' x 18'. This arrangement is quite unsatisfactory and the provision of additional accommodation is therefore absolutely essential. The estimate enclosed is for the construction of a new block of 4 rooms of 16' x 12' each, with a verandah of 4' width in front. A sum of Rs. 5000/- has been provided in the current years Minor works budget, for the above work.

2. I request that Government may issue very early orders according their administrative approval, so that the work may be commenced without delay, and the budget provision utilised in full, without lapse.

Yours faithfully,

D. P. Paulanathan

For Fin (exp)

The proposal for the construction of a new block of 4 rooms for providing additional hostel accommodation for the Govt. Basic Training School, Arcot at an estimated cost of Rs 9,900/- may be agreed to in this deptt, subject to orders being taken in circulation, including H.M. (Fin) and H.Pr.

The monetary limit fixed for minor works of the Education Deptt is Rs 1,50,000/- and the same amount has been provided in the current year's budget, which includes a provision of Rs 5,000/- for the work in question. It was observed recently that some of the minor works of the Education Deptt ~~should~~ be postponed, if the expenditure in the current year was to be kept within the monetary limit. If, as is presumably the case, the expenditure of Rs 4,900/- over and above the provision of Rs 5,000/- cannot be incurred without exceeding the monetary limit, this Deptt. may suggest that the work to the extent of Rs. 5000/- may be carried out in the current year, and the remaining portion in the next financial year.

With ref to H.P.R. minute above, it is ruled that a provision of Rs. 5000/- for the work in question exists in the current year's minor works' budget. It is proposed to sanction the estimates for the work subject to the condition that only such portion of the work as can be completed within the current year's provision without exceeding the monetary limit should be executed during the current year; the remaining portion of the work being left over for execution during the

during the next year - vide the note of Finance at page 2 ante. It is presumed that this will satisfy the condition specified by H. Pr. No further circulation appears to be necessary.

The case may be sent to the P.W.D. for issue of orders on the above lines.

The basic training school should not be constructed in the towns and so also the hostel. C.P.R.

With refer. to H. Pr.'s minutes above, it is ruled that it is not proposed to construct any new Basic Training School in Aret. There was ~~an~~ ordinary Training School in the town, which was recently converted into a Basic Training School, like so many other schools. Addl. accommodation is now required for the hostel attached to the school, and it is ~~for~~ proposed to construct an additional block of four rooms for the hostel. This appears to be quite necessary, in the circumstances stated by the D.P.I. at page 1 of. On definite orders of H. Pr. may therefore, be taken whether the proposal at 'A' alone will be approved subject to the condition at 'B' overleaf.

Please see the orders in circulation above. The effect of the orders is that the proposal in this file, viz., the construction of an additional block of four rooms for the hostel attached to the Aret Basic Training School, Aret, should be negatived. The D.P.I. may be informed accordingly. For orders.

2. It may, in this connection, be pointed out that H. Pr.'s minute at 'P' on p. 4 ante implies that the Aret Basic Training School at Aret should be shifted to a rural area and the present building occupied by the school should be utilised for purposes other than a Basic Training School. It is not very clear whether by the minute at 'R' above H.M. (Edu.) has accepted also the implication of H. Pr.'s orders, referred to at 'A' above. The file may perhaps be re-circulated to H.M. (Edu.) for clarification on this point, so that the definite instructions in the matter may be issued to the D.P.I.

Sir,

Arcot - Shifting of.

Ref:-- G.O. Ms.712 Education dated 14-3-49 and
Govt. Memo. 45120 B2/49-1 Edn., dated 14-6-49.

The Divisional Inspector of schools, Coimbatore has reported that there is no need to shift the Basic Training school for Masters, Arcot elsewhere as it is at present located in a rural atmosphere. I agree with him and recommend that the school need not be shifted from Arcot.

Adjacent to the Basic Training school, Arcot on the eastern side there is a plot of land about 66 cents in extent which can be used for gardening purposes. In contiguity with this plot there is available about 5 acres of wet land fit for agricultural purposes. If both these pieces of lands are acquired for the school there will be no necessity at all to shift the school to any other place. I shall submit proposals for the acquisition of these lands in due course.

Yours faithfully,
