Station..... M a d r a s., Dated the 11th August 19 47

From (Name) Sri D.S.Reddi, M.A.(Oxon.),
(Designation) Director of Public Instruction,
Madras.

To The Secretary to the Government of Madras,
Education and Public Health Department.
Fort St. George, M a d r a s.

Sir,

I have the honour to state that the Correspondent of the R.C.M.Girls' Elementary School, Madugala, Vizagapatam District, a centre in which compulsory scheme of elementary education has been introduced, has applied for permission to construct two sheds for providing additional accommodation for the children newly enrolled in her school as one shed will be insufficient for the purpose. In Paragraph 3 of G.O.No.Ms.1224 Education dated 11.8.1945, Government have ordered that where on account of the difficulty of obtaining houses for rent, temporary structures have to be provided, a grant equal to the actual cost of construction, subject to a maximum of Rs.1,000/- for each school is admissible.

2. The above orders have been modified in so far as they relate to Board Elementary schools, in G.O.No.1714-Edn., dated 27.10.1945, which states that the Government will be prepared to raise the maximum if more sheds than one are to be put up in Board Elementary schools in compulsory areas where the enrolment of scholage children justifies the necessity. It has also been laid down that the maximum grants in such cases will be calculated at the rate of Rs.1,000/- per shed and that the previous approval of the District Educational Officer or the Inspectress as the case may be,

: 2 :

shall be obtained for the erection of the temporary sheds.

3. As there are no specific instructions regarding the erection of more than one shed in the schools run by aided managements in similar circumstances, it is suggested for the approval of the Government that the procedure laid down in respect of the construction of sheds by District Boards in compulsory areas may be applicable in the case of aided schools also.

I have the honour to be,
Sir,
Your most obedient servant,

M. A. D. R. A. S.

vallapuzha is a village in Malabar District where compulsion was introduced during 1945-46. A new school was opened in this village under the compulsion scheme by a private agency, and the correspondent of the school constructed a temporary shed at a cost of Rs.1400/- and claimed a grant. The Divisional Inspector, Coimbatore rejected the claim. The management appealed to the Director and the claim is found admissible.

2. In the meanwhile, to accommodate the growing strength the management applied to the Divisional Inspector for a grant for the construction of a 2nd shed, and the payment of grant has been provided by the Divisional Inspector. Thus the school has to be paid grant from Provincial funds for two sheds. I request the favour of orders of the Government for the payment of a grant in respect of both the schemes. Kind attention is in this connection invited to my R.C.No.1065B1/47 dated 11.8.1947 and Government Endt.No.81530-B2/47-1 Education dated 20-10-1947 and request the favour of early orders on the general question also.

As the sheds constructed in the compulsory areas
are of temporary nature, most of them are thatched. Some
District Boards have put up tiled sheds, but the maximum
subsidy payable is limited to Rs.1000/- for each shed though
the cost of construction has exceeded this limit. The
information whether the walls have been constructed with
bricks is not available in this office. The same will be

Sub: Elementary Education - Compulsory
Construction of temporary sheds in

From the D.P.O. no 1065 B1/47 dated 11.8.47

Under existing orders, Dist Boards, can erect for each ^{accommodate} ~~accommodate~~ school more sheds than one to ^{accommodate} ~~accommodate~~ pupils newly enrolled in areas, where the scheme of compulsory ^{elementary} ~~elementary~~ education has been introduced. Dist Boards, ^{have} ~~may~~ also ~~be~~ ^{been} authorised to claim subsidies towards the cost of erection of sheds at Rs 1000/- per shed.

2. The D.P.O. enquires, whether Managements of aided ^{elementary} ~~elementary~~ schools in compulsory areas can also be given grants at the rate of Rs 1000/- ^{per} ~~per~~ shed even though more sheds ^{than one} ~~are~~ are constructed for a single school.

Submitted, that there is no objection to the proposal to sanction a grant as explained above, if there is need for the provision of more sheds than one for ^{a single} ~~the~~ schools.

3. It may be noted that the D.P.O. has pointed out that sheds erected for schools will not last long and that expenditure incurred on the erection becomes practically a waste after some years. He has suggested the provision of pucca buildings for schools in compulsory areas. Proposals made by him ^{in this regard have been} ~~deferred~~ ^{have been} consideration, pending the preparation of cheap

type designs for elementary schools.
As it may take ^{much} time for the provision
of pucca buildings for schools, erection
of sheds is indispensable ^{in the meanwhile} in compulsory
areas, so as to accommodate children
newly enrolled in schools.

For orders, whether the D.P.O. may
be informed as in para 2 above.

Under the scheme of compulsory elementary education,
District Boards were eligible to draw grants at the rate of
Rs. 1,000/- per school for temporary structures constructed
for accommodating the pupils newly enrolled in compulsory
areas where rented buildings could not be secured. The
intention of the Govt. was that private managements also

should participate in the scheme. Therefore they ordered that grants towards rent charges should be made available to managements also and that the arrangement ~~will~~ be in force only for three years from the date of introduction of compulsion. Subsequently on the representation of the District Boards, it was decided to give a grant of Rs. 1,000/- per shed as it was necessary to provide more than one shed for a school. This concession was not however extended to private managements. The Director of Public Instruction now requests that private managements may also be allowed grants at the rate of Rs.1,000/- per shed as in the case of Dt. Boards. Education and Public Health agree to the proposal. ~~and that the Finance Department may prepare a rough estimate of the add. expenditure involved in the proposal~~ Attention is invited in this connection to D.P.I.'s remarks at X on p.1 C.F. and Secretary's notes at B on p.5 n.f. of G.O. 1224 Education dated 11-8-1945.)

The proposal to sanction grants to private managements of ele. schools under the system of compulsory education at the rate of Rs 1000 per shed, if there is need for the provision of more sheds than one for a single school may be agreed to in Finance on the analogy of schools under the management of Dt. The Government have been sanctioning subsidies to local bodies and grants to aided agencies towards the construction of sheds for schools in compulsory areas. The ^{maximum} (subsidy or grant) was first fixed at Rs 1000/- per school, the actual amount being determined with reference to the cost of construction. On a representation from the District Boards, that there was need for putting up more sheds than one for each school in certain localities, the basis of grant was altered to Rs 1000/- per shed for District Boards. The Director now requests that this concession may be extended to managements of aided Elementary Schools also in compulsory areas. The extra cost on this account has been estimated at Rs 1,38,000.

The file may be circulated to H.M. (Edn), and H.M. (Fin) and H.P. for orders.
