To The Secretary to the Government of Madras,

EDUCATION & PUBLIC HEALTH Department.

Sir,

I have the honour to request that a sum of one lakh of rupees may be allotted every year from 1948-49 for the provision of play grounds to Secondary and Elementary -- Schools as part of a new policy of a ten year plan.

2. The Beasley Committee recommended in 1929 that Government should adopt a definite policy for provision of play-grounds. Accordingly with reference to the orders in G.O. No. 2156 Law Education, dated 22-10-1929, the Government then made a beginning by making provision in the Budget from 1930-31 for grants towards the cost of acquiring play-grounds. The play ground situation is getting more and more acute every year. Due to various causes it has not been possible to provide a play ground for every year school. Unless immediate steps are taken many schools will have no play grounds. The cost of land has risen in the recent years and so a sum not less than a lakh will be necessary every year for a period of ten years to pursue a definite ten year plan for the acquisition of play grounds for all

The D.P.I. has proposed that ^athe sum of Rs. 1 lakh may be allotted every year from 1948-49. for ~~the~~ provision of playgrounds for secondary and elementary schools as part of a new policy of a ^{ten}40 year plan. (In this connection ~~He~~ has written as follows):

" The Beasley Committee recommended in 1929 that Government ~~should~~ should adopt a definite policy for provision of playgrounds. Accordingly, the Govt. then made a beginning by making provision in the Budget Estimate from 1930-31 for grants towards the cost

of acquiring playgrounds. The play ground situation is getting more and more acute every year. Due to various causes it has not been possible to provide a play ground for every school. Unless immediate steps are taken many schools will have no play grounds. The cost of land has risen in recent years and so a sum not less than a lakh will be necessary every year for a period of 10 years to pursue a definite ten-year plan for the acquisition of playgrounds for all schools."

The practice hitherto has been to make necessary provision ^{in the Rs. 1 lakh every year} in respect of completed schemes relating to play grounds. This Department suggested that this practice might be continued and that it was not necessary to approve the proposal of the Director to provide a lump sum allotment every year. The Finance Department agreed with this Department.

The Hon'ble the Minister for Education, however, considered that the proposal should not be deferred. He minuted as follows:-

"The provision of play grounds in our schools is not satisfactory. The health of our boys in many of our schools is deteriorating mainly due to want of play grounds. We are also contemplating the introduction of military training in many of our schools. Without grants, all these are impossible. We may press for the inclusion of this amount ^{as a} ~~in the~~ Part II ^{of the} Scheme (for

1948-49."

The Hon'ble the Finance Minister minuted ^{that} ~~the~~ a

^{may be made} start with a humbler figure for the year. The Minister for Education on re-circulation agreed with the Hon'ble Minister for Finance but suggested that the Cabinet or the S.F.C. might decide the amount to be provided each year for the purpose.

If ^{an} ~~the~~ allotment of Rs. 1 lakh is approved by the Finance Committee, the provision may be distributed under the various budget heads as shown in the summary at the top.

Education dated 24.3.1948.

I may state that so long as the limits of cost prescribed in G.O.No.1018 L. & E., dated 31.5.1930 for the purchase or acquisition of playing fields remain so very low, Local Boards are not able to provide playgrounds and very few proposals have been received so far. In addition in almost all cases acquisition proceedings seem necessary and this will take long time. Hence, the funds provided for in the Budget are not likely to be utilised at all.

Distribution - Proposals:

REF:- Government Memorandum No.78354/C.1/47-4 Edn.
dated the 24th March 1948.

WITH reference to the above Memorandum, I submit here-
with a list of 10 schemes for which grant may be sanctioned
during 1948--49. All the particulars required are given in
the statement. As soon as orders are received, the manage-
ments concerned will be asked to purchase the site, produce
the stamped vouchers and the valuation of the site from the
Revenue Department in time to claim the grant during 1948-49.

2. The cost of land has gone up enormously since the
issue of G.O.No.1019, Law Education dated 31st May 1930 and
G.O.No.540, Law Education, dated 19th March 1935 and it is
impossible to secure lands at the old rates. The rate for
the 6 schemes (1 to 5 and 7) are about Rs.1,000/- per acre
and for the other 3 schemes (6, 8 and 9) the rates are about
Rs.2,000/- per acre.

(1) Scheme No.5:- The management propose to purchase 6 acres
at Rs.6,000/-. The extra one acre over 5 acres may be per-
mitted as the land is continuous.

(2) Scheme No.8:- The valuation of the site by the Revenue
Department is Rs.2,000/- per acre. As the lands have been
purchased at a cost of Rs.10,000/-, the grant of Rs.5,000/-
may be sanctioned during 1948--49. In anticipation of this
sanction, the grant has not been proposed in the Budget Es-
timate for 1949--50.

(3) Scheme No.10:- The management of R.K.High School, Allur
purchased 5 acres for Rs.15,000/- i.e. Rs.3,000/- per acre.
As the school has 2 acres of playground space, the management
are willing to restrict their claim towards the purchase of
3 acres of land at Rs.3,000/- per acre. Based on the valua-
tion of the Revenue Department a grant of Rs.4,500/- may be
proposed for this institution.

3. The grant in each case will be restricted to one
half of the actual cost or one half of the valuation of the
land by the Revenue Department whichever is less. The total
probable grant for the first 9 schemes will be Rs.22,466/-
and with the addition of the 10th scheme, the total grant
will be Rs.26,966/-.

Re. 944 G2/48 dated 6th October 1948.

Sir,

Sub: Education - Secondary - Local Body Secondary
Schools - Provision of playgrounds - lumpsum
grant - distribution of.

Ref: Govt. Memo No. 78354 Cl/47-4 Edn., dated 24-3-48.

I am herewith enclosing a statement showing the particulars of the proposals received from some of the Local Bodies in connection with the distribution of the lumpsum allotment of Rs. 25,000/- made towards the provision of playgrounds for the Secondary Schools under the management of the Local bodies during the year 1948-49. According to G.Os 1018 Edn., dated 31-5-30 and No. 540 Edn., dated 19-2-35, the cost of an acre of the land to be acquired should not, ordinarily, exceed Rs. 600/- in Non-Municipal areas and Rs. 1,000/- in Municipal areas. But considering the huge increase in the cost of lands at present it seems desirable that cases where the cost of an acre of land exceeds the monetary limits stated above should also be admitted for payment of grant provided, of course, the rates are within reasonable limits. It is, therefore, suggested that ~~Rs. 1500/-~~ Rs. 1500/- in Non-Municipal areas and Rs. 3000/- in Municipal areas may be taken as reasonable cost per acre.

If Government agree with this view, items 3, 8, 12, 13, 15 and 24 in the Annexure, where land is to be acquired by the land acquisition act, will come within these limits. But as regards the payment of subsidy to these schemes, I wish to state that the land acquisition proceedings necessarily take much time and no amount can be expected to be spent towards these schemes either during the current year and perhaps even during next year.

: 2 :

The question of sanction of subsidies towards these schemes or of making provision therefor in the Budget Estimate can, therefore, be taken up only when the acquisition proceedings are launched by the Revenue Department. I, therefore, suggest that the local bodies concerned in regard to these schemes may be advised to take up the question of acquiring the lands under the land acquisition act on hand and apply for provincial subsidy if and when acquisition proceedings are launched by the Revenue Department. I may also state that for the reasons stated above, I have not suggested any provision to be made in regard to these scheme in Part II proposals of the Budget Estimate for 1949-50.

2. There is also another aspect to this question. According to G.O.1018 Edn., dated 31-5-30, the extent of the land provided should not exceed for purposes of grant five acres in the case of complete high schools having 250 pupils or more and 3 acres of playground in other cases. In regard to item No.12 (Board High School, Atmakur) though it is a complete High school now, it was having only the Middle School Department before the year 1930 and the higher forms have been opened in the school only recently. The school is eligible, therefore, for subsidy towards the acquisition of 3 acres of playground in all. Since it is having already 2.20 acres of playground, it can be permitted to acquire, with the help of provincial subsidy, only an extent of 0.80 acres. In regard to items Nos.3 and 13, both these were complete High Schools before the year 1930 and since they are now having a playground of 3 and 3.45 acres respectively, they can, likewise, be permitted to acquire, with Provincial subsidy, only extents of 2 and 1.55 acres respectively. In regard to the remaining items (i.e.) 8, 15 and 24, the total extent of the playground including the proposed sites is within the limit of 5 acres (all these 3 were complete High Schools before the year 1930) and hence the requirements proposed by the Local bodies concerned may be allowed to be had with provincial subsidy. I wish to state, in this connection, that it is desirable to adhere to these limits of 5 and 3 acres as referred to above irrespective of the fact

: 3 :

whether the existing playgrounds of the schools were subsidised from Provincial funds or not because, only then will it be possible for the schools which do not have any playground at all to receive the utmost help and only so may we expect to see that all the schools are provided with play-ground of the minimum requirements.

3. Schemes Nos. 5, 6, 7, 10 and 21 fall within the monetary limits referred to above but since they possess already the minimum playground, I suggest that they need not be taken up for consideration now.

4. As regards schemes Nos. 11, 14 and 18, it is stated that the acquisition will be carried under private negotiations. Further, it is stated that in regard to scheme No. 18, acquisition has actually been made during 1948-49 by registering the sale deeds, though the prior permission of the Government

or of the Director was not obtained by the District Board for the acquisition. The other 2 schemes (11 and 14) also can be expected to be completed during the current year

itself. I suggest, therefore, that these 3 schemes may be considered for payment of subsidy from out of the allotment of Rs. 25,000/- made for the current year. I may also state that scheme No. 18 exceeds the monetary limits proposed above but since there are no sufficient number of schemes to be paid from out of the allotment made already for the current year and as the total amount for payment on this scheme is less than Rs. 1500/-, the scheme is being recommended for consideration, so that the allotment may not lapse.

In regard to item No. 11, the grant has to be restricted to only 1½ acres, since only the Middle School Department was opened before the year 1930, thus entitling it to have only 3 acres of playground with the help of Government grant.

5. Incidentally, I wish to state that in regard to a few cases, proposals have been received for improvements to playgrounds but since the scheme under question envisages only the provision of playgrounds - which ordinarily

p.t.o.

means acquiring of new playgrounds - the above proposals have not been brought to the list.

6. The total cost of acquisition of the 3 schemes referred to above (i.e.) 11, 14, and 18 comes to Rs. 9,735 and half of it will be Rs. 4,868. In addition to these schemes, 2 old schemes which were admitted to grant by Government in previous years are reported to be ripe for payment this year and these schemes relate to Achuthan Municipal Girls' High School, Chalapuram, Calicut and Board High School, Kuppam. The amount to be claimed this year in respect of these two schemes will be Rs. 7,604. Hence Rs. 12,472/-

(Rs. 4,868 plus 7,604) or Rs. 12,500 nearly will be the amount that can be anticipated to be spent this year as against the allotment of Rs. 25,600/- (Rs. 25,000 provided under the scheme under reference and Rs. 600 provided towards the old scheme relating to Board High School, Kuppam referred to above).

7. The remaining schemes in the Annexure need not be taken into consideration since they are beyond the monetary limits stated above.

Yours faithfully,

K. H. 7-10

Sir,

Sub: Education - Secondary - Local body Secondary
schools - provision of play-grounds - lumpsum
grant - distribution of.

Ref: Director's letter Rc. 944-G2/48 dated 6-10-1948
in reply to Govt. Memo.No.78354-G1/47-4 Edn.
dated 24-3-1948.

In continuation of Director's letter referred to
above I am enclosing herewith a statement containing eleven
proposals which have been received subsequent to the submission
of the proposals to Govt. in Director's letter referred to above.
It may kindly be seen from the statement that in regard to
all the schemes (except in regard to item 1 i.e. Board High
School Andhiyur) the rate per acre of the proposed site
exceeds the limit suggested in Director's letter referred
to above (i.e.) Rs. 1500 per acre in non-municipal areas. Hence
I recommend that all these schemes need not be taken into
consideration.

In regard to the scheme relating to Board High
School, Andhiyur, the rate is within the said limit but this
school being only an incomplete secondary school before the year
1930 is eligible for subsidy towards the acquisition of 3 acres
of play-ground only. But it is already having 3½
acres of play-ground and hence this scheme also cannot be
recommended.

In regard to Board High School, Ryndor, particulars
regarding the extent of the proposed site and its cost have not been
furnished and in the absence of the information it is not
possible to take up this scheme for consideration.

I may also add that in regard to none of these
proposals, the question of acquisition has yet been taken up.

(ii) that in view of the abnormal increase in the prices of land, Rs.3,000/- per acre in municipal areas and Rs.1,500/- per acre in non-municipal areas may be considered as reasonable rates, in lieu of the limits ~~fixed~~ prescribed in para 1 (iii) of the G.O. referred to in item (i) above;

(iii) that the grant in each case may be limited to half ^{or} the actual cost or half the valuation of the land by the Rev. Deptt., whichever is less;

(iv) that improvements to playgrounds should not be admitted to aid from out of the special allotment of Rs. one lakh referred to above; and

(v) that in respect of aided secondary schools, the execution of mortgage deeds may be dispensed with, subject to an undertaking ^{being} ~~to be~~ taken from the managements to use the sites as play-grounds for not less than thirty years.

The Govt. approve the proposals (i) to (iii) above, subject to the relaxations ordered in G.O. No.540, Law & Edn., dated 19-3-1935. Proposals (iv) and (v) above are also approved.

2. The D.P.I. is, in this connection, informed that for a school to be eligible for assistance in respect

of five acres of playground, it is enough if the school is a complete secondary school, having 250 pupils or more, at the time when it applies for grant. The Director's presumption that this should be the case, on or before 31-5-1930 (that is, the date of G.O.No.1018, Law & Edn., dated 31-5-1930) is not correct. For instance, the Nellore Municipality, referred to in item 11 of the statement submitted with the Director's letter No. 944-G2-48, dated 6-10-1948, will be eligible for a grant for all the 3 acres of playground required for its Stonehousepet Ml. High School.

3. Based on the above decisions, the D.P.I. is authorised to disburse grants and subsidies to aided and local body secondary schools as shown in Annexures I to II respectively.

He may advise those of the local bodies which propose to acquire the required lands under the Land Acquisition Act, to take up the question of acquisition on hand and to apply for subsidy as and when the acquisition proceedings are launched by the Rev. Deptt. He is informed that the case of the Municipal High School, Anantapur, will be reconsidered on receipt of his further remarks referred to in his letter No. 944-G2-48, dated 20-10-1948.

4. As regards aided elementary schools, the D.P.I. is informed that the grant for S.V.T. Higher Ele. School, Karpeala (South Kanara Dt), should be limited to half the cost of 3 acres of playground only or, if the school now owns any extent less than 3 acres, to only half the cost of that extent required to bring the total extent to 3 acres. This condition should be applied also to Savitri Vidyasala Hindu Girls' Ele. School, Tiruchirapalli, in which case, the cost of improvements to playgrounds should also be omitted from consideration. The D.P.I. is, therefore, requested to submit revised proposals in respect of these two schools.

In the case of other schools to which grants not exceeding Rs. 500 only are due, the D.P.I. himself may sanction them. As for the remaining schools, the D.P.I. is authorised to disburse grants as shown in Annexure III.

5. The D.P.I. has not furnished particulars regarding the extent, or the cost per acre, of lands proposed to be acquired in respect of elementary schools under local bodies. The item relating to improvements to the playgrounds attached to the schools under the Nellore Dt. Bd. should be deleted and the grant for Board Higher Ele. School, Bikatee (the Nilgiris Dt.) should be limited only to half the cost of the land. In respect of the 4 elementary schools under the N. Arcot Dt. Bd., the D.P.I. is informed that no application for loan has been received and that it should be examined whether the grant will be utilised by the Dt. Bd. without the loan referred to. The Director is requested to consider these points and submit revised proposals in respect of elementary schools under local bodies.

Government in their Memorandum referred to above, while approving the proposal of the Director that the limits regarding the extent of land fixed in paragraph 1 (ii) of G.O.No.1018 Law and Education dated 31-5-30 subject to the relaxations ordered in G.O.No.540 Law and Education dated 19/3/35 should be strictly adhered to, have stated that the Municipal High School, Stonehousepet under the Municipal Council, Nellore would be eligible for a grant for 3 acres of play-ground. As already stated in Director's letter Rc.944-G2-48 dated 6/10/48 this school is already having a play-ground of 1 1/2 acres which was, of course, not subsidised from Provincial funds. It is, therefore, presumed that the intention of Government is that the limits to be adhered to according to the Government orders referred to above are only in regard to the play-field to be subsidised from Provincial funds irrespective of the number of acres of play-ground space which the school possesses already. It may please be stated whether the presumption is correct.

With reference to para 5 of the Government Memorandum referred to above, I submit herewith a list of schemes (for the provision of playgrounds to elementary schools under the local bodies) as received from the Executive Officers of the District Boards, and Commissioners of Municipal Councils. Reports have not been received from the Special Officers of the Nilgiris, Vizagapatnam and Ahantapur District Boards and the schemes relating to these local bodies have not been taken into account. Schemes for the improvements or repairs to playgrounds have not been included as such schemes are not eligible for Government grants with reference to sub-para iv of para 1 of the Government Memorandum referred to above.

p. 4 ante

The allotment for the year is only Rs.25,000/-. The total estimated grants for all the schemes of the local bodies comes to Rs.53,041/-. To restrict the grants to the amount available the schemes noted below may be deleted from the list for the reasons mentioned against each:--

p. 55 infra

1.No.3 in the List -- Municipal Council, Srivilliputtur:--

The cost of acquisition of sites for playgrounds for 3 schools is reported to be Rs.17,500/- and the Municipal council requests full grant which is not permissible.

It is reported by the Municipal Council that the schemes for the 2 Elementary schools are for expansion of schools and provision of playgrounds. It is not stated whether the work will be completed and grant claimed before 31.3.1949. This scheme may be therefore deleted.

4. Item No.10 in the list - District Board, Kurnool:--

Full particulars regarding cost of land per acre and whether the District Board will be able to complete the work before 31.3.1949 have not been received. This may therefore be deleted.

The total grant payable for all the schemes comes to Rs.19,321/-. I shall submit my further recommendations, if any, on receipt of particulars from other local bodies.

Subsidies - Local bodies - Provision of playgrounds for elementary schools.

Read again: Memo No. 78354-47-C1 Edn., dated 2-12-48. From the D.P.I. Rc.No. 1692-B1/48 dated 19-1-49.

MEMORANDUM NO. 78354-C/47-154 DATED. 1/2/49.

For the reasons stated by the D.P.I. he may delete from the list of schemes for the provision of playgrounds to elementary schools, the schemes in respect of the Municipal Councils, Srivilliputtur and Mangalore and District Boards South Kanara and Kurnool.

2. The Director is requested to ascertain and report urgently whether the land proposed to be acquired for two elementary schools in the Tanjore Municipality is for the purpose of playgrounds alone or for the construction of school buildings also.

3. In Memo No. 78354-47-C1-Edn., dated 2-12-48 the Govt. approved the proposal of the D.P.I. that in view of the abnormal increase in price of land Rs.3000/- per acre in Municipal areas and Rs.1500/- in non-municipal areas should be fixed as reasonable rates for the purchase of lands for playgrounds for elementary schools. It is observed from the list of schemes received from the Director that the price of land proposed in many cases far exceeds the limit referred to above. While agreeing that it will not be possible for certain local bodies to acquire lands for less than the prices stated the amount allotted for the purpose would not permit the limits prescribed being increased. The Director is requested to inform the local bodies that while the Govt. will give their grants only at the rates specified in Memo No. 78354-47-12-C1 Edn., dated 2-12-48, viz. Rs.3000/- per acre in Municipal areas and Rs.1500/- per acre in non-municipal areas, it is open to them to meet the additional cost of acquisition from their general funds.

If the local bodies concerned agree to this, they may proceed with the acquisition of lands and claim subsidies as expeditiously as possible.

With reference to the ~~Government~~ last para of the Govt. Memo referred to above I may state that only one proposal has come up for consideration relating to local body secondary schools and this is in regard to the Board High school, Kamuthy. I am submitting this proposal to Government separately--Vide, Director's letter RC 944-G2/48 dated 7-2-49 wherein it is suggested that a subsidy of Rs. 366/- may be sanctioned to the District Board, Ramnad, during the current year. This amount is also being included in the Final Revised Estimate for 1948-49.

Excepting this proposal there are no other new additional proposals for consideration for the current year so far as Local body secondary schools are concerned.

Office of the
Director of Public Instruction,
Madras, dated 7th February 1949.

Ref:-- Copies of letter Rc Ell=7801/48 dated 20-11-48
ad 5-1-49 of the Special officer, District Board,
Ramnad addressed to the Director.

Submitted.

2. A site measuring 6.20 acres has been acquired by the District Board, Ramnad through land acquisition Act for using it as a playground for the Board High school, Kamuthy. The cost of the acquisition is Rs. 1,014-4-11. The Special officer requests payment of subsidy towards this scheme. The site under question has been taken over by the District Board on 4-11-1948.

3. It is submitted in this connection that the proposal for the acquisition of land for playground started in 1931 but the proposal was then abandoned since the site selected was reported to be unsuitable and fresh proposals were called for by the District Board from the District Board Engineer. Action was taken up again in 1942 when the question for construction of buildings for this school was decided. The Special officer says that there is nothing on record to show why the proposal was not taken up till 1942 and he presumes that this proposal would have been deferred when the proposal for the construction of school building was taken up. Attention is, in this connection, invited to copies of letters N+RC 263-G-31 dated 24-2-1941 and 2-6-31 of the Director furnished by the Special Officer along with his letter RC Ell-7801-48 dated 20-11-48 referred to above (copy also enclosed)

4. Since acquisition has been over it is presumed that that the scheme can be admitted for the purpose of payment of subsidy during the current year. But, attention is invited to the copy of Director's letter dated 24-2-31 referred to above wherein the President was informed that since only Middle school department of the High school was opened before 1930 only the cost of 3 acres of play-ground would be taken into account for purposes and of subsidy. Attention is also invited in this connection to Government Memos. Nos. 7835-4. C1/48-13 Education dated 2-12-1948 and 17-1-1949 wherein government have stated that for a school to be eligible for the grant for five acres of playing field it is enough if it is a complete secondary school having 250 pupils or more on its rolls at the time it applied for grant. The school under reference satisfied this condition since it is a complete secondary school with a strength of 342, but attention is in this connection invited to the fact that Government are now considering the question of relaxing the restriction in regard to the eligibility of Local Body Secondary schools opened after the year 1930 also for playground grants and final orders are yet to be passed by Government in regard to this question--Vide, Govt. Memo No. 8869-B1/48-1 Edn. dated 17-1-1949. It is not clear whether it is the intention of Government that the restriction (the relaxation of which is contemplated in the Government Memo. No. referred to (i.e.) 88669 B1/48 Edn. dated 17-1-1949) which exists now is only in regard to the schools opened afresh after 1930 and that the restriction need not be applied in regard to the Forms opened after 1930 in the secondary schools which were in-complete before the year 1930. Government may, therefore, be pleased to clarify the position. In case the restriction does not apply to the forms opened in the Secondary schools after 1930, the school under reference becomes eligible for playground grant for 5 acres (the school has no playground of its own) and on this assumption the following recommendation is made.

Copy of letter dated 20-11-1948 No. Roc. Ell. 7801/48 from the Special Officer, District Board, Mamnad at Madura, to the Director of Public Instruction, Madras.

The amount of Rs. 1,014-4-11 was paid in the Sub-treasury, Mudukulathur on 5-8-48 towards the cost of acquisition of 6.20 acres of land. The site was taken possession of by the +Supervisor (Highways), Kamuthy on 4-11-48 from the Revenue Department.

2. Copies of N.RC. 263 G/31 dated 24-2-31 and proceedings RC 263 G/31 dated 2-6-31 communicating Government Memo No. 1019 B/31-3 Law (Edn.) dated 16-5-31 on the subject are enclosed.

3. The proposal for acquisition of land for playground was taken up in 1942 when it was decided to construct the school building at Kamuthy. But the proposal was dropped by the Collector till the war is over as the above is not an urgent one. The proposal was taken up in 1947 and completed in 1948.

The file containing the proposals taken up in 1933 was destroyed. From the records available it is seen that action was taken up again in 1942 when the question for construction of building for the above High school was decided. There is nothing on record to show why the proposal was not taken up till 1942. I presume that the proposal might have been deferred till the proposal for construction of school building was taken up.

C. 78354 C/47. Part II Scheme - Provision of playgrounds for Secy. and Ele. Schools in the Presidency - ^{Annual} Allotment - Proposals.

from the A. P. J. 2457 E/47 dt. 29.9.47

In the circumstances reported in para 2 of his letter in the C.F., the A.P.J. has proposed that a sum of Rs. 1 lakh may be allotted every year for a period of ten years towards the provision of playgrounds for Secy. and Ele. Schools in the Province as part of a new policy and has suggested that a sum of Rs 1 lakh may be included in Part II of the B.E. for 1948-49.

2. The proposal does not appear to be very urgent. The Director has not furnished the reasons for preferring the provision of a block grant for the purpose instead of the existing practice of making the necessary provision in respect of completed schemes. Submitted that the Govt. may continue to examine the schemes every year and include the necessary provision in the budget, for orders.

3. The cost involved in the proposal is Rs 1 lakh per annum during 1948-49, and Rs 10 lakhs ultimately - which appears to be prohibitive.

4. The proposal does not satisfy the criteria laid down by the Finance Dept. in G.O. No. 577 Finance dt. 1.8.47 for the preparation of Part II Schemes for 1948-49.

5. In the circumstances the proposal may perhaps be deferred for the present. The file may be sent to Finance n.o. for remarks prior to circulation.

I do not think that this should be deferred. The provision of playgrounds in our schools is not satisfactory. Even if we make this allotment, the grant ~~will be made on expenditure~~. The health of our boys in many of our schools is deteriorating mainly due to want of playgrounds. We are also contemplating the introduction of military training in many of our schools. Without grants, all these are impossible. We may press for the inclusion of this amount in the Part II Scheme for 1948-49.

Secretary, E. & P.H.

We have allotted one lakh of rupees for grants for acquisition of playgrounds for schools as a part of the 10 lakhs scheme to be spread out for 10 years. Till now I have not seen any papers being put up for the distribution of these grants. I would like to know whether the D.P.I. has taken any steps in that direction and applications have been called for from schools for this purpose. When money is allotted we must try to utilize it in the best possible way and arrangements may be made to do so.

Para 2 of the D.P.I.'s letter

The suggestion may be approved.

Para 3 of the letter.

2/- Under the rules relating to elementary schools where the grant payable exceeds Rs. 500 the Director should obtain the specific sanction of Government before authorising payment of grant. The Memo on p. 7cf. is only an intimation to the Director that provision has been made in the B.E. It does not seem that on the strength of the Memo the Director can sanction grants in cases where under existing orders Government's specific sanction is required. The Director may be asked to send to Govt. proposals for the distribution of grants in cases where the amount payable exceeds Rs. 500/-

3/. The Director refers only to aided elementary schools. Provision has been made for grants to Board elementary schools and aided and Board secondary schools. In the case of Board schools orders for disbursement of subsidies are issued by Government after the transactions are completed. As regards ^{aided} secondary schools, the Director used to send the list of schemes for which grants are proposed for consideration as Part II scheme. After necessary provision is made the Director is authorised to make disbursements. So in this case also the proposals for allotment should be sent to Government. It does not seem any change in this procedure is called for.

In view of the legislation that we have passed that all institutions which have received capital grants for lands or buildings will be as it were, permanently mortgaged to Government and any alienation of that land or building will be invalid except with the consent of Government, I wonder whether mortgages are necessary whatever may be the amount of our grant. I had asked this matter to be examined. That matter may be examined and put up separately.

The Memo. referred to in para. 2 sup. Yank has been
mailed - vide pages 31-33 cf. A copy of H.M.B. minutes overleaf
together with relevant extracts has been taken and added to the
concerned file for separate action. Action is now due on the D.P.I.'s.
letter at pages 19-33 cf. in which he has proposed schemes
for approval for the distribution of the allotments of grant
made in the B. E. for 1948-49 for playgrounds in
respect of

- (i) aided secondary schools
and (ii) secondary schools run by local bodies.

2. Item (i) alone - Aided Secondary Schools - Pages 19-21 cf.:-

The D.P.I. has commended the schemes for consideration
under this head. In some of these cases, the extent
of land to be proposed to be acquired exceeds the limits
fixed in G.O. No. 1018, L. & E., dated 31.5.1930. In many
cases, the cost of land also exceeds the limits prescribed. But
in the circumstances explained by the D.P.I. in para. 2 of
his letter at page 19 cf. and in view of the relaxations already
authorized in G.O. No. 540, L. & E., dated 17.3.1935, all the
ten schemes at page 21 cf. may be admitted to aid, as
recommended by the D.P.I., subject to the condition
that the grant in each case should be restricted to one
half of the actual cost or one half of the value fixed
by the Rev. Dept. whichever is less, though the allotment
of Rs. 25,000 made under this head is slightly (by Rs. 2000)
exceeded. For orders.

The execution of mortgage deeds may also be
dispensed with in respect of these ten schemes, as recommended
by the D.P.I., subject to an undertaking to be taken from
the managements to use the sites as playgrounds at least for
10 years. (This is to be approved, pending a decision on the question
raised by H.M. overleaf which is separately under consideration).
For orders.

3. Item (ii) alone:- Secondary schools run by local
bodies - Pages 23-33 cf.:- The D.P.I. has submitted
as many as

105
as many as 38 schemes for consideration under this head.
He has also raised the following general questions for deci-
sion of Govt:-

(a) Revision of limits of cost of land:- In view of the
large increase in the prices of lands, the D.P.I. recommends
that the limits fixed in para 1 (iii) of G.O. No. 1018, L. & E.,
dated 31-5-1930, may be raised to Rs. 3,000/- in municipal areas
and Rs. 1,500/- in non-municipal areas. This may be agreed to.
(In the case of the grants proposed for aided schools also, the
cost of land in each case is within the limits proposed by
the D.P.I.)

(b) Adhering to the limits in the extent of land:- In
the circumstances explained by the D.P.I. in para 2 on pp. 24-
25 c.f., his proposal for adhering to the limits fixed in
para 1 (ii) of G.O. (g) - vide 'E' on pp. 24-25 c.f. - may be
approved, subject to the relaxations ordered in G.O. (t)
and subject also to the following modification:-

At 'C' on page 24 c.f., 'H' on p. 25 c.f. and 'A' on p. 31
c.f., the D.P.I. refers to the fact of the schools mentioned
therein not being complete secondary schools before the year
1930 and, therefore, states that they should be eligible for
assistance only for 3 acres of playgrounds. But G.O. No. 1018,
L. & E., dated 31-5-1930, does not stipulate that the schools
should be complete secondary schools on the date of the G.O.
or prior to that, in order to be eligible for assistance for
five acres of playground. The intention is that for claiming
grants for 5 acres, the schools should be complete secondary
schools (having 250 pupils or more) on the date on which they
apply for grants. This position may perhaps be explained
to the D.P.I. For orders.

(c) Utilization of allotment for improvements to play-
grounds:- In the circumstances stated in para 5 of the D.P.I.
letter at pp. 25-26 c.f., his action in not having included
schemes for improvements to playgrounds in the present
proposals may be approved.

(d) In paras 2 (ii), 3 and 7 on pp. 23-26 c.f., the
D.P.I. proposes that the schemes Nos. 1-10, 12, 13, 15-17 and
19-27 on pp. 27-28 c.f. need not be considered. This may be

accepted subject to reconsideration of scheme No.10 after the receipt of the Director's further remarks referred to at p.29 c.f. For orders.

In view of para 4 on pp.31 c.f., the schemes referred to on p.33 c.f. also need not be considered now, as recommended by the D.P.I. For orders.

(e) The only schemes commended for consideration are Nos. 11, 14 and 18 on pp.27-28 c.f. In the circumstances explained by the D.P.I. in para 4 on page 25 c.f., these three schemes may be admitted to grant, condoning, in respect of scheme No.18, the omission on the part of the Tanjore Dt. Bd. to obtain ~~xx~~ Govt.'s permission for acquisition by private negotiation. For orders.

As regards the amounts of grant, the D.P.I. suggests the following:-

Item No. 11 Nellore Mlty. (1½ acres)	Rs.1,500 - half of 3,000
Item No. 14 Tirukoilur B.H.S. (South Arcot Dt. Bd.) (2½ acres)	Rs.1,875 - half of 3,750
Item 18 Tanjore Dt. Bd. (Nanniam B.H.S.) (43 cents)	Rs.1,493 half of 2,985
Total	4,868 half of 9,735

But as stated in ^{me-}para (b) above, scheme No.11 will be eligible for grant for all the three acres proposed to be purchased. A grant of Rs.3,000/- may, therefore, be allowed for this scheme. Then the total grant to be ^{sanctioned} ~~saved~~ will come to Rs.6,400/-

4. Subject to orders on the above note, the remarks of Finance may be invited u.o. before circulation.

Through B1 re. para 6 on p.26 c.f. and p.29 c.f. Already seen in the orig. note.

(Previous Finance note on p 6 above)

The letters from the D.P.I. with enclosures on pp 19-33 c.f. and the note of E.P.H. on pp 8-10 above may be perused.

Grants for Aided Secondary Schools. Please see the statement on p 21 c.f., the D.P.I.'s letter on p 19 c.f. and the note of E.P.H. in para 2 on p. 8 above. In item (1) on p 21 c.f. the figure 2455 in column (8) is an error for Rs 2250 and consequently the grant payable is Rs 1125 ^{as adopted in the statement on p. 21 c.f.} against Rs 1228. In the case of items 5 and 9 of the statement, the Govt. grant may be limited to the extent of land required to ~~for compute~~ the prescribed extent for the schools. In this view, the grants payable in respect of these items will be Rs 2500 and Rs 3720 respectively. Finance may advise that these amounts be sanctioned as grants. The total grant payable to aided secondary schools will then come to Rs 26083/- against the sum of Rs 25,000/- allotted.

C.No. 87816/48/C, Re. no. 1692-B, 1/48, dt. 22.11.1948. pages 43-44.

Finance have agreed to the proposals of this Dept. at A on page 8 ante, Z, B and C on page 9 ante, and D, E and F on page 10 ante.

2. As regards B on page 8 ante, Finance want the amounts of grant recommended against items 1, 5 and 9 of the statement on page 21 of. to be slightly reduced, for the reasons stated by them in para 2 overleaf. Their suggestion to limit the grants in respect of items 5 and 9 to 1.5 acres and 3.02 acres respectively may be accepted. Based on this suggestion, item no. 1 will require Rs. 1143 (half of Rs. 2285). The total grant payable will thus be Rs. 26,101/- the grants as thus revised may now be sanctioned.

3. The D.P.I. has since forwarded proposals in regard to elementary schools under both public and private management (aided and local bodies). The list on page 41-42 gives the particulars in respect of aided elementary schools, from which

which, it will be seen that only the following items (for which grants above Rs.500/- have been recommended) require the sanction of Govt:-

Name of School	Extent proposed to be acquired.	Amount of grant recommended. Rs.
1. S.V.R.Higher Ele. School, Padamatipalem (South Vizag)	402 sq. yds.	1,250
2. Mahatma Gandhi Patasala, Santhanagopalapuram (South Arcot)	0.81 acres	3,000
3. Aided Ele. School, Ganjimat (South Kanara)	1.44 acres	2,000
4. Aided Ele. School, Alepe Kannur (South Kanara)	1.00 acre	1,611
5. S.V.T.Higher Ele. School Karpeala (South Kanara)	3.63 acres	2,000
6. Savitri Vidyasala Hindu Girls' Ele. School, Tiruchirapalli	not given	8,301

The grants recommended above may be sanctioned except in respect of items 5 and 6. Above. Against item 5 above, 3.63 acres are proposed to be acquired. But grant should be allowed only for the cost of 3 acres. In item 6, the D.P.I. refers to improvements to playground also. Attention is, in this connection, invited to the note in para 3 (c) on page 9 ante, according to which improvements to playgrounds need not be included in the present proposals. The D.P.I. may be asked to furnish particulars regarding the portion of the cost relating to the acquisition only (and not improvements) of playground upto 3 acres or that extent required for making up the balance of 3 acres in respect of these items. For orders.

4. Regarding elementary schools under local bodies, please see the statement on p.44 c.f. No verification of the grants recommended has been possible, because the D.P.I. has not furnished particulars re. the extents proposed to be acquired and the cost per acre for any of the items. Item No.3 (Board Schools, Nellore) relates to improvements to playground and should, therefore, be deleted. In item No.4, a loan is also referred to, but no application for it has been received. The D.P.I. may consider whether a grant will be necessary in

TO

THE SECRETARY TO GOVERNMENT
EDUCATION AND PUBLIC HEALTH DEPARTMENT
FORT ST. GEORGE, M A D R A S.

Sir,

Subject:- EDUCATION -- Municipal Council Tanjore --
acquisition of play area -- for 1948-49
for the Chinnakadai Street Elementary
School for boys.

Reference:- Govt. Memorandum No.78354-C1/47-15
Education, dated 1--2--1949.

In his letter R.O.C.No.13076/48 A9 dated 7-3-1949
the Municipal Commissioner reports that an extent of land
measuring 14,015 sq.feet with the thatched building in it
was purchased on 3--2--1949 and that the owner of the land
has handed over the sale deed to the Municipality after
getting the document registered. It is also reported that
the vacant portion to be put to use as playground for the
above Elementary School measures 11,000 sq.feet the value
of which amounts to Rs.2,140/-. The Commissioner requests
sanction of grant in respect of the above play area.

According to the Government Memorandum referred to
above the cost of the play area (i.e. 11,000 Sq. feet)
works out to Rs.758/- (Rupees seven hundred and fifty eight
only) at the rate of Rs.3,000/- per acre in Municipal areas.
The amount of grant payable to the Municipality therefore
works out to Rs.379/- (half of Rs.758/-)

I recommend that this amount may be sanctioned im-
mediately.

Yours faithfully

Rc.419 D2/46 dated 23-3-1949.

Sir,

Grant - Playground - Provision - Distribution of grant
in 1948-49.

1) Govt. Memo No.78354/47-12 C1 Edn., dated 2-12-1948

In my letter Rc.419 D2/48 dated 4-10-1948 (list) the extent of land proposed to be purchased by C.C.C. Secondary School, Trivellore was reported as 2 acres for Rs.2000/- and the grant recommended was Rs.1000/-. The extent of land noted in Column 3 of the Annexure I to the Government Memo cited above against C.C.C. Secondary School Trivellore is 5 acres. I presume it is an error in typing.

2. The Correspondent reports that the management have decided to purchase 6 acres 29 cents for Rs.5000/-. Restricting it to 5 acres the proportionate cost will be Rs.3975/- and the half grant will be Rs.1988/-. The Tahsildar has valued the land at Rs.10/- per cent. The actual purchase is less than the valuation. As some of the schemes did not come up for payment, there is a balance of grant of Rs.3,679/- under the playground grant.

3. As there is provision, I request that Government may be pleased to permit the payment of a half grant of Rs.1988/- towards the purchase of land by C.C.C. Secondary School, Trivellore, instead of restricting the grant to Rs.1000/- as mentioned in Col.4 of Annexure 1 to the Memo mentioned above. A stamped receipt towards the purchase will be called for, before payment.

4. I request the favour of early orders.

Yours faithfully,

Thiruvananthapuram
