In the G.O.'s cited above, Government have sanctioned the employment of one typist for election work and another typist for Textile work. No typewriters have been supplied to these two typists. At present, there are two typewriters in my office, viz. L.C. Smith No. 1257794 and Underwood No. 5404135 which were obtained from the Superintendent, of Stationery on loan on a previous occasion. I request that I may be permitted to retain these typewriters for election and textile work. They will be returned to the Superintendent of Stationery as soon as the above items of work are over. The Superintendent of Stationery has also no objection to my retaining the two machines.

~~1. The first part of the book is a history of the city of New York from its first settlement in 1624 to the present time. It is a very interesting and valuable work, and is well worth a read.~~
