Sir,

Subject:— Loans - Corporation of Madras - Additional buildings
for Secondary Schools - Requirements for 1948-49.

Ref: Government Memorandum No. 84056 A.B.1/47-1, Education
dated 28-10-1947.

In their memorandum cited, Government were pleased to direct that the applications for the loans referred to in the memorandum should be submitted through the proper channel. Instructions in regard to the loans required during 1948-49 are contained in Government Memorandum No. 70172-H-1-47-1PH dated 3-9-47. In that Memorandum there was no reference to the channel through which applications for loans for construction of school buildings should be submitted to Government. I may also state that it has not been the practice till now to submit applications for loans for construction of school buildings, elementary or secondary, through any head of a Government

Department and that a loan of Rs.50,000 was sanctioned only recently in G.O.Ms.No.2188 Education, dated 10.10.47 on an application submitted directly to Government.

I, therefore, request that Government may be pleased to consider the applications sent with my letter C.A.D.C.No.B.2.1908/47 dated 27-8-47 in the same manner as similar applications were dealt with in the past.

LOANS - Corpn. of Madras - Addl. buildings for Secy. Schools - Requirements for 1948-49.

MEMO. NO. 90311B1/47-2 EDN., DATED 2-12-47.

The Commr., Corpn. of Madras is informed that before sanctioning a loan the Govt. must satisfy themselves that the construction of buildings for which the loan has been applied for is really necessary. He is therefore requested to send in future, all applns. for loans for the constn. of Secondary Schools through the D.P.I. explaining in detail the necessity for the buildings in question.

Out of the four works mentioned
2. In the Govt. Memo. cited above, three relate to new works of building constn. It is too late now to obtain the remarks of the D.P.I. *in respect of these works* for consideration in connection.

connection with the Budget Estimate for 1948-49. The remaining item relates to a loan of Rs. 25,000/- for the constn. of addl. buildings for the Corpn. High School, Nungambakkam. The Commr. is requested to explain why this addl. loan is required i.e. whether it is in view of the revision of the estimate for the ^{Construction} addl. building for which a loan of Rs. 50,000/- has been sanctioned in the current year or whether it is required for any other purpose. He is also requested to report whether the loan of Rs. 50,000/- already sanctioned will be utilised in full during the current year.

Sir,

Subject:— Loans - Corporation of Madras - Additional buildings for Secondary Schools - Requirements for 1948-49.

Ref. Government Memorandum No.90311 B1/47-2 Edn. dated 2-12-47.

With regard to the three new works of building construction it is stated in paragraph 2 of the Government Memorandum quoted above that it is too late now to obtain the remarks of the Director of Public Instruction for consideration in connection with the Budget Estimate for 1948-49. It is requested that Government may be pleased to obtain the remarks of the Director of Public Instruction in respect of these three new works so that provision may be made for the loans in respect of these works at least in the Budget Estimate for 1949-50.

2. As regards the supplemental loan of Rs.25,000/- for the construction of additional buildings in Nungambakkam High School, Madras, I have to state that the value of the lowest tender for constructing the blocks is Rs.60796-8-0 and the cost of providing amenities comes to Rs.14,203-8-0. Hence the additional loan for Rs.25,000/- is required to meet the excess over the originally sanctioned loan of Rs.50,000/-.

3. Tenders were invited but the Council at its meeting held on 16-12-47 rejected the tenders and wanted that fresh tenders should be invited. So it may not be possible to spend the loan of Rs.50,000/- already sanctioned before 31-3-1948, but a major portion will be spent by June 1948 and the additional loan is not likely to be paid before July 1948.

4. It is therefore requested that Government may be pleased to provide for this additional loan of Rs.25,000/- in the Budget Estimate for 1948-49.

92872 REF: GOVERNMENT MEMORANDUM NO.50421-B1/48-5 Edn., dated
22-11--1948.

With reference to the Government Memorandum cited, I have to state that as the sheds were urgently required the expenditure in connection with the construction of the three additional sheds in the Corporation High School, Saidapet, has been incurred by a temporary diversion of the available balance under the loan of Rs.1.50 lakhs sanctioned by Government in G.O.No.2242 Education dated 22-11-48 for the acquisition of playground sites. As the cost of construction was not met from the general revenues of the Corporation, and as the temporary diversion has to be made good, the loan of Rs.52,800 applied for is necessary. I request that Government may be pleased to sanction the loan.

As for the loan of Rs.50,000/- required for the construction of a Laboratory building and equipment for the Corporation High School, Saidapet, I have to state that this amount also is necessary in view of the urgent need for a laboratory building and equipment in Corporation High School, Saidapet.

With regard to a sum of Rs.1.66 lakhs required by the Corporation for the acquisition of S.No.241 of Kodambakkam for the extension of the Corporation High School, Saidapet and for providing a playground, the scheme will be deferred for the time being as ordered by the Government.

As regards the supplemental loan of Rs.25,000/- required

of a site for extending the Corporation High School Saidapet and for providing playground at a cost of Rs 1.66 lakhs should be deferred as the provision to be made in the B.E. for 1949-50 for the grant of loans to local bodies will be very limited and it will not be possible to provide for these two schemes.

The attention of the Commissioner Corporation of Madras is in this connection invited to Memo. no 460048/48-2242 of 19-7-48 and he is requested to report whether the additional loan of Rs.25,000 for the construction of an addl building for the Corporation High School Nungambakam will be required in 1949-50 or in the current year itself.

To
The Commissioner
of Madras
Copy to S.P.D.

for the construction of an additional building for the Corporation High School, Nungambakkam, Government have stated in Memorandum No. 46004 B1/48-2 Edn., dated 19-7-1948 that the Corporation should re-new the application in the first week of December 1948, reviewing the progress of expenditure on the work and the amount expended out of the loan of Rs.50,000 already sanctioned for the work. An expenditure of Rs.33,500/- has so far been incurred on this work. As the work is nearing completion and as the bills have to be paid, the loan of Rs.25,000/- is required in the current year itself. I, therefore request that Government may be pleased to sanction the loan at an early date.

In Memo No. 84056 A.B.1/47-1 Edn. dated 28-10-47, the Commissioner Corporation of Madras, was informed that it was not possible to consider the question of making provision for the loans required for construction of additional buildings for secondary schools in the budget for 1948-9 as applications for the loans were not submitted in the prescribed form through the proper channel. With ~~the~~ reference to this memo, the commissioner states that it has not been the practice ^{to} ~~will~~ now to submit the applications for loans for construction of school buildings through any head of a department and this procedure was not followed even in respect of the loan sanctioned in G.O.2188 Edn. dated 10-10-1947.

2. Attention is solicited to the letter from the Commissioner Corporation of Madras and the remarks of the D.P.I. thereon on pp 9-10 of Memo No. 56249 B1/46-6 Edn. dated 11-2-47 in respect of the loan of Rs. 50,000 already sanctioned for the construction of additional building for the high school Nungambakkam. Before sanctioning the loan, the Govt. must satisfy themselves ~~in~~ that the construction of buildings for which loans have been applied for, ~~are~~ really necessary and it is therefore necessary that the application for loan should be submitted through the D.P.I. explaining clearly the necessity for putting the additional buildings *for each school.* The Commissioner may be informed that this procedure should be followed in future.

3 Of the four works specified in memo No. 84056 A-B1/47-1
Edn. dated 28-10-1947, three are new works and it is now too late to
obtain the remarks of the D.P.I. and to consider the question of providing
for the loan in the B.E. for 1948-9. The remaining item is an application
for loan of Rs. 25000 for the construction of an additional building for
the Corporation high school, Nungambakkam, for which a loan of Rs. 50000
has been sanctioned in the current year. There is no information whether
the supplemental loan of Rs. 25000 is required on account of the revision
of the estimate ^{for the work} and whether the loan of Rs. 50,000 already sanctioned
will be fully utilised in the current year. The Commissioner may be
asked to supply this information, ^{if} the necessity for the additional loan
is ^{established} ~~examined~~, it is for consideration whether the additional loan of

Rs. 25,000 required may be sanctioned in 1948-9 by meeting the amount by reappropriation. A draft memo is submitted.

The remarks of Finance may be invited U.O. before a reference is made to the Commissioner.

From the Commissioner, Corporation of Madras,
CA. D. C. M. B2. 1908 of 1947 d 6-1-48.

Please see the Memo on H3-405 and the reply of the Commissioner, Corporation of Madras at H5-605. The Commissioner requests that provision may be made for two loans in the B.E. for 1949-50 for the loans in respect of the three works (Items 1, 2 & 3) referred to in Memo No. 84058 A. B1/47-1 dated 28-10-47. The remarks of the D.P. may be obtained first on the necessity for these three works for 15-8-48 for taking necessary action.

2. As regards the supplemental loan of Rs. 25,000 for the construction of additional buildings in Nungambakam High School, Madras, the Commissioner states that the additional loan is required to meet the excess expenditure to be incurred on the construction of blocks. It is also observed that the amount already sanctioned is not likely to be spent before 31-3-1948. From the Commissioner's report.

[Memo no 50421/31/48 - 2 Edn & 13-9-48] CNO 71387. From the Commissioner Corporation of Madras C.A.D.C no B.2. 1908/47 & 23-9-48

The Commissioner Corporation of Madras has renewed the application for a loan of Rs 102,800 in 1949-50 for putting up three sheds in the Corporation High School Saidapet and for construction of a laboratory building and equipment for the high school at Saidapet. This may go forward as a Part II scheme for 1949-50 as already agreed to by Finance at p 4 ante.

2. The Commissioner has also applied for a loan of Rs 1.66 lakhs for the acquisition of a site at Kodambakkam for extending the Corporation High School Saidapet and for providing playground for the school. The remarks of the D.P. have been called for on this item. He has reported that the remarks of the D.E.O are awaited that he has been reminded - vide p. 26 of. Part II Scheme for 1949-50. - Loans.

L.A.U.O. 43666-113

E.P.H. have recommended the provision of the following loans to the Madras Corporation in Part II of the Budget for 1949-50:

Non

Purpose	Amount of loan
Putting up 3 sheds in the Corporation High School, Saidapet.	52,800
Construction of a laboratory building & purchase of equipment for the above High School.	50,000
Acquisition of a site at Kodambakkam for extending the above school & providing playground.	1,66,000
Total	2,16,800

p.18 f.

item 2 on p.14 c.f.

The

The above 3 items are dealt with below.

vide item 5 on p.21 c.f. A 10/11/48 - do 11-11-48

2. Item (1). The construction of sheds is already over. It appears unnecessary for the grant of a loan to the Corporation for this purpose now.

Item (2). It is stated in the loan application that plans & estimates for the work are under preparation. Only schemes for which plans & estimates have been prepared & sanctioned by the competent authority can be considered. As the scheme is not ripe for inclusion in Part II Schemes for 1949-50, the Corporation may be informed that it may, if absolutely necessary, apply for a loan in the course of 1949-50 after the plans & estimates have been sanctioned. The proposal may be considered as a new scheme for that year with reference to the financial resources of the Government at that time. For the present, this item need not be included as a Part II Scheme for 1949-50.

WJL
10/11/48

item 2 on p.14 c.f. p.28 c.f.

Item (3). The cost of acquisition of a site in Kodambakkam for extending the Corpn. High School, Saidapet, & for providing playground is estimated at Rs. 1,66,000. Though this is a desirable scheme & is supported by the D.P.I., it is subd. that schemes of this kind have been suggested by this Deptt. to be deferred, in order to implement the anti-inflationary policy and in view of the imperative need to cut down our loan requirements to the absolute minimum.

vide remarks on item 5 on p.13 c.f.

The above scheme is now under the consideration of the Standing Committee (Edn.) of the Corporation. It is not clear what the cost of putting up buildings will be after the proposed site is acquired. It is extremely doubtful whether, considering the numerous schemes for which the Madras Corpn. has already submitted loan applications to the Govt. for consideration as Part II schemes for 1949-50, the Corpn. will be in a position to meet the annuity charges on the loans. The L.A. dept. have the B.E. 1948-9 as framed by the Corpn. is expected to close with a deficit of Rs. 2 lakhs. Taking all the factors mentioned above into consideration, Fin. may advise that the proposed

4 Total loans sanctioned by Corpn. come to about Rs. 46 lakhs. L.A. & Fin. have cut down the amount of the loans. As the B.E. 1948-9 is yet to be closed, it is not possible to say whether the B.E. 1948-9 as framed by the Corpn. is expected to close with a deficit of Rs. 2 lakhs. Taking all the factors mentioned above into consideration, Fin. may advise that the proposed

Please see the remarks of the Finance Dept. above. In the circumstances stated by them, their suggestion, that the Corporation might be advised to postpone the schemes (for the construction of a laboratory building and ^{purchase of} equipment for the high school at Saidapet at a cost of Rs 50,000 and for the acquisition of a site at Kodambakkam for extension of the Corporation High School Saidapet and for providing a playground at a cost of Rs 1.66 lakhs may be

accepted. In regard to the scheme for the construction of three sheds in the Corporation High School Saidapet, it is not clear why the Commissioner has applied for a ^{loan} after the construction is over. Presumably he has utilised the loan sanctioned for other purposes for this work & wants to make good the diversion. He may be informed that the Govt consider it unnecessary to grant the loan now as the work has already been executed.

As suggested by Finance in para 2) on p.7 and the C.E.M. may be informed that he may apply for a loan in 1949-50 if necessary.

21/11/48

The Commissioner Corporation of Madras has agreed to the suggestion that the scheme for the acquisition of a site for extending the Corporation High School, Saidapet, and for providing ^{a playground} at a cost of Rs 1.66 lakhs. may be deferred. In regard to the loan of Rs 50,000 required for the construction of a laboratory building & equipment for the Corporation High School Saidapet, he says that this has to be provided for urgently. The scheme does not appear to be so very urgent that it cannot be postponed. It is for consideration whether this dept should press for the grant of the loan.

2 Construction of sheds in the Corporation High School Saidapet.

The Commissioner reports that the expenditure has been incurred by a temporary diversion of the

available balance under the loan of Rs 1.50 lakhs sanctioned for the acquisition of playground sites and as the diversion has to be made good, the loan of Rs 52,800 applied for is necessary. In the circumstances explained, this Dept. may recommend the inclusion of provision for the grant of the loan in 1949-50.

3. Additional loan of Rs 25000 for the construction of an additional building for the Corporation High School Nungambakkam.

The Commissioner reports that the work is nearing completion and as the bills have to be paid, the loan of Rs 25000 is required in the current year itself. The remarks of Finance may be invited as to whether the loan may be sanctioned in the current year. If so funds will have to be provided by reappropriation.
