Re. No. 2620-B2/48.

Office of the
Director of Public Instruction,
Madras. Dated 2/11/48.

From

The Director of Public Instruction, Madras.

To

The Secretary to Government, Education & Public Health
Department, Madras.

Sir,

Sub: Elementary Education - Elementary Schools -
Building grants.

Ref: Government Memo. No. 27236-B1/47-17, Education,
Dated 15/6/48.

In the above memo, it has been stated that building grants
for Elementary schools may be sanctioned on the following basis:-
One half the cost not exceeding Rs. 4000/- for lower
Elementary schools.

One half the cost not exceeding Rs. 7000/- for Higher Element-
ary schools.

I request that I may kindly be informed whether it is the
intention of Government that in future, the building grants for
lower Elementary and Higher Elementary Schools should not exceed
the above limits irrespective of the total cost of the works.
If so, I presume that the limit will not be enforced in the case
of building grant schemes which have been already included in the
approved list.

Yours faithfully,

For Director of Public Instruction.

Memorandum No. 82835 ^{cl/12} Edn., dated 11-12-48

Sub:- Elementary Schools - Building grants. 3

Ref:- Letter from the D.P.I. No.2620-B2/48, dated 2--11--1948.

The D.P.I. is informed that the limits laid down in Memo No.27236-B1/47-17, Edn., dated 15--6--1948, for grants towards construction of buildings for ele. schools should normally apply to all schemes already included in the approved list. A relaxation of these limits will, however, be considered by Govt. on the merits of each case in respect of schemes which are already included in the approved list and which are completed or ^{are} nearing completion in 1948-49.

2. The Director is requested to suggest necessary amendments to the rules relating to aid to elementary schools.

In view of abolition of distinction between elementary schools for boys and that for girls, consequent on the abolition of subordinate Inspecting Agency for women as far as elementary education is concerned and bringing all elementary schools under the control of the Dt. Educational Officer, I submit that the enforcement of Rule 7(iv) of the Rules for aid which lays down that the maintenance grant due to a management may be reduced for employment of men teachers in an aided girls school if the Departmental officers certify that women teachers are available for employment in such a school is not necessary hereafter. This clause Item (iv) of Rule 7 of Rules for aid may therefore be deleted. I invite your kind attention in this connection to my letter ROC. No. 2915-B2/48 dated 28-9-1948 wherein I have dealt with the question of abolition of distinction between boys and girls elementary schools.

p 3 and

With reference to the Government Memorandum cited above, I
have the honour to suggest the following amendment to the rules relating to
aid to Elementary schools - Chapter III.

At the end of para 1 of rule 6 of Chapter III of the rules
relating to Elementary schools, add the following, by converting the existing
full stop into a semi-colon

'the amount of grant so payable being further restricted to
Rs.4,000/- in the case of Lower Elementary schools and Rs. 7,000/- in the case
of Higher Elementary Schools, in case the amount of half the estimated cost
or value referred to above exceeds these limits'.

Fort St. George, M a d r a s.

R.O.C.No. 161-B2/49 dated 7th February 1949.

Sir,

Elementary Education--Aided Schools--Admissibility of leave to
Teachers--Amendment to Rules--Suggested.

I have the honour to state that the question of admissibility of Maternity leave to women teachers employed in aided elementary schools is now covered by the G.O.No.602-Edn., dated 19.4.1944 and Teachers are now availing of the same as per conditions referred to therein. But provision for this kind of leave does not exist in the rules relating to aid to elementary schools. I consider it desirable that the provisions for the same are incorporated in the rules also. To this extent, the following may be inserted as a sub-paragraph under Rule 4(5) of the Rules for aid wherein the Teachers' eligibility for Privilege leave is dealt with.

"In addition to the leave referred to above, married women teachers are also eligible for maternity leave upto a period of one month with full grants both for the teacher on such leave and the substitute employed if any. In case of abortion the period of absence should be dealt with as on leave referred to in the sub para. 1 above."

Yours faithfully,

D. R. Pantawale

Sir,

Sub: Grants - Building - Aided Elementary Schools - Part-
payment - permitted - amendments to the Rules -
Suggested.

Ref: G.O.No.Ms.69 Edn dated 8-1-1949.

With reference to para 2 of the G.O. referred to above,
I have the honour to suggest the following amendment to the rules
for aid in the rules relating to elementary schools:-

"At the end of rule 6, (viz. amount of grant) - of the
rules in chapter III of the rules relating to aided Elementary
Schools, add the following, as Rule 6(b), the existing rule being
renumbered as Rule 6(a):-

6(b) "Advance:- The grants sanctioned for the construction
of buildings under this chapter may be paid in part as the work
progresses on the production of the following certificates:-

(1) A certificate from the qualified Engineer
in charge that the construction is proceeding on sound lines
in accordance with the approved plans, specifying the stage of
the work and his estimated value of the work done.

(2) A certificate signed by the Correspondent
himself specifying the actual amount spent on the construction
and that the grant claimed is not more than one half of the
actual expenditure incurred towards the construction.

In cases where private benefactions have also been received
the amount should be stated and if the amount till then received
is in excess of the managements' share of the cost of the work
done till then, such excess will be deducted from the amount of
advance grant".

I request that Government may be pleased to approve the
above amendment.

Yours faithfully,

D. O. Paulanah

ELEMENTARY SCHOOLS - Building Grants.

From the Director of Public Instruction, No.2620.B2/48 dated 2nd November 1948.

During the current year and in 1949-50 a special allotment of Rs.6 lakhs is proposed to be made for giving grants to local bodies and private managements towards the construction of elementary school buildings. It has been ordered in circulation that the grants should be given district-wise on population basis and that the amount of grant to a school should not exceed one half of the cost not exceeding Rs.7,000/- in the case of a Higher Elementary School, and one half of the cost not exceeding Rs.4,000/- in the case of a Lower Elementary School. Proposals for the payment of the grants for the current year and for 1949-50 have been called for from the Director of Public Instruction and are separately under consideration.

The Director now enquires whether it is the intention of Government that in future the building grants for elementary schools should not exceed the limits prescribed irrespective of the total cost of the works and if so he wishes to know whether the limit will not be enforced in the case of building grants which have been already included in the approved list.

Certain building schemes have already been included by the Director of Public Instruction in the approved list and grants were promised to the managements before he was informed of the approved limits referred to at 'A' above. It may not be desirable to subject them to these limits after the promise had been made. The Director may be told that the limits need not be enforced in such cases. In all other cases the limits should be enforced.

Finance may see.

Finance (Exp.-A) Deptt.

Please see the letter from the D.P.I. below and the note of E & P.H. overleaf.

2. The D.P.I. has presumed that schemes which have already been included by him in the approved list will not be subject to the limits mentioned at 'A' on p.1 above. E & P.H. propose that these limits need not be enforced in such cases.

At the time of inclusion of schemes in the approved list, there were no limits and ~~it is true that~~ ^{have been} managements might ~~were~~ therefore led to hope that they would be eligible for payment of grants without any restriction with reference to the ~~construction~~ ^{cost} of the scheme. It may be mentioned that in the case of secondary school and college building schemes when plans and estimates of a work are approved by the Govt., it is specifically stated in the orders that it will not guarantee the payment of the grant, and that the payment of grant will be considered if and when funds are available. The mere inclusion of a work in the approved list will not thus guarantee the payment of a grant. Therefore, it would seem that all the schemes that have been included in the approved list should normally be subject to the limits now enforced.

However, in certain cases, for example, in the case relating to the St. Joseph's Higher Elementary School, Arni, a relaxation of these limits was agreed to by this department as a special case, as the scheme was ^{already} included in the approved list and as the work was ~~also~~ completed.

In view of the above, Fin. may advise that no general relaxation of the limits in the case of all the works in the approved list is necessary and that in cases where the building has been completed ^{or} almost completed, as in the case referred to at 'A' above, a relaxation may be made considering each case on its merits.

If E.P.H. wish to press their proposal for relaxation in respect of all the schemes in the D.P.I.'s list, Fin. may suggest that the D.P.I. may first be asked to report the

financial implications involved ^{ie. the amount of addl. grant that ~~will~~ have to be given if the limits are not applied in respect of all schemes in the approved list).}

Fin. no. 101538-24/48-1

8.12.48

please see the note of Finance at p.23 ante.

In the circumstances stated, their suggestion of B' at

p.2. ante may be accepted. H.M. (Edn) may see.

9.12.48

9/12/48

9/12/48

As this have pointed out -

These limits do not apply to the old schemes which have been approved before these new rules came into effect. But the grants that are now being made are specifically made subject to these restrictions. And so the question of relaxation doesn't arise.

ISA

9.12.48

presumably H.M. intends that the suggestion of Finance at 'B' at p.2. ante may be approved. If so the draft A Draft ~~and may be~~ ^{before for approval} ~~is~~ ^{below} is approval. H.M. (Edn) may see again.

A consolidated draft order incorporating all the draft amendments suggested by the S.P.D. is put up.

Op 24/2/49

OM 2/3/49

by 2/3/49

R. (Sec.)

We are getting piecemeal many amendments with regard to Elementary Education. I would like the matter be attended to as a whole and a consolidated list of amendments drawn up and published for criticism before adoption. Many of these rules do require change in view of Basic Education.

There is no urgency for this rule. This can be governed by way of an executive order. The D.P.I. may be asked to consider any amendments to the rules that may be necessary as a whole and put up.

TSA

11.3.49

In use to avoid confusion, it is better to have the rules kept amended up to date with reference to the executive orders passed by

Please see the minute of H.M. (Edn.) on page 4 ante. The amendments proposed in this file are already covered by executive orders. Further the rules proposed to be amended are not framed under the Madras Elementary Education Act. These rules ^{have} ~~are~~ only the force of executive orders. And so they do not require previous publication for public criticism before adoption. H.M. (Edn.) may see.
