BUDGET - 1949-50 - NOTES ON CUT MOTIONS. 25

Motions Nos. 126,
145, 148, 149 & 160.

placed below

Motions 126 + 137.

219 (Z)

(F) 3-4

(The present policy

is in para on
p 19 (F)

Cm 61932 m/148

separate file

(Cm 53848 m/148)

1. REORGANISATION OF SECONDARY EDUCATION: The pamphlet entitled "Education Reorganisation Schemes" contains the details of the scheme for the reorganisation of Secondary Education in this Province introduced from the current school year. A copy of the pamphlet has been sent to all M.L.As and notice has already been given by H.M. (Edn.) to discuss the subject in the Assembly and it has not yet been taken up.

2. MEDIUM OF INSTRUCTION

(1) ELEMENTARY AND SECONDARY SCHOOLS: The Government of India have passed a resolution on the subject that the medium of instruction in the elementary ^(school) stage should be in the mother tongue and that in the higher stages, it ~~may~~ ^{will} be necessary for the students to learn the language of the Province (regional language). They have also suggested that in the case of the linguistic minorities, a minimum strength may be fixed for providing them instruction through the medium of the mother tongue. India have advised that the above policy should be followed by all Provincial Governments in the interests of the country as a whole. The note prepared for the consideration by the Cabinet is put up at (F). The Cabinet has decided

that the resolution should be accepted. The connected file has been circulated to H.M. (Education) for ~~certain~~ ^{of certain points} clarifications before issuing orders.

(ii) COLLEGES:- The Committee constituted by the Government of India on the ~~medium~~ ^{medium} of instruction in colleges, has recommended that the medium of instruction at the University stage should be replaced during the next five years by Indian languages and that within that period the language of the Province should be adopted as ^{the} medium of instruction. After the period of five years (from 1948), English should cease to be the medium of instruction and examination. The Government of India have requested the Universities and the Provincial Governments to replace the English medium by the medium of the language of the Province by gradual stages during the period. The matter is one ~~entirely~~ for consideration by the

Universities in this Province and they have been asked to ~~offer~~ offer their remarks on this recommendation.

3. MUSLIM EDUCATION; The three main points relating to this subject are:- (i) Opening and maintenance of separate schools, (ii) Adoption of Urdu as medium of instruction, and (iii) Provision of religious instruction. These points are noted on below:-

(i) OPENING AND MAINTENANCE OF SEPARATE SCHOOLS:-

This question was considered ^{last year} by the Government in consultation with the prominent members of the Muslim community and the Leader of the Opposition in the Assembly. It was decided that though the Government are against the starting and maintenance of separate schools for Muslims, as a policy, the present separate schools for Muslims should be continued for a period of five years (from 1948-49) without any commitment to continue them after that period - Vide G.O. No. 266 Education, dated the 7th February 1948. ~~In view of this decision, no new schools for Muslims can be opened in future.~~

(ii) ADOPTION OF URDU AS MEDIUM OF INSTRUCTION:-

The present policy of Government in this matter is stated in para 2 of the Cabinet note put up at (F). The introduction of the regional language as the medium of instruction in secondary schools for Muslims ^{was} ~~for~~ ordered on the agreement of the Leader of the Opposition and other prominent representatives of the Muslim community. Attention, is in

this connection, invited to para 2 above. *If Urdu is allowed to be the medium of instruction for Muslims whose mother tongue is Urdu; it will be necessary to continue the separate schools for Muslims even after a period of 5 years*

(iii) PROVISION OF RELIGIOUS INSTRUCTION: Under rule 9 of the M.E.R. relating to the institutions under public management (i.e. run by Government or local bodies) strict neutrality should be observed in regard to the provision of religious instruction in schools; no expre. should be incurred for the purpose from public funds and the instruction should be outside the school curriculum and hours. Sub-clause (9) of the rule lays down further that no pupil shall be permitted to attend any form of religious instruction or observance without the written request of the parent or guardian of the child, which

request shall be made in writing and will be in force until revoked. In the case of institutions under private management the imparting of religious instruction is permitted subject to the following conditions:-

(i) where the religious instruction given in an institution is in a faith other than that to which the pupil belongs, he shall be exempted from attending the religious instruction classes, if his parent or guardian, requests in writing for such an exemption. Such exemption shall be in force until the request is withdrawn by the parent or guardian.

(ii) The religious instruction given shall not constitute an attack on other faiths.

(iii) The staff, pupils or buildings of any school or college shall not utilised for proselytization purposes.

In 1931, the Government on the recommendation of the Muslim Education Committee, constituted by them, accepted the principle that Muslim religious instruction should be provided within school hours in all institutions under departmental management, chiefly intended for Muslims and that local bodies should be at liberty to incur expenditure from their own funds on this account, if they so desired. This is a deliberate exception from the principle of religious neutrality referred to in para 4 above. Provision has therefore been made for religious instruction in all Government Secondary and Training schools for Muslims and local bodies have been permitted to incur expenditure on this object. The question of providing religious instruction at state expense in all elementary and secondary schools for Muslims as part of the school curricula, was considered in 1947 and it was decided that the status quo should be continued. In connection with the reorganisation of Secondary Education, this question was again considered by the Provincial Advisory Board of Education and it recommended that formal religious instruction should be avoided without prejudice to the existing provision under a conscience clause; but expressed its appreciation of the daily assembly (e.g. minutes silence). This recommendation confirmed the general arrangements now in vogue and orders were accor-

27

dingly issued. The question whether the existing arrangements should be continued or altered and if so, on what lines, is under the consideration of Government. The matter is to be discussed at an informal meeting.

14 CONTINUANCE OF ENGLISH: It is not clear whether the continuance of English, ~~is~~ as medium of instruction or as a language. So far as elementary and secondary schools are concerned, it is accepted by all that the medium of instruction should only be in the mother tongue, which is generally ^(any one of) the regional languages.

The Government have already passed orders to that effect. ^{As however} during the period of transition, it may be necessary to continue English as medium of instruction in certain schools. ^{over exemptions for the use of English as medium of instruction} is given subject to the conditions laid down in G.O.No.1136

Education, dated the 7th June 1946.

The question of study of English in Elementary schools was carefully considered by Government and they decided that it need not be studied at such an early stage. Accordingly orders were passed abolishing the study of the language in Standards IV and V of elementary schools and secondary schools. Vide G.O.No.1128 Edn. dated the 6th June 1946. According to the recent reorganisation of Secondary Education, the study of the language is to be commenced from II Form and should be studied compulsorily upto VI Form. ^{It is the opinion of some that the study of English should be begun a little early so that they acquire a sufficient knowledge} shifted to II Form, as it has been considered undesirable to start the study of three languages (regional language, secondary language and third language) in Form I.

15 EXPANSION OF THE GOVERNMENT GIRLS' HIGH SCHOOL, GEORGETOWN, MADRAS: This motion refers, presumably, to the necessity for providing suitable accommodation for the school. A suggestion was made that the vacant lands in the compound of the High Court might be secured for construction of buildings for the school. This suggestion was considered and given up, as the High Court was not agreeable to have the site transferred to the Education Department for the purpose, as it was required for the construction of additional buildings to accommodate some of its offices and courts. The Director of Fire Services did not also agree to shift the Fire Service Station in the site to some other place. Subsequently, the question of securing the muffasil bus stand opposite to the Fort Rly, P.T.O.

Station was considered and was dropped as it was required by the Transport Department in connection with the nationalisation of the passenger services in the City of Madras. The Director of Public Instruction has been asked to take necessary steps to secure necessary accommodation for the school.

16 CONSTRUCTION OF BUILDINGS FOR THE GOVERNMENT ISLAMIAH HIGH SCHOOL, TIRUCHIRAPPALLI: The Government have already ordered the transfer of the maternity block of the Government Headquarters Hospital Tiruchirappalli together with the vacant land of about 6 acres of grounds to the Education Department for the use of a high school. It has been suggested that the school ^{to be located in this building should be} ~~under reference~~ should be converted into a general school intended for all communities. ^{and not confined to Muslims alone} The Surgeon General has reported that the construction of the new buildings has not been completed and it would not therefore be possible to shift the hospital before the end of the current school year.

The question whether the maternity block will be enough to accommodate the school was considered and it was reported that the construction of a compound wall and some minor alterations to the maternity block were necessary. Accordingly orders for carrying them out in the next year have already been issued. The Muslim Educational Association of Southern India has, however, been informed that the Government regret that they are not able to find out an alternative site to put up the school, ^{as the future of the school has not yet been finally decided.} ~~as it was thought not desirable to inform it that~~ the school is going to be converted into a general one.

17 FACILITIES FOR THE EXPANSION OF MUSLIM EDUCATION:- All possible facilities are given for the expansion of Muslim Education. A number of scholarships is awarded to the boys and girls of the community in addition to the concession (half fee) admissible to them under the rule 92 of the Madras Educational Rules. [The following statement shows the number of scholarships and the amount expended on them for the boys and girls of the community.

Scholarships in Boys' schools for Muslims.

Scholarships for certain specified classes of the Muhammadan community commencing in Form I (15 x 2 x 120) for 9 months in the year.

Rs 16,200 a year

Page 71 given
and put in Annexure
for 1946-47

P.T.O.

Scholarships for all classes of Muslims tenable in Forms I to VI (55 in Forms I to III and 28 in Forms IV to VI) (55 x 9 x 4 plus 28 x 9 x 8) ^{of the value of Rs. 8/-} 3,996

Special scholarships for Mappilla boys tenable in secondary schools in the Malabar district - 20 scholarships in each of Forms I to VI - ^{Rs. 4 in forms I to III and Rs. 8 in forms IV to VI} 6,480 (20 x 9 x 4) x (4 plus 4 plus 4 plus 8 plus 8)

Seven scholarships of the monthly value of Rs. 1-8-0 each per mensem tenable for 9 months in Forms I to III, three scholarships of the monthly value of Rs. 3 each for 9 months in higher forms and nine boarding concessions at Rs. 4 each per mensem for 9 months for poor Mappilla pupils in the Government Govt. Mappilla Secondary School for boys, Kasargod. 500

Scholarships in Girls' Schools.

Seventy scholarships for Hindu and Muslim widows 4,491

One hundred and fifty residential scholarships in the Government Mappilla Girls High School, Tirur, of the value of Rs. 7 1/2 each tenable for ten months in Forms I to VI from 1945-46. 11,250

Eight scholarships to be awarded every year commencing from Form I and continuing up to Form VI - value of each scholarship is Rs. 4 per mensem when held in Forms I to III and Rs. 6 p.m. when held in Forms IV to VI. 2,592.

In addition to the above scholarships, there are two kinds of scholarships intended for Hindu and Muslim widows of the value of Rs. 8,136/-. Every year, the Government are also providing free conveyances to the gosha girls studying from Forms I to VI in the Government Secondary or Training Schools intended for Muslims.

PROVISION OF HOSTEL BUILDINGS FOR THE GOVERNMENT

SECONDARY AND TRAINING SCHOOL FOR MAPPILLAS: The two Government schools intended for Mappillas are (i) Government Secondary and Training School for Mappillas, Malappuram and (ii) Government Girls High School for Mappilla Girls, Tirur. There is no proposal for the construction of a hostel for the latter school. The hostel for the former school is at present located in rented buildings. In 1942, the Government approved the proposal for the acquisition of a site for the construction of ^{buildings} buildings for the hostel at a cost of Rs. 12078; but the construction of buildings was deferred in view of the emergency created by war. In 1946, the D.P.I. submitted proposals for the construction of buildings at an estimated cost of Rs. 2.5 lakhs to accommodate

136 pupils, but in view of the policy of Government to put off ^{of buildings} the building constructions until the prices of building material and cost of labour come to normal, the work was deferred. All the conveniences required for ^a hostel ~~and~~ provided for in Government buildings cannot be expected in a rented building.

There is one other school for Muslims, namely, the Government Muslim High School, Kasargod. No proposals for the construction of buildings for the hostel for the school have been received. ~~It may be mentioned in this connection that the proposals for the construction of a shed of three classes rooms and a weaving shed have been received and they are under consideration separately.~~ ^{for the school}

1947 PROPAGANDA BY TEACHERS OF THE AIMS AND OBJECTS OF NON-EDUCATIONAL INSTITUTIONS PROFESSING HATRED AGAINST CERTAIN COMMUNITIES:

It is presumed that this motion refers to anti-religious and anti-Hindi propaganda by teachers in ^{certain} educational institutions. Certain complaints were recd. by Govt. that some members of the teaching ^{staff} of the schools and colleges in this Province were spreading anti-religious propaganda. Under rule 154 of the M.E.R. the certificates of teachers ~~for~~ are liable ~~for~~ suspension for their bad conduct or character and for negligence in the discharge of their duties. In order to prevent the propaganda, this rule has been amended to include the expression of views calculated to bring ^{into} ~~to~~ hatred, ridicule or contempt the religious beliefs or practices of any religion within the precincts of the school or outside, as a bad conduct. ~~Mixd~~ Vide G.O.No. 2680 Edn. dated 16th December 1947. For avoiding this propaganda ~~in~~ by the members of the teaching staff ^{and} in colleges, rule 2 of the Grant-in-Aid Code has also been amended to the effect that the D.P.I. shall have the power to refuse grants to any institution which directly or indirectly encourages the propaganda.

The following ~~are the cases~~ ^{of teachers} brought to the notice of Government who took part in the anti-Hindi agitation sponsored by the Dravida Kazhagam: ~~have been brought to the notice of Govt~~

- (1) Mr. K. Ramaiah, M.A., Asst. Professor (Aanbalagan), Pachaiyappa's College, Madras.

(b) not put up

P.T.O.

- 2) Mr. Appadurai, M.A.L.T. (address not known)
- 3) Tamil Pandits in secondary schools in ~~Tinnevely~~ District.
- 4) Discouragement of the study of Hindustani by certain members and students and Tamil Pandits of Municipal High School, Karur.
- 5) Certain members of the teaching staff of the Muthialpet High School, Georgetown, Madras.
- 6) Certain students and Sri Ilakkuvan, Senthil Kumar Nadar College, Virudhunagar.

The following are the action taken ~~after confidential enquiry~~ ^{is briefly indicated below}

(1) above:- The person concerned was warned by the Principal of the college to be very careful in future and ~~the~~ ^{he} has also given an undertaking that he will ~~not~~ participate in the agitation hereafter.

(2) above:- It has not been possible to identify as to who ~~is~~ Mr. Appadurai ~~is~~ and where he is employed.

(3) above:- It has been reported by the Inspecting Officers that there has been no propaganda by any of the Tamil Pandits in the District.

(4) above:- Sri Guruswami Iyah, Senior Tamil Pandit, of the Municipal High School, Karur, is reported to be the active sympathiser of the Dravida Kalagam, but he has not so far openly prevented or discouraged the study of Hindustani. The Commissioner of the Municipality has been instructed to watch the pandit and to take suitable disciplinary action if necessary.

(5) above:- The allegation in this case was that certain members of the teaching staff of the school collected funds to assist the anti-Hindi agitation. The matter was confidentially enquired into and it was found false.

(6) above:- The person concerned gave an undertaking that he would not take part in any action against the Government in future in any manner and the ~~matter~~ matter was dropped.

Motion No 154 - Salaries of teachers. These were enhanced in 1947-48. If the M.L.A. offers any suggestions, they may be considered later on.

N^o 143 (527)

To discuss the administration in colleges, + schools + control over the staff.

The Secondary schools are administered by govt local bodies and private managements. The D.P.S. as the head of the Education Dept has general control over govt Secondary schools + the staff employed in those schools. He has also control over non-govt institutions as the power of recognition rests in the Director and it is open to him to refuse or withdraw recognition if he is not satisfied with the administration of the schools.

2. Under rule 12(d) of the Madras Educational Rules every secondary school should have a managing body and in exceptional cases where the constitution of a managing body has been waived, there should be an Advisory Committee consisting of

(a) The Headmaster of the School.

(b) One member from the other members of the staff elected by the teaching staff.

(c) A representative of the Parents' Association.

(d) A nominee of the Govt Dept - preferably an educated person from the locality.

(e) Two members nominated by the managements.

The govt have decided that the constitution of a separate managing body for each Secondary school under the management of govt and local bodies may be dispensed with and that it will be sufficient if Advisory Committees are constituted instead. Advisory Committees have already been constituted for govt Secondary schools.

Go no 1129 Edu dated 3.5.1948 - Each school should have also a staff council as contemplated laid down in note (4) under rule 12 M.E.R. - Orders in regard to

the formation of Advisory Committees for aided colleges have been issued in G.O. No 4042 on 2.3.48, but almost all colleges are not in favour of forming advisory committees. There should be a governing body for each college under the control of municipal Councils e.g. the Salem College.

~~the school should be a private school~~

To regulate the conditions of service of the staff in aided Secondary schools, the Govt have prescribed the form of agreement to be entered into between the management & teachers. According to the instructions governing this, the management & individual members have the right of appeal against violation of the terms of agreement ~~submitted~~ to the Divisional Inspector or to the D.P.D. as the case may be. The conditions of service of the staff in secondary schools under local bodies & Govt are governed by the Statutory rules.

Motion
No 145 [745 to 749] To discuss the present confusion in the educational system of the Govt & the fears of the private management of educational institutions consequent upon Govt measures.

It is not clear what is the confusion referred to. The fears of the management apparently are in respect of the condition imposed recently in regard to creation of endowments. A copy of the instructions issued in this regard is put up at (24). In respect of irregularities brought to the notice of the Director in the administration of certain private managements, he has taken disciplinary action against the headmaster & the correspondent concerned. and it is proposed to take deterrent action in such cases.

No 147. To discuss the attitude of Govt towards aided institutions.

It is the policy of Govt to encourage private managements to open & maintain secondary schools. With a view to ensure that the staff employed in private secondary schools are adequately paid, the Govt have decided to insist on managements adopting at least the revised scales of pay fixed for the staff in secondary schools under local bodies by increasing the basis of assessment of teaching grants from one half to two thirds of the approved net cost. Building & equipment grants are as before paid equal to one half of the cost of approved schemes subject

to the monetary limits fixed - viz Rs 35,000 for each building scheme & Rs 5,000 for each scheme for the purchase of equipment. The imposition of the monetary limit has become necessary consequent upon the increase in the number of aided schools & the necessity to distribute the funds available to as many managements as possible. In respect of schools opened in specially backward areas under the ~~Sp~~ Scheme of special aid, grants towards the entire net cost of maintenance is made as in the case of schools opened by local bodies for a period of 5 years from the opening of the school. A non-recurring grant is also made towards the purchase of initial equipment. The greater control that is now exercised by the Dept over these institutions under the grant-in-aid Code & M.E.R. is intended to ensure the proper working of these institutions and not to retard their progress.
