Roc.No.17079-B8-48 dated 27th January 1949.

Sub: EDUCATION -- Secondary -- District Board -- North Arcot
Purchase of Science Articles and Furniture -- Non-
publication in News Papers--Ratification -- Requested.

..000..

The Government in their order No. Ms.1039, Education, dated 25-5-1946, were pleased to sanction the payment of a subsidy of one half of the actual cost of the science articles and furniture purchased in 1946-47 for the institutions under this District Board. Accordingly indents were called for from the Headmasters of the concerned institutions. On receipt of indents tenders were called for from the reputed firms and orders were placed with the firms which quoted the lowest rates. There was also keen competition among the tenderers. Payments were made and grants sanctioned by the Government drawn within the official year.

(2) The Audit Department has now raised an objection in para 17 of the Audit Report for 1946-47 (copy enclosed) that orders of Government may be obtained for the omission to publish the invitation of tenders in the News papers.

(3) All the formalities except publication in the News papers was gone through in inviting tenders. Notices were issued to recognised firms and the firms which quoted rates in response to the notice published in the News papers in connection with the supply of articles of furniture to Elementary Schools responded to the individual notice issued by the office. The notice was omitted to be published in the News papers in the case of supplies relating to Secondary schools.

(4) I, therefore, request that the Government may be pleased to ratify the action of the Ex-President in not having advertised the notice in the News papers.

(5) A list of firms which tendered for the supply of furniture and Science Articles is enclosed for favour of perusal.
