No. No. 72893-D.I/48-1 dated 23-7-48.

Education - Overseas scholarships - Scholars selected in the year 1945-46 - 1946-47 - Employment on their return from abroad.

A list of scholars selected for overseas study during 1945-46 and 1946-47 with information regarding their subject of study, approximate date of return etc., is enclosed herewith. It is the intention of Govt. that as many of these scholars as possible should be absorbed in government service, or other similar establishments, as soon as they come back. Though some posts exist in which they can suitably be appointed, the rules and regulations require that the Public Service Commission should be consulted before appointing them to the posts. To obviate this difficulty, orders have been recently issued in G.O. 1685 Education dated 2-7-48, dispensing with the necessity to consult the Commission, in appointing the overseas scholars. The D.A./D.I. & C. is requested to state how many of the scholars in the enclosed list can be absorbed in his department soon after their return. He should specify the names of the scholars that can be absorbed and the posts that can be offered to them.

A very urgent reply is requested.

Dear Sir,

~~RECEIVED~~ Re. D.V. NARASIMHAM - Government of Madras
Scholarship for HIGHER OVERSEAS STUDIES - 1945 BATCH.

---:oOo:---

On contacting the Assistant Secretary, Development Department in the Secretariat on Wednesday, the 24th instant, I was given to understand that orders are shortly to be issued asking me to join the DRAVIDA POLYTECHNIC as Head of the Mechanical Engineering Section on a starting salary of Rs.230/- per mensem, in the scale of Rs.230 - 30/2 - 410 per mensem. I write this to place before the Government my entire case for a fair and just consideration and I am sure that the Government will accept my decision that I have to, with much regret, reject the offer.

2. While interviewing me for selection in the first batch in 1945, the selection board suggested that I was recommended for "Design and Manufacture of Machine Tools". At that time I made myself very clear that I can accept the subject "Marine Engineering - Design of Ships and Power Boats." only if selected. This is to clarify that I am very much interested in the subject of Marine Engineering and I did my best in the United Kingdom to train myself with a view to ultimately practise Marine Engineering or Mechanical Engineering. The selection by the Board to the subject of Marine Engineering also presupposes the ultimate utilisation of my services in the same subject. However, I can accept the practice of Mechanical Engineering but not the post of a teacher in a Polytechnic.

3. Prior to my leaving for the United Kingdom in 1945, I was holding a permanent post of Additional Assistant General Foreman in the Structural Shops of the Tata Iron & Steel Co.Ltd. (T.I.S.Co.Ltd.), Jamshedpur, and my average monthly emoluments exclusive of profit sharing bonus (p.s.b.), which amounts to 3 - 4 months' salary annually paid to all employees as a permanent feature, worked out to Rs.320/- p.m. With the P.s.b. taken into consideration, my monthly emoluments amounted to Rs.400/- p.m. A proof of this is ⁱⁿ possession of the Secretary to Education Department in connection with my claim for detention allowance re. my letter from Belfast, dated 23--9--1947.

4. I am herewith enclosing a true copy of an offer of employment from Messrs. T.I.S.Co.Ltd., Jamshedpur. The offer is of a post with the same designation as my previous employment with them, i.e., "Additional Assistant General Foreman - Structural Shops", but the scale of pay has been slightly raised during the re-organisation of the Company's services in 1946 in a few months after my leaving them. Thus, I have lost there 3 increments, total Rs.45/- per mensem, which I could have obtained if I continued in their employment. I am also certain that on representation they shall be willing to sanction me the increments if I am re-employed by them. I further sustained a loss of Rs.2,500/- which I paid to the Steel Company for having broken a service contract. I was prepared then to forego all these in anticipation of a better future on my return after higher studies and training. I have enclosed a summary of the details of my emoluments thus. — Col.A present offer from the T.I.S.Co. and Col.B from the T.I.S.Co. had I continued in their services. The amount of emoluments from the present offer of the Government is also mentioned for comparison.

5. I may be permitted to mention my commitments to be met entirely from my professional earnings. While in previous employment, I insured for a total sum of Rs.10,000, the annual premiums on the same amounting to Rs.360/-. The fees I have to pay for membership in technical societies (I.Mech.E., I.Mar.E.) amount to Rs.90/- per annum. Thus, Rs.38/- of my income will

Pb3 below

Pb1 below

(enclosure A)

will have gone in the present Government offer. After providing 31 for income-tax, house rents, etc. I shall have not much left to live on with a wife and a child. The cost of living articles has increased considerably while my monthly income will have been reduced to less than half of my income before I left for the United Kingdom. Thus the acceptance of the offer denies me even my existence.

P 6. It is clear from the above that it is impossible for me to accept the present offer from the Government. An offer from the Government of a salary of not less than Rs.500/- per mensem in the practice of Marine or Mechanical Engineering is acceptable to me. In case, the Government cannot utilise my services in the said manner, I request them in fairness to my case, that I may be released from the bond permitting me to accept any other employment on hand at present.

M 7. I plead that, since the Government is unable to employ me in Marine Engineering and also not able to offer me a salary of at least the same as I was already drawing before leaving to the United Kingdom, I may be released from the bond without any monetary obligation, and thus justice done to me. However, if the Government insists that the bond amount, Rs.14,900/- should be paid back, I request them to recover the amount from me in easy instalments spread over a period of at least 5 years. I trust the present bond will be sufficient as security but the Government is requested to give me a letter to the effect that they shall, no more, call on me to serve them. This is to enable me to show to any prospective employers that I am free to take up their offer. I again repeat that I am, in all fairness to me, entitled to a complete release from the bond, but can chose the better of the two financially embarrassing situations, namely paying the compensation in easy instalments.

8. Thanking ^{you} for an urgent decision so that the period of my unemployment and consequent hardship may be reduced to a minimum.

I remain, Dear Sir,
Yours obediently.

D.V. Narasimham.

RE. D.V. NARASIMHAM. GOVT. OF MADRAS
SCHOLAR - 1945 BATCH."

Dear Sir,

6851

I landed in Bombay on 4-11-1948 and Gov acknowledged the report of my arrival to the Govt. on 8-11-48. I shall thus be completing the stipulated period of waiting for 3 months by 3-2-49 or at the latest by 7-2-49.

The Govt could not so far, offer me any suitable employment (consistent with my qualifications, specialised training and previous experience and emoluments.) During this period, apart from any efforts by the Government, I did my best to secure suitable employment with the Central Govt. but could not succeed so far. Thus I was already subject to 3 months of hard time due to unemployment. The Govt. asked me while in England, through the H.C. office to give full particulars of my qualifications etc., at least 4 months in advance of my leaving the U.K. for India, so that they can arrange for suitable employment in good time. In addition to this 4 months notice, I have already waited nearly 3 months.

Since the Govt. ~~to~~ could not find any way of employing me suitably with this 7 months' notice, I request them to kindly release me from the bond on the expiry of 3 months waiting as originally notified by the Govt. i.e. on 7-2-49. I can secure employment elsewhere only after release from the bond. The Govt. is therefore putting me to unnecessary hardship by not giving any allowance while waiting nor releasing me from the bond.

gov. I shall see you in person at Madras on 7-2-49 and request to arrange for the cancellation of the bond by them.

Thanking you,

Yours Truly,

D.V. Narasimham.

P.S. / P.A. /

I received the circular of the Govt. d. 16-12-48.

1. The original time limit of 3 months was set and informed to me while I was in England. The subsequent circular of 16-12-48 was received by me after I left England i.e. after I have completed the approved course of training and awaiting the Govt's decision on definitely laid out rules according to which several others were treated.

2. The Govt is now asking for 5 months waiting actually or 5 months notice to find suitable employment. Since I submitted my particulars from England 4 months prior to my leaving I have actually given 7 months notice to the Govt.

3. The Govt. did not pay me any compensation for detention before leaving to U.K. when I waited for 3 months. After return I again waited 3 months for employment. I was in a job before leaving to U.K. and thus you can appreciate how much trouble is being caused to me by the Govt. not paying me anything while waiting and releasing me from the bond when only I can secure employment elsewhere.

RE. MEMORANDUM. NO. 118627, D.I./48-3 11501

DATED 4TH DEC. 1948.

The date of my landing in Bombay was 4-11-1948. and the date on which the Secy. ED^N Dept. acknowledged my reporting to the Govt. was 8-11-48. Thus I will have completed the 3 months time limit set (Re: Memorandum No. 14471-E2/48-6 ED^N. Dated. 18 Aug., 1948.) by the Govt. for the enforcement of the bond. During this period, the Govt. was unable to provide me suitable employment and because of the bond, I could not secure employment elsewhere. I therefore request the Govt. to release me from the bond. and thus relieve me from the extreme hardship imposed upon me by enabling me to secure employment elsewhere. I have also addressed the Secy. Education Department to the same effect but as I am not certain as to which department is empowered to release me, I am addressing you also for speedy action. I shall be proceeding to Madras to see you in person at the Secretariat on 7-2-49. and request you to complete any formalities to release me and hand me over the cancelled bond.

Kindly treat this as very urgent and thanking you

I refer you to the letter addressed to you by the Branch Manager M. S. B. Shell Ltd. - Madras on 17-2-1949. Kindly note the following extract from the same - "We are prepared to offer employment to D.V. Narasimham on the understanding that he gets honourable release from his bond and that can be their way to this release. being made within the measurably near future." Your memorandum referred above informs me that the question is under consideration with the Govt. of India for final orders. This is therefore to request you for reminding the Ed. Department - Govt. of India to dispose of the case as early as possible making it clear to them the very awkward situation in which I am placed and the unnecessary hardship that is being imposed upon me, by not allowing me to take employment elsewhere, although it is now 4 months since I returned.

I shall again inform you that the payment of compensation in easy instalments over a period of at least 5 years is acceptable to me but only request the Govt. to make this compensation as small as possible by treating part of expenses as a grant.

SUBJECT:-Release of Sri. D.V.Narasimham, a 1945-46 Madras Government sponsored scholar from bond on refund of all monies spent by Government on his advanced studies abroad.

Sir,

I am directed to refer to your letter No.77C2/49-1 Education dated 28.1.'49 on the subject mentioned above and to state that in the circumstances explained therein, the Government of India agree with the decision of the Provincial Government, that Sri D.V. Narasimham should be called upon to refund all the money spent on him subject to the refund being made forthwith and not in monthly instalments as suggested by the Provincial Government. In this connection the Provincial Government will no doubt agree that the method of recovery proposed by them is likely to form a precedent and will afford any easy escape from the main conditions of the Bond, i.e. Service under the Government, to all such scholars who are able to secure service outside Government on a higher salary than that offered by Government. The effect of the penalty would also thus be mitigated.

The Provincial Government may kindly obtain information regarding the total amount spent abroad on the scholar's studies direct from the High Commissioner for India, London. While

calculating the amount recoverable from him the Provincial Government will no doubt take into consideration expenses incurred by them in India in connection with his Overseas Scholarship and the interest payable by him. Half the amount recovered from the scholar may kindly be credited to the Government of India who shared on 50:50 basis the cost of Sri Narasimham's studies abroad.

Dear Mr. Subramaniam,

Sri D.V. Narasimham -
Release from bond.

Since writing to you on 1st March we have received a letter from your department dated 26th February enclosing a copy of Government's Memorandum No.77-C2/49-2 dated 11th February 1949, already communicated to Mr. Narasimham. It appears to me from this Memorandum that there is no doubt that Mr. Narasimham is free to take up other employment than with Government and that the only question for decision is whether he is to repay all the money spent on him as a Government-sponsored student, and if so by what means this repayment is to be effected. If you confirm my view and can consequently let me know definitely that Mr. Narasimham can take up employment with us immediately for the reasons given in my letter of 1st March, I shall be most grateful.

REF. MEM. No. 77C2/49-2 EDN. D. 9-2-1949.

17912

I understand that the question of my release from the bond is pending with the Govt. of India for final approval. In the last 6 weeks. It is now more than 4 months since I returned to India and am out of employment. This abnormal delay by the Govt. has made my financial position untenable and is rapidly reducing the possibility of my employment with Messrs. Burmah Shell Ltd. who cannot be expected to wait for me indefinitely. In addition to the extreme hardship imposed upon me, I have already sustained a dead loss of the considerable amount which I would have paid back to the Govt. if I entered the services of Ms. Burmah Shell Ltd. in reasonable time (a month) after my landing in Bombay.

In view of the above, I request the Govt. to compensate me sufficiently in fixing the amount that is to be recovered from me and thus do me justice. The Govt. is also requested to be generous enough to treat this on lines similar to the award of loan scholarships from the Tata Loan Scholarships Trust, by considering part of the amount as fixed above to be a grant and the rest to be recovered in easy instalments spread over a period of not less than 5 years.

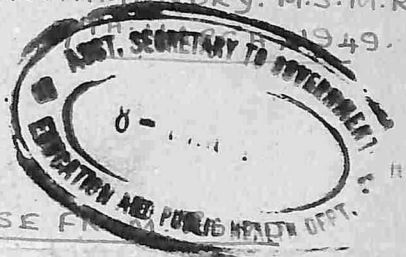

To avoid further loss of time, I request you to contact the India Govt. by wire if necessary and obtain their final approval and permit me to accept employment with Ms. Burmah Shell Ltd. immediately.

Thanking you,

Sri D.V. Narasimham, a 1945-46 overseas scholar was offered the post of Head of Mechanical Engineering Section, Dravida Polytechnic, Mathurai. As he refused to accept the post, the bond he entered into with the Govt. is forfeited. Sri Narasimham is requested to refund forthwith the entire amount spent on his training, which is approximately Rs.20,000/- The exact amount and the head of account to which the amount should be credited will be intimated to him later.

2. Sri Narasimham is informed that as his bond has been forfeited, there is no question of any further 'release' from the bond and that he is free to seek employment elsewhere. His liability for payment of the amount spent on his training consequent on the forfeiture of the bond will, however, continue until the amount is completely paid up.

TO A.S.

Mr. D.V. Narasimhan is a 1945-46 private scholar who was awarded a scholarship for advanced advanced studies in Marine Engineering - Design of ships and Power Boats and who is intended, on completion of studies abroad, for absorption in Industries (Govt. and private). He completed his studies and returned to India on 4.11.48. He is a B.Sc.(Eng) and his other qualifications are detailed on pp.3-7 c.f. The D.I. & C. was consulted as to whether any suitable appointment can be offered to the candidate in Industries (Govt or private) and he has proposed that Sri D.V. Narasimhan may be appointed temporarily under the emergency provisions as Head of Mech. Engineering Section, Dravida Polytechnic, Madurai, on Rs.230-30/2-410. During an interview, with A.S.VI-the candidate stated that he had a tempting offer from a private firm and that he was thinking of accepting it even if it involved refund of the

overseas scholarship amount paid by the Govt. J.S. ordered that we should give him an offer of the post proposed by the D.I. & C. The Scholar was therefore asked to state whether he is willing to accept the post of Head of Mechanical Engineering section Dravida Polytechnic, Madura on Rs.230-410. The petition from the Scholar on p.55-63 c.f. is a reply to this offer. Sri Narasimhan held the post of Asst. Control Foreman held the post under the Tata Iron & Steel Co. Jamshadpur before going abroad. He resigned the post and was released by the Company on payment of Rs.2500 for breach of contract to serve the company for 5 years. He has now represented that if he had continued under the company his total emoluments will be Rs.605 p.m., that the company has now made an offer of appointment as Additional Assistant General Foreman on Rs.275 p.m. in the scale of Rs.275-15-350 and that his total emoluments if he accepted this offer would come to Rs.522 p.m. Sri D.V. Narasimhan therefore states that it is impossible for him to accept the post offered by Govt. as Head of Mechanical Engineering Section Dravida Polytechnic and that an offer from Govt. of a salary of not less than Rs.500 p.m. in the practice of Marine or Mechanical Engineering is acceptable to him. If this is not possible Sri Narasimhan requests that he may be released from the bond permitting him to accept the Tata and Company's post. The Scholar also requests that he may be released from the bond without monetary obligation and if this is not possible, the bond amount of Rs.14,900 may be recovered from him in instalments over a period of 5 years.

The D.I. & C. has already been informed that Sri Narasimhan may not be available for employment in the Dravida Polytechnic. It is for orders whether in the circumstances stated by the Scholar the D.I. & C.'s proposal to appoint him as Head of Mechanical Engineering Section Dravida Poly Section will be dropped.

After orders are passed the file may be returned to E & P.H. for taking necessary action in regard to release of the scholar from the bond. P.W.D. may also see with reference to 'D' above.

Attention is invited to the petition from the scholar addressed to H.M.(Ind) on p.64 c.f. requesting an

interview, and orders of H.M.(Ind) at 'K' p.64 c.f. to the effect that no interview is necessary. A draft memo. to SSri Narasimhan informing him that no interview will be granted is submitted for approval. After issue the file may be sent to E. & P.H. with reference to 'Z' above.

According to the terms of the Contract, on a strict interpretation, he has to be offered a gazetted post, and if he fails to accept, he should refund the cost incurred on his training. Though he cannot grumble against the pay which usually goes with gazetted posts under this Govt., it seems the implied in the undertaking that some post which makes use of his special training will be offered. As we cannot offer such a post, we cannot, it seems, compel him to accept the teaching post. In any case, he will not accept.

We may ask the Govt. of India whether they could utilize his services in a capacity suited to his qualification. If they also are unable to take him, the candidate may be released and the cost recovered in instalments as requested by him.

Please see the D.O. under above. The case relates to the employment of Sri D.V. Narasimhan, a 1945 scholar. He returned to India after about 3 yrs.

in the list in "Marine Engg - Design & Ships and power boats". He is intended for absorption in the Industries Dept. Deo have offered him the post of Head of Mechanical Engineering Section, Dravida Polytechnic, Madras in the scale of Rs 230-30/2-4 to.

He has declined to accept the post and has requested for immediate release from the bond. He is prepared to refund the money spent on him in easy instalments, if necessary. In his letter of 26.11.48 at pp 55-59 cf he has stated the reasons for his inability to accept the Govt's offer, the primary reason being that the salary offered is, according to him, small and secondarily that it is a teaching post. He is prepared to work as a Marine or Mechanical Engineer if the Govt will offer him a salary of not less than Rs 500 p.m.

2. The Deo Dept have presumably no other employment to offer him. This Dept also will not require his services in the Marine Engg branch as the Marine Engg Course have not yet been started in the Engg Colleges.

3. Attention is directed to the remarks of Deo at A on p 3 ante. The bond states that the scholar should, if required to do so, serve as a gazetted Officer or take up other employment for a minimum period of ^{the complication seems to be that} 5 yrs. ^{ordinarily} though ~~ordinarily~~ the scholar should be employed in a post where his special training could be fully utilised, the bond does not seem to object to his employment in other gazetted posts if he is found qualified and suitable for such posts. In this view Mr. Narasimham can be employed as Head of Mechanical Engg section of the Dravida Polytechnic. It may be pointed out that though the scholar has specialisation in Marine Engg he is prepared to work under this Govt in the Mechanical Engg Dept if higher pay is given and that the offer of the Tata Co, which he presumably wants to accept, is only in the Mech Engg Dept. As regards the question of ^{giving higher starting} pay, ~~recently~~ it is under consideration on the enquiry made by the Govt of Bihar, and this Dept have held the view that under the bond that the scholars can be employed on the minimum of the scale of pay of the post and that they cannot ask for a higher start or refuse to accept the employment on that ground. This has been agreed with this view and the file is under circulation for approval. The intention is that scholars should be started only on the minimum of the scale of pay of the gazetted post.

4. At 'B' on p 3 ante Deo suggest

that the Govt may be asked whether they could utilise his services in a capacity suited to his qualification and that if they do not want him he may be released and the money recovered from him. If it is considered that under the bond this Govt can offer the scholar the post in the Davaida Polytechnic, that is, when this Govt have a suitable post to offer him, then it seems that the Govt cannot properly be consulted whether they want the scholar's services. If the Govt are able to employ him the scholar's services will be lost to this Govt.

5. The scholar has now asked for release only and as this Govt cannot offer him a post other than the one in the Davaida Polytechnic and cannot compel him to accept that post against his wishes, the question of this Govt consulting the Govt for a suitable post does not seem to arise and the only course open seems to be to grant him the release asked for by him and recover the money spent on him. The scholar has stated that if the Govt insist on the bond amount of Rs 14,900, being paid back, it may be recovered in easy instalments spread over a period of at least 5 yrs. This scholar was granted extension in the period of scholarship by about an yr. According to the bond he should repay the entire amount spent on him plus the interest on the amount. As the Govt have shared half the cost, half the amount recovered should be credited to them. If it is decided to recover the amount from him the Dept may suggest that the reasons

Legal Department

This department agrees that there has been a forfeiture of the bond. The terms of the bond executed by the scholar are presumably the same as those at (K). Under the terms of the bond if the scholar on the completion of his studies refuses to serve the Govt.

on being required to do so, as a gazetted officer for a minimum period of 5 years, he is bound to refund the amounts specified in the bond. The bond does not say what kind of gazetted post should be offered to him or the pay to be attached to it. It is reasonable to presume that because the specialised study was in marine engineering, the gazetted post should be in that branch. But a term ought not to be implied in a contract merely because it would be a reasonable term to include and it cannot be implied unless there arises from the language of the contract itself and the circumstances under which it is entered into, such an inference that the parties must have intended the stipulation in question that one is necessarily driven to the conclusion that it must be implied. (Vide 1945.2. M.L.J.297). It cannot be said that in the present case that such a term is necessarily implied and it appears that the scholar is bound to accept any gazetted post which the Govt. consider

to his attainments. If he does not, the whole sum may be collected at once though it is open to the Govt., as a matter of concession, to collect the amount in instalments.

that the scholar cannot refuse to accept the Gazetted post offered to him-- on pain of forfeiture of the bond, and that we may therefore order for forfeiture of the bond and recovery of all amounts due. E. & P.H. however agree that the scholar's request for repayment of the bond amount in instalments may be granted as a concession. With reference to 'B' p.3 above E. & P.H. consider that when this Govt. have a suitable post to offer then the Govt. of India cannot properly be consulted as to

whether they want the Scholar's services. They however consider that it would be necessary to consult India if recovery of the bond amount is to be made in instalments. Finance Dept. also agree that all the monies paid to Sri D.V.Narasimham in respect of the scholarship and the interest thereon calculated at fixed Govt. rates may be recovered from the scholar in monthly instalments during a period of 5 years. Legal also agree and state that there has been a forfeiture of the bond; that the scholar is bound to accept any Gazetted post which Govt. consider suited to his attainments and that if he does not, the whole sum may be collected at once though it is open to the Govt. as a matter of concession to collect the amount in instalments. This Dept. may also agree with these views. For orders.

Summarising note

Re: D.V. Narasimham, a 1945 Sponsored Scholar, returned to India on 4.11.48, after about 3 yrs advance studies in the U.K. in "Marine Engineering Design of Ships and power boats." He was intended for absorption in Industries on return. We have offered him the post of Head of Mechanical Engg Section, Oravida Polytechnic, Madurai, in the scale of Rs 230-300/- per m. The scholar has declined to accept. He considers that his pay is insufficient.

He is prepared to work as a Marine or Mechanical Engg under this Court if a pay of not less than Rs 500 p.m. is offered. He has secured an offer of appointment in the Tatras which he presumably wants to accept. He has therefore asked for immediate release from the bond and is prepared to refund the money spent on his studies in 5 instalments spread over a period of at least 5 yrs.

2. Under the bond executed by him he is bound to serve this Court for a period of not less than 5 yrs in a suitable gazetted post. The bond does not say what kind of gazetted post should be offered to him or the pay to be attached to it. Legal Dept have therefore stated that the scholar is bound to accept any gazetted post which the Court considers suited to his attainments and that, if he does not, the whole sum may be collected at once though it is open to the Court, as a matter of concession, to collect the amount in instalments. There has thus been a forfeiture of the bond and it is proposed to recover the entire amount in instalments. I agree that

The summarizing note from page 9 ante and the letter to the Govt. of India on page 70 c.f. may be perused.

2/ Sri D.V. Narasimham in his present communication ~~now~~ states that he arrived in India on 4-11-48 and that ^{he} was not provided with a suitable employment within the 3 months of the period of waiting and requests that he may be released from the bond so as to enable him to seek employment elsewhere. He also contends that the period of waiting for 3 months since extended to 5 months will not ~~be~~ be applicable to him, as ~~xx~~ he had received the instructions after he left England after completing his studies.

3/ It may be noted that Sri Narasimham reported his arrival on 4-11-48. In Devt. Memo. No. 118627 DI/48-2, dated 27-11-48, he was offered an appointment as head of Mechanical Engineering Section Dravida Polytechnic Madura (Gazetted post) in the scale of Rs 230-30/2-410. In reply to this, ~~offer~~ he stated that it was impossible for him to accept the offer at the present rate of salary and that an offer from the Govt. of a salary of not less than Rs 500/- per mensem would be acceptable to him. He also stated that if the Government insisted that the bond amount of Rs 14900/- should be paid back he agreed to Government recovering the amount from him in easy instalments spread over a period of at least 5 years.

4/ It is obvious from the above, that the candidate was offered a suitable employment according to the terms of the bond within the period of waiting ^{of} 3 months and that he deliberately ^{vehemently} threw out the chance ~~xxx~~ which constituted a forfeiture of the bond. The Govt. therefore

decided that the entire amount spent on the scholar should be recovered and that the recovery might be made in monthly instalments spread over for a period of 5 years; half the amount recovered should be credited to Central Government. The Govt. of India have accordingly been addressed and they have been asked to communicate their views in the matter and also to furnish information about the total amount spent abroad on the scholar. The D.P.I has also been asked about the amount spent on the scholar.

5/ In the circumstances, ^{contention} the ~~attention~~ of the candidate seems to be untenable. It may be pointed out that the candidate has not in his present communication, referred to the offer made by the Govt. of an appointment to him during the period of waiting ~~for 3 months~~ which cannot be considered as having been overlooked by him. For orders, whether Sri Narasimham may be informed straightaway that his refusal to accept an employment offered by him already constitutes a forfeiture of the bond and he is liable to repay all the money spent on him. As the question is under correspondence with the Govt. of India a further communication will be sent to him after which he can seek employment elsewhere. Please

 approximate bond amount for this period
 works out to Rs 18,600 plus interest on this
 amount. The scholar will have to refund

3. Pending information from the
 High Commissioner regarding the exact
 amount spent on the scholar, orders may
 be issued declaring the bond forfeited and
 the scholar asked to refund all the
 money spent on him. He may be told
 that the exact amount will be specified
 later.

4. No further orders regarding
 'release' seem to be necessary. When once
 the bond is declared forfeited, the scholar
 becomes free to take employment elsewhere.
 His liability to repay starts on the order
 of forfeiture and will remain until the
 amount is recovered, which does not, however,
 mean that he is not 'released' until the
 recovery is made. This position may be
 explained to M/s Burmah Shell so that
 they may employ the scholar immediately

Please see the Order in Govt. No.
174 Edu d 18.3.49 regarding Sri D.V.
Narasimham, a 1945 scholar, whose bond was
forfeited by Govt. The scholar has to
refund the entire amount spent on his
studies plus interest on that amount. The
D.P.I. has reported that a sum of Rs 1540-6-4
was spent on the scholar in India. The amount
spent in the U.K. by the Office of the High
Commissioner is of 1445-3-9 or Rs 19,269-2-8. Thus
a total sum of Rs 20,809-9-0 was spent on
the scholar.

2. In the case of another scholar,
Sri L. R. Sankararami, the Govt. charged interest
at the rate of 3 3/4 %, following the rate for
advances to Govt. servants for passage in 1947.
This rate of interest may be changed in the
present case also.

(Previous Finance note on p.16 above)

The further notes of E.&P.H. on pp.17-18 above may be perused.

Para 2 on p.17 above - The rate of interest on advances to Govt. servants for passages during 1948-9 and 1949-50 ~~is~~ 3 $\frac{1}{2}$ %. So, following the precedent in the case of Sri L.R. Saptharishi, the rate of interest to be charged in the present case also may be fixed at 3 $\frac{1}{2}$ %.

Para 3 on p.18 above - Legal have already advised that the liability of the scholar to refund the amount arose on the date when he committed a breach of the conditions of scholarship. The scholar rejected the offer of employment in his letter dated 26-11-48. So, that date should be reckoned as the date on which he committed a breach of the conditions of scholarship and interest should be charged from that date. The delay in getting information about the amount spent on the scholar is unavoidable and the Govt. should not be made to lose the the interest amount legitimately due to them.

Finance may, therefore, advise that interest on the amount refundable by the scholar may be calculated from 26-11-1948 itself.

Para 4 on p.18 above - The credit of the amount "General - Miscellaneous" to be refunded, to "XXVI Education", may be agreed to in Finance, as the payment of the scholarship was originally met from "37. Education - Charges in England".

3. The Legal Dept have noted that the liability to refund the amount arose on the date when the scholar committed a breach of the conditions of scholarship. The scholar rejected the offer of ~~scholarship~~ employment in his letter of 26-11-48, which date may therefore be reckoned for calculating interest. However, as there has been some delay in getting information about the exact amount spent on the scholar and as the scholar is not responsible for this delay, it is for consideration whether interest may be charged from the date of the order in which the exact amount and the head of account to which it should be credited, ~~will be~~ ^{are} communicated to the scholar. Finance may advise on this point.

The scholar may be directed to remit the monies into the nearest Treasury to the credit of the Prov. funds under the head "XXVI. Education - E. General - C. Recoveries of Overpayments", within one month from the date of receipt of the order and to report the fact to Govt.

The D.P.I. may be requested to see that the recovery of the amount together with interest is effected within the time specified and to credit half the amount to the Central Govt.
