Dear Sir:

~~Miss~~ Miss Roshan Irani has completed her work here at the University, and will be leaving Madison about September 15. It is my understanding she will leave the United States on or about October 15, 1948.

I have suggested that before she leaves the States that she visit as many as possible of the outstanding pharmaceutical and chemical industrial companies with the time available. Some of the companies recommended are:

Food and Drug Administration, Washington, D.C.
Merck & Company, Rahway, New Jersey
Ciba Pharmaceutical Products, Inc., Summit, New Jersey
Leaderle Laboratories, Pearl River, New York
Sharpe & Dohme, Philadelphia, Pennsylvania
Smith, Kline and French Laboratories, Philadelphia, Penn.
Eli Lilly and Company, Indianapolis, Indiana
Abbott Laboratories, North Chicago, Illinois
Upjohn Drug Company, Kalamazoo, Michigan.

If your organization can be of financial assistance to Miss Irani I am sure it would be greatly appreciated and worthwhile. I recommend this for your consideration.

The faculty has enjoyed working with Miss Irani during this short year and has found her to be an excellent student and a fine young lady.

Yours very truly,

Advanced studies overseas-1946-47. Miss R.J. Irani-A Government of India Scholar utilisation of services.

Ref: Government Memorandum No.89100-02/48-1 Education dated 4-12-48.

The Principals of Medical Colleges were consulted regarding the utilisation of services of Miss R.J. Irani and they state that there is no suitable vacancy for this scholar in their institutions. The Director, King Institute, Guindy however states that the gazetted post of the chemical Assistant in the Department of the Biological controls at the Institute may be offered to Miss R.J. Irani if she is otherwise eligible to be appointed to the post. He considers that her qualifications and experience in India and during her period in training in United Kingdom and United States of America would fit her very well for this appointment.

2. I consider that though the scholar is said to be suitable for the post of Chemical Assistant in the Department of Biologicals controls in the King Institute, Guindy, her question of being selected for the post rests with the Public Service Commission, Madras. She will have to apply for the post when the vacancy is advertised for regular appointment.

[Letter no. 89100 C₂/48-2 Eam 9 4.12.48] pp 21-22 CF

Miss R.J. Drani; P.D. School, has reported her arrival in Dadar on 15.12.48. The C.G. may be informed of her return. A draft letter is submitted for approval. p 27 CF

2. Miss Drani was intended for absorption in Industries on return. But after considering the matter have stated that it will not be possible to provide her with a suitable employment in the Industries Deptt on return. Thus Deptt have therefore consulted the S.G. the D.P.I. & the D.P.H. and the C.G. whether they want p 1 ante pp 21-22 CF

for services. The D.P.H. has stated that there is no suitable post in the P.H. Deptt to which she can be appointed.

p 25 CF

The D.P.I. states that there is no vacant post of Lecturer in Chemistry in the M.E.S. (Women's branch), that one post of Asst Lecturer in Physics in the Grant College for Women, Grantur, is now held by an emergency candidate, that Miss Drani can be appointed to that post if she is willing and that she can also be appointed as School Asst in the Women's branch. As the posts of Asst Lecturer and School Asst are non-gazetted posts the Grant cannot offer them to the scholar until they have exhausted all possibilities of finding her a gazetted post. Even then it is left to her to accept the non-gazetted post or not. In the circumstances the replies by the S.G. & the C.G. may be awaited before the D.P.I.'s suggestion is considered further.

Em 4555/48. From the S.G. no. 115198-Rec 9 17.1.49
The S.G. states that there is no suitable vacancy in the Medl College for Miss Drani. He reports that the Director, King Institute, Grunady, considers her suitable for the gazetted post of Chemical Asst in the Deptt of Biological Controls at the Institute. The S.G. however, states that the question of her being selected for the post rests with the Public Service Commission and that she

will have to apply for the post when the vacancy is advertised for regular appointment.

Under Cr. 1285 Edu & S. G. appointments of returned scholars to posts which are within the purview of the Service Commission can be made without the ordinary statutory reference to the Commission. A copy of the Cr. may be sent to the S. G. and he may be requested to state whether he recommends the appointment of Miss Irani to the post in the King Institute without reference to the Commission. Subject to order a draft memo is submitted for approval.

Cr. 12987/49. From the S. G. R. 115198-Res 1/48 & 18-2-49 p 39 cf

Notes for page 2 and may be used. The S. G. recommends that Miss R. T. Irani may be offered the post gazetted post of Chemical Assistant in the Dept. of Biological Control at the King's Institute, Guindy.

Under the Ad Hoc rules in respect of the post of Chemical Asst. King Institute, Guindy the post is allotted to Miss Sechin. It is not clear how the S. G. recommends Miss Irani for the post, and it seems he recommends her presently in view of her qualifications obtained abroad.

P. The sex qualifications prescribed for the post are to be relaxed in the case of she is to be appointed. It may be possible and that the S. G. has reported Sri K. Dayananda Rao, now a temporary Junior Public Health Assistant in the Ins. Hk. possesses the qualifications prescribed for the post of Chemical Asst. with dept. of Biology, King Institute, Guindy. For order whether the post of Chemical Asst. will be offered to Miss Irani as proposed by the S. G. as he states that her qualifications & experience in India & during her period of training in U.K. & U.S.A. fit her very well for the appointment. The post may be circulated to HM (En), HM (P.H)
